In the opinion of Bond Counsel, under existing law, assuming continued compliance with certain provisions of the Internal Revenue Code of 1986, as amended, interest on the Series 2009-1 Bonds will not be included in the gross income of holders of the Series 2009-1 Bonds for federal income tax purposes, and interest on the Series 2009-1 Bonds will not constitute a preference item for the purposes of computation of the alternative minimum tax imposed on certain individuals and corporations and will not be included in adjusted current earnings when calculating corporate alternative minimum taxable income. In the opinion of Bond Counsel, interest on the Bonds and any profit made on the sale thereof are exempt from Massachusetts personal income taxes, and the Bonds are exempt from Massachusetts personal property taxes. Interest on the Series 2009-2 Bonds and the Series 2009-3 Bonds will be included in the gross income of holders thereof for federal income tax purposes. See "TAX MATTERS" herein.

\$247,810,000 University of Massachusetts Building Authority Project Revenue Bonds, Senior Series 2009-1 \$271,855,000 University of Massachusetts Building Authority Project Revenue Bonds, Senior Series 2009-2 (Federally Taxable-Build America Bonds -Direct Pay to Issuer) \$28,570,000 University of Massachusetts Building Authority Project Revenue Bonds, Senior Series 2009-3 (Federally Taxable)

Dated: Date of Initial Delivery

Due: as shown on the inside cover

The Project Revenue Bonds, Senior Series 2009-1 (the "Series 2009-1 Bonds"), Project Revenue Bonds, Senior Series 2009-2 (Federally Taxable-Build America Bonds - Direct Pay to Issuer) (the "Series 2009-2 Bonds") and Project Revenue Bonds, Senior Series 2009-3 (Federally Taxable) (the "Series 2009-3 Bonds" and together with the Series 2009-1 Bonds and Series 2009-2 Bonds, the "Bonds") will be issued by the University of Massachusetts Building Authority (the "Authority") as fully registered bonds and will be registered in the name of Cede & Co., as nominee for The Depository Trust Company ("DTC"), New York, New York. Individual purchases of beneficial ownership of the Bonds will be made in book-entry form, in the denominations of \$5,000 or any integral multiple thereof. No physical delivery of the Bonds will be made to purchasers. So long as Cede & Co. is the registered owner of the Bonds, principal and semiannual interest (payable May 1 and November 1, commencing May 1, 2010) are payable to DTC by U.S. Bank National Association, Boston, Massachusetts, as Trustee. See "BOOK-ENTRY ONLY SYSTEM." The Bonds shall be subject to optional redemption and mandatory sinking fund redemption prior to maturity as more fully described herein. The Series 2009-2 Bonds shall also be subject to extraordinary optional redemption prior to maturity as more fully described herein.

The Authority intends to elect to treat the Series 2009-2 Bonds as "Build America Bonds" for purposes of the American Recovery and Reinvestment Act of 2009 and to receive a cash subsidy from the United States Treasury in connection therewith. See "INTRODUCTORY STATEMENT - Designation of Series 2009-2 Bonds as Build America Bonds."

The Bonds are special obligations of the Authority payable solely from funds provided under the Enabling Act (defined herein), the Trust Agreement (defined herein) and the Series Resolutions (defined herein), including payments made by the Board of Trustees of the University of Massachusetts (the "University"), all as more fully described under "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS" herein.

THE BONDS SHALL NOT BE DEEMED TO CONSTITUTE A GENERAL OBLIGATION OF THE AUTHORITY OR A DEBT OR LIABILITY OF THE COMMONWEALTH OR ANY POLITICAL SUBDIVISION THEREOF. NEITHER THE FAITH AND CREDIT NOR THE TAXING POWER OF THE COMMONWEALTH OR OF ANY POLITICAL SUBDIVISION THEREOF IS PLEDGED TO THE PAYMENT OF THE PRINCIPAL OF OR THE INTEREST ON THE BONDS. THE ENABLING ACT OF THE AUTHORITY DOES NOT IN ANY WAY CREATE A SO-CALLED MORAL OBLIGATION OF THE COMMONWEALTH OR ANY POLITICAL SUBDIVISION THEREOF TO PAY DEBT SERVICE WITH RESPECT TO THE BONDS. THE AUTHORITY DOES NOT HAVE TAXING POWER.

The Bonds are offered when, as and if issued by the Authority and received by the Underwriters,[†] subject to the approval of legality by Mintz, Levin, Cohn, Ferris, Glovsky and Popeo, P.C., Boston, Massachusetts, Bond Counsel. Certain matters will be passed upon for the Authority by its counsel, Burns & Levinson LLP, Boston, Massachusetts, for the Underwriters by their counsel, McCarter & English, LLP, Boston, Massachusetts. It is expected that the Bonds in definitive form will be available for delivery through DTC in New York on or about October 27, 2009.

		Citi J.P.	Morgan	
Barclays	Fidelity Capital Markets	Loop Capital Markets, LLC	Merrill Lynch & Co.	Morgan Stanley
Datad: Oata	hor 15, 2000			

Dated: October 15, 2009

[†] The Series 2009-1 Bonds will be underwritten by all of the Underwriters. The Series 2009-2 Bonds and Series 2009-3 Bonds will be underwritten by Citigroup Global Markets Inc., J.P. Morgan Securities Inc., Barclays Capital Markets and Merrill Lynch, Pierce, Fenner & Smith Incorporated.

OFFICIAL STATEMENT

\$247,810,000 University of Massachusetts Building Authority Project Revenue Bonds, Senior Series 2009-1 \$271,855,000 University of Massachusetts Building Authority Project Revenue Bonds, Senior Series 2009-2 (Federally Taxable-Build America Bonds -Direct Pay to Issuer) \$28,570,000 University of Massachusetts Building Authority Project Revenue Bonds, Senior Series 2009-3 (Federally Taxable)

INTRODUCTORY STATEMENT

General

The purpose of this Official Statement, which includes the cover page and the appendices hereto, is to furnish information in connection with the offering by the University of Massachusetts Building Authority (the "Authority") of its \$247,810,000 Project Revenue Bonds, Senior Series 2009-1 (the "Series 2009-1 Bonds"), its \$271,855,000 Project Revenue Bonds, Senior Series 2009-2 (Federally Taxable-Build America Bonds - Direct Pay to Issuer) (the "Series 2009-2 Bonds") and its \$28,570,000 Project Revenue Bonds, Senior Series 2009-3 (Federally Taxable) (the "Series 2009-3 Bonds," and together with the Series 2009-1 Bonds and the Series 2009-2 Bonds, the "Bonds").

Unless otherwise defined herein, capitalized terms used herein shall have the meanings set forth in Appendix D - "Summary of Legal Documents."

The Bonds are issued pursuant to Chapter 773 of the Acts of 1960 of the Commonwealth of Massachusetts, as amended (the "Enabling Act") and the Trust Agreement dated as of November 1, 2000 (the "Trust Agreement"), between the Authority and U.S. Bank National Association, Boston, Massachusetts, as successor trustee (the "Trustee"). The Series 2009-1 Bonds are issued pursuant to the Series Resolution Authorizing the Issuance of Project Revenue Bonds, Senior Series 2009-1 (the "2009-1 Series Resolution"), adopted by the Authority on September 18, 2009 and October 6, 2009. The Series 2009-2 Bonds are issued pursuant to the Series Resolution Authorizing the Issuance of Project Revenue Bonds, Senior Series 2009-2 Series Resolution"), adopted by the Authority on September 18, 2009. The Series Resolution"), adopted by the Issuance of Project Revenue Bonds, Senior Series 2009-2 (Federally Taxable-Build America Bonds - Direct Pay to Issuer) (the "2009-2 Series Resolution"), adopted by the Issuance of Project Revenue Bonds, Senior Series 2009-3 Bonds are issued pursuant to the Series Resolution Authorizing the Issuance of Project Revenue Bonds, Senior Series 2009-3 Series Resolution Authorizing the Issuance of Project Revenue Bonds, Senior Series 2009-3 (Federally Taxable) (the "2009-3 Series Resolution"), adopted by the Authority on September 18, 2009. The Series Resolution and the Series 2008-2 Series Resolution, the "Series Resolutions"), adopted by the Authority on September 18, 2009.

The Authority was created by the Enabling Act as a body politic and corporate and a public instrumentality of the Commonwealth of Massachusetts (the "Commonwealth") for the general purpose of aiding and contributing to the performance of the educational and other purposes of the University of Massachusetts (the "University") by providing dormitories, dining commons and other buildings and structures for the use of the University, its students, staff and their dependents and for lease to certain other entities related to the University, all in accordance with the Enabling Act. See "THE AUTHORITY."

The Series 2009-1 Bonds are being issued to finance projects which meet certain conditions set forth in the 2009-1 Series Resolution (collectively, the "2009-1 Projects"), including (i) construction and equipping of a data center by the Worcester City Campus Corporation on the Worcester campus of the University, (ii) construction of the Edward M. Kennedy Institute for the United States Senate on the Boston campus, (iii) a portion of the costs of construction of the Albert Sherman Center on the Worcester campus, (iv) a portion of the costs of construction of The Emerging Technology Innovation Center, purchase, acquisition and development of an Inn and Conference Center, acquisition and renovation of the costs of certain renovation and maintenance projects on the Lowell campus, (v) a portion of the costs of certain renovation and maintenance projects on the Boston campus, and (vi) a portion of the costs of certain renovation and maintenance projects, to fund capitalized interest on a portion of the Series 2009-1 Bonds and to pay costs of issuing the Series 2009-1 Bonds.

The Series 2009-2 Bonds are being issued to finance projects which meet certain conditions set forth in the 2009-2 Series Resolution (collectively, the "2009-2 Projects"), including portions of the projects described in clauses (iii) through (vi) above as part of the 2009-1 Projects and in Appendix A. The proceeds of the Series 2009-2 Bonds will be used to finance the costs of the 2009-2 Projects, to fund capitalized interest on a portion of the Series 2009-2 Bonds and to pay costs of issuing the Series 2009-2 Bonds.

The Series 2009-3 Bonds are being issued to finance the acquisition and renovation of a laboratory facility on the Worcester campus of the University (the "Biotech IV Property") or such other projects that meet the conditions set forth in the 2009-3 Series Resolution (collectively, the "2009-3 Projects," and together with the Series 2009-1 Projects and the Series 2009-2 Projects, the "Projects"). The proceeds of the Series 2009-3 Bonds will be used to finance the costs of the 2009-3 Projects, to fund capitalized interest on the Series 2009-3 Bonds and to pay costs of issuing the Series 2009-3 Bonds.

See Appendix A under the heading "UNIVERSITY REVENUES AND BUDGETING - Current and Future Capital Plans" for additional information about the Projects.

The Enabling Act prohibits the Authority from initiating any project except upon request made by authority of the Board of Trustees of the University (the "University Trustees") and upon written approval from the Commissioner of Administration of the Commonwealth. In connection with the Bonds, such request has been made and all such approvals have been obtained.

As more fully described herein, the Bonds will be special obligations of the Authority and, as to the payment of principal and redemption price, if any, of and interest thereon, are payable solely from, and secured by amounts pledged under the provisions of the Enabling Act, the Trust Agreement and the Series Resolutions. See "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS."

The Bonds are payable solely from funds provided under the Enabling Act, the Trust Agreement and the Series Resolutions, including payments made by the University Trustees under the Contract for Management and Services dated as of October 27, 2009 (the "Contract") among the Commonwealth, acting by and through the University Trustees, the University Trustees and the Authority.

The obligations of the University Trustees to make payments under the Contract are limited to funds of the University lawfully available for such purpose. The obligations of the University Trustees in connection with the Bonds and the Contract do not constitute a debt or obligation of the Commonwealth, and (a) neither the Commonwealth nor any political subdivision thereof shall be obligated to pay the Bonds, and (b) neither the faith and credit nor the taxing power of the Commonwealth or of any political subdivision thereof is pledged to the payment of the Bonds. The Enabling Act does not in any way create a so-called moral obligation of the Commonwealth or of any political subdivision thereof to pay debt service in the event of default. The Authority does not have taxing power. See "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS."

Designation of Series 2009-2 Bonds as Build America Bonds

The Authority intends to elect to treat the Series 2009-2 Bonds as "Build America Bonds" for purposes of the American Recovery and Reinvestment Act of 2009, enacted February 17, 2009 (the "ARRA") and to receive a cash subsidy from the United States Treasury ("Interest Subsidy Payments") in connection therewith. As a result of such election, interest on the Series 2009-2 Bonds will be included in the gross income of holders thereof for federal income tax purposes, and the holders will not be entitled to any federal tax credits as to Build America Bonds in connection with their holding of Series 2009-2 Bonds. Pursuant to ARRA, the Authority is entitled to receive Interest Subsidy Payments equal to 35% of the interest payable on the Series 2009-2 Bonds. Such Interest Subsidy Payments received by the Authority are not pledged to pay the Series 2009-2 Bonds, nor are their receipt a condition of payment of any portion of the Series 2009-2 Bonds. Federal tax law imposes certain requirements for qualification of the Series 2009-2 Bonds as Build America Bonds, including that interest on such Series 2009-2 Bonds would be, but for the Authority's election, excludable from gross income for federal income tax purposes. There can be no assurance that the Series 2009-2 Bonds will qualify as Build America Bonds nor as to the receipt, or timing of receipt, of Interest Subsidy Payments. The Authority is obligated to make payments of the principal of and interest on the Series 2009-2 Bonds whether or not it receives Interest Subsidy Payments.

Purpose and Content of Official Statement

This Official Statement describes the terms and use of proceeds of, and security for, the Bonds. This introduction is subject in all respects to the additional information contained in this Official Statement, including Appendices A through F. All descriptions of documents contained herein are only summaries and are qualified in their entirety by reference to each such document.

Information about the University is set forth in Appendix A. Financial Statements of the Authority and of the University, respectively, for the fiscal year ended June 30, 2008 are set forth in Appendices B and C. A summary of certain provisions of the Trust Agreement and the Contract is included as Appendix D. The proposed form of opinion of Bond Counsel is included in Appendix E. Appendix F includes a summary of the Continuing Disclosure Agreement with respect to the Authority and the University.

The summaries of the agreements and other documents herein do not purport to be comprehensive or definitive and all references to any contract, agreement and other document described herein are qualified in their entirety by reference to each such contract, agreement and other document. All references herein to the Bonds are qualified in their entirety by reference to the definitive forms thereof and to the Trust Agreement and the Series Resolutions. Definitive copies of all contracts, agreements and other documents described in the Official Statement are available for inspection prior to the date of issuance of the Bonds at the offices of the Authority, located at 333 South Street, 4th Floor, Shrewsbury, Massachusetts 01545, and subsequent to the date of issuance of the Bonds, at the principal corporate trust office of the Trustee.

Total	\$28,570,000

THE BONDS

General

The Bonds will be issued by means of a book entry system, with bond certificates immobilized at The Depository Trust Company, New York, New York ("DTC"), and not available for distribution to the public, evidencing ownership of the Bonds in principal amounts of \$5,000 or integral multiples thereof, with transfers of ownership effected on the records of DTC and its participants pursuant to rules and procedures established by DTC and its participants. Interest on the Bonds will be payable as stated above, and principal of the Bonds will be paid, at maturity or upon earlier redemption, to DTC or its nominee as registered owner of the Bonds. Transfer of principal and interest payments to participants of DTC will be the responsibility of DTC; transfer of principal and interest payments to beneficial owners. The record date for interest payments by DTC to its participants will be the 15th day of the month preceding the applicable interest payment date. Accordingly, debt service will be payable to participants of DTC, at the close of business on the 15th day of the month preceding such interest payment date. Neither the Authority nor the Trustee will be responsible or liable for maintaining, supervising or reviewing the records maintained by DTC, its participants or persons acting through such participants. See "BOOK-ENTRY ONLY SYSTEM."

Series 2009-1 Bonds

General

The Series 2009-1 Bonds will be issued in the aggregate principal amount of \$247,810,000. The Series 2009-1 Bonds will be dated the date of initial delivery thereof, will mature (unless redeemed prior to maturity) on May 1 of each of the years and will bear interest from their date at the rates per annum, all as set forth on the inside cover page of this Official Statement. Interest on the Series 2009-1 Bonds will be payable on May 1 and November 1 of each year, commencing May 1, 2010. The Series 2009-1 Bonds are subject to optional and mandatory sinking fund redemption as described below.

Redemption Provisions

Redemption by Sinking Fund Installments. Series 2009-1 Bonds stated to mature on May 1, 2034 and bearing interest at the rate of 4.500% per annum shall be redeemed as provided in the 2009-1 Series Resolution by mandatory Sinking Fund Installments on May 1 of each of the following years in the principal amount set forth opposite the applicable year:

2030 \$ 240,00
2031 250,00
2032 260,00
2033 270,00
2034* 285,00

Final Maturity.

Series 2009-1 Bonds stated to mature on May 1, 2034 and bearing interest at the rate of 5.000% per annum shall be redeemed as provided in the 2009-1 Series Resolution by mandatory Sinking Fund Installments on May 1 of each of the following years in the principal amount set forth opposite the applicable year:

Year	Amount
2030	\$2,905,000
2031	3,050,000
2032	3,205,000
2033	3,365,000
2034*	3,530,000

Final Maturity.

The Series 2009-1 Bonds stated to mature on May 1, 2039 shall be redeemed as provided in the 2009-1 Series Resolution by mandatory Sinking Fund Installments on May 1 of each of the following years in the principal amount set forth opposite the applicable year:

Year	Amount
2035	\$4,010,000
2036	4,205,000
2037	4,420,000
2038	4,635,000
2039 [*]	4,870,000

Final Maturity.

On each of the foregoing dates, the Trustee shall call for redemption in the manner provided in the Trust Agreement and redeem the principal amount of such Series 2009-1 Bonds subject to redemption by mandatory Sinking Fund Installments. The Redemption Price of such Series 2009-1 Bonds so redeemed shall be at the principal amount thereof, without premium, plus interest accrued thereon to the date of redemption.

Optional Redemption. The Series 2009-1 Bonds maturing on or after May 1, 2019 shall be subject to redemption prior to maturity at the option of the Authority, in whole or in part on any date not earlier than May 1, 2019, at a Redemption Price equal to the principal amount of the Series 2009-1 Bonds or portions thereof to be redeemed, without premium, plus in each case interest accrued thereon to the date set for redemption.

Notice of Redemption. The Trustee is required to give notice of redemption of any Series 2009-1 Bonds, specifying the date of redemption, the portions of the principal amounts thereof to be redeemed and the redemption price, by mailing, not more than sixty (60) days nor less than thirty (30) days prior to the redemption date, to the registered owners of any Series 2009-1 Bonds, or portions thereof, to be redeemed. Notice of redemption will be mailed to DTC or its nominee, as registered owner of the Series 2009-1 Bonds. The Trustee will not be responsible for mailing notices of redemption to anyone other than DTC or its nominee. The Authority is not responsible for mailing any notice of redemption.

Selection of Series 2009-1 Bonds To Be Redeemed Upon Partial Redemption. If the Series 2009-1 Bonds are to be redeemed in part, the Series 2009-1 Bonds to be redeemed shall be selected by the Trustee in such manner as the Trustee in its discretion may deem fair and appropriate; provided (a) that such portion of any Series 2009-1 Bond to be redeemed shall be in the principal amount of \$5,000 or any integral multiple thereof, (b) that, in selecting Series 2009-1 Bonds for redemption, the Trustee shall treat each Series 2009-1 Bond as representing that number of Series 2009-1 Bonds which is obtained by dividing the principal amount of such Series 2009-1 Bond by \$5,000, and (c) that, to the extent practicable, the Trustee will not select any Series 2009-1 Bond for partial redemption if the amount of such Series 2009-1 Bond remaining Outstanding would be reduced by such partial redemption to less than the lowest Authorized Denomination. If, however, the Series 2009-1 Bonds are to be redeemed in part while

the book-entry-only system through DTC is in effect, the Series 2009-1 Bonds to be redeemed shall be selected by DTC in increments of \$5,000 and otherwise as described in the foregoing sentence in such manner as DTC may determine.

Effect of Redemption. Notice of redemption having been given in the manner provided above, and money sufficient for the redemption being held by the Trustee for the purpose, the Series 2009-1 Bonds so called for redemption shall become due and payable on the redemption date, and interest thereon shall cease to accrue and the owners of the Series 2009-1 Bonds so called for redemption shall thereafter no longer have any security or benefit under the Trust Agreement except to receive payment of the redemption price for such Series 2009-1 Bonds. If such moneys are not available on the redemption date, the Series 2009-1 Bonds or portions thereof will continue to bear interest until paid at the same rate they would have borne had they not been called for redemption. If, at the time of mailing of the notice of optional redemption, moneys have not been deposited with the Trustee in an amount sufficient to redeem all the Series 2009-1 Bonds called for redemption, such notice shall state that it is a conditional notice subject to the deposit of sufficient moneys are deposited.

Series 2009-2 Bonds

General

The Series 2009-2 Bonds will be issued in the aggregate principal amount of \$271,855,000. The Series 2009-2 Bonds will be dated the date of initial delivery thereof, will mature (unless redeemed prior to maturity) on May 1 of each of the years and will bear interest from their date at the rates per annum, all as set forth on the inside cover page of this Official Statement. Interest on the Series 2009-2 Bonds will be payable on May 1 and November 1 of each year, commencing May 1, 2010. The Series 2009-2 Bonds are subject to optional, extraordinary optional and mandatory sinking fund redemption as described below.

Redemption Provisions

Redemption by Sinking Fund Installments. The Series 2009-2 Bonds stated to mature on May 1, 2029 shall be redeemed as provided in the 2009-2 Series Resolution by mandatory Sinking Fund Installments on May 1 of each of the following years in the principal amount set forth opposite the applicable year:

Year	Amount
2024 2025 2026 2027 2028 2029*	\$ 8,875,000 17,645,000 18,375,000 19,145,000 19,950,000 20,775,000
	-))

Final Maturity.

The Series 2009-2 Bonds stated to mature on May 1, 2039 shall be redeemed as provided in the 2009-2 Series Resolution by mandatory Sinking Fund Installments on May 1 of each of the following years in the principal amount set forth opposite the applicable year:

Year	Amount
2020	¢14 225 000
2030	\$14,235,000
2031	14,840,000
2032	15,470,000
2033	16,135,000
2034	16,830,000
2035	16,450,000
2036	17,155,000
2037	17,880,000
2038	18,650,000
2039 [*]	19,445,000

^{*} Final Maturity.

On each of the foregoing dates, the Trustee shall call for redemption in the manner provided in the Trust Agreement and redeem the principal amount of such Series 2009-2 Bonds subject to redemption by mandatory Sinking Fund Installments. The Redemption Price of such Series 2009-2 Bonds so redeemed shall be at the principal amount thereof, without premium, plus interest accrued thereon to the date of redemption.

Optional Redemption. The Series 2009-2 Bonds shall be subject to redemption prior to maturity at the option of the Authority, in whole or in part on any date not earlier than May 1, 2019, at a Redemption Price equal to the principal amount of the Series 2009-2 Bonds or portions thereof to be redeemed, without premium, plus in each case interest accrued thereon to the date set for redemption.

Extraordinary Optional Redemption. The Series 2009-2 Bonds are subject to redemption prior to maturity at the option of the Authority at any time, in whole or in part, upon the occurrence of an Extraordinary Event, at a redemption price equal to the greater of: (1) 100% of the principal amount of the Series 2009-2 Bonds to be redeemed; or (2) the sum of the present value of the remaining scheduled payments of principal and interest to the maturity date of the Series 2009-2 Bonds to be redeemed, not including any portion of those payments of interest accrued and unpaid as of the date on which the Series 2009-2 Bonds are to be redeemed on a semi-annual basis, assuming a 360-day year consisting of twelve 30-day months, at the Treasury Rate, plus 100 basis points (1.00%); plus, in each case, accrued interest on the Series 2009-2 Bonds to be redeemed to the redemption date. The "Treasury Rate" is, as of any redemption date, the yield to maturity as of such redemption date of United States Treasury securities with a constant maturity (as compiled and published in the most recent Federal Reserve Statistical Release H.15 (519) that has become publicly available at least two (2) Business Days prior to the redemption date (excluding inflation indexed securities) (or, if such Statistical Release is no longer published, any publicly available source of similar market data)) most nearly equal to the period from the redemption date to the maturity date of the Series 2009-2 Bonds to be redeemed; provided, however, that if the period from the redemption date to such maturity date is less than one (1) year, the weekly average yield on actually traded United States Treasury securities adjusted to a constant maturity of one (1) year will be used.

An "Extraordinary Event" will have occurred if a material adverse change has occurred to Section 54AA or 6431 of the Code (as such Sections were added by Section 1531 of ARRA, pertaining to "Build America Bonds") or there is a guidance published by the Internal Revenue Service or the United States Treasury with respect to such Sections or any other determination by the Internal Revenue Service or United States Treasury pursuant to which Interest Subsidy Payments are reduced or eliminated. The redemption price of the Series 2009-2 Bonds to be redeemed pursuant to the extraordinary optional redemption provision described above will be determined by an independent accounting firm, investment banking firm or financial advisor retained by the Authority at the Authority's expense to calculate such redemption price. The Trustee and the Authority may conclusively rely on the determination of such redemption price by such independent accounting firm, investment banking firm or financial advisor and will not be liable for such reliance.

Notice of Redemption. The Trustee is required to give notice of redemption of any Series 2009-2 Bonds, specifying the date of redemption, the portions of the principal amounts thereof to be redeemed and the redemption price, by mailing, not more than sixty (60) days nor less than thirty (30) days prior to the redemption date, to the registered owners of any Series 2009-2 Bonds, or portions thereof, to be redeemed. Notice of redemption will be mailed to DTC or its nominee, as registered owner of the Series 2009-2 Bonds. The Trustee will not be responsible for mailing notices of redemption to anyone other than DTC or its nominee. The Authority is not responsible for mailing any notice of redemption.

Selection of Series 2009-2 Bonds To Be Redeemed Upon Partial Redemption. If the Series 2009-2 Bonds that are Term Bonds are not registered in book-entry only form, any redemption of less than all of the Series 2009-2 Bonds shall be allocated among the registered owners of such Series 2009-2 Bonds that are Term Bonds as nearly as practicable in proportion to the principal amounts of the Series 2009-2 Bonds that are Term Bonds owned by each registered owner, subject to the authorized denominations applicable to the Series 2009-2 Bonds that are Term Bonds that are Term Bonds. This will be calculated based on the formula: (principal to be redeemed) x (principal amount owned by owner) / (principal amount outstanding). The particular Series 2009-2 Bonds that are Term Bonds to be redeemed shall be determined by the Trustee, using such method as it shall deem fair and appropriate. If the Series 2009-2 Bonds that are Term Bonds are registered in book-entry only form and so long as DTC or a successor securities depository is the sole registered owner of the Series 2009-2 Bonds that are Term Bonds, partial redemptions will be done in accordance with DTC procedures. It is the Authority's intent that redemption allocations made by DTC, the DTC Participants or such other intermediaries that may exist between the Authority can provide no assurance that DTC, the DTC Participants or any other intermediaries will allocate redemptions among Beneficial Owners on such a proportional basis.

Effect of Redemption. Notice of redemption having been given in the manner provided above, and money sufficient for the redemption being held by the Trustee for the purpose, the Series 2009-2 Bonds so called for redemption shall become due and payable on the redemption date, and interest thereon shall cease to accrue and the owners of the Series 2009-2 Bonds so called for redemption shall thereafter no longer have any security or benefit under the Trust Agreement except to receive payment of the redemption price for such Series 2009-2 Bonds. If such moneys are not available on the redemption date, the Series 2009-2 Bonds or portions thereof will continue to bear interest until paid at the same rate they would have borne had they not been called for redemption. If, at the time of mailing of the notice of optional redemption, moneys have not been deposited with the Trustee in an amount sufficient to redeem all the Series 2009-2 Bonds called for redemption, such notice shall state that it is a conditional notice subject to the deposit of sufficient moneys are deposited.

Series 2009-3 Bonds

General

The Series 2009-3 Bonds will be issued in the aggregate principal amount of \$28,570,000. The Series 2009-3 Bonds will be dated the date of initial delivery thereof, will mature (unless redeemed prior to maturity) on May 1 of each of the years and will bear interest from their date at the rates per annum, all as set forth on the inside cover page of this Official Statement. Interest on the Series 2009-3 Bonds will be payable on May 1 and November 1 of each year, commencing May 1, 2010. The Series 2009-3 Bonds are subject to optional and mandatory sinking fund redemption as described below.

Redemption Provisions

Redemption by Sinking Fund Installments. The Series 2009-3 Bonds stated to mature on May 1, 2029 shall be redeemed as provided in the 2009-3 Series Resolution by mandatory Sinking Fund Installments on May 1 of each of the following years in the principal amount set forth opposite the applicable year:

Year	Amount
2012	\$ 415,000
2013	440,000
2014	465,000
2015	495,000
2016	520,000
2017	550,000
2018	585,000
2019	620,000
2020	655,000
2021	690,000
2022	735,000
2023	775,000
2024	820,000
2025	870,000
2026	920,000
2027	975,000
2028	1,030,000
2029*	1,090,000

⁶ Final Maturity.

The Series 2009-3 Bonds stated to mature on May 1, 2039 shall be redeemed as provided in the 2009-3 Series Resolution by mandatory Sinking Fund Installments on May 1 of each of the following years in the principal amount set forth opposite the applicable year:

$\begin{array}{cccccc} 2030 & \$1,195,000 \\ 2031 & 1,265,000 \\ 2032 & 1,345,000 \\ 2033 & 1,430,000 \\ 2034 & 1,520,000 \\ 2035 & 1,615,000 \\ 2036 & 1,720,000 \\ 2037 & 1,825,000 \\ 2038 & 1,940,000 \\ 2039^* & 2,065,000 \end{array}$	Year	Amount

2038 1,940,000	2036	1,720,000
	2037	1,825,000
2039 [*] 2,065,000	2038	1,940,000
	2039*	2,065,000

Final Maturity.

On each of the foregoing dates, the Trustee shall call for redemption in the manner provided in the Trust Agreement and redeem the principal amount of such Series 2009-3 Bonds subject to redemption by mandatory Sinking Fund Installments. The Redemption Price of such Series 2009-3 Bonds so redeemed shall be at the principal amount thereof, without premium, plus interest accrued thereon to the date of redemption.

Optional Redemption of Series 2009-3 Bonds With Make-Whole Payment. The Series 2009-3 Bonds are subject to optional redemption by the Authority prior to their stated maturity date, in whole or in part, on any

Business Day, at the Make-Whole Redemption Price, plus accrued and unpaid interest on the Series 2009-3 Bonds to be redeemed on the date fixed for redemption.

The "Make-Whole Redemption Price" is the greater of (i) 100% of the principal amount of the Series 2009-3 Bonds to be redeemed and (ii) the sum of the present value of the remaining scheduled payments of principal and interest on the Series 2009-3 Bonds to be redeemed, not including any portion of those payments of interest accrued and unpaid as of the date on which such Series 2009-3 Bonds are to be redeemed, discounted to the date on which the Series 2009-3 Bonds are to be redeemed on a semi-annual basis, assuming a 360-day year consisting of twelve 30-day months, at the Treasury Rate (defined below) plus 25 basis points.

"Treasury Rate" means, with respect to any redemption date for a particular Series 2009-3 Bond, the rate per annum, expressed as a percentage of the principal amount, equal to the semi-annual equivalent yield to maturity or interpolated maturity of the Comparable Treasury Issue, assuming that the Comparable Treasury Issue is purchased on the redemption date for a price equal to the Comparable Treasury Price, as calculated by the Designated Investment Banker.

"Comparable Treasury Issue" means, with respect to any redemption date for a particular Series 2009-3 Bond, the United States Treasury security or securities selected by the Designated Investment Banker which has an actual or interpolated maturity comparable to the remaining average life of the Series 2009-3 Bond to be redeemed, and that would be utilized in accordance with customary financial practice in pricing new issues of debt securities of comparable maturity to the remaining average life of the Series 2009-3 Bond to be redeemed.

"Comparable Treasury Price" means, with respect to any redemption date for a particular Series 2009-3 Bond:

(1) the most recent yield data for the applicable U.S. Treasury maturity index from the Federal Reserve Statistical Release H.15 Daily Update (or any comparable or successor publication) reported, as of 11:00 a.m. New York City time, on the Valuation Date; or

(2) if the yield described in (1) above is not reported as of such time or the yield reported as of such time is not ascertainable, the average of four Reference Treasury Dealer Quotations for that redemption date, after excluding the highest and lowest of such Reference Treasury Dealer Quotations, or if the Designated Investment Banker obtains fewer than four Reference Treasury Dealer Quotations, the average of all quotations obtained by the Designated Investment Banker.

"Designated Investment Banker" means one of the Reference Treasury Dealers appointed by the Authority.

"Reference Treasury Dealer" means each of not less than two firms, specified by the Authority from time to time, that are primary United States Government securities dealers in the City of New York (each, a "Primary Treasury Dealer"); provided, that if any of them ceases to be a Primary Treasury Dealer, the Authority will substitute another Primary Treasury Dealer.

"Reference Treasury Dealer Quotations" means, with respect to each Reference Treasury Dealer and any redemption date for a particular Series 2009-3 Bond, the average, as determined by the Designated Investment Banker, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Designated Investment Banker by such Reference Treasury Dealer at 3:30 p.m., New York City time, on the Valuation Date.

"Valuation Date" means the third Business Day preceding the redemption date.

Notice of Redemption. The Trustee is required to give notice of redemption of any Series 2009-3 Bonds, specifying the date of redemption, the portions of the principal amounts thereof to be redeemed and the redemption price, by mailing, not more than sixty (60) days nor less than thirty (30) days prior to the redemption date, to the registered owners of any Series 2009-3 Bonds, or portions thereof, to be redeemed. Notice of redemption will be mailed to DTC or its nominee, as registered owner of the Series 2009-3 Bonds. The Trustee will not be responsible

for mailing notices of redemption to anyone other than DTC or its nominee. The Authority is not responsible for mailing any notice of redemption.

Selection of Series 2009-3 Bonds To Be Redeemed Upon Partial Redemption. If the Series 2009-3 Bonds that are Term Bonds are not registered in book-entry only form, any redemption of less than all of the Series 2009-3 Bonds shall be allocated among the registered owners of such Series 2009-3 Bonds that are Term Bonds as nearly as practicable in proportion to the principal amounts of the Series 2009-3 Bonds that are Term Bonds owned by each registered owner, subject to the authorized denominations applicable to the Series 2009-3 Bonds that are Term Bonds that are Term Bonds. This will be calculated based on the formula: (principal to be redeemed) x (principal amount owned by owner) / (principal amount outstanding). The particular Series 2009-3 Bonds that are Term Bonds to be redeemed shall be determined by the Trustee, using such method as it shall deem fair and appropriate. If the Series 2009-3 Bonds that are Term Bonds are registered in book-entry only form and so long as DTC or a successor securities depository is the sole registered owner of the Series 2009-3 Bonds that are Term Bonds, partial redemptions will be done in accordance with DTC procedures. It is the Authority's intent that redemption allocations made by DTC, the DTC Participants or such other intermediaries that may exist between the Authority can provide no assurance that DTC, the DTC Participants or any other intermediaries will allocate redemptions among Beneficial Owners on such a proportional basis.

Effect of Redemption. Notice of redemption having been given in the manner provided above, and money sufficient for the redemption being held by the Trustee for the purpose, the Series 2009-3 Bonds so called for redemption shall become due and payable on the redemption date, and interest thereon shall cease to accrue and the owners of the Series 2009-3 Bonds so called for redemption shall thereafter no longer have any security or benefit under the Trust Agreement except to receive payment of the redemption price for such Series 2009-3 Bonds. If such moneys are not available on the redemption date, the Series 2009-3 Bonds or portions thereof will continue to bear interest until paid at the same rate they would have borne had they not been called for redemption. If, at the time of mailing of the notice of optional redemption, moneys have not been deposited with the Trustee in an amount sufficient to redeem all the Series 2009-3 Bonds called for redemption, such notice shall state that it is a conditional notice subject to the deposit of sufficient moneys are deposited.

SECURITY AND SOURCES OF PAYMENT FOR THE BONDS

General

The Bonds are special obligations of the Authority payable solely from the funds provided under the provisions of the Enabling Act, the Trust Agreement and the Series Resolutions.

Pledge of Revenues and the Contract

The Trust Agreement assigns and pledges to the Trustee and grants to the Trustee a security interest in all rights of the Authority under the Contract to receive all Revenues payable to the Authority thereunder and pledged under the Trust Agreement. The Trust Agreement pledges to the Trustee for the benefit of the holders of the Bonds and all other bonds issued under the Trust Agreement (i) all moneys paid or payable for deposit in or on deposit in any Fund, Account or subaccount created under the Trust Agreement, all investments received or receivable for deposit in or on deposit in any Fund, Account or subaccount created under the Trust Agreement, all investments received or receivable for other income on such investments paid or payable for deposit in or on deposit in any Fund, Account or subaccount created under the Trust Agreement and all interest or other income on such investments paid or payable for deposit in or on deposit in any Fund, Account or subaccount created under the Trust Agreement and all interest or other income on such investments paid or payable for deposit in or on deposit in any Fund, Subject to application of such moneys, investments and interest or other income (except for the Rebate Fund), subject to the Trust Agreement, the Revenues from each Project financed or refinanced under the Trust Agreement and (b) the Revenues, including Secondary Revenues payable to the Authority from Other Projects, except the pledge made in clauses (ii)(a) and (b) does not include amounts necessary to pay for maintenance, repair and operation of any Project financed under the Trust Agreement, fees and expenses of the Trustee, any paying agent, insurance premiums, rent payable under lease agreements between the Authority and the Commonwealth, allocable operating and administrative expenses of the Authority and any amounts required by

Section 19C of the Enabling Act to be paid to the Treasurer and Receiver-General of the Commonwealth out of such Revenues.

Pursuant to the Enabling Act, Revenues pledged by the Trust Agreement and received by the Authority in connection with the Projects financed or refinanced by any Series of Bonds issued under the Trust Agreement are pledged to the payment of the principal of and interest on all Outstanding Bonds under the Trust Agreement as they become due, the redemption price or the purchase price of Outstanding Bonds redeemed or purchased as provided in the Trust Agreement, and other costs payable with respect to Outstanding Bonds under the Trust Agreement.

Interest Subsidy Payments received by the Authority with respect to the Series 2009-2 Bonds do not constitute Revenues under the Trust Agreement and are not pledged to the Bonds or other Senior Bonds. See "INTRODUCTORY STATEMENT – Designation of Series 2009-2 Bonds as Build America Bonds."

The Bonds are on a parity with all other Senior Bonds previously issued and Outstanding under the Trust Agreement and with all Senior Bonds hereafter issued and Outstanding under the Trust Agreement dated as of December 1, 2000 (the "Facilities Trust Agreement"), between the Authority and the Trustee.

As authorized by the Enabling Act, the University Trustees have agreed in the Contract to maintain, repair and operate the Projects financed or refinanced by the Bonds or to cause such Projects to be so maintained, repaired and operated and have agreed in the Contract to remit to the Trustee Revenues in an aggregate amount at least equal to debt service on the Bonds and related expenses. See Appendix D under the heading "SUMMARY OF CERTAIN PROVISIONS OF THE CONTRACT."

With respect to the aggregate of all Revenues from the Projects and from any other projects or property the Revenues from which are pledged under the Trust Agreement, the Contract requires that the Authority fix and revise fees, rents, rates and other charges so as to: (1) maintain, insofar as consistent with such requirements, reasonable uniformity in charges for like accommodations at the University and (2) provide Revenues sufficient to (a) pay the cost of maintaining, repairing and operating the Projects and such other projects and property, if any, to the extent that the University Trustees have not undertaken to provide such maintenance, repair and operation, (b) pay the fees and expenses of the Trustee, fees and expenses of any paying or fiscal agent appointed by the Authority in connection with the issuance of the Bonds or any other notes or bonds secured or provided for under the Trust Agreement, premiums of insurance maintained by the Authority with respect to the Projects and such other projects and property and rentals payable by the Authority under any lease or leases of land on which the Projects or any other such project or property may be located, (c) pay the principal of (including Sinking Fund Installments) and the interest on the Bonds and notes and bonds issued to finance or refinance such other projects or property, as such principal and interest shall become due and payable, (d) pay such portions of the operating and administrative expenses of the Authority (which shall include any amount (the "Rebate Amount") required by the Internal Revenue Code of 1986, as amended (the "Code") or other applicable law to be rebated by the Authority with respect to the Series 2009-1 and the Series 2009-2 Bonds, as applicable, to the United States of America and not provided from other funds of the Authority) as the Authority shall deem properly allocable to the Projects and such other projects and property, (e) pay amounts payable by the Authority under the Series Resolutions and any other contract or other arrangement with respect to the Bonds, (f) create or maintain reserves, if any, for any of the foregoing purposes as may be required under any resolution of the Authority as may be required or permitted by the Trust Agreement, and (g) pay the amount, if any, required by Section 19C of the Enabling Act to be paid to the Commonwealth to repay certain appropriations or other expenditures, if any.

Under the Contract, the Authority shall certify to the University Trustees (with a copy to the Trustee) on or before December 1, 2009 (for the period through October 31, 2010) and each March 1 thereafter for the twelvemonth period commencing the next succeeding November 1, the amount estimated for each component of the Projects, detailing (i) the Authority's projected debt service costs and fees and expenses related to the Bonds, (ii) the Authority's projected operating and administrative costs, (iii) any projected required deposits to reserves, (iv) any projected payments to the Commonwealth pursuant to Section 19C of the Act, (v) any additional reserves it may propose to create or augment consistent with the Trust Agreement and (vi) the amount, if any, payable to the University Trustees to reimburse Specific Revenue Project expenses incurred by the University Trustees (collectively, the "Certified Amount"). Such certificate, which may be revised from time to time as necessary, shall state the dates within such period when any portion of the Certified Amount shall be due, the portion of the Certified Amount due on such dates, the payee of such amount and payment instructions, the source of such payments and the amount payable from each source. The Certified Amount shall also detail the fees, rents, rates and other charges proposed for the use of the Projects, which shall be fixed so as to be sufficient, in the aggregate, together with other available moneys, to cover all of the costs and transfers to reserves as aforesaid allocable to the Projects. The Certified Amount shall be paid from Revenues generated from Specific Revenue Projects, University Eligible Gifts (as defined in Appendix D), Authority Eligible Gifts (as defined in Appendix D), other available Revenues of the Authority and all funds of the University permitted by law to be applied thereto, including without limitation amounts available in the University's Unrestricted Net Assets (as defined in Appendix D). See Appendix D under the heading "SUMMARY OF CERTAIN PROVISIONS OF THE CONTRACT."

Under the Contract, the University Trustees pledge to the making of payments required thereunder all available funds of the University, including trust funds and other funds administered by the University Trustees as gifts, grants or trusts, or as provided in the University enabling act.

The University shall cause to be available in the Unrestricted Net Assets at all times amounts sufficient to pay such portion of the Certified Amount required to be paid therefrom and to provide for any other payments required under the Prior Contracts or under the HEFA Financing Agreements (as defined in Appendix D). See Appendix D under the heading "SUMMARY OF CERTAIN PROVISIONS OF THE CONTRACT."

On or before April 1, 2010, and on or before April 1 of each year thereafter, the President of the University or the Senior Vice President for Administration, Finance and Technology and University Treasurer, or such other officer as delegated pursuant to the provisions of the Contract, shall certify in writing to the Authority whether or not there are sufficient funds in the Unrestricted Net Assets to pay the amounts so required to be paid therefrom and, if so, that such funds will be held in trust in the Unrestricted Net Assets for the equal and ratable benefit of the Authority and each other person or entity for whose benefit amounts will be applied to the payment of amounts required to be paid therefrom and will not be expended for any other purpose. Such funds will be so held and not expended for any other purpose; provided, however, that if any portion of the Certified Amount is paid from University Eligible Gifts, Authority Eligible Gifts, other Authority revenues or Revenues from Specific Revenue Projects, then after any such payment an amount equal to such portion so paid need no longer be held in the Unrestricted Net Assets.

If such certification states that sufficient funds are not available in the Unrestricted Net Assets to pay such amounts, such certification shall state the amount of funds in the Unrestricted Net Assets that are available to pay a portion of such amounts and a ratable portion of such funds in the Unrestricted Net Assets shall be held in trust for the benefit of the Authority to be applied to the payment pro rata of all amounts payable to or for the account of the Authority from the Unrestricted Net Assets. The University will continue to be obligated to pay any portion (or, if applicable, all) of the Certified Amount payable from all funds of the University permitted by law to be applied thereto notwithstanding any shortfall in amounts available in the Unrestricted Net Assets.

If such certification states that sufficient funds are not available in the Unrestricted Net Assets to pay such amounts, or if the Authority has not received such certificate as required by the Contract, the Authority will promptly adopt or revise mandatory fees, rates, rents and other charges for the use of the Projects and any portion thereof to be charged and billed to and collected from students in the University and provide for the billing, collection and remittance of such fees rates, rents and other charges by the University Trustees at such times and in such manner as in the judgment of the Authority will produce moneys sufficient and available to meet the requirements hereof. The Authority shall promptly notify the University Trustees in writing of the matters set forth in the foregoing sentence. Although the Contract requires that any fixing or revision of charges by the Authority receive the prior written approval of the University Trustees, the University Trustees have agreed in the Contract to approve, and have agreed to confirm such approval from time to time, all fees, rents, rates and other charges adopted or revised by the Authority as described in this paragraph and have agreed to cause the same to be billed to and collected from students in the University as the Authority may provide and remitted as the Authority may provide.

The undertakings by the University Trustees to perform or cause to be performed maintenance, repair and operation of the Projects are declared by the Contract to constitute that portion of fees, rents, rates and other charges which are necessary to pay the cost of maintenance, repair and operation.

All Revenues collected or received by the Commonwealth or the University, from whatever source, as payment of fees, rents, rates or other charges for the use and occupancy of a Project, including without limitation Revenues from Specific Revenue Projects and from the Unrestricted Net Assets, shall be held in trust for the Authority separate from all other moneys, held by the University or the Commonwealth. Such Pledged Funds shall be applied solely as provided in the Enabling Act, the Contract (including the Certified Amount), the Series Resolutions or the Trust Agreement and shall be remitted by the University Trustees to the Trustee under the Trust Agreement at such times and in such amounts as may be directed in writing by the Authority in accordance with the Authority's annual Certified Amount.

Rate Covenant

Under the Trust Agreement, the Authority covenants that it will fix, revise, adjust and collect Charges for use of each Project and any other projects or property the Revenues from which are pledged under such Trust Agreement to provide Revenues sufficient in the aggregate to pay all expenses of the Authority allocable to projects financed or refinanced under such Trust Agreement and debt service on all bonds issued and outstanding under such Trust Agreement, all as set forth in Appendix D – "Summary of Legal Documents."

Additional Indebtedness

The Trust Agreement provides that the Authority may issue additional bonds on a parity with or subordinate to the Bonds issued under the Trust Agreement. See Appendix D – "Summary of Legal Documents."

Pursuant to the Financing Agreement dated as of September 12, 2006 by and between Massachusetts Health and Educational Facilities Authority ("MHEFA") and the University, acting in the name and on behalf of the Commonwealth, and pursuant to the Loan and Trust Agreement dated as of September 12, 2006 among MHEFA, the University and Chittenden Trust Company, as Trustee providing for the issuance of Massachusetts Health and Educational Facilities Authority Revenue Bonds, University of Massachusetts Issue, Series D (2007), Worcester City Campus Corporation Issue (University of Massachusetts Project) Series E (2007) and Worcester City Campus Corporation Issue (University of Massachusetts Project) Series F (2007), the University agreed not to request or permit the Authority to issue additional indebtedness on behalf of the University except (i) indebtedness that is payable from all available funds of the University or (ii) indebtedness secured by pledged revenues derived from the project or projects being financed, new or increased student fees, existing pledged revenues or any combination of the foregoing, provided, that the maximum annual debt service on all such revenue-backed indebtedness then outstanding, including the proposed additional indebtedness, does not exceed 10% of the amount shown on the then most recent audited financial statements of the University as total available revenues. In addition, no such indebtedness shall be subject to acceleration. For a description of the Authority's bonds outstanding as of June 30, 2008 under the Trust Agreement and the Facilities Trust Agreement, see Appendix B.

Annual Debt Service Requirements on the Bonds

D 1 / 0

The following table sets forth for each fiscal year ending June 30 the debt service on outstanding bonds under the Trust Agreement and the Facilities Trust Agreement, following the issuance of the Bonds, including principal (whether at maturity or by mandatory sinking fund redemption), interest and total debt service.

	Debt Service								
Fiscal	on	Principal of	Interest on	Principal of	Interest on	Principal	Interest on	Total Debt	Total Debt
Year	Outstanding	Series	Series	Series	Series	of Series	Series	Service	Service on
Ended	Authority	2009-1	2009-1	2009-2	2009-2	2009-3	2009-3	Requirements	Authority

* Includes interest on the Authority's Series 2008-1 Bonds, 2008-A Bonds, 2008-3 Bonds and 2008-4 Bonds each issued as variable rate debt, outstanding as of June 30, 2008 in the principal amounts of \$232,545,000, \$26,580,000, \$138,635,000 and \$104,000,000, respectively, and amortizing in accordance with the terms thereof, assumed at the rates of 3.388%, with respect to the Series 2008-1 Bonds; 3.378%, with respect to the Series 2008-A Bonds; and 3.482%, with respect to the Series 2008-3 Bonds and Series 2008-4 Bonds, respectively. These assumed rates are based on the fixed rates being paid to the counterparties under interest rate swap agreements associated with such Series 2008-1 Bonds, Series 2008-A Bonds, and Series 2008-3 Bonds and Series 2008-4 Bonds. See Appendix A under the heading "INDEBTEDNESS OF THE AUTHORITY - The Authority" and Note 5 to the Financial Statements of the Authority for the years ended June 30, 2008 and 2007 attached hereto as Appendix B.

BOOK-ENTRY ONLY SYSTEM

DTC

The Depository Trust Company ("DTC"), New York, New York, will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully registered Bond certificate will be issued for each stated maturity of Bonds, in the aggregate principal amount of the applicable stated maturity, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the

Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934, as amended. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Participants") or "Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has Standard & Poor's highest rating: AAA. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of the Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds. DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of the Bonds are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such Bonds to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Authority as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal, redemption premium, if any, and interest payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Authority or Trustee on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the

responsibility of such Participant and not of DTC, the Trustee or the Authority, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Trustee, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct Participants.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the Authority or Paying Agent. Under such circumstances, in the event that a successor depository is not obtained, Bond certificates are required to be printed and delivered.

The Authority may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered to DTC.

THE INFORMATION IN THIS SECTION CONCERNING DTC AND DTC'S BOOK-ENTRY SYSTEM HAS BEEN OBTAINED FROM SOURCES THAT THE AUTHORITY BELIEVES TO BE RELIABLE, BUT NEITHER THE AUTHORITY NOR THE UNDERWRITER TAKE RESPONSIBILITY FOR THE ACCURACY THEREOF.

No Responsibility of the Authority or the Trustee

NEITHER THE AUTHORITY NOR THE TRUSTEE WILL HAVE ANY RESPONSIBILITY OR OBLIGATIONS TO DIRECT PARTICIPANTS OR THE PERSONS FOR WHOM THEY ACT AS NOMINEES WITH RESPECT TO THE PAYMENTS TO OR THE PROVIDING OF NOTICE FOR DIRECT PARTICIPANTS, INDIRECT PARTICIPANTS, OR BENEFICIAL OWNERS.

SO LONG AS CEDE & CO. IS THE REGISTERED OWNER OF THE BONDS, AS NOMINEE OF DTC, REFERENCES HEREIN TO THE HOLDERS OR REGISTERED OWNERS OF THE BONDS SHALL MEAN CEDE & CO. AND SHALL NOT MEAN THE BENEFICIAL OWNERS OF THE BONDS.

Certificated Bonds

DTC may discontinue providing its services as securities depository with respect to the Bonds at any time by giving reasonable notice to the Authority and the Trustee. In addition, the Authority may determine that continuation of the system of book-entry transfers through DTC (or a successor securities depository) is not in the best interests of the Beneficial Owners of the Bonds. If for either reason the Book-Entry Only system is discontinued, Bond certificates will be delivered as described in the Agreement and the Beneficial Owner, upon registration of certificates held in the Beneficial Owner's name, will become the holder of such Bond. Thereafter, the Bonds may be exchanged for an equal aggregate principal amount of the Bonds in other authorized denominations and of the same maturity, upon surrender thereof at the principal corporate trust office of the Trustee. The transfer of the Bonds may be registered on the books maintained by the Trustee for such purpose only upon the assignment in the form satisfactory to the Trustee. For every exchange or registration of transfer of the Bonds, the Authority and the Trustee may make a charge sufficient to reimburse them for any tax or other governmental charge required to be paid with respect to such exchange or registration of transfer, but no other charge may be made to the holder of such Bond for any exchange or registration of transfer, but no other charge may be made to the holder of such Bond for any exchange or registration of transfer of the Bonds. (or any part thereof) are eligible to be selected or have been selected for redemption.

THE AUTHORITY

General

The Authority was created by the Enabling Act as a body politic and corporate and a public instrumentality placed in the Commonwealth's Department of Education, but not subject to the supervision or regulation of that Department or of any other department, commission, board, bureau or agency of the Commonwealth except as specifically provided in the Enabling Act.

The Authority was created for the general purpose of aiding and contributing to the performance of the educational and other purposes of the University by providing dormitories, dining commons and other buildings and structures primarily (i) for the use of the University, its students, staff and their dependents, (ii) for lease to or use by an organization or association of students or others, the activities of which are a part of the activities at the University and subject to regulation by the University Trustees, (iii) for a research foundation or other research organization the operation of which in conjunction with the University is approved by the University Trustees, or (iv) any other entity the activities of which are approved by the University.

The Enabling Act prohibits the Authority from refunding outstanding bonds except upon approval of the University Trustees.

The Authority is empowered, among other things, to acquire, construct, remove, demolish, add to, alter, enlarge, reconstruct, remodel and do other work upon any building or structure and to provide and install furnishings, furniture, machinery, equipment, approaches, driveways, walkways, parking areas, planting, landscaping and other facilities therein. The Enabling Act authorizes the Authority, among other things, to acquire property from the Commonwealth or others (but the Authority has no eminent domain power), to rent or lease as lessor or lessee any portion of a project, to operate projects, to employ experts and other persons, to enter into contracts, to borrow money to finance and refinance projects it undertakes and to issue and sell its revenue bonds and notes therefor payable solely from its revenues.

The Enabling Act establishes a \$200,000,000 limit on the total outstanding principal amount of notes and bonds issued by the Authority which are guaranteed by the Commonwealth (excluding refunded notes or bonds), of which \$156,245,000 were outstanding as of June 30, 2008. Since June 30, 2008 the Authority has issued no additional bonds guaranteed by the Commonwealth. The Bonds are not guaranteed by the Commonwealth.

The Enabling Act requires approval by the Treasurer and Receiver General of the Commonwealth and the Commissioner of Administration of the Commonwealth, or by their designees, of the sale and terms of bonds or notes sold by the Authority, which approval the Authority will obtain prior to the sale of the Bonds.

Members, Officers and Staff

The Authority consists of eleven members appointed by the Governor of the Commonwealth, five of whom shall be appointive members of the University Trustees and may, but need not, be graduates of the University, and two others of whom shall be graduates of the University. Members from the University Trustees serve while they are University Trustees; each other member serves for a term expiring on June 30 in the sixth calendar year after the calendar year in which his or her term began (unless appointed to fill a vacancy in which case such member shall serve for the unexpired term). Each member continues in office until his or her successor is appointed and qualified. The Authority annually elects a chairman and vice-chairman from its members and also elects a secretary-treasurer and may elect an assistant secretary-treasurer, neither of whom needs to be a member of the Authority. There are currently three vacancies in the members of the Authority.

The present members and officers of the Authority and the dates of expiration of their respective terms are as follows:

Member's Name, Position, Residence and Profession	Date of Appointment	Term Expires
Robert K. Sheridan, Chair, Hingham Chief Executive Officer, Savings Bank Life Insurance	2002	June 30, 2013
Richard J. Lawton,* Vice Chair, North Easton Attorney	2006	September 1, 2011
Paul J. Carney, Secretary-Treasurer, San Francisco, California	2006	June 30, 2011
Matthew E. Carlin,* Member, Natick President and Chief Executive Officer, Resource Options, Inc.	2006	**
Robert L. Fortes, Member, Boston Independent Transportation Consultant	2006	June 30, 2012
William F. Kennedy, Member, Quincy Attorney, Nutter McClennen & Fish, LLP	2002	June 30, 2010
Brian W. McNally, Member, Sudbury Principal, Atlantic Benefit Group	2007	**
Stephen P. Tocco,* Member, Reading President and Chief Executive Officer, ML Strategies ⁺	2006	September 1, 2011

* University Trustee

** Term expired. Member serves until successor is appointed.

* ML Strategies is an affiliate of Mintz, Levin, Cohn, Ferris, Glovsky and Popeo, P.C., Bond Counsel to the Authority.

David J. MacKenzie is the Executive Director of the Authority. Prior to his appointment in 2004, Mr. MacKenzie was the Vice Chancellor for Administration and Finance at the Boston campus of the University. Mr. MacKenzie has also served as the Interim Chancellor at the UMass Boston and at the UMass Lowell campuses, as General Counsel to the Massachusetts Health and Educational Facilities Authority and as the Staff Director of the Massachusetts Senate Committee on Ways and Means.

Steven W. Dansby is the Chief Financial Officer and Assistant Secretary-Treasurer of the Authority. Mr. Dansby has previously served as Chief Financial Officer of the Massachusetts Housing Partnership Fund and American Red Cross of Massachusetts Bay. He has also served as Director of Administration and Finance of the Massachusetts Health and Educational Facilities Authority.

The Authority maintains offices at 333 South Street, 4th Floor, Shrewsbury, Massachusetts 01545. The Authority's telephone number is (774) 455-7250.

For information about outstanding indebtedness of the Authority, see Appendix A under the heading "INDEBTEDNESS OF THE UNIVERSITY – The Authority." See Appendix B for a copy of the Authority's audited financial statements for the fiscal year ended June 30, 2008.

LITIGATION

There is no litigation of any nature now pending or, to the knowledge of the Authority or its independent general counsel, threatened seeking to restrain or enjoin or restraining or enjoining the issuance, sale, execution or delivery of the Bonds or in any way contesting the validity of the Bonds or any proceedings of the Authority taken with respect to the issuance or sale thereof, the validity of the Contract, or any proceedings of the Authority or of the Commonwealth taken with respect thereto, or of the pledge of any moneys or security provided under the Trust Agreement for the payment of the Bonds or the existence or powers of the Authority or the titles of its officers to their offices.

LEGALITY FOR INVESTMENT

As declared by the Enabling Act, the Bonds are securities in which all public officers and public bodies of the Commonwealth and its political subdivisions, all savings banks, insurance companies, trust companies in their commercial departments, and, within the limits set by Section 40 of Chapter 172 of the General Laws of the Commonwealth, banking associations, investment companies, executors, trustees and other fiduciaries, and all other persons whatsoever who are now or may hereto be authorized to invest in bonds or other obligations of a similar nature, may properly and legally invest funds, including capital, in their control or belonging to them. The Bonds are securities which may properly and legally be deposited with and received by any state or municipal officer or any agency or political subdivision of the Commonwealth for any purpose for which the deposit of bonds or other obligations of the Commonwealth is now or may hereto be authorized by law.

TAX MATTERS

Series 2009-1 Bonds

Bond Counsel is of the opinion that, under existing law, interest on the Series 2009-1 Bonds, including any accrued original issue discount, as discussed below, will not be included in the gross income of the holders of the Series 2009-1 Bonds for federal income tax purposes. This opinion is expressly conditioned upon compliance with certain requirements of the Internal Revenue Code of 1986, as amended (the "Code"), which requirements must be satisfied subsequent to the date of issuance of the Series 2009-1 Bonds in order to ensure that interest on the Series 2009-1 Bonds is and continues to be excludable from the gross income of the holders thereof. Failure to so comply could cause the interest on the Series 2009-1 Bonds to be included in the gross income of the holders thereof, retroactive to the date of issuance of the Series 2009-1 Bonds. In particular, and without limitation, those requirements include restrictions on the use, expenditure and investment of proceeds and payment of rebate, or penalties in lieu of rebate, to the United States, subject to certain exceptions. The Authority has provided covenants and certificates as to continued compliance with such requirements.

Certain of the Series 2009-1 Bonds will be used to finance facilities which will be used by the Worcester City Campus Corporation and the Edward M. Kennedy Institute for the Senate (the "EMK Institute"), each of which is a corporation which has received a determination from the Internal Revenue Service that it is exempt from federal income taxation pursuant to Section 501(c)(3) of the Code, or by a successor entity which has received such a determination (the "Exempt Users"). Such Bonds will be treated as "qualified 501(c)(3) bonds" under the Code and the maintenance of exempt status of each corporation requires compliance with general rules governing the organization and operation of tax-exempt entities, including its operation for charitable, educational, and scientific purposes, and its avoidance of transactions that may cause its earnings or assets to inure to the benefit of private individuals. Failure of the Exempt Users to comply with the Internal Revenue Service's requirements for the maintenance of their status as organizations described in Section 501(c)(3) of the Code, or to operate their facilities financed by such Bonds in a manner that is substantially related to their charitable purpose under Section 513(a) of the Code, may result in interest payable with respect to such qualified 501(c)(3) Bonds being included in federal gross income, possibly from the date of the original issuance of such Bonds. To maintain continued compliance, the Authority will obtain from the Exempt Users covenants and certificates with the requirements for maintaining their exempt status. In addition, Bond Counsel has relied, among other things, on the opinion of counsel to the EMK Institute, regarding the current qualification of the EMK Institute as an organization described in Section 501(c)(3) of the Code. Such opinion is subject to a number of qualifications and limitations. Bond Counsel has also relied on representations of the Exempt Users concerning their "unrelated trade or business" activities as defined in Section 513(a) of the Code.

In the opinion of Bond Counsel, under existing law, interest on the Series 2009-1 Bonds will not constitute a preference item under section 57(a)(5) of the Code for purposes of computation of the alternative minimum tax imposed on certain individuals and corporations under section 55 of the Code and will not be included in "adjusted current earnings" when calculating corporate alternative minimum taxable income under section 56(g) of the Code. The foregoing opinions reflect the enactment of ARRA, which includes provisions that modify the treatment under the alternative minimum tax of interest on certain bonds, such as the Series 2009-1 Bonds, issued in 2009 and 2010.

Interest on the Series 2009-1 Bonds includes any accrued original issue discount. Original issue discount with respect to a Series 2009-1 Bond is equal to the excess, if any, of the stated redemption price at maturity of a Series 2009-1 Bond over the initial offering price at which price a substantial amount of all Series 2009-1 Bonds with the same maturity were sold (other than to underwriters and other intermediaries). Original issue discount accrues actuarially over the term of a Series 2009-1 Bond and results in a corresponding increase in the holder's tax basis in such Series 2009-1 Bond. Holders should consult their own tax advisors with respect to the computation of original issue discount during the period in which any such Series 2009-1 Bond is held.

An amount equal to the excess, if any, of the purchase price of a Series 2009-1 Bond over the principal amount payable at maturity generally constitutes amortizable bond premium. The required amortization of such premium during the term of a Series 2009-1 Bond will result in reduction of the holder's tax basis in such Series 2009-1 Bond. Such amortization also will result in reduction of the amount of the stated interest on the Series 2009-1 Bond taken into account as interest for tax purposes. Holders of Series 2009-1 Bonds purchased at a premium should consult their own tax advisors with respect to the determination and treatment of such premium.

Bond Counsel has not opined as to other federal tax consequences of holding the Series 2009-1 Bonds. However, prospective purchasers should be aware that (i) section 265 of the Code denies a deduction for interest on indebtedness incurred or continued to purchase or carry the Series 2009-1 Bonds or, in the case of a financial institution, that portion of the holder's interest expense allocated to such Bonds, provided, however, that under ARRA, the Series 2009-1 Bonds, and certain other similar bonds issued in 2009 and 2010 and held by such financial institution may not be required to be taken into account in such allocation to the extent they do not in the aggregate exceed 2% of the average adjusted basis of the assets of the holder, subject to the requirement that interest on indebtedness otherwise allocable to bonds which are for that reason excluded from such allocation be treated as a financial institution preference item as to which deductibility is reduced by 20%, (ii) with respect to insurance companies subject to the tax imposed by section 831 of the Code, section 832(b)(5)(B)(1) reduces the deduction for losses incurred by 15% of the sum of certain items, including interest on the Series 2009-1 Bonds, (iii) interest on the Series 2009-1 Bonds earned by certain foreign corporations doing business in the United States could be subject to a foreign branch profits tax imposed by section 884 of the Code, (iv) passive investment income, including interest on the Series 2009-1 Bonds, may be subject to federal income taxation under section 1375 of the Code for an S Corporation that has Subchapter C earnings and profits at the close of the taxable year if greater than 25% of the gross receipts of such S Corporation is passive investment income, (v) section 86 of the Code requires recipients of certain Social Security and certain Railroad Retirement benefits to take into account in determining gross income receipts or accruals of interest on the Series 2009-1 Bonds and (vi) receipt of investment income, including interest on the Series 2009-1 Bonds, may, pursuant to section 32(i) of the Code, disqualify the recipient from obtaining the earned income credit otherwise provided by section 32(a) of the Code.

Bond Counsel has not undertaken to advise in the future whether any events after the date of issuance of the Series 2009-1 Bonds may affect the tax exempt status of interest on the Series 2009-1 Bonds or the tax consequences of ownership of the Series 2009-1 Bonds. No assurance can be given that future legislation, or amendments to the Code, if enacted into law, will not contain provisions which could directly or indirectly reduce the benefit of the exclusion of the interest on the Series 2009-1 Bonds from gross income for federal income tax purposes.

Interest paid on tax-exempt obligations such as the Series 2009-1 Bonds is now generally required to be reported by payors to the Internal Revenue Service ("IRS") and to recipients in the same manner as interest on taxable obligations. In addition, such interest may be subject to "backup withholding" if the Series 2009-1 Bond owner fails to provide the information required on IRS Form W-9, Request for Taxpayer Identification Number and Certification, or the IRS has specifically identified the Series 2009-1 Bond owner as being subject to backup withholding because of

prior underreporting. Neither the information reporting requirement nor the backup withholding requirement affects the excludability of interest on the Series 2009-1 Bonds from gross income for federal tax purposes.

Series 2009-2 Bonds and Series 2009-3 Bonds

The following discussion briefly summarizes the principal U.S. federal tax consequences of the acquisition, ownership, and disposition of the Series 2009-2 Bonds and the Series 2009-3 Bonds for holders who acquire any Series 2009-2 Bonds or Series 2009-3 Bonds in the initial offering and hold such Series 2009-2 Bonds or Series 2009-3 Bonds as "capital assets." It does not discuss all aspects of U.S. federal income taxation which may apply to a particular holder, nor does it discuss U.S. federal income tax provisions which may apply to particular categories of holders, such as partnerships, insurance companies, financial institutions, regulated investment companies, real estate investment trusts, employee benefit plans, tax-exempt organizations, dealers in securities or foreign currencies, persons holding Series 2009-2 Bonds or Series 2009-3 Bonds as a position in a "hedge" or "straddle," or holders whose functional currency is not the U.S. dollar. It is based upon provisions of existing law which are subject to change at any time, possibly with retroactive effect.

Except as otherwise explicitly noted below, this summary addresses only "U.S. Holders", that is, individual citizens or residents of the United States, corporations or other business entities organized under the laws of the United States, any state, or the District of Columbia, estates with income subject to United States federal income tax, trusts subject to primary supervision by a United States court and for which United States persons control all substantial decisions, and certain other trusts that elect to be treated as United States persons. Except as otherwise explicitly noted in the discussion of Massachusetts taxes below, this discussion relates only to U.S. federal income taxes and not to any state, local or foreign taxes or U.S. federal taxes other than income taxes.

Interest on the Series 2009-2 Bonds and the Series 2009-3 Bonds that is "qualified stated interest" generally will be taxable to a U.S. Holder as ordinary interest income at the time such payments are accrued or are received (in accordance with the U.S. Holder's regular method of tax accounting). Generally, "qualified stated interest" means stated interest that is unconditionally payable in cash or property (other than debt instruments of the issuer) at least annually at a single fixed rate and includes the semi-annual interest payments as set forth on the inside cover hereof.

Because the Authority will elect to receive Interest Subsidy Payments, holders of the Series 2009-2 Bonds will not be entitled to any federal tax credits as to Build America Bonds in connection with their holding of Series 2009-2 Bonds. See "INTRODUCTORY STATEMENT — Designation of Series 2009-2 Bonds as Build America Bonds."

Interest on the Series 2009-2 Bonds and the Series 2009-3 Bonds includes any accrued original issue discount. Original issue discount with respect to a Series 2009-2 Bond or a Series 2009-3 Bond is equal to the excess, if any, of the stated redemption price at maturity of a Series 2009-2 Bond or a Series 2009-3 Bond over the initial offering price thereof, excluding underwriters and other intermediaries, at which price a substantial amount of all Series 2009-2 Bonds and Series 2009-3 Bonds with the same maturity were sold, provided that such excess equals or exceeds a <u>de minimis</u> amount (generally ¼% of the stated redemption price at maturity multiplied by the number of complete years from its issue date to its maturity). A U.S. Holder of a Series 2009-2 Bond or a Series 2009-3 Bond with original issue discount must include the discount in income as ordinary interest for federal income tax purposes as it accrues in advance of receipt of the cash payments attributable to such income, regardless of the U.S. Holder's regular method of tax accounting. Original issue discount accrues actuarially over the term of a Series 2009-2 Bond or a Series 2009-3 Bond and results in a corresponding increase in the holder's tax basis in such Series 2009-2 Bond or Series 2009-3 Bond. Holders should consult their own tax advisors with respect to the computation of original issue discount during the period in which any such Series 2009-2 Bond or Series 2009-3 Bond is held.

An amount equal to the excess, if any, of the purchase price of a Series 2009-2 Bond or a Series 2009-3 Bond over the principal amount payable at maturity generally constitutes amortizable bond premium. A holder of a Series 2009-2 Bond or a Series 2009-3 Bond may elect to amortize such premium during the term of such Series 2009-2 Bond or Series 2009-3 Bond by claiming a deduction to offset interest otherwise required to be included in income during any taxable year by the amortizable amount of such premium for the taxable year. Such amortization will result in a corresponding reduction of the holder's tax basis in such Series 2009-2 Bond or Series 2009-3 Bond. Any election to amortize bond premium applies to all taxable debt instruments held by the holder at the beginning of

the first taxable year to which the election applies and to all taxable debt instruments acquired on or after such date and may be revoked only with the consent of the Internal Revenue Service. Holders of Series 2009-2 Bonds or Series 2009-3 Bonds purchased at a premium should consult their own tax advisors with respect to the determination and treatment of amortizable bond premium.

Unless a non-recognition provision of the Code applies, upon the sale, exchange, redemption, or other disposition (including a legal defeasance) of a Series 2009-2 Bond or a Series 2009-3 Bond, a U.S. Holder will recognize taxable gain or loss in an amount equal to the difference between the amount realized (other than amounts representing accrued but unpaid interest) and such holder's adjusted tax basis in such Series 2009-2 Bond or Series 2009-3 Bond. Such gain or loss generally will be long-term capital gain or loss if the Series 2009-2 Bond or the Series 2009-3 Bond was held for more than one year. If the U.S. Holder is an individual, long-term gains will be subject to reduced rates of taxation. The deductibility of losses is subject to limitations.

A non-U.S. Holder of Series 2009-2 Bonds or Series 2009-3 Bonds whose income from such Series 2009-2 Bonds and Series 2009-3 Bonds is effectively connected with the conduct of a U.S. trade or business generally will be taxed as if the holder were a U.S. Holder. Otherwise: (i) a Non-U.S. Holder who is an individual or corporation (or an entity treated as a corporation for federal income tax purposes) holding Series 2009-2 Bonds or Series 2009-3 Bonds on its own behalf generally will not be subject to federal income taxes on payments of principal, premium, interest or original issue discount on a Series 2009-2 Bond or a Series 2009-3 Bond, as long as the Non-U.S. Holder makes an appropriate filing with a U.S. withholding agent; and (ii) a Non-U.S. Holder will not be subject to federal income taxes on any amount which constitutes capital gain upon retirement or disposition of a Series 2009-2 Bond or a Series 2009-3 Bond unless such Non-U.S. Holder is an individual who is present in the United States for 183 days or more in the taxable year of the disposition and such gain is derived from sources within the United States.

Information as to interest on or proceeds from the sale or other disposition of Series 2009-2 Bonds or Series 2009-3 Bonds is required to be reported by payors to the IRS and to recipients. In addition, backup withholding may apply unless the holder of a Series 2009-2 Bond or a Series 2009-3 Bond provides to a withholding agent its taxpayer identification number and certain other information or certification of foreign or other exempt status. Any amount withheld under the backup withholding rules is allowable as a refund or credit against the holder's actual U.S. federal income tax liability.

To ensure compliance with Internal Revenue Service Circular 230, prospective purchasers of Series 2009-2 Bonds and Series 2009-3 Bonds are hereby informed that (1) any federal tax advice contained herein is not intended or written to be used, and cannot be used, by any taxpayer for purposes of avoiding penalties that may be imposed on the taxpayer, (2) any such federal tax advice is written to support the promotion or marketing of the Series 2009-2 Bonds and the Series 2009-3 Bonds, and (3) each purchaser of a Series 2009-2 Bond or a Series 2009-3 Bond should seek advice based on such purchaser's particular circumstances from an independent tax advisor.

State Tax Matters

In the opinion of Bond Counsel, interest on the Bonds and any profit made on the sale thereof are exempt from Massachusetts personal income taxes and the Bonds are exempt from Massachusetts personal property taxes. Bond Counsel has not opined as to the other Massachusetts tax consequences resulting from holding the Bonds. However, prospective purchasers should be aware that the Bonds are included in the measure of Massachusetts estate and inheritance taxes, and the Bonds and the interest thereon are included in the measure of Massachusetts corporate excise and franchise taxes. Bond Counsel has not opined as to the taxability of the Bonds, their transfer and the income therefrom, including any profit made on the sale thereof, under the laws of states other than the Commonwealth.

On the date of delivery of the Bonds, the original purchasers of the Bonds will be furnished with an opinion of Bond Counsel substantially in the form shown in "Proposed Form of Opinions of Bond Counsel" attached hereto as Appendix E.

RATINGS

The Series 2009-1 Bonds have been rated "Aa3" and "A+", respectively, by Moody's Investors Service ("Moody's") and Standard & Poor's Ratings Services, a division of The McGraw Hill Companies, Inc. ("Standard & Poor's"). The Series 2009-2 Bonds have been rated "Aa3" and "A+", respectively, by Moody's and Standard & Poor's. The Series 2009-3 Bonds have been rated "Aa3" and "A+", respectively, by Moody's and Standard & Poor's.

Such ratings reflect only the respective views of such organizations, and an explanation of the significance of such ratings may be obtained from the rating agency furnishing the same. There is no assurance that a rating will continue for any given period of time or that a rating will not be revised or withdrawn entirely by any or all of such rating agencies, if in its or their judgment, circumstances so warrant. Any downward revision or withdrawal of a rating could have an adverse effect on the market prices of the Bonds.

LEGAL MATTERS

All legal matters related to the authorization and issuance of the Bonds are subject to the approval of Mintz, Levin, Cohn, Ferris, Glovsky and Popeo, P.C., Boston, Massachusetts, Bond Counsel for the Authority. The approving opinions of Bond Counsel, substantially in the form attached hereto as Appendix E, will be delivered on the date of delivery of the Bonds. Certain matters will be passed upon for the Authority by its counsel, Burns & Levinson LLP, Boston, Massachusetts, and for the Underwriters by their counsel, McCarter & English, LLP, Boston, Massachusetts.

DISCLOSURE CERTIFICATES

At the time of delivery of the Bonds, the Executive Director of the Authority will furnish a certificate to the effect that, to the best of his knowledge and belief, the Preliminary Official Statement as of its date and the Official Statement as of its date and as of the date of delivery of the Bonds do not contain any untrue statement of a material fact and do not omit to state a material fact necessary to make the statements made therein, in the light of the circumstances under which they are made, not misleading. To the extent that such certificate covers information regarding the University, the Executive Director of the Authority will rely solely upon the certificates of the University discussed in the following paragraphs.

At the time of delivery of the Bonds, the President and Senior Vice President for Administration, Finance and Technology, and Treasurer, of the University will deliver a certificate to the effect that, to the best of their knowledge and belief, the information set forth in the Preliminary Official Statement relating to the University, as of the date of the Preliminary Official Statement, and the information set forth in the Official Statement relating to the University, as of the date of the Official Statement and the date of delivery of the Bonds did not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made therein, in light of the circumstances under which they were made, not misleading.

UNDERWRITING

The Bonds are being purchased for reoffering by the applicable Underwriters, for whom Citigroup Global Markets Inc., is acting as representative. The applicable Underwriters have agreed, subject to certain conditions, to purchase all of the Series 2009-1 Bonds from the Authority at a purchase price of \$260,838,458.47, which is equal to the par amount of the Series 2009-1 Bonds, plus net original issue premium of \$14,163,671.80, less Underwriters' discount of \$1,135,213.33. The applicable Underwriters have agreed, subject to certain conditions, to purchase all of the Series 2009-2 Bonds from the Authority at a purchase price of \$269,752,931.93, which is equal to the par amount of the Series 2009-2 Bonds, less Underwriters' discount of \$2,102,068.07. The applicable Underwriters have agreed, subject to certain conditions, to purchase all of the Series 2009-3 Bonds from the Authority at a purchase price of \$269,752,931.93, which is equal to the par amount of \$220,912.17. The Underwriters may offer and sell the Bonds to certain dealers (including dealers depositing the Bonds into investment trusts) and others at prices lower than the public offering prices stated on the

inside cover page hereof. The principal offering prices of the Bonds set forth on the inside cover hereof may be changed from time to time after the initial offering by the Underwriters.

Citigroup Inc. and Morgan Stanley, the respective parent companies of Citigroup Global Markets Inc. and Morgan Stanley & Co. Incorporated, each an underwriter of the Bonds, have entered into a retail brokerage joint venture. As part of the joint venture each of Citigroup Global Markets Inc. and Morgan Stanley & Co. Incorporated will distribute municipal securities to retail investors through the financial advisor network of a new broker-dealer, Morgan Stanley Smith Barney LLC. This distribution arrangement became effective on June 1, 2009. As part of this arrangement, each of Citigroup Global Markets Inc. and Morgan Stanley & Co. Incorporated will compensate Morgan Stanley Smith Barney LLC for its selling efforts in connection with their respective allocations of Bonds.

J.P. Morgan Securities Inc., one of the underwriters of the Bonds, has entered into an agreement (the "Distribution Agreement") with UBS Financial Services Inc. for the retail distribution of certain municipal securities offerings at the original issue prices. Pursuant to the Distribution Agreement (if applicable for this transaction), J.P. Morgan Securities Inc. will share a portion of its underwriting compensation with respect to the Bonds with UBS Financial Services Inc.

CONTINUING DISCLOSURE

The Authority and the University will undertake to provide annual reports and notices of certain events. A description of these undertakings is set forth in Appendix F attached hereto.

To date, the Authority and the University have complied with all of their undertakings under paragraph (b)(5) of Rule 15c2-12.

FINANCIAL ADVISOR

Public Financial Management, Inc. ("PFM") is serving as financial advisor to the Authority for the issuance of the Bonds. PFM is not obligated to undertake, and has not undertaken, either to make an independent verification of or to assume responsibility for, the accuracy, completeness, or fairness of the information contained in this Official Statement. PFM is an independent financial advisory firm and is not engaged in the business of underwriting, trading, or distributing securities.

FINANCIAL STATEMENTS OF THE AUTHORITY

The financial statements of the Authority as of June 30, 2008 and for the fiscal year then ended, included in this Official Statement as Appendix B, have been audited by Carlin, Charron & Rosen, LLP, certified public accountants, as stated in their report, dated October 14, 2008, which report is also included in Appendix B.

FINANCIAL STATEMENTS OF THE UNIVERSITY

The audited financial statements of the University, except as they relate to the Authority and the University of Massachusetts Dartmouth Foundation, Inc., as of June 30, 2008 and 2007, and for each of the fiscal years then ended, included in this Official Statement as Appendix C, have been audited by PricewaterhouseCoopers LLP, independent accountants, as set forth in their report dated December 5, 2008. The audited financial statements of the University of Massachusetts Dartmouth Foundation, Inc., not separately presented in this Official Statement, have been audited by O'Connor & Drew, P.C. whose report thereon is not included herein. Insofar as such financial statements, for the fiscal year ended June 30, 2008, relate to the financial statements of the Authority, such financial statements have been audited by Carlin, Charron & Rosen, LLP, certified public accountants, whose report thereon appears herein in Appendix B.

MISCELLANEOUS

All quotations from and summaries and explanations of the Enabling Act, the Trust Agreement, the Series Resolutions and the Contract contained herein do not purport to be complete and reference is made to said laws and

documents for full and complete statements of their provisions. The Appendices attached hereto are a part of this Official Statement. Copies, in reasonable quantity, of the Trust Agreement, the Series Resolutions and the Contract may be obtained upon request directed to the University of Massachusetts Building Authority, 333 South Street, 4th Floor, Shrewsbury, Massachusetts 01545, Attention: Executive Director.

Any statements in this Official Statement involving estimates or matters of opinion, whether or not expressly so stated, are intended as such and not as representations of fact. This Official Statement is not to be construed as a contract or agreement between the Authority and the purchasers or holders of any of the Bonds.

The execution and delivery of this Official Statement by its Executive Director have been duly authorized by the Authority.

UNIVERSITY OF MASSACHUSETTS BUILDING AUTHORITY

By: <u>/s/ David J. MacKenzie</u> David J. MacKenzie Executive Director

APPENDIX A

LETTER FROM THE UNIVERSITY

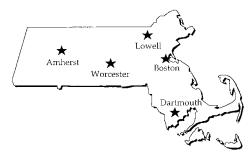

[Intentionally Left Blank]

October 15, 2009

Members of the University of Massachusetts Building Authority:

In connection with the issuance by the University of Massachusetts Building Authority (the "Authority") of its Project Revenue Bonds, Senior Series 2009-1 (the "Series 2009-1 Bonds"), Project Revenue Bonds, Senior Series 2009-2 (Federally Taxable-Build America Bonds - Direct Pay to Issuer) (the "Series 2009-2 Bonds") and Project Revenue Bonds, Senior Series 2009-3 (Federally Taxable) (the "Series 2009-3 Bonds" and collectively with the Series 2009-1 Bonds and the Series 2009-2 Bonds, the "Bonds"), we are pleased to submit the following information with respect to the University of Massachusetts (the "University" or "UMass") and other pertinent matters for inclusion in this Official Statement. Unless otherwise indicated by context, all utilization and financial data for any year refers to the fiscal year ended June 30. Unless otherwise indicated, the University is the source of all information included in this Appendix A.

University of Massachusetts

HISTORY AND MISSION

The University is a state coeducational institution for higher education with separate campuses at Amherst, Boston, Dartmouth, Lowell and Worcester in The Commonwealth of Massachusetts (the "Commonwealth"). The University was established in 1863 in Amherst, under the provisions of the 1862 Morrill Land Grant Acts, as the Massachusetts Agricultural College. It became known as the Massachusetts State College in 1932 and in 1947 became the University of Massachusetts. The Boston and Worcester campuses were opened in 1965 and 1970, respectively. The Lowell and Dartmouth campuses (previously the University of Lowell and Southeastern Massachusetts University, respectively) were made a part of the University by a legislative act of the Commonwealth, effective September 1, 1991.

The fundamental mission of the University is to provide within available resources the highest possible quality of instruction, research and public service to the widest possible segment of the citizens of the Commonwealth. In the fall of 2008, the University enrolled approximately 53,140 full-time equivalent ("FTE") students. The University is committed to providing, without discrimination, diverse program offerings to meet the needs of the state's population. The University's five campuses are geographically dispersed throughout the Commonwealth and possess unique and complementary missions.

UNIVERSITY CAMPUSES

Amherst Campus

The Amherst campus, the University's flagship campus approximately 90 miles west of Boston, is the largest in the University system. With a student body of approximately 19,929 FTE undergraduate and approximately 4,347 FTE graduate students enrolled in the fall of 2008, the Amherst campus offers the most comprehensive and varied programs of the campuses in the University system, including liberal arts and professional programs, in addition to doctoral and research programs. It offers six associate-level programs and 84 bachelor's, 73 master's and 52 doctoral degree programs. During the 2007-2008 academic year, 73 associate, 4,431 bachelor and 1,546 advanced degrees were conferred. Students may enroll in the Commonwealth College (the Commonwealth's honors college), School of Education, College of Engineering, College of Natural Resources and the Environment, College of Humanities and Fine Arts, Isenberg School of Management, School of Nursing, College of Natural Sciences and Mathematics, School of Public Health and Health Sciences, College of Social and Behavioral Sciences and the Stockbridge School of Agriculture, which offers associate level programs.

The 1,400-acre Amherst campus includes the 28-story W.E.B. Du Bois Library, containing approximately three million volumes as well as governmental documents and law collections, the 9,000-seat state-of-the-art multipurpose arena, the William D. Mullins Center, and 45 campus residence halls in six unique residential areas. In the last year, the campus opened the Studio Arts Building and the Central Heating Plant (which will maximize the production and use of energy) and completed renovations to a landmark academic building. In the coming year, the campus will complete a new student recreation center and an integrated sciences building. Over the last few years, the campus has made great strides in its commitment to sustainability and green initiatives reducing its carbon footprint by 30%, water use by 43%, steam use by 24% and electricity by 9%. The 2008 report of *The Top American Research Universities (The Center)* ranks UMass 76th in federal research expenditures among public research institutions. On a number of other measures of competitive success – national academy memberships, faculty awards, doctorates awarded, and postdoctoral appointees – the Amherst campus ranks in the top 50 among public research universities.

Boston Campus

The 175-acre Boston campus, which is located three miles from downtown Boston on a harbor peninsula with the John F. Kennedy Presidential Library and the Massachusetts State Archives and Commonwealth Museum, is currently a non-residential campus. In April 2004, the Boston campus opened its new 331,000 square foot state-of-the-art Campus Center to better serve its students. The Boston campus focuses on the academic needs of the local urban and non-traditional population and research and policy needs of business, government, and communities in the greater Boston metropolitan region. The Boston campus has a diverse student body, consisting of approximately 7,965 FTE undergraduate students and approximately 2,477 FTE graduate students enrolled in the fall of 2008. The Boston campus offers 65 undergraduate degree programs, 24 undergraduate certificate programs, 63 master's programs and graduate certificate programs and 23 doctoral programs (including tracks) through the College of Liberal Arts, College of Science and Mathematics, College of Management, College of Nursing and Health Science, College of Public and Community Service, McCormack School of Policy Studies and the Graduate College of Education. During the 2007-2008 academic year, 51 certificate, 1,505 bachelor and 974 advanced degrees were conferred.

The Boston campus is the only educational institution in the Northeast to share its campus with a presidential library. The students and faculty have access to the John F. Kennedy Library, as well as to the State Archives building, which houses valuable Massachusetts state government records. The Boston campus also has over 550,000 books and journals at its Healey Library. The master plan for the Boston campus includes new construction over the next decade of an Integrated Sciences Complex, a general academic building, a dormitory for 1,000 students, and a 1,200-space above-ground parking structure.

Dartmouth Campus

The Dartmouth campus distinguishes itself as a vibrant public university actively engaged in personalized teaching and innovative research, and acting as an intellectual catalyst for regional economic, social, and cultural

development. The Dartmouth campus offers over 40 undergraduate and 27 graduate programs (including five at the Ph.D. level) through the College of Arts and Sciences, the Charlton College of Business, the College of Engineering, the College of Nursing, the College of Visual and Performing Arts, the School for Marine Science and Technology and the School of Education, Public Policy, & Civic Engagement. The main campus, designed by the eminent architect Paul Rudolf, is located on 710 acres in North Dartmouth and is approximately 55 miles south of Boston and 35 miles east of Providence, Rhode Island. Other Dartmouth campus sites include the School for Marine Science and Technology on the waterfront in New Bedford, the Star Store Center for the Arts in New Bedford, the Advanced Technology and Manufacturing Center in Fall River, a state-of-the-art technology facility for small business incubation, and Professional and Continuing Education Centers located in New Bedford, Fall River and Fairhaven.

The Dartmouth campus had approximately 7,214 FTE undergraduate and approximately 776 FTE graduate students enrolled in the fall of 2008. During the 2007-2008 academic year, 1,140 bachelor and 321 advanced degrees were conferred. The 2008 edition of *U.S. News and World Report's* "America's Best Colleges", ranks the University of Massachusetts Dartmouth, in the "Best Universities – Master's" category, as number one in New England and 12th among all northern public universities, which in addition to the New England states, also includes New York, New Jersey, Pennsylvania, and Maryland. The campus – fully engaged in a strategic growth plan entitled Engaged, Embedded, Evolving – weaves its research, creative, and community service activities of faculty and graduate students into the undergraduate experience and into the economic and cultural life of southeastern Massachusetts. Areas of focus include marine science, bio-materials, public policy, K-12 schools, Portuguese-American Studies and the creative economy.

Lowell Campus

The mission of the Lowell campus is to enhance the intellectual, personal and cultural development of its students through excellent, affordable educational programs. The Lowell campus seeks to meet the needs of the Commonwealth today and into the future and supports the development of sustainable technologies and communities through its teaching, research, scholarship and engagement.

Located in the historic industrial city of Lowell, approximately 30 miles northwest of Boston, the campus spans more than 125 acres along the Merrimack River on three campus clusters – North, South and East. The Lowell campus had a student body of approximately 7,659 FTE undergraduate and approximately 1,755 FTE graduate students in the fall of 2008. The Lowell campus offers oneassociate's, 57 bachelor's, 33 master's and 21 doctoral degree programs through the College of Arts and Sciences, the College of Engineering, the School of Health and Environment, the College of Management and the Graduate School of Education. During the 2007-2008 academic year, 23 associate, 1,362 bachelor, and 576 advanced degrees were conferred.

Worcester Campus

The Worcester campus provides general and specialized medical education and engages in a comprehensive program of basic scientific and clinical research. Located approximately 40 miles west of Boston and 50 miles east of Amherst, the campus is home to the School of Medicine (the "Medical School"), the Graduate School of Biomedical Sciences and the Graduate School of Nursing; a \$194 million research enterprise; public service initiatives throughout the Commonwealth, and the University Campus hospital of UMass Memorial, which was formerly the Clinical Services Division of the University. Effective March 31, 1998, as enacted by Chapter 163 of the Acts of 1997 of the Commonwealth, the Clinical Services Division of the University and the subsidiaries of a University-related organization, UMASS Health System, were contributed to and merged with and into an independent Massachusetts not-for-profit corporation named UMass Memorial Health Care, Inc. ("UMass Memorial"). The University maintains certain relationships with UMass Memorial through the arrangements presented in detail in the notes to the University's financial statements. See Appendix C hereto.

Created in 1962, UMass Worcester provides medical education at an affordable cost to Massachusetts residents, and graduate education to science and nursing students, offering incentives to graduates who practice primary care and other medical disciplines in underserved areas in Massachusetts. Ranked 13th in primary care education among the nation's accredited medical schools and schools of osteopathic medicine by weekly news

magazine U.S. News & World Report in its 2008 edition of "America's Best Graduate Schools," the School of Medicine also ranked 51st among medical schools based on research criteria.

Comprising Basic & Biomedical Sciences and Clinical & Population Health Research divisions, the Graduate School of Biomedical Sciences trains students in their selected specialty area, while emphasizing a broad background in the basic medical sciences in preparation for research with direct relevance to human disease. The Graduate School of Nursing provides high quality master's and doctoral-level preparation for advanced practice nurses and nurse educators.

In 2006, Professor of Molecular Medicine Craig C. Mello, PhD, a *Howard Hughes Medical Institute* (HHMI) investigator, was co-recipient of the *Nobel Prize in Physiology or Medicine* with Andrew Fire, PhD, of Stanford University for their discovery of RNA interference (RNAi), a naturally occurring gene-silencing process with the potential to revolutionize medicine. This unprecedented honor was followed in quick succession by additional high-profile scientific honors recognizing the critical mass of RNAi investigators at the Worcester campus.

With the signing of the \$1 billion Life Sciences Bill by Massachusetts Governor Deval Patrick on June 16, 2008, UMass Worcester assumed a key role in helping realize the Commonwealth's potential as a global leader in life sciences. The bill provides funding for a facility that will house the new Advanced Therapeutics Cluster (ATC), composed of the Gene Therapy Center, the RNAi Therapeutics Center and the Center for Stem Cell Biology and Regenerative Medicine. The Life Sciences Bill also provides for the Massachusetts Human Embryonic Stem Cell (hESC) Bank and the Massachusetts hESC Registry to be located at the Worcester campus.

To help address physician workforce shortages in the Commonwealth, the Worcester campus has begun to increase the incoming class size for the Medical School over the next several years. In the fall of 2008, the Worcester campus had approximately 1,018 FTE graduate and medical students enrolled in six master's and six doctoral degree programs, as well as approximately 549 post-graduate students enrolled in 68 medical residency programs. During the 2007-2008 academic year, 219 advanced degrees were conferred. The Worcester campus provides general and specialized medical care and engages in a comprehensive program of basic scientific and clinical research that benefits the recipients of clinical services and contributes to the national effort to understand, prevent and treat disease.

UMassOnline

In February 2001, the University launched UMassOnline, the University's system-wide online education consortium. Headquartered at the President's Office Collaborative Services Facility in Shrewsbury, Massachusetts, UMassOnline enables the University to provide greater access to its educational programs and to increase revenues that can be used to support the campuses. In fiscal year 2008, UMassOnline and the Continuing Education units at the five campuses collaboratively generated tuition revenue of close to \$37,000,000 and supported over 33,900 enrollments. Since 2001, UMassOnline has realized average annual gross revenue and enrollment growth rates of 32 percent and 26 percent, respectively.

UMassOnline's mission is to provide access to a University of Massachusetts education to students who are unable to attend one of the campuses; serving community needs for education in the critical areas of economic development, health and welfare and education; and raising revenues for support of students, faculty, teaching, outreach, and research. To this end, the 13-member UMassOnline team supports the campuses in developing, growing and marketing online programs by funding the development of new online programs; providing faculty support, development and training; providing technology support and by creating and maintaining a robust platform for online learning; assessing new teaching and learning technologies; and deploying marketing programs that will position the University as a high-quality national player in online higher education and increase online course and program enrollments in the Massachusetts, New England, national and international markets.

Currently, the University offers close to 82 online degrees, certificates and continuing medical education programs, as well as over 1,500 courses annually.

The University of Massachusetts Collaborative Service Facility

The University established the University of Massachusetts Collaborative Services Facility ("CSF") in November 2003. The CSF is located in Shrewsbury, Massachusetts. The CSF was created for the purpose of consolidating a number of departments within the University President's Office and other UMass organizations in an effort to both reduce costs and better serve the University system. In February 2009, in an effort to further reduce operating costs, the majority of the President's Office staff moved from an office located in downtown Boston to the CSF.

The Worcester City Campus Corporation ("WCCC"), as described below under "UNIVERSITY RELATED ORGANIZATIONS", acquired the property at 333 South Street, Shrewsbury, which is the present location of the CSF, from Maxtor Realty Corporation and Seagate Technology, LLC. The purchase price was \$27.5 million, which consisted of approximately 83 acres of property and two buildings containing approximately 670,000 gross square feet of space. This acquisition allows WCCC to provide major benefits to the University and the Medical School by providing immediate available off campus space to meet the needs of the University, the Medical School and its clinical partner, UMass Memorial. This property provides substantial capital cost avoidance as the acquisition cost of approximately \$45 per square foot compares favorably with new building costs of \$150 - \$300 per square foot for office or laboratory construction.

The University of Massachusetts Club

The University, acting through the Authority, has established an Alumni dining club, known as "The University of Massachusetts Club." The club opened on October 31, 2005 and is located on the 33rd floor of 225 Franklin Street in downtown Boston. The club is managed by a national hospitality management firm.

UNIVERSITY RELATED ORGANIZATIONS

The financial statements of the University include the University and certain other organizations that have a significant relationship with the University. The statements include the University's blended component units, which are the Authority, a public instrumentality of the Commonwealth created by Chapter 773 of the Acts of 1960 of the Commonwealth, as amended, and WCCC, a tax-exempt organization, and the University of Massachusetts Amherst Foundation, Inc. (the "UMass Amherst Foundation"), a tax-exempt organization that was established in fiscal year 2003. The purposes of the Authority are to provide dormitories, dining commons and other buildings and structures for use of the University and other entities associated with the University and to issue bonds to finance such projects. On November 4, 1992, the University created WCCC to purchase various assets of Worcester City Hospital, to operate as a real estate holding company and to foster and promote the growth, progress and general welfare of the University. WCCC includes the Worcester Foundation for Biomedical Research, Inc. ("WFBR") as a subsidiary. During fiscal year 2009 the board of trustees of Public Sector Partners, Inc. ("PSP"), a Massachusetts corporation formed under M.G.L.c. 180, which is comprised equally of representation from the Medical School and UMass Memorial Health Ventures, Inc. (a subsidiary of UMass Memorial) voted to amend the bylaws of PSP naming WCCC to be the sole member of the corporation. Upon acceptance of WCCC to be the sole member of the corporation, PSP is now a component unit of WCCC, and as such it will be blended into the financial statements of the University for the fiscal year ending June 30, 2009. The University's discrete component units are the University of Massachusetts Foundation, Inc. (the "Foundation") and the University of Massachusetts Dartmouth Foundation, Inc. (the "Dartmouth Foundation"). These foundations are tax-exempt organizations related to the University and established to foster and promote the growth, progress and general welfare of the University and to solicit, receive, and administer gifts and donations for such purposes. The Foundation manages the majority of the University's endowments, including the endowment of the UMass Amherst Foundation. The Foundation and the Dartmouth Foundation are reported in the financial statements of the University as part of the University Related Organizations.

GOVERNANCE

Under the General Laws of the Commonwealth (the "General Laws"), the University is governed by a Board of Trustees (the body herein called the "University Trustees" or the "Board of Trustees of the University") under the coordinating authority of the Commonwealth's Department of Higher Education ("DHE") (successor to the Board of Higher Education, which was the successor to the Higher Education Coordinating Council). The day-

to-day operations of the University are directed by a team of administrative officers of the University, the chief executive officer being the President.

The General Laws give the University Trustees the authority to govern the University and to appoint the President of the University, the Chancellors (the senior administrative officers of each campus) and other officers and members of the professional staff. The General Laws also grant to the University Trustees the legal right to establish and manage non-appropriated funds, which funds include, for example, certain student fees, grants and contracts and funds used to support certain self-sufficient operations within the University. See "UNIVERSITY REVENUES AND BUDGETING" below. The University Trustees consist of 19 voting members and three non-voting members. Seventeen voting members of the University Trustees are appointed by the Governor of the Commonwealth. One of these appointees is the Secretary of Education, as mandated by Chapter 27 of the Acts of 2008, and at least five of those appointed must be alumni of the University and one must be a representative of organized labor. Two of the voting members are full-time students of the University, and three additional full-time students act as non-voting members. The student members are elected annually from each of the five campuses, and the two voting student positions are rotated annually among the members representing the five campuses. The University Trustees, except for the student members, serve five-year staggered terms.

The President of the University is responsible for implementing the policies of the University Trustees and for providing leadership for the activities and operations of the University. The President's Office is responsible for the development of academic and financial policy, overall coordination of University activities and certain University-wide operational activities, including Internal Audit, the Treasurer's and Controller's functions, Information Systems and Human Resources.

Education System Reorganization

In February 2008, legislation was passed that reorganized the leadership structure of education in the Commonwealth. A cabinet-level executive office of education was established with comprehensive education oversight, including the following departments: Early Education, Elementary and Secondary Education, and Higher Education. The legislation also established a position of Secretary of Education whose authority includes authorizing the hiring of the respective Commissioners of the education departments, approving long-term planning, and approving budget and capital requests. In addition, the reorganization increased the size of each of the education boards by two members and designated the Secretary of Education as a voting member on the three education boards as well as a voting member of the Board of Trustees of the University. The reorganization also provided the Governor with the authority to appoint the chair of the University Trustees.

Department of Higher Education

The University is subject to the coordinating authority of the DHE, which has the statutory responsibility under Chapter 15A of the General Laws of the Commonwealth to develop, foster and advocate for the public higher education system in Massachusetts (which consists of the University, nine state colleges and 15 community colleges), to review and approve tuition at the University, to review and establish tuition at the state colleges and the community colleges, to approve changes in academic programs at these institutions, and to collaborate with the public institutions of higher education in order to identify and define institutional missions.

The DHE consists of 13 voting members; one of whom is the Secretary of Education, nine members appointed by the Governor reflecting regional geographic representation, and three members chosen to represent public institutions of higher education. Of the members appointed by the Governor, at least one must be a representative of organized labor, one must be a representative of the business community, and one must be a full-time undergraduate student at a public institution of higher education. Of the members chosen to represent public institutions of higher education, one must be a member of the Board of Trustees of the University as voted by the University Trustees, one must be a member of a board of trustees of a state college chosen by vote of the chairs of the boards of trustees of each of the state colleges, and one must be a member of a board of trustees of a community college. Three of the DHE members appointed by the Governor. The remaining members of the DHE shall be appointed to serve five-year terms, except that the undergraduate student members will be appointed annually. The chairperson of the DHE is selected by the Governor.

Board of Trustees

The present members and officers of the University Trustees, their original appointment dates and the expiration dates of their respective current terms are set forth below. The term expiration date is September 1 of the applicable year; however University Trustees generally continue to serve until a successor University Trustee is appointed.

Name and Position; Month and Year Initially Appointed	Current Term Expiration Date
Robert J. Manning, <i>Board of Trustees Chair</i> , Swampscott <i>Appointed September 2006</i> President and CEO, MFS Investment Management	2011
James J. Karam, <i>Board of Trustees Vice Chair</i> , Tiverton, Rhode Island <i>Appointed January 2002</i> President, First Bristol Corporation	2011
Ruben J. King-Shaw, Jr., <i>Board of Trustees Vice Chair</i> , Carlisle Appointed September 2005 Chairman & CEO, Mansa Equity Partners, Inc.	2010
Emily Bloch, Brookline <i>Non-Voting Student Member, elected April 2009</i> University of Massachusetts, Amherst	2010
Lawrence F. Boyle, J.D., Milton Appointed January 2002 Senior Partner, Morrison, Mahoney & Miller, LLP	2011
Jennifer C. Braceras, J.D., Concord <i>Appointed September 2006</i> Attorney and Writer	2011
Edward W. Collins, Jr., Springfield Appointed September 2007 International Representative, IBEW	2012
Tara-Jean DeSisto, Newton Non-Voting Student Member, elected April 2009 University of Massachusetts, Boston	2010
John A. DiBiaggio, D.D.S., Snowmass Village, Colorado Appointed October 2003 Former President, Tufts University (retired)	2013
Matthew Hoyt, Whitinsville Non-Voting Student Member, elected April 2009 University of Massachusetts, Dartmouth	2010
Philip W. Johnston, Marshfield Appointed September 2007 President, Philip W. Johnston Associates	2012
David Koffman, Woburn Voting Student Member, re-elected April 2009 University of Massachusetts, Lowell	2010

Richard J. Lawton, J.D., North Easton <i>Appointed September 2006</i> Attorney, Law Offices of Richard J. Lawton	2011
Kenneth A. MacAfee, II, D.M.D., Needham <i>Appointed September 2006</i> Oral and Maxillofacial Surgeon	2011
Kerri Osterhaus-Houle, M.D., Hudson Appointed September 2007 Partner, Women's Health of Central Massachusetts, PC	2013
Janet D. Pearl, M.D., Wellesley <i>Appointed October 2004</i> Medical Director, Interventional Pain Specialist Complete Pain Care, LLC	2009
R. Norman Peters, J.D., Paxton Appointed September 2009 Attorney, Peters & Sowyrda	2014
Paul Reville, Boston <i>Appointed September 2008</i> Secretary of Education, Executive Office of Education Commonwealth of Massachusetts	N/A
Henry M. Thomas, III, J.D., Springfield <i>Appointed September 2007</i> President and CEO, Urban League of Springfield, Inc.	2012
Stephen P. Tocco*, Reading <i>Appointed September 2006</i> President and CEO, ML Strategies	2011
James Young, Worcester Voting Student Member, elected April 2009 University of Massachusetts, Worcester	2010

*ML Strategies, LLC, a limited liability company of which Mintz, Levin, Cohn, Ferris, Glovsky and Popeo, P.C. is the sole member, is a multidisciplinary consulting firm. Mintz, Levin, Cohn, Ferris, Glovsky and Popeo, P.C., is serving as bond counsel in connection with the Bonds.

Administrative Officers

Jack M. Wilson, Ph.D., President, age 64

Jack M. Wilson, Ph.D., was appointed President of the University on March 24, 2004. Since September 2003, he had served as the interim President. Previously, he had served as the Vice President for Academic Affairs of the University and he was the founding Chief Executive Officer of UMassOnline, the University's system wide online education consortium. A physicist of national distinction, Dr. Wilson came to the University on January 21, 2001 after 11 years at Rensselaer Polytechnic Institute, where he was the J. Erik Jonsson '22 Distinguished Professor of Physics, Engineering Science, Information Technology, and Management and where he was the founding Director of the Anderson Center for Innovation in Undergraduate Education and Co-Director of the Severino Center for Technological Entrepreneurship. Dr. Wilson was also the co-founder and chairman of LearnLinc Corporation, a supplier of software systems for corporate training to Fortune 1000 corporations. Dr. Wilson received B.A. and M.A. degrees from Thiel College and a Ph.D. from Kent State University.

James R. Julian, Jr., J.D., Executive Vice President and Chief Operating Officer, age 48

James R. Julian, Jr., J.D., has been the Executive Vice President at the University since January 1996. Prior to joining the University, he served as Chief of Staff and Counsel for the former Massachusetts Senate President, William M. Bulger, from 1991 to 1996. He holds a B.S. degree in Political Science from Suffolk University in Boston, Massachusetts and a J.D. degree from the New England School of Law in Boston, Massachusetts.

Marcellette G. Williams, Ph.D., Senior Vice President for Academic Affairs, Student Affairs and International Relations, age 68

Marcellette G. Williams, Ph.D., has been the Senior Vice President for Academic and Student Affairs and International Relations since July 2005. Dr. Williams served as interim Chancellor of the Amherst campus from July 2001 through July 2002. Prior to becoming interim Chancellor, Dr. Williams was deputy chancellor and professor of English and Comparative Literature at the Amherst campus. Prior to joining the University, Dr. Williams served in a variety of academic and administrative positions at Michigan State University, where she earned her bachelor's, master's and doctoral degrees.

David J. Gray, Senior Vice President for Administration, Finance and Technology, and Treasurer, age 55

David J. Gray was appointed to the position of Senior Vice President for Administration, Finance and Technology, effective February 1, 2009. Previously, he had served as the Chief Information Officer and Vice President for Information Services from 2000 through January 2009 and the Chief Executive Officer ("CEO") of UMassOnline from 2004 through January 2009. He had served as interim CEO of UMassOnline from September 2003. Prior to joining the University, he served as Vice Chancellor for Information Technology for the Pennsylvania State System of Higher Education from 1995 to 2000 and as the Assistant Vice Chancellor for Financial Management from 1990 to 1995. Mr. Gray received a B.A. degree in political science and a Master of Public Administration degree from The Pennsylvania State University.

Thomas J. Chmura, Vice President for Economic Development, age 60

Thomas J. Chmura has been Vice President for Economic Development at the University since January 1993. He also served as Chief of Staff for the President's Office in 1995. Previously, Mr. Chmura was Director of Economic Development for the Greater Baltimore Committee, the business leadership organization for the Baltimore metropolitan area from 1989 to 1992. Mr. Chmura received a B.S. degree in Engineering and an M.S. degree in Urban and Environmental Studies from Rensselaer Polytechnic Institute in Troy, New York.

Robert P. Connolly, Vice President for Strategic Communications, age 56

Robert P. Connolly, Vice President for Strategic Communications, joined the University of Massachusetts in April 1996. Prior to joining the University, he had a career in journalism, serving as the *Boston Herald's* State House bureau chief and also working for the *Worcester Telegram* and the *Patriot Ledger*. He holds a bachelor's degree from the University of Massachusetts at Boston and master's degrees from Harvard University and Boston College.

Deirdre Heatwole, J.D., Interim General Counsel, age 60

Deirdre Heatwole, J.D., was appointed Interim General Counsel at the University of Massachusetts effective February 7, 2009. She previously served as Associate Counsel for the University of Massachusetts, advising the University and its officers and employees and representing them in civil litigation since 1988, and was appointed Deputy General Counsel in 2008. Prior to joining the University, Ms. Heatwole served as a prosecutor in Kings County, Brooklyn, New York and in Middlesex County, Massachusetts, and was in private litigation practice in Boston law firms. Ms. Heatwole received a B.A. degree in Political Science from Boston University in 1971, a Masters in Urban Affairs degree from Boston University in 1978, and a Juris Doctor degree from New York Law School in 1981.

Stephen W. Lenhardt, Deputy Chief Operating Officer, age 68

Stephen W. Lenhardt is the Deputy Chief Operating Officer for the University. Previously, he had served as the Vice President for Management and Fiscal Affairs from 1987 through January 2009 and University Treasurer from 1991 through January 2009. Prior to assuming his duties with the University, Mr. Lenhardt served in several executive positions for the New York City Health and Hospitals Corporation, ultimately as Vice President for Facilities Management and Operations. He received a B.A. degree in Social Welfare from The Pennsylvania State University, University Park, Pennsylvania and M.S.W. and M.P.A. degrees from the University of Pittsburgh.

Katherine V. Smith, Vice President for University Advancement and Executive Vice President, University of Massachusetts Foundation, age 46

Katherine V. Smith became Vice President for Advancement and Chief Operating Officer for the UMass Foundation in September 2007. Prior to joining the UMass Foundation, she was Associate Vice President for School Relations and Corporate and Foundation Fundraising at Boston College. She worked for many years at Brown University, serving as Associate Vice President of Research and Associate Vice President of Development. She received a bachelor's degree from Cleveland State University in 1986 and a master's from the Rhode Island School of Design in 1988.

Ken Udas, Ph.D., Chief Executive Officer, UMassOnline, age 46

Ken Udas, Ph.D., was named Chief Executive Officer of UMassOnline in September, 2009. Previous to joining UMassOnline, Dr. Udas was the Executive Director, Penn State World Campus and Online Programs, The Pennsylvania State University which is The Pennsylvania State University's online learning provider, serving adult learners studying in all 50 U.S. states and on all 7 continents. The World Campus is part of Penn State Outreach and provides a wide range of curriculum development, faculty, program, and student support services to more than 10,000 learners in over 65 programs. Dr. Udas received his first degree from University of Massachusetts Dartmouth in 1986 earning a Bachelor of Science in Biology. In 1990 he received his Master of Business Administration in Management, from Salem State College. Dr. Udas earned his Master of Science in Management Information Systems from Texas A&M University, College Station, TX in 1992 and a Doctor of Philosophy in Higher Educational Administration in 1992 also from Texas A&M University.

Robert C. Holub, Ph.D., Chancellor Amherst campus, age 60

Robert C. Holub, Ph.D., became the Chancellor of the Amherst campus in August 2008. Prior to becoming Chancellor, Dr. Holub was the Provost and Vice Chancellor for Academic Affairs at the University of Tennessee's flagship campus in Knoxville, Tennessee. In 2003, Dr. Holub was named Dean of Berkeley's Undergraduate Division of College of Letters and Science at The University of California at Berkeley. Dr. Holub was also a professor at The University of California at Berkeley, where he was the Chair of the German Department from 1991-1997. He holds a B.S. from the University of Pennsylvania, two M.A. degrees and a Ph.D. from the University of Wisconsin.

J. Keith Motley, Ph.D., Chancellor Boston campus, age 53

J. Keith Motley, Ph.D., became the Chancellor of the Boston campus in July 2007. Previously, Dr. Motley held the position of Vice President for Business and Public Affairs since 2005. Dr. Motley served as Interim Chancellor of the Boston campus from August 2004 until June 5, 2005. Prior to becoming Interim Chancellor, Dr. Motley served as the Vice Chancellor for Student Affairs at the Boston campus. Previously, Dr. Motley held a variety of student-service positions at Northeastern University including Dean of Student Services, Associate Dean/Director of the John D. O'Bryant African-American Institute, and Assistant Dean/Director of the Office of Minority Student Affairs. Dr. Motley is a founder of the Roxbury Preparatory Charter School and chair emeritus of the school's board of trustees. He also serves on the board of trustees of Newbury College in Brookline. Dr. Motley holds B.S. and M.Ed. degrees from Northeastern University, and a Ph.D. from Boston College.

Jean F. MacCormack, Ed.D., Chancellor Dartmouth campus, age 63

Jean F. MacCormack, Ed.D., became the Chancellor of the Dartmouth campus in February 2001. Dr. MacCormack previously served as the Interim Chancellor of the Dartmouth campus from September 1999. Dr. MacCormack also previously served as Deputy Chancellor and Vice Chancellor for Administration and Finance on the University's Boston campus. Dr. MacCormack holds a Master's and Doctorate in Education from the University of Massachusetts, Amherst and a Bachelor of Arts from Emmanuel College.

Martin T. Meehan, J.D., Chancellor Lowell campus, age 52

Martin T. Meehan, J.D., became the Chancellor of the Lowell Campus in July 2007. Mr. Meehan previously represented the Fifth Congressional District of Massachusetts in the U.S. House of Representatives since 1993. He has also served as the First Assistant District Attorney for Middlesex County from 1991-1992. Mr. Meehan was also the Director of Public Affairs for the Massachusetts Secretary of the Commonwealth and the Deputy Secretary of State for Securities and Corporations from 1986-1990. Mr. Meehan earned his B.S. degree from the University of Massachusetts, Lowell, an M.P.A. from Suffolk University and a J.D. from Suffolk University Law School.

Michael F. Collins, M.D., Chancellor Worcester campus and Senior Vice President for Health Sciences, age 54

Michael F. Collins, M.D., was appointed Chancellor of the University of Massachusetts Medical School on September 26, 2008. Dr. Collins served as interim Chancellor of the University of Massachusetts Medical School from June 2007 to September 2008. In June 2007, Dr. Collins was appointed Senior Vice President for Health Sciences at the University of Massachusetts. Dr. Collins served as Chancellor of the UMass Boston campus from 2005 through 2007. Prior to joining the University of Massachusetts, Dr. Collins served as President and Chief Executive Officer of Caritas Christi Health Care from 1994 to 2004, and from 1994 to 2001, he served as President of St. Elizabeth's Medical Center in Brighton, a university academic medical center affiliated with Tufts University School of Medicine. A board certified physician in internal medicine and a Fellow of the American College of Physicians, Dr. Collins has held a number of faculty and academic leadership positions over the course of his career, first at Texas Tech University Health Sciences Center, where his posts included Assistant Professor of Internal Medicine and Assistant Dean for Patient Care Resources, and at Tufts University, where he served as Clinical Professor of Internal Medicine and Associate Dean of Government and Medical Affairs in the School of Medicine and as a senior fellow, Jonathan M. Tisch College of Citizenship and Public Service. Dr. Collins received a B.A. degree from the College of the Holy Cross and earned an M.D. from Tufts University School of Medicine.

Faculty and Staff

The University had approximately 4,863 faculty members in the fall of 2008, including approximately 3,459 full-time faculty. Of the full-time faculty (excluding Worcester faculty), approximately 59 percent were tenured, approximately 26 percent were on track for tenure and the remaining approximately 15 percent were not on tenure track. In addition, the University had approximately 6,840 professional and 4,858 classified staff members in the fall of 2008, of which approximately 91 percent and 86 percent were full-time, respectively. The University faculty have received some of the world's most prestigious awards and honors, including the MacArthur Fellowship, the Pulitzer Prize, the National Book Award, and the Nobel Prize. The University faculty also includes National Science Foundation grant winners and Fulbright Scholars. The University student FTE to faculty FTE ratios, excluding continuing education, are 18:1, 16:1, 16:1 and 15:1 for the Amherst, Boston, Dartmouth and Lowell campuses, respectively. The Worcester campus ratio is not presented because the delivery of graduate medical education is not comparable to that of campuses offering a traditional range of undergraduate and graduate programs.

ACADEMIC PROGRAMS AND ACCREDITATION

The University offers a broad spectrum of academic programs, granting Bachelor of Arts degrees in over 60 fields, Bachelor of Science degrees in over 50 fields and bachelor degrees in a number of other areas, including fine arts and business administration. Master of Arts degrees are granted in more than 25 fields, Master of Science degrees in over 45 academic fields and a variety of other master's degrees are granted in specialized areas including

education, teaching, business administration and public health. In addition to the foregoing, the University grants Doctor of Philosophy degrees in 54 fields, as well as Doctor of Education, Doctor of Science, Doctor of Engineering and Doctor of Medicine degrees. The academic resources of the University are also accessible to part-time students, to local, national and international businesses and to the general community through the continuing education programs.

Each campus of the University is accredited by the New England Association of Schools and Colleges, Inc. ("NEASC"), the major accrediting body for institutions of higher education in New England. In addition, the Center for Professional Education is accredited as a branch campus of the University's Amherst and Lowell campuses by NEASC and the Massachusetts Department of Higher Education. The Medical School at the Worcester campus is a member of the Association of American Medical Colleges and was given full accreditation through the 2011-2012 academic year by the Liaison Committee on Medical Education, the major accrediting body for programs leading to the M.D. degree. In addition to the foregoing, individual schools and academic programs are accredited by the appropriate agencies in their particular fields.

The University is also an institutional member of numerous organizations of higher learning and professional societies, including, among others, the Association of American Colleges, the National Association of State Universities and Land Grant Colleges, the American Council on Education, the American Association of Colleges for Teacher Education, the American Association of Colleges of Nursing, the Council of Colleges of Arts and Sciences and the New England Board of Higher Education.

ENROLLMENT

Except for the Medical School, which admits only Massachusetts residents (as required by Massachusetts Session Laws, Chapter 199, Section 99), admission to the University is open to residents and non-residents of the Commonwealth on a competitive basis. In the fall 2008 semester, Massachusetts residents accounted for approximately 86 percent and 58 percent of the University's total undergraduate and graduate fall enrollment, respectively.

The University's enrollment has been fairly level over the last five years. In the fall of 2008, total full-time equivalent enrollment at the University (including continuing education) was 53,140, representing an increase of approximately 13 percent over the five-year period.

Total Full-Time Equivalent Enrollment, Fall 2004-2008

	<u>2004</u>	<u>2005*</u>	2006*	2007*	<u>2008*</u>
Undergraduate	35,588	38,287	39,282	40,805	42,767

*Beginning in 2005, continuing education enrollment numbers have been included in the undergraduate and graduate enrollment totals.

**Duplicate headcounts in continuing education and state-supported programs have been removed from the 2004 totals.

From fall 2007 to fall 2008, total new freshmen enrollees remained fairly level, while total new transfer enrollees increased by 5.3 percent for the system as a whole. The number of total new freshmen enrollees reflected a 3.3 percent planned decrease in the size of the entering class at the Amherst campus, a 2.3 percent increase in new freshmen at the Boston campus, an 8.5 percent planned decrease at the Dartmouth campus, and a 22.9 percent increase at the Lowell campus. Over the past few years, the Amherst campus has had large classes and enrollment has increased annually. The smaller number of entering students in the fall of 2008 was planned by the Amherst campus for the purpose of maintaining rather than increasing undergraduate enrollment in the 2008-2009 academic year. The Dartmouth campus enrolled a large class in the fall of 2007. In the fall of 2008, the Dartmouth campus targeted a smaller incoming freshmen class as a corrective measure. The long-range goal of the Dartmouth campus is to achieve a proper balance in class size. The number of total new transfer enrollees reflected a 4.6 percent increase at the Amherst campus, a 0.4 percent decrease at the Dartmouth campus and a 15.2 percent increase at the Lowell campus.

The University saw an increase in freshmen applications in fall 2008 compared to fall 2007. The increase in total freshmen applications included a 6.6 percent increase at the Amherst campus, an 8.6 percent increase at the Boston campus, a 2.8 percent increase at the Dartmouth campus, and a 12.9 percent increase at the Lowell campus. Transfer applications included a 1.7 percent decrease at the Amherst campus, a 5.2 percent increase at the Boston campus, a 2.4 percent increase at the Dartmouth campus, and a 13.1 percent increase at the Lowell campus.

The following tables provide aggregate data for the campuses (except the Worcester campus) on University applications, acceptances and matriculations for first year undergraduates and for transfer students:

First Year Applicants, Acceptances and Matriculants, Fall 2004-2008

	2004	<u>2005</u>	2006	2007	<u>2008</u>
Applications Received	31,200	34,571	37,627	43,688	46,689

*The low-end averages of the University data result from the Boston campus, which focuses on the needs of non-traditional students.

The following table shows the average Scholastic Aptitude Test ("SAT") scores for entering University freshmen.

SAT Scores for Incoming Freshmen

Academic Year	2006-2007	2007-2008	2008-2009
Range of Campus Averages	1046-1146	1053-1142	1050-1155

Degrees Awarded

The University awards four levels of degrees: associate, bachelor's, master's and doctoral/professional degrees. Trends in University degrees and certificates awarded for the past five years are shown in the following table.

Trends in Degrees Awarded

Academic Year	2003-04	2004-05	2005-2006	2006-2007	2007-2008
Associate/ Certificate	192	148	242	162	147
Bachelor	7,773	8,206	8,091	8,191	8,438
Master/ CAGS*	2,578	2,731	2,642	2,785	3,097
Doctorate/Professional	536	528	488	566	539

*CAGS means Certificate of Advanced Graduate Studies.

TUITION AND FEES

The University strives to provide students with the opportunity to obtain a quality education. In this effort, between fiscal years 1995 and 2001, the average student charge (tuition and mandatory fees) for undergraduate students was actually reduced by approximately 3.4 percent. Steady increases in Commonwealth appropriations during this period supported University efforts to stabilize tuition and fees relative to other institutions in New England. However, a series of reductions in Commonwealth appropriations beginning in the fall of 2000 required that the University take actions to stabilize the finances of the University, including student fee increases approved by the University Trustees for fiscal years 2002, 2003 and 2004.

Over the last several years, the University followed a strategy of limiting the annual increases for mandatory student charges (the combined total of tuition and mandatory fees) to levels below the estimated current inflation rate. The University believed that this "at or below inflation" approach for student charge increases would provide reasonable stability and predictability for students, their families, and institutional planners. In February 2004, the University Trustees approved mandatory tuition and fee increases for fiscal year 2005. The mandatory student fee increases (with the exception of the new Ph.D./MD program rates for non-residents at the Worcester campus) were inflation-based increases of no more than 2.8 percent over the annualized fiscal year 2004 spring semester rates. In February 2005, the University Trustees approved inflation-based increases of approximately 3.2 percent for the fiscal year 2006 mandatory student charges for resident students at the Amherst, Boston, Dartmouth and Lowell campuses (the Worcester campus's only fee increase for fiscal year 2006 was a \$32 equipment fee increase for all medical and graduate students). In February 2006, the University Trustees approved the President's recommendation for continuing this program of inflation-based increases in mandatory student charges for fiscal year 2007. The rate increase approved for fiscal year 2007 averaged 3.4 percent over fiscal year 2006 rates for resident undergraduate students. In March 2007, the University Trustees approved increases of approximately 3.4 percent, in mandatory student charges for resident undergraduate students for fiscal year 2008. In March 2008, the University Trustees approved a 3.1 percent increase in mandatory student charges for resident undergraduate students for fiscal year 2009.

The University was able to maintain these limits on its student charge increases because of stable support from the Commonwealth. However, due to the national economic recession and significant declines in projected revenue collections for the Commonwealth, the University's fiscal year 2009 base state appropriation was reduced by approximately \$24.6 million in October 2008 and reduced further by approximately \$2.8 million in January 2009. In response to these mid-year reductions of the University's fiscal year 2009 state appropriation and the anticipated further reduction of the state appropriation for fiscal year 2010, the University departed from its five-year practice of limiting student charge increases to at or below the rate of inflation. On February 27, 2009, the University Trustees approved a mandatory student charge increase of up to \$1,500, which is an average increase of approximately 15.7 percent, for in-state undergraduate students for fiscal year 2010. The approved increase included specific language that authorized rebates of the charge increases based upon the level of federal support provided by The American Recovery and Reinvestment Act of 2009 ("ARRA").

The Commonwealth's budget for fiscal year 2010 approved on June 29, 2009 reduced the University's state appropriation by \$52.9 million in comparison to the final fiscal year 2009 state appropriation after the reductions made in October 2008 and January 2009. The fiscal year 2010 state budget also eliminated \$10.2 million of line item funding specific to the University. In addition to cost-reduction strategies implemented at the University's campuses and central offices, the University was prepared for this additional reduction because of the \$1,500 student charge increase approved for fiscal year 2010.

The increase in the mandatory student charge was expected to increase the University's revenue from tuition and fees by approximately \$68.7 million. However, the University has formalized an agreement with the Commonwealth's Executive Office of Education that mandates the distribution to the University \$118.6 million of the federal education stabilization funds available to the Commonwealth from ARRA. The receipt of this federal revenue allows the University to remain consistent with the Board of Trustee vote on student charges taken on February 27, 2009 and offer a partial rebate of the \$1,500 student charge increase. For fiscal year 2010, the University will issue a \$1,100 rebate to in-state undergraduate students. The University's campuses have already begun implementing the rebate for the fall semester and the rebate program will continue for the remainder of fiscal year 2010 as long as there are no mid-year reductions in the University's state appropriation.

The \$118.6 million distribution of ARRA funding is a one-time event for fiscal year 2010. The Commonwealth has already distributed 87.5% of its education stabilization funds, of which the University has received approximately 17%. There remains the possibility that the University will receive an additional allocation of education stabilization funds in either fiscal year 2010 or fiscal year 2011, but the Commonwealth only has \$102 million remaining to be allocated among all education departments. The mandatory charges approved for fiscal year 2010 remain in place and will serve as the base amount when the University reviews its student charges for fiscal year 2011.

For additional information see "UNIVERSITY REVENUES AND BUDGETING – Management of Appropriated Funds" below. The following tables show tuition and mandatory fees for full-time graduate and undergraduate students in effect at the Amherst, Boston, Dartmouth, Lowell and Worcester campuses for fiscal years 2006 through 2010.

Student Financial Aid

Eligible University students receive financial aid packages primarily awarded from the federal government, with varying combinations of grants and scholarships, loans, and part-time employment. Grants and scholarships represent financial aid that does not require repayment by the student. The primary federal grants and scholarships awarded to eligible University students were Federal Pell Grants of approximately \$31,636,003 and Federal Supplemental Education Opportunity Grants of approximately \$3,870,765 for the year ended June 30, 2008. Federal Pell Grants and Federal Supplemental Education Opportunity Grants have increased from approximately \$8,600,000 and \$1,900,000, respectively, for the year ended June 30, 1996. New loans processed by the University for eligible students under federal student loan programs and federally guaranteed loan programs totaled approximately \$116,325,699 for the year ended June 30, 2008. Eligible University students also received approximately \$5,086,159 through the Federal Work-Study Program for the year ended June 30, 2008.

UNIVERSITY REVENUES AND BUDGETING

In general, the University receives revenues from three major sources: Commonwealth appropriations, student fees and self-supporting activities for which fees are charged to cover the cost of providing the service, and federal and state contracts. In fiscal year 2008, Commonwealth appropriations (net of tuition) provided approximately 27 percent of all operating and non-operating revenues of the University (not including University Related Organizations), tuition and fees accounted for approximately 20 percent of all operating and non-operating revenues, and other non-appropriated funds provided the remaining 53 percent.

The University's internal accounting is maintained on a budgetary basis. Additionally, the University prepares annual audited financial statements in accordance with generally accepted accounting principles on an accrual basis. The financial statements of the University as of June 30, 2008 and 2007 and for each of the fiscal years then ended have been audited by PricewaterhouseCoopers LLP, independent accountants, as stated in their report which references the reports of other auditors. The combined audited financial statements of the University should be read in their entirety, including the footnotes and the Management Discussion and Analysis attached thereto.

Current and Future Capital Plans

The University must follow certain procedures for state capital spending as defined by the Commonwealth's Executive Office for Administration and Finance ("EOAF"). Such spending may be financed through the issuance of Commonwealth general or special obligation bonds or other designated revenue, including transfers from budgeted funds. The Commonwealth's Division of Capital Asset Management and Maintenance ("DCAMM") manages a five-year capital-spending limit, which is assigned by the Commonwealth's Secretary of Administration and Finance. The University works closely with DCAMM to ensure that the priorities of the University are included in the five-year capital plan for state funding.

The University Trustees have reviewed and approved a five-year approximately \$3.70 billion capital plan for fiscal years 2010-2014, including projects already in process with prior approval of the University Trustees as well as new projects recommended by the University Trustees' Committee on Administration and Finance. The University generally has funded its capital plans through a combination of funds received from University operations, bonds issued by the Massachusetts Health and Educational Facilities Authority ("MHEFA"), bonds issued by the Authority, Commonwealth appropriations, and private fund raising.

The major projects in the 2010-2014 capital plan and their estimated total project cost include (a) at the Amherst campus, the construction of a new 144,000 square foot laboratory science building for approximately \$144,000,000, the construction of a recreation center for approximately \$53,300,000, the planning and construction of an Academic Classroom Building for approximately \$85,000,000, the renovation of the Morrill Science Center Complex for approximately \$51,300,000, repairs to DuBois Library interior for approximately \$13,000,000, the construction of a Life Sciences Research Facility for approximately \$95,000,000, repairs and renovations to the Fine Arts Center for approximately \$43,100,000, installation of housing sprinkler systems for approximately \$32,000,000, infrastructure improvements to the North Campus for approximately \$9,300,000, renovations to the Marks Meadow School property for approximately \$10,000,000, Lederle Graduate Research Center Complex

repairs and renovations for approximately \$41,250,000, a classroom addition to the Isenberg School of Management for approximately \$20,000,000, new construction of a police facility for approximately \$12,500,000, the establishment of swing space either through renovation or new construction for approximately \$50,000,000, renovation, modernization, and expansion of the Student Center for approximately \$70,000,000; (b) at the Boston campus, the construction of an Integrated Science Complex for approximately \$152,000,000, stabilization of the campus substructure and related deferred maintenance projects for approximately \$33,120,000, construction of a 1,200 vehicle parking garage for \$35,000,000, the construction of a two new academic buildings for approximately \$200,000,000, the construction of a 1,000-bed Living and Learning Center for \$88,000,000, fire protection improvements in the Healey Library for approximately \$7,000,000, renovation and modernization work to existing campus buildings for approximately \$75,000,000 and the construction of the Edward M. Kennedy Institute for the United States Senate for approximately \$50,000,000; (c) at the Dartmouth campus, the construction of a Biomanufacturing Building for approximately \$15,000,000, classroom and laboratory upgrades and learning space improvements for approximately \$7,440,000, extensive renovation and modernization to the Carney Library for approximately \$43,000,000, a comprehensive energy/water conservation project for approximately \$40,000,000, repairing the four oldest residence halls for approximately \$75,000,000, basic infrastructure repairs for approximately \$61,702,000, new construction of an Administrative Services Center for approximately \$12,690,000, acquisition of the Advanced Technology Manufacturing Center for approximately \$11,400,000, Phase II construction at the Charlton College of Business for approximately \$14,000,000, the construction of a SMAST/Marine Fisheries Building for approximately \$20,000,000, the construction of a Campus Entrance Building for approximately \$40,000,000, a two-phase renovation project for the Dion Engineering Building for approximately \$41,600,000, and the construction/rehabilitation of a multipurpose field house for approximately \$20,800,000; (d) at the Lowell campus, the construction of a South Campus Academic Building for approximately \$40,000,000, the construction of a new management building for approximately \$50,000,000, the construction of a new parking garage (UML North) for approximately \$15,000,000, the construction of The Emerging Technology Innovation Center for approximately \$70,000,000, the purchase and establishment of the Inn and Conference Center for approximately \$21,200,000, renewal program for auxiliary service buildings for approximately \$50,000,000, building rehabilitation of Wannalancit Mills for approximately \$15,500,000, construction of a residential hall on the east campus for approximately \$50,000,000, campus-wide modernization of academic buildings for approximately \$54,250,000 comprehensive renovation of Ball Hall for \$45,500,000, property acquisitions totaling approximately \$20,000,000, renewal of Coburn Hall for approximately \$24,000,000, the construction of 800 additional residential beds for approximately \$90,000,000, an Energy Services Contract for approximately \$40,000,000, and renovations to modernize the North Campus Quad area for approximately \$11,300,000; and (e) at the Worcester campus, construction of the Sherman Center for approximately \$320,000,000, expansion of the existing Power Plant for approximately \$42,000,000, new construction of the Advanced Education and Clinical Practice Center for approximately \$120,000,000,, basic deferred maintenance repairs at the Jamaica Plain Campus for approximately 16,020,000, construction of a data center for approximately \$16,000,000, HVAC upgrades and replacements for approximately \$30,000,000, purchase of the BioTech IV Property for approximately \$17,000,000 and construction of a new parking garage for approximately \$28,000,000.

The University is committed to continuing to move forward with its five-year capital plan for fiscal years 2010-2014. However, due to the current challenging economic times, the University continues to reassess its capital priorities and implementation schedule in order to get the most impact out of any capital dollars spent.

Beginning in the late 1990s, the University enhanced its program to address deferred maintenance needs at its campuses. As a result, the University has made investments to repair and renovate facilities at the University's campuses from a combination of University sources, including bonds issued by the Authority and bonds issued by MHEFA, and direct Commonwealth support. Addressing deferred maintenance remains a priority within the University's capital plan. The University's 2010-2014 capital plan includes approximately \$691,000,000 of deferred maintenance projects.

Budget Process

The University's fiscal year, like that of the Commonwealth, is from July 1 through June 30. A key source of University revenues is the annual state appropriation determined in the Commonwealth's annual budget process. This process begins approximately one year in advance of each fiscal year. The University prepares its consolidated state budget request and forwards it to the Governor and the House and Senate Committees on Ways and Means. A

copy of the University's request is also forwarded to the DHE, which incorporates the University's request in whole or in part into its state budget request for the entire public higher education system. The Governor makes funding recommendations to the Legislature. The Legislature in turn appropriates funds to the University Trustees, who distribute the funds to the five campuses.

The Commonwealth budget process, however, is only one of several ongoing budgetary and review processes that culminate in production and presentation to the University Trustees of the overall annual University operating budget. For purposes of the operating budget, the University's revenues are divided into three separate components: General Operations, Sales and Services, and Restricted Funds. Annual budgeted revenues and expenditures not related to Commonwealth appropriations are reviewed and approved by the University Trustees prior to the beginning of each fiscal year.

General Operations

Revenues from general operations are derived from a variety of sources and may be expended on activities furthering the general education, research, and public service mission of the University, including teaching and related student support services, research, public service, institutional support, and general maintenance activities. Funding sources for this category include state appropriations, general student fees, interest income, unrestricted giving and administrative overhead.

Sales and Services (Designated Funds)

Revenues generated from certain sales and/or services are presented in the budget separately from general operations and by law may be used to support only the operations of those services. An example of a designated fund is a trust fund established to receive revenues from a parking garage. By law, this revenue may be used only for expenses relating to parking and transportation. Other examples in this category are: auxiliary enterprises such as dining halls, dormitories, and bookstores; student fee-based activities (other than the general student fee), such as continuing education and international programs; and educational activities such as counseling services.

Restricted Funds

In addition to the two foregoing categories of revenue, the University receives revenue from non-campus sources, which, like the designated funds, are limited in their uses. These funds include: state and federal student financial aid funds; state, federal and private grants and contracts; restricted endowment and scholarship funds; and land grant funds for the Amherst campus. Generally, these funds are available for debt service, except to the extent they are earmarked or restricted as to use by the grantor or donor.

Management of Appropriated Funds

All Commonwealth appropriated funds are managed through the Massachusetts Management Accounting and Reporting System ("MMARS"). MMARS is a complete financial management system specifically designed to support the financial functions performed by the Commonwealth for all appropriations. The State Comptroller exercises oversight over MMARS. Approximately 27 percent of the University's operating and non-operating revenues are currently monitored through MMARS.

Unless otherwise permitted by the Massachusetts Legislature, the University is required to remit tuition collected by it to the Commonwealth. Therefore, the University collects student tuition on behalf of the Commonwealth and remits it to the Commonwealth's General Fund. There is no direct connection between the amount of tuition revenues collected by the University and the amount of state funds appropriated in any given year. Beginning in fiscal year 2004, the Amherst campus was permitted by the Commonwealth to retain tuition for non-resident students. In fiscal year 2006, fiscal year 2007 and fiscal year 2008, the Amherst campus retained approximately \$27,800,000, \$31,100,000, and \$32,700,000, respectively, of tuition.

The following details the Commonwealth appropriations received by the University for fiscal years ended June 30 (in thousands of dollars):

	2004**	2005**	2006**	2007**	2008**
Gross Commonwealth Appropriations	\$365,086	\$413,779	\$450,324	\$474,909	\$485,199
Plus: Fringe Benefits*	85,348	114,173	123,949	151,106	178,236
Less: Tuition Remitted*	(52,280)	(49,139)	(47,524)	(46,599)	(46,164)
Net Commonwealth Appropriations	\$398,154	<u>\$478,813</u>	\$526,749	<u>\$579,416</u>	\$617,271

*The Commonwealth pays the fringe benefit cost for University employees paid from Commonwealth appropriations. Therefore, such fringe benefit support is added to the "State Appropriations" financial statement line item as presented in the above table. The University pays the Commonwealth for the fringe benefit cost of the employees paid from funding sources other than Commonwealth appropriations. The University includes tuition collected in the line item in its financial statements captioned "Tuition and Fees" under "Combined Statements of Revenue, Expenses, and Changes in Net Assets" and removes the equal amount from the "State Appropriations" line item through the netting process presented in the above table.

**Beginning with the fiscal year 2004 State Budget, the Massachusetts Legislature allowed the Amherst campus to retain tuition for nonresident students. The state appropriation was reduced by \$28,005,556 to compensate for the program.

In fiscal year 2008, the net state appropriation increased \$37.9 million over fiscal year 2007 amounts. This increase is attributed to the state funding of collective bargaining agreements, increased state fringe benefit support as well as an increase for general operations. The fiscal year 2008 state budget passed in July 2007 included an increase of approximately 2.8% to the University's base state appropriation. The University also received approximately \$15 million of supplemental appropriations from the state in fiscal year 2008 to fund collective bargaining agreements.

The fiscal year 2009 budget initially passed by the Massachusetts Legislature and signed by Governor Deval Patrick in July 2008 increased the University's base state appropriation by \$8.3 million, 1.7% over the fiscal year 2008 appropriations including the collective bargaining funds received. However, deteriorating economic circumstances resulted in state revenues falling below the estimates used to develop the Commonwealth's fiscal year 2009 budget. Therefore, Governor Patrick utilized his executive "9C" authority to implement targeted spending reductions in October and January of fiscal year 2009. The University's base state appropriation was reduced by \$24.6 million in October 2008 and \$2.8 million in January 2009. As a result, the University's fiscal year 2009 base state appropriation declined by approximately 5.6% in comparison to fiscal year 2008.

The fiscal year 2010 budget finalized on June 29, 2009 decreased the University's base state appropriation by approximately \$80.3 million over the budget initially approved for fiscal year 2009. The fiscal year 2010 budget also removed line item funding specific to University projects effectively reducing the state appropriation by an additional \$10.2 million. When the state appropriation reduction is factored in with the corresponding loss of state-funded employee fringe benefits, the University is projecting that state funding will be \$102 million lower in fiscal year 2010 than in fiscal year 2008.

In August 2008, the Massachusetts Legislature passed a higher education bond bill that was filed by Governor Patrick. The Higher Education Improvement Act authorized \$2.2 billion for capital improvement spending over the next ten years at community colleges, state colleges, and the University. More than \$1 billion of these funds are directed to University projects exclusively. In addition, a major state effort to assist the Commonwealth in increasing its competitive position in the life sciences was signed into law by the Governor on June 16, 2008. The \$1 billion Life Sciences Industry Investment Act authorized \$500 million of capital funding over ten years. It is anticipated that some portion of this funding, possibly as much as \$242 million, will be used to support facility improvements at the University including a major research complex at the Medical School in Worcester, a major research facility at the Amherst Campus, and significant capital investments in collaborative facilities and programs involving the Boston, Dartmouth, and Lowell campuses. In addition to capital funding, the life sciences initiative provides a number of opportunities for the University to participate in the planning and program implementation of this important economic development effort.

The Higher Education Improvement Act and the Life Sciences Industry Investment Act are statutory authorizations necessary to allow the Commonwealth to spend state general obligation bond proceeds on University projects. EOAF and DCAMM are the state agencies that develop the state's capital plan, file bond bills, approve projects that will receive state funding, and allocate funds to approved projects. DCAMM is responsible for designing and constructing public facilities and improvements. Accordingly, DCAMM has recognized the importance and scale of the authorized higher education investment program and has reorganized itself in anticipation of increased activity at the Commonwealth's colleges and the University.

Management of Non-Appropriated Funds

All non-appropriated funds are managed and grouped for budgetary purposes into several trust funds. Nonappropriated funds include, for example, student fees, gifts, grants, contracts, and sponsored programs. The University Trustees establish and collect certain student fees and charges, including charges for room and board. Non-appropriated funds are retained by the University. Approximately 73 percent of the University's operating and non-operating revenues for fiscal year 2008 were non-appropriated.

University trust funds are financial accounts that are established by the University Trustees under authority granted by the legislature in connection with self-supporting operations, such as student services, parking, and certain research and public service activities. Revenues received from these self-supporting activities are expended by law for the purpose for which the fund was established. The University Trustees exercise oversight and control over these funds through official policy guidelines, annual budget review and approval and periodic internal audits of certain accounts. Beginning with fiscal year 1992, the University Trustees have required that external audits of the accounts and fund groups be performed by certified public accountants on a combined basis.

The University's financial operations consist of two major expense categories: Educational and General, and Auxiliary Enterprises. The Educational and General expense budget includes research, academic programs, public service programs, student services programs, academic and institutional support programs, physical plant operations and financial aid. These activities are funded from student fees (not tuition), Commonwealth appropriations, the federal government and certain unrestricted grants and contracts. Auxiliary enterprises are a set of self-sufficient services ancillary to the general educational mission of the University. These include such items as dining and residence halls, student health services, and parking facilities. The Auxiliary Enterprises budget is a revenue-based trust fund. No assurance can be given that future trust fund revenues will continue to be sufficient to support self-amortizing projects or other Auxiliary Enterprises.

Fiscal Year 2009, Fiscal Year 2010 and Beyond

The University responded to fiscal year 2009 mid-year rescissions with necessary and strategic cutbacks, reducing its expenses while protecting its fundamental commitment to educating its students. Cost cutting measures included reductions in force, office consolidations, hiring and salary freezes, furloughs, and travel restrictions. Emphasis was placed on reducing discretionary spending and achieving cost savings by implementing programs targeting energy savings.

In addition to the expenditure reductions, the University was able to handle the mid-year state appropriation reductions by its continued strong performance in increasing other revenue sources. Gross revenue from the University's online programs has increased by approximately 23% from academic year 2008 to academic year 2009. Revenue from the University's *Commercial Ventures and Intellectual Property* rose by more than \$35 million to approximately \$73 million in fiscal year 2009 and sales and services from *Public Service Activities* at the Medical School are anticipated to be greater than \$630 million in fiscal year 2009. The University also benefited from the apparent increased demand for its products. Difficult economic conditions in the Commonwealth resulted in increased student enrollment across the University leading to greater revenue from student charges.

Through sound management, the University effectively weathered these reductions in state support without significantly tapping into reserves or compromising its core commitments. The significant additional reduction in state appropriations for fiscal year 2010 will be addressed through the reliance on education stabilization funds

provided by ARRA and through additional revenue generated by the mandatory student fee increase approved for fiscal year 2010.

The Commonwealth has transferred \$118.6 million of ARRA education stabilization funds to the University in fiscal year 2010, which effectively returns the state appropriation level to the amount originally allocated to the University at the beginning of fiscal year 2009. The \$118.6 million distribution of ARRA funding is a one-time event for fiscal year 2010. The Commonwealth has already distributed 87.5% of its education stabilization funds, of which the University has received approximately 17%. There remains the possibility that the University will receive an additional allocation of education stabilization funds in either fiscal year 2010 or fiscal year 2011, but the Commonwealth only has \$102 million remaining to be allocated among all education departments.

The \$1,500 increase in mandatory student charges approved in February 2009 was expected to generate \$68.7 million in gross new revenue for fiscal year 2010. Due to the receipt of the \$118.6 million of stabilization funds, the University is following through on the Board of Trustee vote to rebate a portion of the student charge increase. For fiscal year 2010, the University will issue a \$1,100 rebate to in-state undergraduate students. With this rebate, the additional revenue provided to the University from the student charge increase will be approximately \$45.1 million in gross revenue. The University's campuses have already begun implementing the rebate for the fall semester and the rebate program will continue for the remainder of fiscal year 2010 as long as there are no mid-year reductions in the University's state appropriation. The mandatory charges approved for fiscal year 2010 remain in place and will serve as the base amount when the University reviews its student charges for fiscal year 2011.

The receipt of the federal stimulus funds temporarily obviated the need for a second phase of major spending reductions in fiscal year 2010, but this does not remove the requirement for additional expenditure reductions to prepare the University for the anticipated drop in revenue for fiscal year 2011 when the stimulus funding will no longer be available to supplement the projected reduced level of state support. In addition to the staff reductions and cost-cutting measures implemented in fiscal year 2009 and fiscal year 2010, the University is examining budget restructuring, consolidation of administrative functions, further reductions in force, and programmatic adjustments in order to prepare for modest state support in fiscal years 2011 and 2012. Under these challenging economic conditions, the University is confident that it will be able to maintain its core service levels without depleting reserves.

The University also benefits from having diverse revenue streams. Grant and contract revenues have grown consistently over the years and, in part because of the significant increases in federal research dollars included in ARRA, the University anticipates continued strong revenue in this area. As of September 2009, the University has already received 86 ARRA funded grants and contracts totaling over \$62.4 million. Modest increases and room and board rates also will generate additional revenues for auxiliary operations. All of these revenue sources contribute to the University's fiscal position.

Basis of Presentation

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board ("GASB") using the economic resources measurement focus and the accrual basis of accounting. These statements are reported on a combined basis, and all intra-University transactions are eliminated. In accordance with GASB Statement No. 20, the University follows all applicable GASB pronouncements. In addition, the University applies all applicable Financial Accounting Standards Board ("FASB") pronouncements Issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements. The University has elected not to apply FASB pronouncements issued after November 30, 1989.

Operating revenues consist of tuition and fees, grants and contracts, sales and services of educational activities (including royalties from licensing agreements) and auxiliary enterprise revenues. Operating expenses include salaries, wages, fringe benefits, utilities, subcontracts on grants and contracts, supplies and services, and depreciation and amortization. All other revenues and expenses of the University are reported as non-operating revenues and expenses including state general appropriations, non-capital gifts, short term investment income, endowment income used in operations, interest expense, and capital additions and deductions. Capital items

represent all other changes in long term plant and endowment net assets. Revenues are recognized when earned and expenses are recognized when incurred with the exception of revenue earned on certain public service activities. Restricted grant revenue is recognized only when all eligibility requirements have been met, that is to the extent grant revenues are expended or in the case of fixed price contracts, when the contract terms are met or completed. Contributions, including unconditional promises to give (pledges) for non-endowment or non-capital purposes, are recognized as revenues in the period received. Promises of additions to non-expendable endowments are not recognized until cash or other assets are received. Conditional promises to give are not recognized until they become unconditional, that is when the conditions on which they depend are substantially met. The University applies restricted net assets first when an expense or outlay is incurred for purposes for which both restricted and unrestricted net assets are available.

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and judgments that affect the reported amounts of assets and liabilities, and disclosures of contingencies at the date of the financial statements and revenues and expenditures recognized during the reporting period. Significant estimates include the accrual for employee compensated absences, the accrual for workers' compensation liability, the allowance for doubtful accounts, valuation of certain investments and depreciation expense. Actual results could differ from those estimates.

The University reports its financial statements as a "business-type activity" ("BTA") under GASB Statement No. 35, *Basic Financial Statements - and Management's Discussion and Analysis - for Public Colleges and Universities* (GASB 35). BTAs are defined as those that are financed in whole or in part by fees charged to external parties for goods or services.

In order to ensure observance of limitations and restrictions placed on the use of available resources, the accounts of the University are maintained internally in accordance with the principles of "fund accounting". This is the procedure by which resources for various purposes are maintained in separate funds in accordance with the activities or objectives specified. GASB 35 requires that external financial statements to be reported on a consolidated basis and establishes standards for external financial reporting by public colleges and universities that resources be classified into the following net asset categories:

- **Invested in capital assets, net of related debt:** Capital assets, at historical cost, or fair market value on date of gift, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction or improvement of those assets.
- **Restricted Nonexpendable:** Net assets subject to externally imposed stipulations that they be maintained permanently by the University.
- **Restricted Expendable:** Net assets whose use by the University is subject to externally imposed stipulations. Such assets include restricted grants and contracts, the accumulated net gains/losses on true endowment funds, as well as restricted funds loaned to students, restricted gifts and endowment income, and other similar restricted funds.
- Unrestricted: Net assets that are not subject to externally imposed stipulations. Substantially all unrestricted net assets are designated to support academic, research, auxiliary enterprises or unrestricted funds functioning as endowments, or are committed to capital construction projects.

Revenues are reported net of discounts and allowances. As a result, student financial aid expenditures are reported as an allowance against tuition and fees revenue while stipends and other payments made directly to students are recorded as scholarship and fellowship expenditures on the statement of revenues, expenses, and other changes to net assets, and included in supplies and services on the statement of cash flows. Discounts and allowances for tuition and fees and auxiliary enterprises are calculated using the Alternate Method.

For more detailed information, including the Statement of Cash Flows, see the University's financial statements included as Appendix C to this Official Statement.

Summary of Operations

Combined and Condensed Statement of Net Assets As of June 30 (in thousands of dollars)

	2004	2005	2006	2007	2008

SUMMARY OF FINANCIAL RESULTS, FISCAL YEARS 2006 THROUGH 2008

The following is a summary of the financial results for fiscal years 2006 through 2008. For information about fiscal years 2009 and 2010, see "TUITION AND FEES", "UNIVERSITY REVENUES AND BUDGETING – Management of Appropriated Funds" and "UNIVERSITY REVENUES AND BUDGETING – Fiscal Year 2009, Fiscal Year 2010 and Beyond" herein.

Fiscal Year 2008

Financial Highlights

The University's net assets (not including University Related Organizations) increased approximately \$89,100,000 from \$1.56 billion in fiscal year 2007 to approximately \$1.65 billion in fiscal year 2008. The major components of this increase relate to positive operating margins due primarily to increased student fee revenues as a result of increased enrollment and fees along with significant physical plant improvements.

The University expended approximately \$179,000,000 on plant operations and maintenance activities during fiscal year 2008.

Summary of Assets and Liabilities

At June 30, 2008, the University's total assets (not including University Related Organizations) were approximately \$3.5 billion, an increase of approximately \$374,000,000 over the approximately \$3.2 billion in assets recorded for fiscal year 2007. The University's largest asset continues to be its net investment in its physical plant of approximately \$1.92 billion at June 30, 2008 (approximately \$1.72 billion in fiscal year 2007). Other significant University assets include current and noncurrent investments and cash and securities held by the University Trustees.

University liabilities (not including University Related Organizations) totaled approximately \$1.9 billion at June 30, 2008, an increase of approximately \$284,800,000 over fiscal year 2007. Long-term debt largely consists of bonds payable and capitalized lease obligations amounting to approximately \$1.4 billion at June 30, 2008. This represents a increase of approximately \$328,300,000 over long-term debt obligations of approximately \$1.1 billion in fiscal year 2007. This increase reflects new debt issued by the Authority.

The University's current assets of approximately \$495,000,000 were sufficient to cover current liabilities of approximately \$431,700,000, as the current ratio was 1.15 dollars in assets to every one-dollar in liabilities. In fiscal year 2007 the current ratio was 1.01 (approximately \$475,100,000 in current assets and \$472,700,000 in current liabilities).

The University's unrestricted and restricted expendable net assets totaled approximately \$609,800,000, which represents approximately 27.7 percent of total operating expenditures of approximately \$2.2 billion during fiscal year 2008.

In fiscal year 2008, the University's unrestricted net assets (referred to as Expendable Fund Balance under the Former Financial Reporting Model) totaled approximately \$448,100,000. Substantially all unrestricted net assets are designated to support academic, research, auxiliary enterprises or unrestricted funds functioning as endowments, or are committed to capital construction projects.

Summary of Operating Revenues and Operating Expenditures

The University's total operating revenues for fiscal year 2008 were approximately \$1.65 billion. This is consistent with the \$1.65 billion in operating revenues in fiscal year 2007. The most significant sources of revenue for the University are tuition and fees of approximately \$458,400,000, grants and contracts of approximately \$492,200,000, and auxiliary services of approximately \$231,300,000. Tuition and fees, grants and contracts, and auxiliary services represent 28 percent, 30 percent and 14 percent, respectively, of total operating revenues.

In fiscal year 2008, University operating expenditures, including depreciation and amortization of approximately \$126,900,000, totaled approximately \$2.2 billion. Of this total, approximately \$1.1 billion or 50 percent was used to support the academic core activities of the University, including approximately \$342,100,000 in research.

State Appropriations

State appropriations represent approximately 27 percent of all operating and non-operating revenues. The level of state support is a key factor influencing the University's overall financial condition. Although the state appropriation is unrestricted revenue, nearly 100% of the state appropriation supports payroll and benefits for University employees.

In fiscal year 2008, the net state appropriation increased \$37,855,000 over fiscal year 2007 amounts. This increase is attributed to increased state fringe benefit support as well as an increase for general operations.

Fiscal Year 2007

Financial Highlights

The University's net assets (not including University Related Organizations) increased approximately \$214,540,000 from \$1.35 billion in fiscal year 2006 to approximately \$1.56 billion in fiscal year 2007. The major components of these increases relate to increases in student fee revenues across the University campuses and physical plant improvements.

The University expended approximately \$166,000,000 on plant operations and maintenance activities during fiscal year 2007.

Summary of Assets and Liabilities

At June 30, 2007, the University's total assets (not including University Related Organizations) were approximately \$3.2 billion, an increase of approximately \$254,000,000 over the approximately \$2.9 billion in assets recorded for fiscal year 2006. The University's largest asset continues to be its net investment in its physical plant of approximately \$1.72 billion at June 30, 2007 (approximately \$1.50 billion in fiscal year 2006). Other significant University assets include current and noncurrent investments and cash and securities held by the University Trustees.

University liabilities (not including University Related Organizations) totaled approximately \$1.60 billion at June 30, 2007, an increase of approximately \$39,700,000 over fiscal year 2006. Long-term debt largely consists of bonds payable and capitalized lease obligations amounting to approximately \$1.1 billion at June 30, 2007. This represents a increase of approximately \$91,100,000 over long-term debt obligations of approximately \$1.01 billion in fiscal year 2006. This increase reflects new debt issued through MHEFA.

The University's current assets of approximately \$475,100,000 were sufficient to cover current liabilities of approximately \$472,700,000, as the current ratio was 1.01 dollars in assets to every one-dollar in liabilities. In fiscal year 2006 the current ratio was 0.99 (approximately \$504,700,000 in current assets and \$509,000,000 in current liabilities).

The University's unrestricted and restricted expendable net assets totaled approximately \$663,900,000, which represents approximately 30.5 percent of total operating expenditures of approximately \$2.18 billion during fiscal year 2007.

In fiscal year 2007, the University's unrestricted net assets (referred to as Expendable Fund Balance under the Former Financial Reporting Model) totaled approximately \$451,600,000. Substantially all unrestricted net assets are designated to support academic, research, auxiliary enterprises or unrestricted funds functioning as endowments, or are committed to capital construction projects.

Summary of Operating Revenues and Operating Expenditures

The University's total operating revenues for fiscal year 2007 were approximately \$1.65 billion. This is an increase of approximately \$125,800,000 over fiscal year 2006 operating revenues of \$1.53 billion. The most significant sources of revenue for the University are tuition and fees of approximately \$429,500,000, grants and contracts of approximately \$459,900,000, and auxiliary services of approximately \$205,300,000. Tuition and fees, grants and contracts, and auxiliary services represent 26 percent, 28 percent and 12 percent, respectively, of total operating revenues.

In fiscal year 2007, University operating expenditures, including depreciation and amortization of approximately \$141,400,000, totaled approximately \$2.18 billion. Of this total, approximately \$1.04 billion or 48 percent was used to support the academic core activities of the University, including approximately \$320,900,000 in research.

State Appropriations

State appropriations represent approximately 25 percent of all operating and non-operating revenues. The level of state support is a key factor influencing the University's overall financial condition. Although the state appropriation is unrestricted revenue, nearly 100% of the state appropriation supports payroll and benefits for University employees,

In fiscal year 2007, the net state appropriation increased \$52,700,000 over fiscal year 2006 amounts. This increase is attributed to the state funding of collective bargaining agreements, increased state fringe benefit support as well as an increase for general operations.

Fiscal Year 2006

Financial Highlights

The University's net assets (not including University Related Organizations) increased approximately \$58,250,000 from \$1.29 billion in fiscal year 2005 to approximately \$1.35 billion in fiscal year 2006. The major components of these increases relate to increases in student fee revenues across the University campuses and physical plant improvements.

The University expended approximately \$158,000,000 on plant operations and maintenance activities during fiscal year 2006.

Summary of Assets and Liabilities

At June 30, 2006, the University's total assets (not including University Related Organizations) were approximately \$2.9 billion, an increase of approximately \$156,000,000 over the approximately \$2.7 billion in assets recorded for fiscal year 2005. The University's largest asset continues to be its net investment in its physical plant of approximately \$1.50 billion at June 30, 2006 (approximately \$1.33 billion in fiscal year 2005). Other significant University assets include current and noncurrent investments and cash and securities held by the University Trustees.

University liabilities (not including University Related Organizations) totaled approximately \$1.56 billion at June 30, 2006, an increase of approximately \$97,700,000 over fiscal year 2005. Long-term debt largely consists of bonds payable and capitalized lease obligations amounting to approximately \$1.01 billion at June 30, 2006. This represents a decrease of approximately \$15,100,000 over long-term debt obligations of approximately \$1.02 billion in fiscal year 2005. This decrease reflects the pay down in debt through debt service payments.

The University's had current assets of approximately \$504,700,000 and current liabilities of approximately \$509,000,000. The current ratio was 0.99 dollars in assets to every one-dollar in liabilities. In fiscal year 2005 the current ratio was 1.37 (approximately \$526,700,000 in current assets and \$383,800,000 in current liabilities).

The University's unrestricted and restricted expendable net assets totaled approximately \$529,600,000, which represents approximately 25.7 percent of total operating expenditures of approximately \$2.06 billion during fiscal year 2006.

In fiscal year 2006, the University's unrestricted net assets (referred to as Expendable Fund Balance under the Former Financial Reporting Model) totaled approximately \$382,700,000. Substantially all unrestricted net assets are designated to support academic, research, auxiliary enterprises or unrestricted funds functioning as endowments, or are committed to capital construction projects.

Summary of Operating Revenues and Operating Expenditures

The University's total operating revenues for fiscal year 2006 were approximately \$1.53 billion. This is an increase of approximately \$20,000,000 over fiscal year 2005 operating revenues of \$1.51 billion. The most significant sources of revenue for the University are tuition and fees of approximately \$401,600,000, grants and contracts of approximately \$452,800,000, and auxiliary services of approximately \$197,000,000. Tuition and fees, grants and contracts, and auxiliary services represent 26 percent, 30 percent and 13 percent, respectively, of total operating revenues.

In fiscal year 2006, University operating expenditures, including depreciation and amortization of approximately \$121,600,000, totaled approximately \$2.06 billion. Of this total, approximately \$1.0 billion or 49 percent was used to support the academic core activities of the University, including approximately \$316,600,000 in research.

State Appropriations

State appropriations represent approximately 25 percent of all operating and non-operating revenues. The level of state support is a key factor influencing the University's overall financial condition. Although the state appropriation is unrestricted revenue, nearly 100% of the state appropriation supports payroll and benefits for University employees,

In fiscal year 2006, the net state appropriation increased \$47,900,000 over fiscal year 2005 amounts. This increase is attributed to the state funding of collective bargaining agreements, increased state fringe benefit support as well as an increase for general operations. Beginning in late fiscal year 2004, state appropriations to the University increased after three years of cuts.

Endowment and Fundraising

The combined University and Foundation endowment has increased to approximately \$391,000,000 at June 30, 2008, from approximately \$372,000,000 at June 30, 2007. The University raised approximately \$94,212,266 in cash, pledges, gifts-in-kind, and private research grants in fiscal year 2008. The number of endowed chairs has grown from four in 1995 to approximately 61 in 2008, enhancing the University's academic reputation.

The Foundation's total investment return for fiscal year 2008, including realized and unrealized activity was a net loss of approximately \$1,237,000. The University contributed \$51,970,000 and \$40,000,000 to the quasiendowment in fiscal years 2008 and 2007, respectively. The Foundation utilizes the pooled investment concept whereby all invested funds are included in one investment pool, except for investments of certain funds that are otherwise restricted. Additions, redemptions and transfers to pooled investment funds are assigned a number of shares based upon their market value at the date of receipt or withdrawal. The actual spending rate for Foundation endowment funds was four percent for fiscal year 2008, which represents less than one percent of the University's total operating and non-operating revenues.

As of June 30, 2009, the estimated market value of the University and Foundation endowment was approximately \$367,000,000, which is a decline of approximately \$24,000,000 compared to the June 30, 2008 value.

The University realized significant increases in endowment assets over the last five years. The following details the University and Foundation endowment assets (excluding the University of Massachusetts Dartmouth Foundation, Inc. endowments) at June 30 (in thousands):

University and Foundation Endowment Assets*

<u>2004</u>	<u>2005</u>	<u>2006</u>	<u>2007</u>	<u>2008</u>
\$197,505	\$226,410	\$260,961	\$371,599	\$390,875

*The above presentation of total University and Foundation Endowment Assets has been changed to no longer include current funds.

INDEBTEDNESS OF THE UNIVERSITY

The University is obligated, under various contractual arrangements, to make payments on indebtedness issued on its behalf.

The Authority

As of June 30, 2008, the Authority had outstanding bonds of approximately \$978,000,000 for which the University is contractually obligated to provide for the payment of debt service or act as the Authority's agent to collect rates, rents, fees and other charges. Approximately \$806,070,000 principal amount of the Authority's bonds are payable from, in addition to other moneys, all funds of the University permitted by law to be applied thereto. With respect to these bonds, the University has contracted with the Authority annually to set aside moneys from its unrestricted net assets to cover debt service and other expenses not otherwise paid.

Certain of the revenues reported on the University's audited financial statements are pledged to secure its contractual obligations to the Authority. Such revenues include: (i) mandatory fees on graduate and undergraduate students (with certain exceptions) at the Amherst campus of the University, which amounted to approximately \$3,050,000 in the 12-months ended June 30, 2008; (ii) amounts paid on account of the engineering building on the Amherst campus from monies in the research trust fund at the Amherst campus, which amounted to approximately \$629,000 in the 12-months ended June 30, 2008; (iii) parking fees assessed for users of the Worcester parking facilities financed by the Authority, which amounted to approximately \$3,800,000 in the 12-months ended June 30, 2008; (iii) provenues of a research building, a student union, a health center and dormitory, dining facility projects, and residence halls at the Lowell and Dartmouth campuses, which aggregated approximately \$45,100,000 for the 12-months ended June 30, 2008.

2003-1 Bonds

On August 7, 2003, the Authority issued its \$137,970,000 Project Revenue Bonds, Senior Series 2003-1 Bonds. The projects to be financed by these bonds consisted primarily of the construction of parking garages at the Boston and Lowell campuses, the renovation of a building for the Charlton College of Business and the improvements of the athletic fields at the Dartmouth campus, and the construction of an integrated science facility and swing space/art building along with many other improvements and renovations at the Amherst campus.

2004-1, 2004-A and 2004-2 Bonds

On May 25, 2004, the Authority issued its \$183,965,000 Project and Refunding Revenue Bonds, Senior Series 2004-1 (the "2004-1 Bonds"), \$96,025,000 Facilities Revenue Bonds, Senior Series 2004-A (the "2004-A Bonds"), and \$25,875,000 Taxable Refunding Revenue Bonds, Senior Series 2004-2 (the "Taxable 2004-2 Bonds"). The projects to be financed by the 2004-1 Bonds consisted primarily of the construction of new residence halls and the renovation and equipping of the Health Center at the Amherst campus, the renovation and construction of an addition to a research facility and the construction of a new building for the Charlton College of Business at the Dartmouth campus, completion of the parking garage at the Lowell campus and a number of renovations at the Boston campus. The 2004-A Bonds were used to finance the construction of new residence halls at the Dartmouth campus.

2005-1 Bonds

In conjunction with the issuance of the 2004-1 Bonds, the 2004-A Bonds and the Taxable 2004-2 Bonds, the Authority issued its \$25,595,000 Refunding Revenue Bonds, Senior Series 2005-1 (the "2005-1 Delayed Delivery Bonds") on February 3, 2005. The proceeds of the 2005-1 Delayed Delivery Bonds were used to refund the Taxable 2004-2 Bonds.

2005-2 Bonds

On August 3, 2005, the Authority issued its \$212,550,000 Refunding Revenue Bonds, Senior Series 2005-2, which refunded a portion of several series of the Authority's outstanding bonds.

2006-1 and 2006-2 Bonds

On April 20, 2006, the Authority issued its \$243,830,000 Project and Refunding Revenue Bonds, Senior Series 2006-1 (the "2006-1 Bonds"), and its \$21,240,000 Taxable Refunding Revenue Bonds, Senior Series 2006-2 (the "2006-2 Bonds"). The 2006-1 Bonds were issued to refund certain outstanding bonds of the Authority and to finance the construction of a science and technology research room, assessment of the present network infrastructure and the repair, renovation and equipping of various facilities all at the Lowell campus of the University, and other projects which meet certain conditions set forth in the Series Resolution (collectively, the "2006-1 Projects"). The 2006-2 Bonds were issued to refund certain outstanding bonds of the Authority. The 2006-1 Bonds were variable rate demand obligations insured by Ambac Assurance Corporation ("Ambac"), subject to optional and mandatory tender for purchase under certain circumstances. The 2006-1 Bonds were redeemed on June 10, 2008 from the proceeds of the \$138,635,000 Refunding Revenue Bonds, Senior Series 2008-3 (the "2008-3 Bonds"), and its \$104,000,000 Refunding Revenue Bonds, Senior Series 2008-4 (the "2008-4 Bonds") (described below).

2008-1 and 2008-A Bonds

On April 24, 2008, the Authority issued its \$232,545,000 Project Revenue Bonds Senior Series 2008-1 (the "2008-1 Bonds"), and its \$26,580,000 Facilities Revenue Bonds Senior Series 2008-A (the "2008-A Bonds"). The 2008-1 Bonds were issued to finance the construction, renovation, and repair of various projects at the Amherst and Lowell campuses. A list of these projects can be found in the Series Resolution (collectively, the "2008-1 Projects"). The 2008-A Bonds were issued to finance the Research Building Extension and the Cedar Dell Hall renovation at the Dartmouth campus as well as the East Dormitory at the Lowell campus. The 2008-1 Bonds are variable rate demand obligations, supported by a letter of credit issued by Lloyds TSB Bank plc through April 23, 2013. In connection with the issuance of the 2008-1 Bonds, the Authority entered into an interest rate swap agreement with UBS AG in a notional amount equal to the principal amount of the 2008-1 Bonds, pursuant to which the Authority pays to UBS AG an amount equal to 3.388% per annum of the notional amount and receives from UBS AG the floating rate based on 70% of one-month LIBOR. The swap agreement is intended to hedge against the variable rate exposure on the 2008-1 Bonds, with the amounts paid to the Authority from UBS AG offsetting the variable rate payments to the holders of the 2008-1 Bonds. The 2008-A Bonds are variable rate demand obligations, guaranteed by the Commonwealth of Massachusetts, supported by a standby purchase agreement from Bank of America, N.A. through April 23, 2013. In connection with the issuance of the 2008-A Bonds, the Authority entered into an interest rate swap agreement with Lehman Brothers Special Financing Inc. ("Lehman"), in a notional amount equal to the principal amount of the 2008-A Bonds, pursuant to which the Authority pays to Lehman an amount equal to 3.378% per annum of the notional amount and receives from Lehman the floating rate based on 70% of one-month LIBOR. The swap agreement is intended to hedge against the variable rate exposure on the 2008-A Bonds, with the amounts paid to the Authority from Lehman offsetting the variable rate payments to the holders of the 2008-A Bonds. On November 18, 2008, the Authority's swap agreement with Lehman was terminated by the Authority as a result of the bankruptcy filing of Lehman Brothers Holdings, Inc. Simultaneously with such termination the Authority entered into a new swap agreement on substantially the same terms with Deutsche Bank AG.

2008-3 and 2008-4 Bonds

On June 10, 2008, the Authority issued its 2008-3 Bonds and its 2008-4 Bonds. As described above, the proceeds from the 2008-3 and the 2008-4 Bonds were used to redeem the 2006-1 Bonds. In connection with the issuance of the 2006-1 Bonds, the Authority entered into an interest rate swap agreement with Citibank, N.A. ("Citi") in a notional amount equal to the principal amount of the 2006-1 Bonds, pursuant to which the Authority pays to Citi an amount equal to 3.482% per annum of the notional amount and receives from Citi the product of (a) the sum of 60% of one-month LIBOR plus 0.18%, times (b) the notional amount. The swap agreement was originally intended to hedge against the variable rate exposure on the 2006-1 Bonds, with the amounts paid to the Authority from Citi offsetting the variable rate payments to the holders of the 2006-1 Bonds. The swap agreement has remained in place following the issuance of the 2008-3 and 2008-4 Bonds and is now intended to hedge against the variable rate exposure on \$240,820,000 principal amount of such bonds. The \$1,815,000 balance of the 2008-3 Bonds is unhedged. The 2008-3 and 2008-4 Bonds are initially uninsured, but the Authority obtained a forward commitment from Ambac to insure such bonds commencing upon expiration in 2011 of the Bank of America, N.A. letter of credit and standby bond purchase agreement supporting the 2008-3 Bonds and the 2008-4 Bonds, respectively.

2008-2 Bonds

On June 30, 2008, the Authority issued its \$120,560,000 Project Revenue Bonds Senior Series 2008-2 (the "2008-2 Bonds"). The projects to be financed by these bonds are expected to consist of the construction, renovation and repair of certain University facilities and buildings at its Worcester and Amherst campuses.

2009-1, 2009-2 and 2009-3 Bonds

The Series 2009-1, 2009-2 and 2009-3 Bonds are being issued in the principal amount and for the purposes and are payable from the sources described in the forepart of this Official Statement. See "APPLICATION OF PROCEEDS OF THE BONDS," and "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS," in the forepart of this Official Statement.

Massachusetts Health and Educational Facilities Authority

Remarketed University of Massachusetts Series A

On March 27, 2009, MHEFA remarketed \$20,000,000 of its Variable Rate Demand Revenue Bonds, University of Massachusetts Issue, Series A (the "Remarketed Series A Bonds"). The original \$40,000,000 MHEFA Variable Rate Demand Revenue Bonds, University of Massachusetts Issue, Series A (the "Series A Bonds"), which are defined below, were subject to mandatory purchase on March 27, 2009 due to the expiration of the liquidity facility supporting the Series A Bonds and the conversion of the bonds from a weekly rate period to a long-term rate period. See "Mandatory Purchase of University of Massachusetts Series A" below for additional information about the Series A Bonds. The Remarketed Series A Bonds bear interest at the initial long-term rate of 0.85%. The initial long-term rate of 0.85% will end on March 31, 2010 and the Remarketed Series A Bonds are considered a reissuance for federal tax purposes. The Remarketed Series A Bonds are not supported by any insurance policy, liquidity facility or other credit enhancement. The Remarketed Series A Bonds are a general obligation of the University payable from all funds of the University permitted to be applied thereto. The University with respect to the Remarketed Series A Bonds. The University is required to certify annually that there are sufficient funds in the unrestricted net assets to cover the debt service on the Remarketed Series A Bonds.

University of Massachusetts Series D

In January 2007, MHEFA issued its \$10,435,000 Revenue Bonds, University of Massachusetts Issue, Series D (the "Series D Bonds") for the purpose of partially refunding the University of Massachusetts Issue, Series B (the "Series B Bonds") (defined below). The Series D Bonds are a general obligation of the University payable from all funds of the University permitted to be applied thereto. The University's unrestricted net assets, previously

referred to as the expendable fund balance sheet, secure the obligations of the University with respect to the Series D Bonds. The University is required to certify annually that there are sufficient funds in the unrestricted net assets to cover the debt service on the Series D Bonds.

University of Massachusetts Series C

In June 2002, MHEFA issued its \$35,000,000 Revenue Bonds, University of Massachusetts Issue, Series C (the "Series C Bonds") for the purpose of financing a portion of the construction and related costs of a new campus center on the Boston campus. DCAMM managed the project and the Commonwealth provided funding for the project in addition to the Series C Bonds. The campus center opened in April 2004. The Series C Bonds are a general obligation of the University payable from all funds of the University permitted to be applied thereto. The University's unrestricted net assets, previously referred to as the expendable fund balance, secure the obligations of the University with respect to the Series C Bonds. The University is required to certify annually that there are sufficient funds in the unrestricted net assets to cover the debt service on the Series C Bonds.

University of Massachusetts Series B

In June 2001, MHEFA issued its \$11,970,000 Revenue Bonds, University of Massachusetts Issue, Series B (the "Series B Bonds") for the purpose of constructing and equipping a new student center on the Lowell campus. The facility opened in September 2002. DCAMM managed the project and the Commonwealth provided funding for the project in addition to the Series B Bonds. The Series B Bonds are a general obligation of the University payable from all funds of the University permitted to be applied thereto. The University's unrestricted net assets, previously referred to as the expendable fund balance, secure the obligations of the University with respect to the Series B Bonds. The University is required to certify annually that there are sufficient funds in the unrestricted net assets to cover the debt service on the Series B Bonds. As described above, a portion of the Series B Bonds (the "Series B Refunded Bonds") were advance refunded by the Series D Bonds in January 2007. Pursuant to and as specified in the Refunding Trust Agreement, dated as September 12, 2006, by and between MHEFA and Flagship Bank and Trust Company (now Institutional Trust People's United Bank), (the "Refunded Bond Trustee"), there are held by the Refunded Bond Trustee, Government or Equivalent Obligations which will mature and bear interest payable in such amounts and at such times as will be sufficient, together with any uninvested moneys, to pay when due the principal, interest and redemption premium, as applicable, on the Series B Refunded Bonds on and until their respective maturity or redemption dates.

Mandatory Purchase of University of Massachusetts Series A

In March 2000, MHEFA issued its \$40,000,000 Variable Rate Demand Revenue Bonds, University of Massachusetts Issue, Series A (the "Series A Bonds") for the purpose of loaning the proceeds to the University to create a pool of funds from which the University finances and refinances the acquisition of telecommunications, electronic, computer, office, research, equipment and administrative systems and related renovation costs at the various University campuses on a revolving basis throughout the term of the pool. On March 27, 2009, the Series A Bonds were subject to mandatory purchase and only \$20,000,000 was remarketed. See "Remarketed University of Massachusetts Series A" above for additional information.

WCCC Series F

In January 2007, MHEFA issued its \$101,745,000 Revenue Bonds, Worcester City Campus Corporation Issue (University of Massachusetts Project), Series F (the "WCCC Series F Bonds") for the purpose of refunding the outstanding amount of the WCCC Series C Bonds (defined below). See "Defeasance of WCCC Series C" below for additional information. The proceeds will also finance and/or refinance the construction and equipping of a fourstory, 180,000 square-foot building containing wet research and development laboratories, vivarium and office space and a structured parking facility to be located on the parcel of land in the city of Boston, Massachusetts, known as Lot 3A on the West Campus of the former Boston State Hospital. WCCC entered into a sublease with the University that requires the University to make semi-annual rental payments sufficient to pay, among other things, debt service on the WCCC Series F Bonds. The University's rental payments to WCCC are payable from any funds legally available for application thereto other than moneys appropriated by Massachusetts legislature. The obligations of WCCC to make payments under the Series F Loan and Trust Agreement (including, without

limitation, payments to MHEFA, the Paying Agent and the Trustee) shall be a special obligation of WCCC, payable only from Project Revenues.

WCCC Series E

In January 2007, MHEFA issued its \$118,750,000 Revenue Bonds, Worcester City Campus Corporation Issue (University of Massachusetts Project), Series E (the "WCCC Series E Bonds") for the purpose of partially refunding the WCCC Series B Bonds (defined below). The proceeds will also finance and/or refinance the construction of a seven-story, approximately 260,000 square-foot advanced education and clinical practice center to be located at the Institution's facility at 55 Lake Avenue in Worcester, Massachusetts. The obligations of WCCC to make payments under the Series E Loan and Trust Agreement (including, without limitation, payments to MHEFA, the Paying Agent and Trustee) shall be absolute and unconditional, shall be binding and enforceable in all circumstances whatsoever, shall not be subject to abatement, offset, diminution, setoff, recoupment or counterclaim and shall be a general obligation of WCCC to which the full faith and credit of WCCC is pledged. The University is obligated under certain financing agreements with MHEFA to make payments from any funds of the University permitted to be applied thereto of amounts due on the WCCC Series E Bonds otherwise unpaid by WCCC. The University's unrestricted net assets, previously referred to as the expendable fund balance, secure the obligations of the University is required to certify annually that there are sufficient funds in the unrestricted net assets to cover the debt service on the Series E Bonds. The University is required to certify annually that there are sufficient funds in the unrestricted net assets to cover the debt service on the Series E Bonds.

WCCC Series D

In April 2005, MHEFA issued its \$99,325,000 Revenue Bonds, Worcester City Campus Corporation Issue (University of Massachusetts Project), Series D (the "WCCC Series D Bonds") for the purpose of refunding the outstanding amount of the WCCC Series A Bonds (defined below). The University is obligated under certain financing agreements with MHEFA to make payments from any funds of the University permitted to be applied thereto of amounts due on the WCCC Series D Bonds otherwise unpaid by WCCC. The trust agreement securing the WCCC Series D Bonds provides that the trustee may declare all of the WCCC Series D Bonds due and payable prior to maturity, at par plus accrued interest, upon the occurrence of an event of default under such trust agreement. However, the University's obligation under the aforesaid financing agreements to make payments on account of the WCCC Series D Bonds is not subject to acceleration. The University's unrestricted net assets, previously referred to as the expendable fund balance, secure the obligations of the University with respect to the WCCC Series D Bonds. The University is required to certify annually that there are sufficient funds in the unrestricted net assets to cover the debt service not otherwise paid on the WCCC Series D Bonds. See "Defeasance of WCCC Series A" below for additional information.

Defeasance of WCCC Series C

In April 2002, MHEFA issued its \$70,000,000 Revenue Bonds, Worcester City Campus Corporation Issue (University of Massachusetts Project), Series C (the "WCCC Series C Bonds") for the purpose of constructing and equipping an approximately 75,000-square foot aseptic filling and manufacturing facility to be located on the former Boston State Hospital site in Mattapan. The WCCC Series C Bonds were advance refunded and legally defeased with the issuance of the above-described WCCC Series F Bonds. Pursuant to and as specified in the Refunding Trust Agreement, dated as September 12, 2006, by and between MHEFA and Flagship Bank and Trust Company (now Institutional Trust People's United Bank), (the "Refunded Bond Trustee"), there are held by the Refunded Bond Trustee, Government or Equivalent Obligations which will mature and bear interest payable in such amounts and at such times as will be sufficient, together with any uninvested moneys, to pay when due the principal, interest and redemption premium, as applicable, on the WCCC Series C Refunded Bonds on and until their respective maturity or redemption dates.

WCCC Series B

In June 2001, MHEFA issued its \$52,020,000 Revenue Bonds, Worcester City Campus Corporation Issue (University of Massachusetts Project), Series B (the "WCCC Series B Bonds"). Concurrently with the issuance of the WCCC Series B Bonds, the Foundation transferred ownership of its medical research facility ("Biotech II") to WCCC. In exchange for Biotech II, WCCC assumed from the Foundation the remaining debt of \$17.8 million, net (the "Foundation Bonds"), and acquired the related debt service funds associated with Biotech II. WCCC deposited approximately \$17 million of the proceeds of the WCCC Series B Bonds in an irrevocable trust fund, which was used to provide for the payment of interest and principal on the Foundation Bonds through their redemption date of July 1, 2002. The remaining approximately \$35 million of the WCCC Series B Bonds financed the construction of a parking garage and the acquisition and installation of equipment at the Worcester campus. The University is obligated under certain financing agreements with MHEFA to make payments from any funds of the University permitted to be applied thereto of amounts due on the WCCC Series B Bonds otherwise unpaid by WCCC. The University's unrestricted net assets, previously referred to as the expendable fund balance, secure the obligations of the University with respect to the WCCC Series B Bonds. The University is required to certify annually that there are sufficient funds in the unrestricted net assets to cover the debt service not otherwise paid on the WCCC Series B Bonds. As described above, a portion of the WCCC Series B Bonds (the "WCCC Series B Refunded Bonds") were advance refunded by the WCCC Series E Bonds in January 2007. Pursuant to and as specified in the Refunding Trust Agreement, dated as September 12, 2006, by and between MHEFA and Flagship Bank and Trust Company (now Institutional Trust People's United Bank), (the "Refunded Bond Trustee"), there are held by the Refunded Bond Trustee, Government or Equivalent Obligations which will mature and bear interest payable in such amounts and at such times as will be sufficient, together with any uninvested moneys, to pay when due the principal, interest and redemption premium, as applicable, on the WCCC Series B Refunded Bonds on and until their respective maturity or redemption dates.

Defeasance of WCCC Series A

In March 2000, MHEFA issued its \$100,000,000 Revenue Bonds, Worcester City Campus Corporation Issue (University of Massachusetts Project), Series A (the "WCCC Series A Bonds") for the purpose of financing the site development, construction and equipping of an approximately 362,000 gross square foot research facility located on the University's Medical School campus in Worcester. The WCCC Series A Bonds were advance refunded and legally defeased with the issuance of the above-described WCCC Series D Bonds. Pursuant to and as specified in the Refunding Trust Agreement, dated as of March 8, 2005, by and between MHEFA and J.P. Morgan Trust Company, National Association (now the Bank of New York Mellon Trust Company, N.A.) (the "Refunded Bond Trustee"), there are held by the Refunded Bond Trustee, Government Obligations which will mature and bear interest payable in such amounts and at such times as will be sufficient, together with any uninvested moneys, to pay when due the principal, interest and redemption premium, as applicable, on the WCCC Series A Refunded Bonds on and until their respective maturity or redemption dates.

Interest Rate Swap Agreements

As mentioned above, the Authority has entered into three separate interest rate swap agreements (the "Swaps") with respect to its 2008-1 Bonds, 2008-3 Bonds, 2008-4 Bonds and 2008-A Bonds. The Swaps are subject to periodic "mark-to-market" valuations and may have a negative impact on the financial statements of the University. In addition, the counterparty to each Swap may be able to terminate its respective Swap upon certain events of default under such Swap, in which case the University could be required to make a material termination payment to the counterparty. In addition, the University may be exposed to basis risk (imperfect correlation between interest rates), and the amounts received from the counterparty under each Swap may be less than the University's total interest cost on indebtedness that corresponds to the notional amount of such Swap.

Unrestricted Net Assets (Referred to as Expendable Fund Balance Under the Former Financial Reporting Model)

As of June 30, 2008, the outstanding principal amount of Authority and MHEFA debt secured by the University's unrestricted net assets was approximately \$1.1 billion. The chart below details the University's unrestricted net assets (not including University Related Organizations) in fiscal years 2004-2008.

Fiscal Year	<u>2004</u>	<u>2005</u>	<u>2006</u>	<u>2007</u>	<u>2008</u>
Unrestricted Net Assets	\$316,022,000	\$376,542,000	\$382,686,000	\$451,613,000	\$448,065,000

Additional Indebtedness

Under the terms of the trust agreements and financing agreements securing the above-referenced indebtedness issued by MHEFA, the University may, without limit, issue additional indebtedness or request the Authority or MHEFA to issue additional indebtedness on behalf of the University so long as such indebtedness is payable from all funds of the University permitted by law to be applied thereto. With certain exceptions described below, the University may not pledge, or permit to exist any lien on, any of its funds or revenues. The University may request the Authority to issue additional indebtedness on behalf of the University that is not payable from all funds of the University permitted by law to be applied thereto, provided (i) the additional indebtedness is secured by (a) pledged revenues derived from the project or projects being financed, (b) new or increased student fees whether imposed by the University or the Authority, (c) existing pledged revenues, or (d) any combination of the foregoing, and (ii) the maximum annual debt service on all revenue indebtedness then outstanding, including the proposed additional indebtedness, does not exceed 10% of the amount shown in the then most recent audited financial statements of the University as total available revenues. Indebtedness of the University may not be subject to acceleration.

Capitalized Leases

The University is also obligated under certain capital lease agreements, primarily relating to telecommunications, software and co-generation systems, for future minimum capital lease payments having a present value of approximately \$42,400,000 at June 30, 2008.

INSURANCE

The University, as an agency of the Commonwealth, is self-insured for property loss exposure, subject to appropriation from the state legislature. However, properties owned by the Authority located on a campus of the University, such as the Mullins Center, dining commons, and most dormitories, are insured by the Authority. In addition, certain properties owned by other University Related Organizations and leased to the University are insured by the related organization. The University and its employees are protected against tort claims through sovereign immunity under Chapter 258 of the Massachusetts General Laws. The University maintains certain liability insurance policies, including Commercial General Liability, leased Automotive Liability, Directors and Officers and Comprehensive Crime policies. Employees of the University are covered for Worker's Compensation protection under Chapter 152 of the Massachusetts General Laws.

TECHNOLOGICAL INITIATIVES

The University has completed the final phase of its complex, multi-year project to replace its legacy mainframe-based Student and Administration and Finance systems with "PeopleSoft" application systems. The campuses and the President's Office have undertaken a variety of planning and organizing activities designed to establish project structures, roles and responsibilities, and collaborative plans and processes for the University. In July 2004, the University added the Asset Management system to its Human Resources/Payroll ("HR") application (the HR application was implemented in March 2002) and to its financial system (the new financial system was implemented July 2002). The University completed the implementation of the final phase of the Student Administration suite for Boston, Dartmouth and Lowell campuses in March 2006. In addition, the University will

continue to secure these assets by staying as current as fiscally feasible with vendor releases, i.e., upgrades that will enable additional functionality and incorporate major changes in functionality and technology. As such, the University initiated in May 2005 and completed in January 2007 the upgrade of its financial systems to the latest release and concurrently implements the PeopleSoft e-procurement product suite as well as the new Grants Management product suite. These systems are expected to continue to enhance business functions by further consolidating processing, streamlining operations, and increasing utilization through new features and self-service offerings. A major focus in fiscal year 2006, 2007, 2008 and 2009 has been upgrading the Human Resource (completed May 2009) and Student Administration applications (targeted for Q1 2010) and consolidating the University's Advancement applications to one common platform (targeted for Q1 2011), as well as increasing the reporting services and capabilities of the University's systems to better support operational and management planning efforts through a significant Business Intelligence initiative.

In 2009, UMassOnline upgraded its Blackboard Vista learning management system enabling students and faculty to benefit from increased functionality, improved performance and a consistent look and feel for the University's growing customer base (over 40,020 course enrollments in fiscal year 2009). This robust platform solution in conjunction with 24x7 support infrastructures managed by UMassOnline has enabled the e-learning offering for the University to maintain a leadership position in the distance education marketplace.

During fiscal year 2008, the University continued to invest in existing infrastructure to address growth and obsolescence. These areas include additional investments in its existing storage solutions, retirement of aged servers and services, and upgrades to key systems. The University has begun a multiyear shift in the underlying application/web server and database architectures that will improve performance, availability and the disaster recovery profile of core applications for the University. Additionally, the supporting network infrastructure supporting the centralized office hosted applications has begun to be implemented in a temporary primary data center in the Shrewsbury facility, that will eventually be moved to the University's enterprise data center targeted to open in January 2010 for production services. Planning that began in fiscal year 2007 is currently being implemented. During fiscal year 2009, the University implemented the Human Resources, Identity Management and Advancement applications onto the new infrastructure in the temporary Shrewsbury data center. A disaster recovery infrastructure has also begun to become operational with the completion of the Human Capital Management application upgrade earlier this year. During fiscal year 2010, UMassOnline, Student Administration and Financial Services are planned to migrate to the new infrastructure.

The University continues to enhance the inter-campus wide area network, known as the Massachusetts Information Turnpike Initiative ("MITI"). During the past year, the University has installed new edge devices that connect customers to its backbone as well as several more minor upgrades. Additionally, to further protect from loss of connectivity especially between the two University data centers, special high speed circuits were ordered from Verizon for each location. Internet bandwidth continues to rise, and in order to keep pace, a 10 Gigabit link was ordered from one of the University's ISP vendors, with a second one ordered from another vendor by the end of the year.

LITIGATION

The University is a defendant in various lawsuits; however, University management is of the opinion that the ultimate outcome of all such litigation will not have any material effect on the financial position or financial results of the University.

EMPLOYEE RELATIONS

The University employs approximately 16,561 full and part-time faculty, professional and clerical support staff, of which approximately 9,075 are covered by collective bargaining units (not including graduate employees and undergraduate resident assistants). Of those covered, approximately 2,769 are faculty, approximately 2,398 are professional staff, approximately 3,750 are clerical and maintenance support staff, and approximately 158 are police officers. In total, the University has 33 collective bargaining units (including three graduate employee units and one undergraduate resident assistants unit). The majority of the University's collective bargaining contracts expired on June 30, 2008, but their terms remain in effect pending the execution of new agreements. The University has reached agreement with most of its employee unions on collective bargaining agreements that cover the period from

July 2009 through June 2012. The faculty and maintenance units (MFT) at Dartmouth, and the maintenance/physical plant unit (AFSCME) at Amherst have not settled. To date these contracts have not been funded by the Commonwealth. Employees covered by University collective bargaining units cannot strike under Massachusetts law. The Commonwealth appropriates supplemental funds to support collective bargaining wage increases and other economic benefits for state funded employees.

University employees are covered by a contributory Massachusetts retirement system set up by Chapter 32 of the Massachusetts General Laws. The state retirement plan provides retirement benefits based upon age at retirement, years and months of service, and the average of the highest three consecutive years of base salary. Employees can also participate in various optional supplemental retirement programs, such as the University of Massachusetts 403(b) and the Commonwealth of Massachusetts 457(b) programs.

Employees generally are eligible to participate in various fringe benefit plans such as the dependent care assistance program and the health, dental, life and disability insurance plans.

INDEPENDENT AUDITORS' REPORT

To the Members **University of Massachusetts Building Authority** Boston, Massachusetts

We have audited the accompanying basic financial statements of the **University of Massachusetts Building Authority** (the Authority or UMBA), a component unit of the University of Massachusetts, as of and for the years ending June 30, 2008 and 2007. These financial statements are the responsibility of the Authority's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the **University of Massachusetts Building Authority** as of June 30, 2008 and 2007, and the changes in its financial position and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit did not include the maintenance and operating accounts and funds for projects financed or refinanced by bonds issued by the Authority under the UMBA Trust Agreement or the Project Trust Agreement (each as defined in Note 1 to the financial statements), because such accounts and funds are under the control and responsibility of the Trustees of the University of Massachusetts pursuant to the contracts for financial assistance, management and services pertaining to such projects between the Authority and the Commonwealth of Massachusetts, acting by and through said Trustees, as described in Notes 1 and 2 to the financial statements.

Management's discussion and analysis presented on pages 3 through 9 is not a required part of the basic financial statements of the Authority, but is supplementary information required by accounting principles generally accepted in the United Statement of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit this information and express no opinion on it.

Westborough, Massachusetts October 14, 2008

Management's Discussion and Analysis June 30, 2008 and 2007

This section of the annual financial statements of the University of Massachusetts Building Authority (the Authority) presents a discussion and analysis of the Authority's financial activity for the fiscal years ended June 30, 2008 and 2007. This discussion has been prepared by management and should be read in conjunction with and is qualified in its entirety by the Authority's financial statements and related note disclosures.

Introduction

The Authority is an independent body politic and corporate and a public instrumentality of The Commonwealth of Massachusetts (the Commonwealth), which was created by Chapter 773 of the Acts of 1960 of the Commonwealth, as amended (the Enabling Act). The Authority was created with the general purposes of providing dormitories, dining commons and other buildings and structures for use by the University of Massachusetts (the University), its students, staff and their dependents and other entities associated with the University as specified in the Enabling Act, as requested by authority of the Trustees of the University (the Trustees).

The Authority is empowered to acquire, construct, remove, demolish, add to, alter, enlarge, reconstruct, remodel and do other work upon any building or structure and to provide and install furnishings, furniture, machinery, equipment, approaches, driveways, walkways, parking areas, planting, landscaping and other facilities therein. The Enabling Act authorizes the Authority to acquire property from the Commonwealth or others (but the Authority has no eminent domain power), to rent or lease as lessor or lessee any portion of a project, to operate projects, to employ experts and other persons, to enter into contracts, to borrow money to finance and refinance projects it undertakes, and to issue and sell its revenue bonds and notes therefore which are payable solely from its revenues. The Authority's assets and projects are located on all five campuses of the University. The 11 members of the Authority are appointed by the Governor. Five of the members must be Trustees. Two of the other members must be graduates of the University. Non-trustee members serve terms of approximately six years. Trustee members serve as long as they are Trustees. Members whose terms expire continue as members until they are reappointed or replaced.

Financial Highlights

- Net assets of the Authority continued to grow, reaching \$217,195,514 in fiscal 2008 and \$199,972,715 in fiscal 2007.
- The Authority completed three new bond offerings providing approximately \$375,000,000 in new project funds spread over four University campuses in fiscal 2008.
- In FY 2008 the Authority currently refunded its Series 2006-1 bonds with the Series 2008-3 and Series 2008-4 bonds to remove the downgraded AMBAC Insurance.

Management's Discussion and Analysis June 30, 2008 and 2007

Financial Highlights (Continued)

- The Authority closed a \$35 million tax-exempt revolving line-of-credit with Bank of America in fiscal 2007, providing the Authority with short-term, inexpensive liquidity to bridge the financing needs between issues of long-term bonds. In FY 2008 the Authority renewed the line and reduced the maximum outstanding amount to \$30 million.
- The Authority opened a new parking garage on the Lowell campus adding parking for 630 cars, opened the first new on campus housing since the early 1970's on the Amherst campus and completed an award winning renovation of the Berkshire Dinning Hall at the Amherst campus in fiscal 2007.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the Authority's basic financial statements. The Authority's financial statements comprise two primary components: 1) the financial statements and 2) the notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

The Financial Statements

The financial statements are designed to provide readers with a broad overview of the Authority's finances and are comprised of three basic statements.

The *statement of net assets* presents information on all of the Authority's assets and liabilities, with the difference between the two reported as *net assets*. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the Authority is improving or deteriorating.

The *statement of revenues, expenses and changes in net assets* presents information that shows how the Authority's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., the payments to vendors after year end for services prior to year end).

The *statement of cash flows* is reported on the direct method. The direct method of cash flow reporting portrays net cash flows from operations as major classes of operating receipts (e.g., income from contracts) and disbursements (e.g., cash paid to vendors for services). The Governmental Accounting Standards Board (GASB) Statements 34 and 35 require this method to be used.

The financial statements can be found on pages 13 to 16 of this report.

Management's Discussion and Analysis June 30, 2008 and 2007

Overview of the Financial Statements (Continued)

The Authority reports its activity as a business-type activity using the economic resources measurement focus and the full accrual basis of accounting. The Authority is a blended component unit of the University. Therefore, the results of the Authority's operations, its net assets and cash flows are also summarized in the University's financial statements.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the financial statements. The notes provide information regarding the accounting policies the Authority has adopted as well as additional details of certain amounts contained in the financial statements.

The notes to the financial statements can be found on pages 17 to 43 of this report.

Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of the Authority's financial position. In the case of the Authority, assets exceeded liabilities by \$217,195,514 at the close of the most recent fiscal year.

A portion of the Authority's net assets reflects its investment in capital assets (e.g. buildings, equipment and furnishings) less any related debt used to acquire those assets that is still outstanding for the most recent fiscal year. The Authority uses these capital assets to provide services to students, faculty and administration; consequently, these assets are *not* available for future spending. Although the Authority's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. The Authority's primary sources of funds needed to repay the debt are receipts related to the Authority's financial contracts with the University.

University of Massachusetts Building Authority's Net Assets

	June 30, 2008	June 30, 2007	June 30, 2006
Current assets	\$ 12,628,373	\$ 22,270,644	\$ 30,787,984
Non-current assets	1,219,528,402	837,530,840	799,377,188
Total assets	<u>1,232,156,775</u>	859,801,484	830,165,172
Current liabilities	74,007,926	61,471,102	72,086,416
Non-current liabilities	940,953,335	598,357,667	627,695,895
Total liabilities	1,014,961,261	659,828,769	699,782,311

Management's Discussion and Analysis June 30, 2008 and 2007

Financial Analysis (Continued)

University of Massachusetts Building Authority's Net Assets (Continued)

	June 30, 2008	June 30, 2007	June 30, 2006
Net Assets:			
Invested in capital assets, net of related debt	\$ 148,475,368	\$ 60,966,292	\$ 42,700,333
Restricted	59,791,130	122,125,622	63,158,486
Unrestricted	8,929,016	16,880,801	24,524,042
Total net assets	<u>\$217,195,514</u>	<u>\$199,972,715</u>	<u>\$130,382,861</u>

Restricted net assets primarily relates to assets restricted to capital projects and debt service. The capital project restricted net assets are funds provided, primarily, by debt financing for the completion of University projects. The debt service restricted net assets are funds provided, primarily, as additional collateral to the bond holders (e.g. debt service reserve funds).

Current assets have decreased in recent years as the Authority has expended funds related to former bond reserves toward campus directed initiatives. The funds were accumulated in the past by the Authority as restrictions on bond reserves were released due to bond refundings. Non-current assets increased in fiscal 2008 primarily due to the issuance of new bonds that provided additional new funds for projects and significantly increased the amount of unamortized bond issuance expenses. Non-current assets increased between FY 2006 and FY 2007 primarily due to two cash appropriations from the Commonwealth to the Authority totaling \$54,000,000.

Current liabilities increased from FY 2007 to FY 2008 primarily due to an increase in the current portion of bonds payable from year-to-year of \$10,300,000. Current liabilities decreased from FY 2006 to FY 2007 primarily due to a drop in amounts due to construction vendors at the end of FY 2007. This decrease was somewhat offset by an increase in due to Bank of America representing draws under the Authority's line of credit with the bank.

Non-current liabilities increased substantially in FY 2008 due to the issuance of new bonds for projects at several of the University's campuses. The new bond issues had little impact on the Authority's net assets as the additional liabilities are mostly offset by increases in cash and investments.

Management's Discussion and Analysis June 30, 2008 and 2007

Financial Analysis (Continued)

During fiscal 2008 the Authority was involved in several large construction projects for the University. As funds were spent on the projects, the nature of the net asset related to these funds changed from restricted to invested in capital assets. This increase is shown in the substantial increase in that category of net assets in FY 2008. The large increase in restricted net assets in FY 2007 primarily relates to the \$54,000,000 in appropriations received during the year. Bond related restricted net assets continued to be converted into net assets invested in capital assets as the Authority's construction projects come into operations.

University of Massachusetts Building Authority's Changes in Net Assets

Operating revenues:	For the year ended June 30, 2008	For the year ended June 30, 2007	For the year Ended June 30, 2006
Income from contracts and other income	\$ 55,443,852	\$ 50,293,320	\$ 49,802,526
Grants from HUD	75,684	75,684	75,682
Total operating revenues	55,519,536	50,369,004	49,878,208
Operating expenses:			
Facilities operating costs	5,642,677	8,629,772	9,973,358

revenues (expenses)	(16,555,083)	47,568,042	(9,209,887)

Management's Discussion and Analysis June 30, 2008 and 2007

Financial Analysis (Continued)

University of Massachusetts Building Authority's Changes in Net Assets (Continued)

	For the year Ended June 30, 2008	For the year Ended June 30, 2007	For the year Ended June 30, 2006
Capital Contribution – University of Massachusetts	<u>\$ 4,000,000</u>	<u>\$</u>	<u>\$ </u>
Special Item Removal of certain campus operating activities	<u>-</u>	(2,734,901)	(3,773,253)
Change in net assets	17,222,799	69,589,854	13,403,464
Net assets at the beginning of the year	199,972,715	130,382,861	116,979,397
Net assets at the end of the year	<u>\$217,195,514</u>	<u>\$199,972,715</u>	<u>\$130,382,861</u>

Income from contracts is primarily related to contracts the Authority has with the University. The amounts fluctuate based on the debt service requirements on Authority bonds in any particular year.

Facility operating costs primarily reflect the operations of the Authority owned dormitories and dining facilities on the campuses of the University and the operations of the UMass Club. Certain bonds were refunded in FY 2006 and that refunding allowed the Authority to discontinue reflecting the operations of those dormitories and dining halls.

In FY 2008 depreciation increased as more assets were placed into service during the year. Investment related activity decreased during the year as invested capital was used to pay for project costs. Investments from the new bond issues were not purchased until the final months of the year and had little impact on the revenues of the Authority.

The Authority received two state appropriations in FY 2007. The first, for \$50,000,000, represented funds designated for deferred maintenance issues at the University. The second, for \$21,000,000, was designated for the construction of a nano-bio manufacturing facility on the Lowell campus. \$4,000,000 of this appropriation was paid to the Authority in fiscal 2007. The Authority received no additional funding for this project from the Commonwealth in fiscal 2008.

Management's Discussion and Analysis June 30, 2008 and 2007

Capital Assets and Debts of the Authority

The Authority's investment in capital assets as of June 30, 2008 amounts to \$702,401,740 net of accumulated depreciation. This investment in capital assets includes buildings (including improvements), furnishings and equipment. Capital assets increased during the year by \$135,564,591 or 24% in fiscal 2008. This increase was due to capital improvements and construction in progress outpacing depreciation expenses as follows:

- Construction in progress increased by \$75,795,428 from fiscal 2007 to fiscal 2008.
- Buildings and improvements increased by \$76,949,697 in fiscal 2008 as the Authority placed new buildings in service at the Amherst and Dartmouth campuses.
- Furnishings and equipment increased by \$1,171,176 in fiscal 2008.

The Authority's investment in capital assets as of June 30, 2007 amounts to \$566,837,149 net of accumulated depreciation. This investment in capital assets includes buildings (including improvements), furnishings and equipment. Capital assets increased during the year by \$164,839,193 or 41% in fiscal 2007. This increase was due to capital improvements and construction in progress outpacing depreciation expenses as follows:

- Buildings and improvements increased by \$151,218,960 in fiscal 2007 as the Authority placed two new buildings in service.
- Construction in progress increased by \$23,273,999 from fiscal 2006 to fiscal 2007
- Furnishings and equipment increased by \$4,828,338 in fiscal 2007

The Authority carries debt in the form of bond obligations and a revolving line-of-credit. These debts totaled \$978,045,570 and \$629,125,364 at June 30, 2008 and 2007, respectively. The increase in the amounts outstanding for FY 2008 relates to three new bond obligations issued by the Authority during the year. These new issues generated \$375,000,000 in project funds covering projects on four campuses. Additionally, the Authority records a liability to the U.S. Treasury related to rebate of interest earned on bond proceeds in excess of the allowable or arbitrage yield. The liability at June 30, 2008 and 2007 was \$517,986 and \$492,763, respectively.

Management's Discussion and Analysis June 30, 2008 and 2007

Market Dislocation and the Authority's 2006-1 Bonds

During fiscal 2008 a number of economic factors caused unusual events in the capital markets of the United States and abroad. Chief among these factors was the slow down in the U.S. housing market. Normally, this slowdown would have little direct impact on the Authority. However, the decrease in market values of certain housing assets raised questions related to the companies that provided insurance related to those investments. During calendar 2008 the nationally known rating agencies began issuing negative reports relating to these insurance companies, which also insured tax-exempt bonds. Bonds insured by these companies began trading unfavorably in the secondary markets when compared to uninsured bonds or bonds supported by non-insurance credit enhancements. Long-term bonds issued at a fixed rate of interest declined in value during this time but, while detrimental to the bondholders, generally did not directly impact bond issuers. Short-term variable rate or auction rate bonds, which trade generally at par, were also impacted as their interest rates began to rise. This increase in interest rates directly raised the cost of debt to bond issuers.

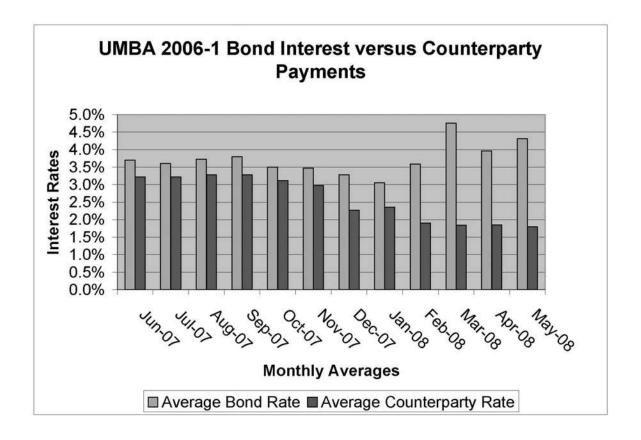

In fiscal 2006 the Authority issued its Series 2006-1 bonds. The bonds were issued in a variable-rate mode with interest rates reset each week. To hedge against interest rate fluctuations, the Authority entered into an interest rate swap whereby it agreed to pay a fixed rate of interest to the swap counterparty and received a variable rate equal to 60% of the 3-month LIBOR rate plus .18%. The primary purpose for the bond issue was to refund certain outstanding fixed rate bonds. The net-present-value savings from this refunding was in excess of \$15 million.

In January, 2008 the variable rate due to the 2006-1 bondholders increased significantly when Fitch, Inc., one of the nationally known rating agencies, downgraded the 2006-1 bond insurer, Ambac Assurance Corporation (AMBAC). In addition to facing higher interest costs, the Authority also was required to pay higher fees for the Standby Bond Purchase Agreement (SBPA) for the bonds with Depfa Bank plc (DEPFA). At the same time overall interest rates began to decrease and the variable rate payments due from the swap counterparty, Citigroup, based on the London Interbank Offered Rate (LIBOR), also decreased, further widening the Authority's exposure.

The chart on the next page illustrates the increased costs of the debt obligations related to the market conditions.

Management's Discussion and Analysis June 30, 2008 and 2007

Market Dislocation and the Authority's 2006-1 Bonds (Continued)

In March of 2008 the Bond Trustee informed the Authority that some of the 2006-1 bonds had been tendered by the bondholders and the remarketing agent had been unable to remarket the bonds. Under the SBPA, the bonds were then purchased by the standby bank, DEPFA. During the month of March a total of \$40,445,000 in bonds were tendered to the bank. While the bonds were held by the bank the interest on the bank's bonds, per the terms of the SBPA, was the bank's prime interest rate. The remarketing agent was able to successfully remarket all of the bank bonds prior to the current refunding of the 2006-1 bonds.

Management's Discussion and Analysis June 30, 2008 and 2007

Market Dislocation and the Authority's 2006-1 Bonds (Continued)

In June of 2008, due to the ongoing issues with the bond insurer, the Authority currently refunded the 2006-1 bonds by issuing its Series 2008-3 and Series 2008-4 bonds. The Series 2008-3 bonds are credit enhanced by a Letter of Credit from Bank of America, N.A. while the Series 2008-4 bonds are backed by the Authority's available Commonwealth Guarantee. The Commonwealth Guarantee, as explained in Note 10, allows the Authority to issue bonds that receive the credit rating of the Commonwealth of Massachusetts.

Additionally, the Series 2008-3 and Series 2008-4 bonds may be insure by AMBAC three years after the issue date at the option of the Authority. The cost of the insurance policy, if the option is exercised, will be paid out of the unused premium paid at the closing of the 2006-1 bond issue.

The Authority estimates that the cost of the "AMBAC penalty" to the Authority was approximately \$1,786,000. This amount does not include the additional amount borrowed over and above the outstanding par amount of the 2006-1 bonds at the time of the refunding. This additional amount totaled \$1,815,000.

The University of Massachusetts Club

During fiscal 2006 the Authority opened the University of Massachusetts Club (the Club). The Club is a private club open to membership for alumni, faculty, staff and friends of the University and is located on the 33rd floor of 225 Franklin Street in downtown Boston, Massachusetts. The club is managed by UMass Club Management, LLC, a wholly owned subsidiary of ClubCorp USA, a nationally known business club management company. More information can be found on the Club's web site, <u>www.umassclub.com</u>.

Requests for Information

This financial report is designed to provide a general overview of the Authority's finances for all those with an interest in them. Questions concerning any information provided in this report or requests for additional financial information should be addressed to the Chief Financial Officer, University of Massachusetts Building Authority, 225 Franklin Street, 12th Floor, Boston, Massachusetts, 02110. Additional information on the Authority can be found on its web site, <u>www.umassba.net</u>.

Notes to Financial Statements June 30, 2008 and 2007

1. Operations of the Authority

The University of Massachusetts Building Authority (the Authority or UMBA) is a body politic and corporate and a public instrumentality of The Commonwealth of Massachusetts (the Commonwealth) and was created by Chapter 773 of the Acts of 1960 of the Commonwealth, as amended (the Enabling Act). The purposes of the Authority are to provide dormitories, dining commons and other buildings and structures for use by the University of Massachusetts (the University), its students, staff and their dependents and other entities associated with the University as requested by authority of the Trustees of the University (the Trustees).

The Authority's financial statements are included by the University in its financial statements as a blended component unit.

The Enabling Act provides that the Authority shall have eleven members, five of whom shall also be trustees of the University. Members of the Authority are appointed by the Governor of the Commonwealth. Non-trustee members serve terms of approximately six years while trustee members serve until they are no longer trustees of the University. Members whose terms have expired continue to be members until reappointed or replaced.

The major functions of the Authority include the issuance of bonds to finance projects requested by the Trustees; the planning and construction or renovations related to those projects; the setting and collection of fees, rents, rates and other charges related to such projects; debt service administration; and maintenance and repair of its projects. In conjunction with its financings, the Authority has entered into contracts with the Commonwealth, acting by and through the Trustees, with respect to its projects that provide for payments for debt service and other costs of the financings as well as the operating costs of the Authority and its projects.

As stated in the Enabling Act, the Authority may sell bonds and notes, in either a public or private sale, at a price and with such terms as it may determine are in the best interest of the Authority, provided that the bonds of each issue mature no later than fifty years from their date and the sale and terms thereof have been approved by the Treasurer and Receiver-General and the Secretary of Administration and Finance of the Commonwealth or their designees.

Notes to Financial Statements June 30, 2008 and 2007

2. Summary of Significant Accounting Policies

The financial statements of the Authority have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the Authority's accounting policies are described below.

Basis of Accounting

The Authority's financial statements have been prepared using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recorded when earned and expenses are recorded when the liability is incurred, regardless of when the related cash flow takes place.

The Authority distinguishes operating revenues and expenses from non-operating revenues and expenses. Operating revenues and expenses result primarily from providing, operating and maintaining Authority facilities for use by the University. The principal sources of operating revenues are income from contracts for financial assistance, management and services and various grants. Grants and similar items are recognized when all eligibility requirements imposed by the grantor have been met. Operating expenses include facility operating costs, depreciation of capital assets, professional fees and other administrative costs. All revenues and expenses not categorized as operating revenues and expenses are reported as non-operating, and these relate primarily to interest and other investment income and interest expense.

In accordance with GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting*, the Authority applies all applicable GASB pronouncements, as well as all Financial Accounting Standards Board Statements and Interpretations issued on or before November 30, 1989 that do not conflict with or contradict GASB pronouncements.

Restricted Assets

Certain proceeds of the Authority's bonds as well as certain resources set aside for their repayment are classified as restricted assets on the statement of net assets because their use is limited by applicable bond trust agreements.

Notes to Financial Statements June 30, 2008 and 2007

2. Summary of Significant Accounting Policies (Continued)

Restricted Assets (Continued)

The following sets forth the cash and cash equivalent and investment balances in the above restricted funds as of June 30, 2008 and 2007:

	<u>2008</u>	<u>2007</u>
Cash and cash equivalents		
Capital projects fund	\$267,283,145	\$192,663,983
Debt service fund	135,092	97,773
	<u>\$267,418,237</u>	<u>\$192,761,756</u>
Investments		
Capital projects fund	\$231,068,194	\$ 62,660,868
Debt service fund	6,399,528	6,360,806
	<u>\$237,467,722</u>	<u>\$ 69,021,674</u>

Capital Assets and Depreciation

Buildings and equipment are stated at historical cost. Construction in progress is included as a capital asset. Construction in progress is stated at cost, which includes direct construction costs and other expenditures related to construction including capitalized interest, if any. All construction costs related to projects which are not yet completed are charged to construction in progress until such time as the projects are completed and placed in operation. Depreciation is computed using the straight-line method over the estimated useful lives of the assets from the date the property is placed in operation. The useful lives applicable to the Authority are as follows:

Buildings	20 to 50 years
Building and leasehold improvements	10 to 20 years
Equipment	5 to 10 years
Furnishings	3 years

Capitalized Interest

The Authority capitalizes interest costs incurred during the construction period of qualifying property assets. The amount of interest costs capitalized on qualifying assets acquired with proceeds of tax-exempt borrowings consists of all interest costs of the borrowing less any interest earned on related interest-bearing investments acquired with proceeds of the related tax-exempt borrowings from the date of the borrowing until the assets are ready for their intended use. Interest capitalized during the years ended June 30, 2008 and 2007 totaled approximately \$2,880,700 and \$3,240,000, respectively, net of interest income of \$3,796,600 and \$3,201,000, respectively.

Notes to Financial Statements June 30, 2008 and 2007

2. Summary of Significant Accounting Policies (Continued)

Cash and Cash Equivalents

Cash and cash equivalents include cash balances maintained in checking accounts, overnight repurchase agreements and amounts held by the University in the University's cash pool on behalf of the Authority.

Contracts with the University

The Authority has entered into various contracts with the Commonwealth, acting by and through the Trustees, related to the management of certain Authority projects and the payment to the Authority of certain fees and operating costs. The Authority fixes fees, rents, rates and other charges for the use of its projects in amounts sufficient to provide for the debt service and other payments related to the Authority's obligations and for the Authority's operating expenses. These contracts generally call for the Trustees to bill and collect all revenue derived from the projects and remit to the Authority or to the trustee under the Authority's trust agreements (the Bond Trustee) funds sufficient to cover debt service on its bonds and its costs of operations and financial obligations with respect to the projects.

Investments

Investments in marketable securities are stated at fair value.

Investments in repurchase agreements are non-participating interest earning investment contracts and are recorded at cost. These repurchase agreements are secured by cash or investments with a fair market value between 100% and 105% of the repurchase price, depending on the type of asset used as security and the specific repurchase agreement. These repurchase agreements can be redeemed at any time for the repurchase price provided the redemption proceeds are used for a purpose permitted by the respective repurchase agreement.

Realized and unrealized gains (losses) on investments include the net changes in the fair value of investments.

Net Assets

Net assets are reported in three categories:

<u>Invested in capital assets, net of related debts</u> - This category consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes and other debt that are attributed to the acquisition, construction or improvement of those assets.

<u>Restricted net assets</u> - This category consists of net assets whose use is restricted either through external restrictions imposed by creditors, grantors, contributors and the like, or through restrictions imposed by law through constitutional provisions or enabling legislation.

Notes to Financial Statements June 30, 2008 and 2007

2. Summary of Significant Accounting Policies (Continued)

Net Assets (Continued)

<u>Unrestricted net assets</u> - This category consists of net assets which do not meet the definition of the two preceding categories.

Grants and Capital Contributions

Grants for capital asset acquisition, facility development and long-term planning studies are reported in the statements of revenues, expenses and change in net assets after non-operating revenues and expenses as capital contributions.

Risk Management

Significant losses are covered by commercial insurance for all major programs. There have been no significant reductions in insurance coverage, and settlement amounts have not exceeded insurance coverage, for the current year or the two prior years.

Reclassifications

Certain amounts from fiscal 2007 have been reclassified for consistent presentation.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

3. Cash Deposits and Investments

Cash Deposits – Custodial Credit Risk

The Authority holds a majority of its cash and cash equivalents in high quality money market mutual funds that invest in securities that are permitted investments under the Authority's Enabling Act or in money market mutual funds that have been specifically permitted by state legislation. The Authority's cash and cash equivalents consist of the following as of June 30, 2008 and 2007:

		<u>2008</u>		<u>2007</u>
Fully insured bank accounts Permitted money market accounts (MMA)	+	23,805 289,923	\$ 20	115,629 3,488,781
	<u>\$274,</u>	313,728	\$20	3,604,410

Notes to Financial Statements June 30, 2008 and 2007

3. Cash Deposits and Investments (Continued)

Custodial credit risk is the risk that, in the event of a bank failure, the Authority will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The Authority does not have a deposit policy for custodial credit risk. As of June 30, 2008 and 2007, the Authority's cash deposits of \$23,805 and \$115,629, respectively, were not subject to custodial credit risk as they were fully insured. For purposes of disclosure under GASB Statement No. 40, Deposit and Investment Risk Disclosures, money market accounts investing in debt securities and the University of Massachusetts cash pool are considered investments and therefore, are included in the investment disclosures that follow.

Investments

As of June 30, 2008, the Authority's investments consisted of the following:

	Investment Maturities (in Years)				
	Fair	Less			More
Investment type	value	<u>than 1</u>	<u>1 to 5</u>	<u>6 to 10</u>	<u>than 10</u>
Debt Securities					
US Treasuries	\$ 4,521,427	\$ 4,521,427	\$ -	\$ -	\$ -
US Agencies	3,081,801	-	-	3,081,801	-
Repurchase Agreements	232,946,295	-	227,628,239	-	5,318,056
MMA	148,027,765	148,027,765			
	<u>\$388,577,288</u>	<u>\$152,549,192</u>	<u>\$227,628,239</u>	<u>\$3,081,801</u>	<u>\$5,318,056</u>

As of June 30, 2007, the Authority's investments consisted of the following:

	Investment Maturities (in Years)				
	Fair	Less			More
Investment type	value	than 1	<u>1 to 5</u>	<u>6 to 10</u>	<u>than 10</u>
Debt Securities					
US Treasuries	\$ 13,122,993	\$ 1,674,547	\$ 11,448,446	\$ -	\$ -
US Agencies	59,114,776	43,353,632	10,502,510	5,258,634	-
Repurchase Agreements	5,318,056	-	-	-	5,318,056
MMA	203,488,781	203,488,781			
	<u>\$281,044,606</u>	<u>\$248,516,960</u>	<u>\$ 21,950,956</u>	<u>\$5,258,634</u>	<u>\$5,318,056</u>

Because money market funds are highly liquid, they are presented as investments with maturities of less than one year.

Notes to Financial Statements June 30, 2008 and 2007

3. Cash Deposits and Investments (Continued)

Interest Rate Risk

The Authority does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. Generally, the Authority holds its investments until maturity.

Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. The risk is measured by the assignment of a rating by a nationally recognized statistical rating organization.

The Enabling Act specifies the permitted investments of the Authority. They include direct obligations of or obligations which are unconditionally guaranteed by the United States of America (Treasuries), obligations of an agency or organization created pursuant to an act of Congress of the United States as an agency or instrumentality thereof (Agencies), time deposits or certificates of deposits fully secured by Treasuries or Agencies, and Treasuries and Agencies subject to repurchase agreements. Other legislation allows the Authority to invest in the Massachusetts Municipal Depository Trust (MMDT), a money market account sponsored by the Treasurer of the Commonwealth and managed by Fidelity Investments. Additionally, the Authority's Bond Trustee invests some of the Authority's funds in money market accounts that are permitted and are collateralized by Treasuries.

No credit risk disclosures are required under GASB 40 related to the Authority's investment in Treasuries. The Authority's investments in Agencies are rated at the highest level by Standard & Poor's Rating Services and Moody's Investors Service, Inc. The Authority's investments in repurchase agreements are fully collateralized by Treasuries and Agencies but are not themselves rated. The MMDT is unrated.

Custodial Credit Risk

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. The Authority's Enabling Act does not contain legal or policy requirements that would limit the exposure to custodial credit risk except that interest-bearing time deposits or certificates of deposit of banking institutions or trust companies must be continuously and fully secured by Treasuries or Agencies.

Notes to Financial Statements June 30, 2008 and 2007

3. Cash Deposits and Investments (Continued)

Custodial Credit Risk (Continued)

Custodial credit risk generally applies only to direct investments in marketable securities. Custodial credit risk does not apply to indirect investment in securities through the use of mutual funds or government investment pools (such as MMDT). Direct investments in marketable securities are held by the Authority's Bond Trustee as the Authority's agent. In accordance with the Authority's repurchase agreements, collateral for the agreements is held in segregated accounts with market values between 100% and 105% of the repurchase price, depending on the type of asset used as security and the specific repurchase agreement.

Concentrations of Credit Risk

The Authority places no limit on the amount it may invest in any one issuer. As of June 30, 2008 and 2007 there were no investments in any one issuer greater than 10% of its total investments.

4. Changes in Capital Assets

A summary of changes in capital assets follows:

	Balance June 30, 2006	Additions/ Transfers	Balance June 30, 2007	Additions/ Transfers	Balance June 30, 2008
Buildings	\$365,959,287	\$112,789,853	\$478,749,140	\$ 53,371,334	\$532,120,474

Construction in progress	155,220,863	23,273,399	178,494,262	75,795,428	254,289,690
	607,574,259	179,320,697	786,894,956	153,916,301	940,811,257
Less: accumulated					
depreciation	205,576,303	14,481,504	220,057,807	18,351,710	238,409,517
	<u>\$401,997,956</u>	<u>\$ 164,839,193</u>	<u>\$566,837,149</u>	<u>\$135,564,591</u>	<u>\$702,401,740</u>

The Authority has outstanding purchase commitments with contractors for the construction of certain facilities as of June 30, 2008 and 2007 of approximately \$360,200,000 and \$473,900,000, respectively.

Notes to Financial Statements June 30, 2008 and 2007

5. Bonds Payable

The following is a summary of bond transactions of the Authority for the years ended June 30, 2008 and 2007:

		Unamortized	Unamortized	
	Bonds payable	original issue premiums	deferred amount from refundings	Total
Beginning balance – July 1, 2006 Decreases Ending balance – June 30, 2007 Less: Due within one year	\$665,700,000 20,950,000 <u>\$644,750,000</u>	\$ 27,233,221 <u>2,779,046</u> <u>\$ 24,454,175</u>	\$ (44,754,522) <u>605,251</u> <u>\$(44,149,271)</u>	\$648,178,699 <u>23,123,795</u> 625,054,904 <u>27,190,000</u> <u>\$597,864,904</u>
Beginning balance – July 1, 2007 Increases Decreases Ending balance – June 30, 2008 Less: Due within one year	\$644,750,000 381,500,000 <u>27,190,000</u> <u>\$999,060,000</u>	\$ 24,454,175 668,061 <u>2,779,042</u> <u>\$22,343,194</u>	\$(44,149,271) - - <u>671,426</u> <u>\$(43,477,845)</u>	\$625,054,904 382,168,061 29,297,616 977,925,349 <u>37,490,000</u> \$940,435,349

Aggregate annual maturities of principal and interest on long-term debt as of June 30, 2008 are as follows:

Year Ending			
<u>June 30,</u>	Principal	Interest	Total
2009	\$ 37,490,000	\$ 39,507,399	\$ 76,997,399
2010	38,085,000	39,709,757	77,794,757
2011	40,295,000	38,083,633	78,378,633
2012	41,570,000	36,285,594	77,855,594
2013	42,175,000	34,403,099	76,578,099
2014-2018	209,900,000	142,910,845	352,810,845
2019-2023	219,645,000	93,988,281	313,633,281
2024-2028	187,225,000	54,758,139	241,983,139
2029-2033	141,085,000	23,544,141	164,629,141
2034-2038	41,590,000	4,753,355	46,343,355
	<u>\$999,060,000</u>	<u>\$507,944,243</u>	<u>\$1,507,004,243</u>

Notes to Financial Statements June 30, 2008 and 2007

5. Bonds Payable (Continued)

Project Revenue Bonds, Senior Series 2000-1

In fiscal year 2001 UMBA issued its Series 2000-1 bonds. The bonds were issued in the amount of \$24,145,000 and the proceeds were to be used for various construction and renovation projects for the University. As of June 30, 2008 and 2007 the bonds payable amount was \$3,290,000 and \$4,300,000, respectively. The bonds are payable annually on November 1 through 2010. The bonds carry interest rates that range from 4.50% to 5.25%. In fiscal year 2004 \$8,185,000 of these bonds were advance refunded by the Series 2004-1 bonds (described below). In fiscal year 2006 \$7,000,000 of these bonds were advance refunded by the Series 2005-2 bonds (described below). The bonds are guaranteed by the Commonwealth (see Note 10).

Project Revenue Bonds, Senior Series 2000-2

In fiscal year 2001 UMBA issued its Series 2000-2 bonds. The bonds were issued in the amount of \$132,155,000 and the proceeds were to be used for various construction and renovation projects for the University. As of June 30, 2008 and 2007 the bonds payable amount was \$16,245,000 and \$21,150,000, respectively. The bonds are payable annually on November 1 through 2010. The bonds carry interest rates that range from 4.50% to 5.50%. In fiscal year 2006 \$78,155,000 of these bonds were advance refunded by the Series 2005-2 bonds (described below). Principal and interest payments on the bonds have been insured by Ambac Assurance Corporation (AMBAC).

Facilities Revenue Bonds, Senior Series 2000-A

In fiscal year 2001 UMBA issued its Series 2000-A bonds. The bonds were issued in the amount of \$46,980,000 and the proceeds were to be used for various construction and renovation projects for the University. As of June 30, 2008 and 2007 the bonds payable amount was \$6,140,000 and \$7,525,000, respectively. The bonds are payable annually on November 1 through 2011. The bonds carry interest rates that range from 4.60% to 5.25% and are callable beginning November 1, 2010 at par. In fiscal year 2006 \$34,520,000 of these bonds were advance refunded by the Series 2005-2 bonds (described below). The bonds are guaranteed by the Commonwealth (see Note 10).

Project Revenue Bonds, Senior Series 2003-1

In fiscal year 2004 UMBA issued its Series 2003-1 bonds. The bonds were issued in the amount of \$137,970,000 and the proceeds were to be used for various construction and renovation projects for the University. As of June 30, 2008 and 2007 the bonds payable amount was \$38,020,000 and \$42,740,000, respectively. The bonds are payable annually on November 1 through 2014. The bonds carry interest rates that range from 2.625% to 5.25% and are callable beginning November 1, 2013 at par. The Authority was paid a premium of \$5,274,910 for these bonds. In fiscal year 2006 \$36,105,000 and \$49,965,000 of these bonds were advance refunded by the Series 2005-2 bonds and the Series 2006-1 bonds (described below), respectively. The principal and interest payments on the bonds have been insured by AMBAC.

Notes to Financial Statements June 30, 2008 and 2007

5. Bonds Payable (Continued)

Project and Refunding Revenue Bonds, Senior Series 2004-1

In fiscal year 2004 UMBA issued its Series 2004-1 bonds. The bonds were issued in the amount of \$183,965,000 and the proceeds were to be used for various construction and renovation projects for the University and to advance refund the SMUBA Refunding Revenue Bonds, 1986 Series B, the ULBA Facilities Bonds, Fourth Series B, the ULBA Fifth Series A bonds (partial refunding), the UMBA Project Revenue Bonds, Series 1995-A and the Series 2000-1 bonds (partial refunding). As of June 30, 2008 and 2007 the bonds payable amount was \$57,265,000 and \$62,645,000, respectively. The bonds are payable annually on November 1 through 2016. The bonds carry interest rates that range from 3.125% to 5.375% and are callable beginning November 1, 2014 at par. The Authority was paid a premium of \$5,077,137 for the bonds. In fiscal year 2006 \$24,545,000 and \$91,665,000 of these bonds were advance refunded by the Series 2005-2 bonds and the Series 2006-1 bonds (described below), respectively. The principal and interest payments on the bonds have been insured by AMBAC.

Facilities Revenue Bonds, Senior Series 2004-A

In fiscal year 2004 UMBA issued its Series 2004-A bonds. The bonds were issued in the amount of \$96,025,000 and the proceeds were to be used for various construction projects for the University. As of June 30, 2008 and 2007 the bonds payable amount was \$16,225,000 and \$17,940,000, respectively. The bonds are payable annually on November 1 through 2015. The bonds carry interest rates that range from 3.125% to 4.50% and are callable beginning November 1, 2014 at par. The Authority was paid a premium of \$119,872 for the bonds. In fiscal year 2006 \$16,130,000 and \$61,955,000 of these bonds were advance refunded by the Series 2005-2 bonds and the Series 2006-1 bonds (described below), respectively. The bonds are guaranteed by the Commonwealth (see Note 10). Additionally, the principal and interest payments on the bonds have been insured by MBIA.

Refunding Revenue Bonds, Senior Series 2005-1

In fiscal year 2005 UMBA issued its Series 2005-1 bonds. The bonds were issued in the amount of \$25,595,000 and the proceeds were used to refund the UMBA Taxable Refunding Revenue Bonds, Senior Series 2004-2. As of June 30, 2008 and 2007 the bonds payable amount was \$19,030,000 and \$20,935,000, respectively. The bonds are payable annually on May 1 through 2016. The bonds carry an interest rate of 5.00% and are callable beginning May 1, 2015 at par. The Authority was paid a premium of \$505,125 for the bonds. The principal and interest payments on the bonds have been insured by AMBAC.

Notes to Financial Statements June 30, 2008 and 2007

5.Bonds Payable (Continued)

Refunding Revenue Bonds, Senior Series 2005-2

In fiscal year 2006 UMBA issued its Series 2005-2 bonds. The bonds were issued in the amount of \$212,550,000 and the proceeds were used to advance refund the ULBA Fifth Series A bonds and partially refund the Series 2000-1 bonds, the Series 2000-2 bonds, the Series 2000-A bonds, the Series 2003-1 bonds, the Series 2004-1 bonds and the Series 2004-A bonds. As of June 30, 2008 and 2007 the bonds payable amount was \$204,210,000 and \$206,109,000, respectively. The bonds are payable annually on November 1 through 2025. The bonds carry interest rates that range from 3.00% to 5.25% and are callable beginning November 1, 2015 at par. The Authority was paid a premium of \$20,341,561 for the bonds. The principal and interest payments on the bonds have been insured by AMBAC.

Project and Refunding Revenue Bonds, Senior Series 2006-1

In fiscal year 2006 UMBA issued its Series 2006-1 bonds. The bonds were issued in the amount of \$243,830,000 and the proceeds were to be used for various construction and renovation projects for the University at its Lowell campus and to partially advance refund the Series 2003-1 bonds, the Series 2004-1 bonds and the Series 2004-A bonds. As of June 30, 2007 the bonds payable amount was \$242,470,000. In June 2008 the Authority used the proceeds of its Series 2008-3 and 2008-4 bonds (described below) to currently refund the Series 2006-1 Bonds. Therefore as of June 30, 2008 there were no bonds outstanding.

The bonds carried a variable interest rate and were callable at any time at par. The principal and interest payments on the bonds were insured by AMBAC. The Authority also entered into a standby bond purchase agreement with Depfa Bank plc (DEPFA) which required DEPFA to purchase bonds tendered and not remarketed in an amount not to exceed the principal on the bonds plus accrued interest up to 190 days at an annual interest rate not to exceed 12 percent. Under this agreement, the Authority was required to pay DEPFA in quarterly installments a facility fee in the amount of 9.5 (or higher under certain circumstances) basis points of the commitment amount. Fees accrued by the Authority in connection with the standby bond purchase agreement totaled \$270,600 and \$248,600 for the years ended June 30, 2008 and 2007, respectively. At the time of the bond closing the Authority entered into an interest rate swap agreement with Citigroup, N.A., as swap counterparty for the term of the bond issue. The agreement calls for the Authority to pay a fixed rate of 3.482% and receive a floating rate based on a percentage of London Interbank Offered Rate (LIBOR), plus a spread (see below). The interest rate swap remains in place with an allocable portion going to the 2008-3 and 2008-4 bonds, respectively (see below).

Notes to Financial Statements June 30, 2008 and 2007

5. Bonds Payable (Continued)

Taxable Refunding Revenue Bonds, Senior Series 2006-2

In fiscal year 2006 UMBA issued its Series 2006-2 bonds. The bonds were issued in the amount of \$21,240,000 and the proceeds were used to advance refund the UMBA Refunding Revenue Bonds, Series 1995-B. As of June 30, 2008 and 2007 the bonds payable amount was \$16,315,000 and \$18,855,000, respectively. The bonds are payable annually on May 1 through 2014. The bonds carry interest rates that range from 5.29% to 5.49% and are not callable. The principal and interest payments on the bonds have been insured by AMBAC.

Project Revenue Bonds, Senior Series 2008-1

In fiscal year 2008 UMBA issued its Series 2008-1 bonds. The bonds were issued in the amount of \$232,545,000 and the proceeds were to be used for various construction and renovation projects for the University at the Amherst and Lowell campuses. As of June 30, 2008 the bonds payable amount was \$232,545,000. The bonds are payable annually on May 1 through 2038. The bonds carry a variable interest rate and are callable at any time at par. The bonds are supported with an irrevocable direct pay letter of credit (the Lloyds LOC) issued by Lloyds TSB Bank plc (Lloyds). The Lloyds LOC, upon presentation of required documentation, will pay the Bond Trustee the amount necessary to pay the principal and accrued interest on the bonds. The Lloyds LOC expires in 2013 and may be extended at the option of Lloyds. Under the terms of the Lloyds LOC, the Authority is required to pay Lloyds in guarterly installments a facility fee in the amount of 26.5 basis points (or higher, under certain circumstances) of the commitment amount. Fees accrued by the Authority in connection with the Lloyds LOC totaled \$65,800 for the year ended June 30, 2008. In December 2007 the Authority entered into an interest rate swap agreement with UBS AG, as swap counterparty, beginning May 1, 2008 and extending for the term of the bond issue. The agreement calls for the Authority to pay a fixed rate of 3.388% and receive a floating rate based on a percentage of LIBOR (see below).

Facilities Revenue Bonds, Senior Series 2008-A

In fiscal year 2008 UMBA issued its Series 2008-A bonds. The bonds were issued in the amount of \$26,580,000 and the proceeds were to be used for various construction and renovation projects for the University at the Dartmouth and Lowell campuses. As of June 30, 2008 the bonds payable amount was \$26,580,000. The bonds are payable annually on May 1 through 2038. The bonds carry a variable interest rate and are callable at any time at par. The bonds are guaranteed by the Commonwealth (see Note 10). The Authority also entered into a standby bond purchase agreement with Bank of America, N.A. (BofA) which requires BofA to purchase bonds tendered and not remarketed in an amount not to exceed the principal on the bonds plus accrued interest up to 184 days at an annual interest rate not to exceed 12 percent. Under this agreement, the

Notes to Financial Statements June 30, 2008 and 2007

5. Bonds Payable (Continued)

Facilities Revenue Bonds, Senior Series 2008-A (Continued)

Authority is required to pay BofA in quarterly installments a facility fee in the amount of 12 basis points of the initial commitment. The initial commitment under the agreement was set at \$28 million but is subject to adjustment from time to time in accordance with the provisions of the agreement. The agreement expires in 2013 and may be extended at the option of the BofA. Fees accrued by the Authority in connection with the standby bond purchase agreement totaled \$1,900 for the year ended June 30, 2008. In December 2007 the Authority entered into an interest rate swap agreement with Lehman Brothers Special Financing Inc. (LBSF) (see Note 17), as swap counterparty, beginning May 1, 2008 and extending for the term of the bond issue. The agreement calls for the Authority to pay a fixed rate of 3.378% and receive a floating rate based on a percentage of LIBOR (see below).

Project Revenue Bonds, Senior Series 2008-2

In fiscal year 2008 UMBA issued its Series 2008-2 bonds. The bonds were issued in the amount of \$120,560,000 and the proceeds were to be used for various construction and renovation projects for the University's Amherst and Worcester campuses. As of June 30, 2008 the bonds payable amount was \$120,560,000. The bonds are payable annually on May 1 through 2038. The bonds carry interest rates that range from 4% to 5% and are callable beginning May 1, 2018 at par. The Authority was paid a premium of \$668,100 for these bonds. Some of the principal and interest payments on the bonds have been insured by Financial Security Assurance Inc. (FSA).

Refunding Revenue Bonds, Senior Series 2008-3

In fiscal year 2008 UMBA issued its Series 2008-3 bonds. The bonds were issued in the amount of \$138,635,000 and the proceeds were used to currently refund a portion of the 2006-1 bonds. As of June 30, 2008 the bonds payable amount was \$138,635,000. The bonds are payable annually on November 1 through 2034. The bonds carry a variable interest rate and are callable at any time at par. The bonds are supported with an irrevocable direct pay letter of credit (the BofA LOC) issued by Bank of America NA (BofA). The BofA LOC, upon presentation of required documentation, will pay the Bond Trustee the amount necessary to pay the principal and accrued interest on the bonds. The BofA LOC expires in 2011 and may be extended at the option of BofA. Under the terms of the BofA LOC, the Authority is required to pay BofA in quarterly installments a facility fee in the amount of 55 basis points (or higher, under certain circumstances) of the commitment amount. Fees accrued by the Authority in connection with the BofA LOC totaled \$47,500 for the years ended June 30, 2008. The original interest rate swap with Citigroup from the 2006-1 bonds remains in place, with an allocable portion assigned to the 2008-3 bonds.

Notes to Financial Statements June 30, 2008 and 2007

5. Bonds Payable (Continued)

Refunding Revenue Bonds, Senior Series 2008-4

In fiscal year 2008 UMBA issued its Series 2008-4 bonds. The bonds were issued in the amount of \$104,000,000 and the proceeds were used to currently refund a portion of the 2006-1 bonds. As of June 30, 2008 the bonds payable amount was \$104,000,000. The bonds are payable annually on November 1 through 2034. The bonds carry a variable interest rate and are callable at any time at par. The bonds are guaranteed by the Commonwealth (see Note 10). The Authority also entered into a standby bond purchase agreement with Bank of America, N.A. (BofA) which requires BofA to purchase bonds tendered and not remarketed in an amount not to exceed the principal on the bonds plus accrued interest up to 184 days at an annual interest rate not to exceed 12 percent. Under this agreement, the Authority is required to pay BofA in quarterly installments a facility fee in the amount of 35 basis points of the initial commitment. The initial commitment under the agreement was set at \$110 million but is subject to adjustment from time to time in accordance with the provisions of the agreement.

Refunding Revenue Bonds, Senior Series 2008-4 (Continued)

The agreement expires in 2011 and may be extended at the option of the BofA. Fees accrued by the Authority in connection with the standby bond purchase agreement totaled \$21,400 for the year ended June 30, 2008. The original interest rate swap with Citigroup from the 2006-1 bonds remains in place, with an allocable portion assigned to the 2008-4 bonds.

Bond Refundings

In fiscal year 2008, the Authority currently refunded the UMBA Project and Refunding Revenue Bonds, Senior Series 2006-1 bonds. The variable rate bonds were called on an interest payment date and immediately retired.

In fiscal year 2006, the Authority refunded the ULBA Fifth Series A bonds and the UMBA Refunding Revenue Bonds, Series 1995-B and partially refunded the following bond issues: the Series 2000-1 bonds, the Series 2000-2 bonds, the Series 2000-A bonds, the Series 2003-1 Bonds, the Series 2004-1 Bonds and the Series 2004-A bonds. Accordingly, the Authority deposited into trust accounts funds sufficient to provide for all future debt service payments on the refunded bonds. Assets held in the trust accounts had an aggregate market value of approximately \$450,439,200 and \$455,326,000 as of June 30, 2008 and 2007, respectively. The unpaid principal amount of the refunded bonds totaled approximately \$415,125,000 and \$417,385,000 as of June 30, 2008 and 2007, respectively.

Notes to Financial Statements June 30, 2008 and 2007

5. Bonds Payable (Continued)

Bond Refundings (Continued)

In fiscal year 2004, the Authority refunded the following bond issues: the SMUBA Refunding Revenue Bonds, Series 1986-B; the ULBA Facilities Bonds, Fourth Series B; the UMBA Project Revenue Bonds, Series 1995-A; the UMBA Series 2000-1 bonds (partial refunding); the ULBA Fifth Series A bonds (partial refunding) and the SMUBA Refunding Revenue Bonds 1995 Series A. Accordingly, the Authority deposited into trust accounts funds sufficient to provide for all future debt service payments on the refunded bonds. Assets held in the trust accounts had an aggregate market value of approximately \$8,323,700 and \$8,375,800 as of June 30, 2008 and 2007, respectively. The unpaid principal amount of the refunded bonds totaled \$8,185,000 as of June 30, 2008 and 2007.

In fiscal year 1984, the Authority refunded all outstanding bonds issued by the Authority prior to May 1, 1984 and deposited into a trust account funds sufficient to provide for all future debt service payments on the refunded bonds. Assets held in the trusts accounts had an aggregate market value of approximately \$4,564,300 and \$5,780,900 at June 30, 2008 and 2007, respectively. The outstanding amount of the refunded bonds at June 30, 2008 and 2007 totaled \$4,945,000 and \$6,370,000, respectively.

Refunded bonds are considered defeased and, accordingly, the liability for the bonds payable and the assets held to repay the debt have not been recorded in the Authority's financial statements.

Bond Premium, Issuance Expenses and Deferred Amount on Refundings

In connection with the Authority's Series 2003-1, Series 2004-1, Series 2004-A, Series 2005-1, Series 2005-2 and Series 2008-2 bond issues, the Authority received premiums at issuance totaling approximately \$31,986,700. The Authority will amortize the premiums received on each issue as a reduction in interest expense over the life of the respective bond issue.

In connection with the Authority's Series 2003-1, Series 2004-1, Series 2004-A, Series 2005-1, Series 2005-2, Series 2006-1, Series 2006-2, Series 2008-1, Series 2008-A, Series 2008-2, Series 2008-3 and Series 2008-4 bonds, the Authority incurred certain issuance costs associated with the bond offerings totaling approximately \$13,529,300. These issuance costs have been capitalized by the Authority and will be amortized over the life of the applicable bond issues.

Notes to Financial Statements June 30, 2008 and 2007

5. Bonds Payable (Continued)

Bond Premium, Issuance Expenses and Deferred Amount on Refundings (Continued)

In connection with the Authority's bond refundings undertaken in fiscal 2006 as noted above, the Authority recorded a difference between the reacquisition price and the net carrying amount of the old debt of approximately \$42,622,000. This difference is being reported as a reduction from bonds payable and will be amortized as an increase in interest expense over the original life of the refunded bonds. The refundings reduced the Authority's debt service payments in future years by approximately \$24,240,000 and resulted in an economic gain (the present value of the savings) of approximately \$15,235,100.

In connection with the Authority's bond refundings undertaken in fiscal 2004 and 2005 as noted above, the Authority recorded a difference between the reacquisition price and the net carrying amount of the old debt of approximately \$2,840,000. This difference is being reported as a reduction from bonds payable and will be amortized as an increase in interest expense over the original life of the refunded bonds. The refundings reduced the Authority's debt service payments in future years by approximately \$1,966,000 and resulted in an economic gain (the present value of the savings) of approximately \$786,000.

Interest Rate Swaps – Series 2008-1 Swap

In connection with the Authority's Series 2008-1 bonds, the Authority entered into an interest rate swap (the 2008-1 Swap). The intention of the swap is to effectively change the Authority's variable interest rate on the bonds to a synthetic fixed rate of 3.388%.

Terms. The bonds and the related swap agreement mature on May 1, 2038, and the swap's notional amount of \$232,545,000 matches the amount of the variable rate bonds. The swap was entered in December 2007 with a start date of May 1, 2008. The notional value of the swap and the principal amount of the associated debt decline over time as the bond principal payments are made to the bondholders. Under the swap, the Authority pays the counterparty a fixed payment of 3.388% and receives a variable payment computed as 70% of the one-month LIBOR. Conversely, the variable interest rate on the bonds is based on actual weekly remarketing rates which are expected to roughly track the Securities Industry and Financial Markets Association Municipal Swap IndexTM (SIFMA) as successor to the Bond Market Association Municipal Swap IndexTM (BMA).

Notes to Financial Statements June 30, 2008 and 2007

5. Bonds Payable (Continued)

Interest Rate Swaps – Series 2008-1 Swap (Continued)

Fair value. As of June 30, 2008 the 2008-1 Swap had a negative fair market value of approximately \$1,208,000 due to a decrease in interest rates since execution of the swap. Because the Authority's variable-rate bonds adjust to changing interest rates, the bonds do not have a corresponding fair value decrease. The fair value was estimated using the zero-coupon method. This method calculates the future net settlement payments required by the swap, assuming that the current forward rates implied by the yield curve correctly anticipate future spot interest rates. These payments are then discounted using the spot rates implied by the current yield curve for hypothetical zero-coupon bonds due on the date of each future net settlement on the swap.

Credit risk. As of June 30, 2008 the Authority was exposed to credit risk in the amount of the 2008-1 Swap's fair value. The swap's counterparty, UBS AG, was rated Aa1, AA- and AA- by Moody's Investors Service, Standard and Poor's and Fitch Ratings, respectively, as of June 30, 2008. To mitigate the potential for credit risk, if the counterparty's credit quality falls below A3/A/A, the fair value of the swap will be fully collateralized by the counterparty with U.S. Government Securities or U. S. Government Agency Securities. Collateral posted by the counterparty will be held by a third-party custodian.

Basis risk. The 2008-1 Swap exposes the Authority to basis risk should the relationship between LIBOR and SIFMA converge, changing the synthetic rate on the bonds. The effect of this difference in basis is indicated by the difference between the intended synthetic rate (3.388%) and the synthetic rate as of June 30, 2008 (3.098%). If a change occurs that results in the rates' moving to convergence, the expected cost savings may not be realized. As of June 30, 2008, the SIFMA rate was 1.55%, whereas 70% of the one-month LIBOR was 1.74%.

Termination risk. The Authority or the counterparty may terminate the 2008-1 Swap if the other party fails to perform under the terms of the contract. The swap may be terminated by the Authority if the counterparty's credit quality rating falls below BBB+ as issued by Standard & Poor's Rating Service or Fitch Inc. or if the counterparty fails to have such a rating. If the swap is terminated, the variable-rate bonds would no longer carry a synthetic interest rate. Also, if at the time of the termination the swap has a negative fair value, the Authority would be liable to the counterparty for a payment equal to the swap's fair value.

Notes to Financial Statements June 30, 2008 and 2007

5. Bonds Payable (Continued)

Interest Rate Swaps – Series 2008-A Swap

In connection with the Authority's Series 2008-A bonds, the Authority entered into an interest rate swap (the 2008-A Swap). The intention of the swap is to effectively change the Authority's variable interest rate on the bonds to a synthetic fixed rate of 3.378%.

Terms. The bonds and the related swap agreement mature on May 1, 2038, and the swap's notional amount of \$26,580,000 matches the amount of the variable rate bonds. The swap was entered in December 2007 with a start date of May 1, 2008. The notional value of the swap and the principal amount of the associated debt decline over time as the bond principal payments are made to the bondholders. Under the swap, the Authority pays the counterparty a fixed payment of 3.378% and receives a variable payment computed as 70% of the one-month LIBOR. Conversely, the variable interest rate on the bonds is based on actual weekly remarketing rates which are expected to roughly track SIFMA.

Fair value. As of June 30, 2008 the 2008-A Swap had a negative fair market value of approximately \$119,000 due to a decrease in interest rates since execution of the swap. Because the Authority's variable-rate bonds adjust to changing interest rates, the bonds do not have a corresponding fair value decrease. The fair value was estimated using the zero-coupon method. This method calculates the future net settlement payments required by the swap, assuming that the current forward rates implied by the yield curve correctly anticipate future spot interest rates. These payments are then discounted using the spot rates implied by the current yield curve for hypothetical zero-coupon bonds due on the date of each future net settlement on the swap.

Credit risk. As of June 30, 2008 the Authority was exposed to credit risk in the amount of the 2008-A Swap's fair value. The swap's counterparty, LBSF, (see Note 17) was rated A1, A and A+ by Moody's Investors Service, Standard and Poor's and Fitch Ratings, respectively, as of June 30, 2008. To mitigate the potential for credit risk, if the counterparty's credit quality falls below A3/A/A, the fair value of the swap will be fully collateralized by the counterparty with U.S. Government Securities or U. S. Government Agency Securities. Collateral posted by the counterparty will be held by a third-party custodian.

Basis risk. The 2008-A Swap exposes the Authority to basis risk should the relationship between LIBOR and SIFMA converge, changing the synthetic rate on the bonds. The effect of this difference in basis is indicated by the difference between the intended synthetic rate (3.378%) and the synthetic rate as of June 30, 2008 (3.088%). If a change occurs that results in the rates' moving to convergence, the expected cost savings may not be realized. As of June 30, 2008, the SIFMA rate was 1.55%, whereas 70% of the one-month LIBOR was 1.74%.

Notes to Financial Statements June 30, 2008 and 2007

5. Bonds Payable (Continued)

Interest Rate Swaps – Series 2008-A Swap (Continued)

Termination risk. The Authority or the counterparty may terminate the 2008-1 Swap if the other party fails to perform under the terms of the contract. The swap may be terminated by the Authority if the counterparty's credit quality rating falls below BBB+ as issued by Standard & Poor's Rating Service or Baa1 as issued by Moody's Investor's Service or if the counterparty fails to have such a rating. If the swap is terminated, the variable-rate bonds would no longer carry a synthetic interest rate. Also, if at the time of the termination the swap has a negative fair value, the Authority would be liable to the counterparty for a payment equal to the swap's fair value.

Interest Rate Swaps – Series 2006-1 Swap

In connection with the Authority's Series 2006-1 bonds, the Authority entered into an interest rate swap (the 2006-1 Swap). The intention of the swap is to effectively change the Authority's variable interest rate on the bonds to a synthetic fixed rate of 3.482%. In fiscal 2008 the Authority currently refunded the Authority's Series 2006-1 bonds with the Authority's Series 2008-3 and 2008-4 bonds. The interest swap remains outstanding and is matched on a pro-rata basis with the Series 2008-3 and 2008-4 bonds.

Terms. The bonds and the related swap agreement mature on November 1, 2034, and the swap's notional amount of \$243,830,000 matches most of the amount of the variable rate bonds. The swap was entered at approximately the same time the bonds were issued (April 2006). The notional value of the swap and the principal amount of the associated debt decline as principal payments are made to the bondholders over time. Under the swap, the Authority pays the counterparty a fixed payment of 3.482% and receives a variable payment computed as 60% of the three-month LIBOR plus .18%. Conversely, the variable interest rate on the bonds is based on actual weekly remarketing rates which are expected to roughly track SIFMA.

Fair value. As of June 30, 2008, the 2006-1 Swap had a negative fair market value of approximately \$11,283,100. As of June 30, 2007, the swap had a positive fair market value of approximately \$2,387,300. The change in fair value of the swap is due to interest rates changes since execution of the swap. If interest rates increase over time from the date of issuance the swap will have a positive fair value while if rates fall the fair value will be negative. Because the Authority's variable-rate bonds adjust to changing interest rates, the bonds do not have a corresponding fair value decrease. The fair value was estimated using the zero-coupon method. This method calculates the future net settlement payments required by the swap, assuming that the current forward rates implied by the yield curve correctly anticipate future spot interest rates. These payments are then discounted using the spot rates implied by the current yield curve for hypothetical zero-coupon bonds due on the date of each future net settlement on the swap.

Notes to Financial Statements June 30, 2008 and 2007

5. Bonds Payable (Continued)

Interest Rate Swaps – Series 2006-1 Swap (Continued)

Credit risk. As of June 30, 2008 and 2007 the Authority was exposed to credit risk in the amount of the 2006-1 Swap's fair value. The swap's counterparty, Citibank, N.A., was rated Aa1, AA and AA+ by Moody's Investors Service, Standard and Poor's and Fitch Ratings, respectively, as of June 30, 2008. To mitigate the potential for credit risk, if the counterparty's credit quality falls below A2/A, the fair value of the swap will be fully collateralized by the counterparty with U.S. Government Securities or U. S. Government Agency Securities. Collateral posted by the counterparty will be held by a third-party custodian.

Basis risk. The 2006-1 Swap exposes the Authority to basis risk should the relationship between LIBOR and SIFMA converge, changing the synthetic rate on the bonds. The effect of this difference in basis is indicated by the difference between the intended synthetic rate (3.482%) and the synthetic rate as of June 30, 2008 (3.152%) and 2007 (3.826%). If a change occurs that results in the rates' moving to convergence, the expected cost savings may not be realized. As of June 30, 2008, the SIFMA rate was 3.73%, whereas 60% of the three-month LIBOR plus .18% was 3.40%. As of June 30, 2007, the SIFMA rate was 1.55%, whereas 60% of the three-month LIBOR plus .18% was 1.87%.

Termination risk. The Authority or the counterparty may terminate the 2006-1 Swap if the other party fails to perform under the terms of the contract. The swap may be terminated by the Authority if the counterparty's credit quality rating falls below Baa1 as issued by Moody's Investor Service or BBB+ as issued by Standard & Poor's or if the counterparty fails to have such a rating. If the swap is terminated, the variable-rate bonds would no longer carry a synthetic interest rate. Also, if at the time of the termination the swap has a negative fair value, the Authority would be liable to the counterparty for a payment equal to the swap's fair value.

Interest Rate Swap (Consolidated)

Swap payments and associated debt. Using rates as of June 30, 2008, the debt service requirements of the variable-rate debt and net swap payments, *assuming current interest rates remain the same* for their term, were as follows. As rates vary, variable-rate bond interest payments and net swap payments will vary.

Notes to Financial Statements June 30, 2008 and 2007

5. Bonds Payable (Continued)

Interest Rate Swap (Consolidated) (Continued)

	Variable	-Rate Bonds		
Fiscal Year			Interest Rate	
Ending June 30	Principal	Interest	Swaps, Net	Total
2000	¢ 7.010.000	ф 7.054.21 <i>С</i>	¢ 0.1 2 4.000	¢ 22.000.122

Total	<u>\$499,945,000</u>	<u>\$124,824,181</u>	<u>\$127,612,226</u>	<u>\$752,381,407</u>

6. Due to Bank of America

On January 2007 the Authority closed on a \$35,000,000 Revolving Line of Credit (the Line) with Bank of America, N.A (the Bank). The Line matures on the first anniversary of the date of the agreement and can be extended or renewed at the option of the Bank. At the time of each draw on the Line the Authority must elect to have the interest on the draw calculated based on (a) 75% of the one-month, two-month or three-month LIBOR rate (LIBOR Rate) or (b) 75% of the higher of the Federal Funds Rate plus .5% or 75% the Bank's "prime rate" (Base Rate). Interest is due at the end of the one, two or three month period under a LIBOR Rate draw, the first business day of the calendar quarter for Base Rate draws or the Line's maturity date, whichever comes first, except at the Line's maturity date, the Authority can elect to have the interest charges incorporated into a subsequent draw.

In November 2007 the Authority renewed the Line for an additional 12 months. At the time of the renewal the total of the Line was reduced to \$30,000,000 and the LIBOR Rate and Base Rate factor was increased from 75% to 77%.

Notes to Financial Statements June 30, 2008 and 2007

6. Due to Bank of America (Continued)

At the time Line was closed the Authority entered into a contract with the University that obligates the University to make payments to the Authority sufficient to cover the costs of the Line. The Authority expects to pay all principal and interest charges related to the Line by issuing long-term bonds at the appropriate time.

As of June 30, 2008 the Authority had \$120,221 outstanding under the Line. The interest terms on the draws were one-month LIBOR and the interest rates ranged from 1.84% to 4.37% during the year.

As of June 30, 2007 the Authority had \$4,070,460 outstanding under the Line in four separate draws. The interest terms on the draws were either one-month or three-month LIBOR and the interest rates ranged from 3.99% to 4.02% during the year.

7. Net Assets

At June 30, 2008 and 2007, the net asset category "Invested in capital assets, net of related debt" is comprised of the following components:

	2008	2007
Cost of capital assets acquired	\$940,811,257	\$786,894,956
Less: Accumulated depreciation	238,409,517	220,057,807
Less: Outstanding debt related to capital assets	553,926,372	505,870,857
	\$148,475,368	\$ 60,966,292

The remaining outstanding debt is netted against the related proceeds which have not been expended in the computation of net assets restricted for capital projects.

8. Grant from the University of Massachusetts

During fiscal 2008 the Authority received a grant from the University of \$4,000,000. Under the terms of the Memorandum of Understanding between the Lowell campus and the Authority, the funds are to be used to develop a Life Sciences Innovation Facility which will serve as the location for the Massachusetts Medical Device Development Center (M2D2) to be located on the Lowell campus. As per the Authority's policy, the grant is shown on the Statements of Revenues, Expenses and Changes in Net Assets as a capital contribution.

Notes to Financial Statements June 30, 2008 and 2007

9. State Appropriations

During fiscal 2007 the Authority received two appropriations from the Commonwealth totaling \$54,000,000. The first, for \$50,000,000 and authorized in November 2006, represented funds designated for rehabilitation, renovation and maintenance of infrastructure across the University's campuses. The second, for \$4,000,000 and authorized in May 2007, represented funds designated for the construction of facilities to promote nano-manufacturing and bio-manufacturing at the Lowell campus.

10. Guaranty of the Commonwealth of Massachusetts

Section 10 of the Enabling Act authorizes the Commonwealth, acting by and through the Trustees, to enter into contracts with the Authority for state financial assistance in the form of a guaranty by the Commonwealth of the payment of the principal and interest as they become due and payable up to a maximum of two hundred million dollars principal amount of outstanding bonds and notes of the Authority. The full faith and credit of the Commonwealth are pledged for the payment of the guaranty. As is generally the case with other full faith and credit obligations of the Commonwealth, funds with which to honor such guaranty are to be provided by appropriation.

11. Contingencies

The Authority is contesting certain tax liens and fees from government bodies. In the opinion of management the ultimate liability, if any, from these lawsuits and contested liens and fees would not have a material effect on the financial position of the Authority.

12. Lease Obligations

The Authority has executed long-term leases with the Commonwealth, acting by and through the Trustees, covering the land on which facilities owned by the Authority are located on the University's campuses. These leases call for nominal annual payments to the Commonwealth. Certain of these leases renew automatically for subsequent five or ten year periods unless the Authority notifies the University that it does not wish to renew. Other leases require the Authority to notify the University of its desire to renew. As of June 30, 2008 all leases with the Commonwealth were in good standing and any leases requiring action by the Authority during the year to facilitate their renewals were properly renewed.

As provided in the Enabling Act, each of the above-referenced leases also terminates when the Authority no longer has any bonds outstanding, at which time all Authority property becomes the property of the Commonwealth.

Notes to Financial Statements June 30, 2008 and 2007

12. Lease Obligations (Continued)

The Authority entered into a sublease agreement, as lessee, dated December 14, 2004 with SSB Realty, LLC, as lessor (the Lessor), for space at 225 Franklin Street, Boston, Massachusetts to be used primarily by the University, the Authority, The University of Massachusetts Foundation, Inc. and The University of Massachusetts Club. The agreement requires the Authority to pay a base rent plus a proportionate share of any increase over the base year of the Lessor's costs and taxes. The lease began April 1, 2005 and ends December 15, 2015 and includes an initial three month period of no rental payments. In July 2007 SSB Realty, LLC notified the Authority that the lease with the Authority had been assigned to Equity Office Management, LLC (Equity) and that Equity had assumed all rights under the lease.

For the year ended June 30, 2008 and 2007, lease operating costs were approximately \$1,517,900 and \$1,480,000, respectively, which are included in facility operating costs in the accompanying statement of revenues, expenses and changes in net assets.

The Authority also executed (in the capacity of paying agent for the lessee), a lease agreement dated as of September 1, 2003 between Baystate Medical Center, Inc., as lessor, and Pioneer Valley Life Sciences Institute of Baystate Medical Center and UMass Amherst, Inc., as lessee, for laboratory space to be used by the lessee. The lessee is an entity the activities of which are approved by the Trustees as furthering the purposes of the University. The lease terminated on September 30, 2007 and called for the Authority to pay on behalf of the lessee \$46,068 per month during the term of the lease plus an annual allocation of laboratory costs; but such payments are to be made solely from funds specifically provided to the Authority for such purpose by appropriation from the Commonwealth, and not from any other source. Funds totaling \$2,500,000 and restricted for these lease payments have been provided by the Commonwealth through appropriation. Lease payments made for the years ended June 30, 2008 and 2007 totaled approximately \$162,800 and \$634,000, respectively.

Approximate future payments (excluding Lessor's costs and taxes) under the agreements are as follows:

Year Ending	
June 30,	
2009	\$ 1,475,000
2010	1,520,000
2011	1,654,000
2012	1,654,000
2013	1,654,000
2014-2016	4,065,000
	\$12,022,000

Notes to Financial Statements June 30, 2008 and 2007

13. The University of Massachusetts Club

In August 2005 the Authority executed a contract with UMass Club Management, LLC (the Manager), a wholly owned subsidiary of ClubCorp USA, Inc., to provide management services for the University of Massachusetts Club (the Club), a private social club for alumni and friends of the University. The Club, located on the 33rd floor of 225 Franklin Street in Boston Massachusetts, was opened on October 31, 2005.

Under the terms of the contract, the Authority, acting as owner of the Club, is responsible for approving the budgets and operating plans of the Club as presented by the Manager. The Authority is responsible for any operating shortfall and will benefit from any operating profits. The contract calls for a minimum annual management fee payable to the Manager of \$150,000 or four percent of the operating revenues, as defined by the contract, whichever is greater. Additionally, the Manager receives a percentage of the Club's initiation fees and 25% of the operating profits, as defined by the contract. The contract term is 10 years and can be terminated by the Authority after 3 years if the Authority decides to close the Club for a minimum of 18 months. As tenant on the sublease for the 33rd floor, the Authority would be responsible for the rental charges should it decide to close the Club.

As of June 30, 2008 and 2007 the Authority had provided operating support for the Club of approximately \$451,600 and \$760,300.

14. Special Item – Removal of Certain Campus Operating Activities

During fiscal year 2007 the Authority received an opinion from the Authority's bond counsel that the Authority was no longer required to reflect the campus level activity related to the Authority's dorms at the Dartmouth campus. These amounts are reflected on the financial statements of the University of Massachusetts, of which the Authority is a component unit. The elimination of these accounts from the financial statements resulted in a charge to the statement of activities as a special item in the amount of \$2,734,901.

15. Related Party Transaction

Included in accounts payable at June 30, 2008 is an amount due to the University of Massachusetts – Amherst Campus of approximately \$291,500, an amount due to the University of Massachusetts – Boston Campus of approximately \$118,100, an amount due to the University of Massachusetts – Dartmouth Campus of approximately \$576,400 and an amount due to the University of Massachusetts - Lowell Campus of approximately of approximately \$9,112,900. These amounts represent costs incurred by the campuses prior to June 30, 2008 on Authority projects but not reimbursed to the campuses until fiscal 2009.

Notes to Financial Statements June 30, 2008 and 2007

15. Related Party Transaction (Continued)

Included in accounts payable at June 30, 2007 is an amount due to the University of Massachusetts – Lowell Campus of approximately \$1,526,000. This amount represents costs incurred by the campus prior to June 30 related to certain operating costs related to Authority projects. Payment was made to the campus for the amount due in July of 2007.

16 Recent Accounting Pronouncements

In June 30, 2008, GASB issued Statement No. 53, *Accounting and Financial Reporting for Derivative Instruments*. GASB Statement No. 53 addresses the recognition, measurement and disclosure of derivative instruments entered into by state and local governments. GASB Statement No. 53 is effective for financial statements for periods beginning after June 15, 2009. The Authority is currently evaluating the effect this statement will have on its financial statements.

17 Subsequent Events

On October 3, 2008 LBSF filed for bankruptcy with the United States Bankruptcy Court for the Southern District of New York. Under the terms of the swap agreement related to the UMBA Series 2008-A bonds, the Authority has the right to terminate the swap at its option as the filing constitutes a default. At the time of the filing there were no funds owed by LBSF to the Authority. As of the report date of these financial statements the Authority was assessing its options and expected to find an acceptable replacement counterparty to LBSF under similar terms to the original agreement.

November 19, 2008

To the Board of Trustees and President Jack M. Wilson

We are pleased to submit the annual Financial Report of the University of Massachusetts for the year ended June 30, 2008. The enclosed financial statements incorporate all financial activity of the University and its five campuses. This statement has been audited by an independent auditing firm and is fully represented in the financial report of the Commonwealth of Massachusetts. Detailed information about each campus is provided as supplemental information.

The financial information presented in the Financial Report is designed to aid a wide variety of readers to assess the effectiveness of the University's management of its resources in meeting its primary mission of instruction, research, and public service. This report is intended to form a comprehensive and permanent record of the finances of the University of Massachusetts, and it is submitted as the public accounting of the University's financial affairs for the fiscal year ended June 30, 2008 including comparative information as of June 30, 2007.

The University's net assets increased \$89.1 million from \$1.56 billion in fiscal year 2007 to \$1.65 billion in fiscal year 2008. The major components of the increase are related to increases in student fee revenues across the campuses and physical plant improvements.

Each year, the Board of Trustees approves five-year targets for five key financial indicators that are likely to determine the success of the University over the long term. Those key indicators are operating margin, financial cushion, return on net assets, debt service to operations, and endowment per student. During 2008, the University met or exceeded its targets for all five indicators. Overall, the University made important progress in fiscal 2008 toward the achievement of its long-term financial objectives of growth and stability.

Respectfully submitted,

Stephen W. Lenhardt Vice President, Management and Fiscal Affairs & Treasurer

Christine M. Wilda Assistant Vice President & University Controller

Report of Independent Auditors

To the Board of Trustees of the University of Massachusetts

In our opinion, based on our audits and the reports of other auditors, the accompanying consolidated statements of net assets and the related statements of revenues, expenses and changes in net assets, and of cash flows present fairly, in all material respects, the financial position of the University of Massachusetts (the "University"), and its discretely presented component units at June 30, 2008 and 2007, and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the University's management. Our responsibility is to express an opinion on these financial statements based on our audits. We did not audit the financial statements of the University of Massachusetts Building Authority, (a blended component unit included in the column titled University) or the University of Massachusetts Dartmouth Foundation, Inc. (a discretely presented component unit included in the column titled University Related Organizations), which statements reflect total net assets of \$217 million of the University and \$33 million of the University Related Organizations, and \$200 million of the University and \$30 million of the University Related Organizations as of June 30, 2008 and 2007 respectively, and total revenues of \$66 million of the University and \$6 million of the University Related Organizations and \$121 million of the University and \$9 million of the University Related Organizations, for the years then ended, respectively. Those statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for these components of the University, is based on the reports of the other auditors. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits and the reports of other auditors provide a reasonable basis for our opinion.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The Management' Discussion and Analysis included in this document is presented for purposes of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Government Accounting Standards Board. We have applied certain limited procedures, which consist principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

University of Massachusetts Management's Discussion and Analysis June 30, 2008

Introduction

This unaudited section of the University of Massachusetts (the "University") Annual Financial Report presents our discussion and analysis of the financial position and performance of the University and its component units during the fiscal year ended June 30, 2008 with comparative information as of June 30, 2007, and June 30, 2006. This discussion and analysis has been prepared by management along with the accompanying financial statements and related footnote disclosures and should be read in conjunction with, and is qualified in its entirety by, the financial statements and footnotes. The accompanying financial statements, footnotes and this discussion are the responsibility of management.

The University of Massachusetts is a state coeducational institution for higher education with separate campuses at Amherst, Boston, Dartmouth, Lowell and Worcester all located in the Commonwealth of Massachusetts (the "Commonwealth"). The University was established in 1863 in Amherst, under the provisions of the 1862 Morrill Land Grant Acts, as the Massachusetts Agricultural College. It became known as the Massachusetts State College in 1932 and in 1947 became the University of Massachusetts. The Boston campus was opened in 1965 and the Worcester campus, Medical School, was opened in 1970. The Lowell and Dartmouth campuses (previously the University of Lowell and Southeastern Massachusetts University, respectively) were made a part of the University by a legislative act of the Commonwealth, effective September 1, 1991.

The University's mission is to provide an affordable and accessible education of high quality and to conduct programs of research and public service that advance knowledge and improve the lives of the people of the Commonwealth, the nation and the world. In the fall of 2007, the University enrolled approximately 51,069 full-time equivalent ("FTE") students. The University is committed to providing, without discrimination, diverse program offerings to meet the needs of the whole of the state's population. The University's five campuses are geographically dispersed throughout Massachusetts and possess unique and complementary missions.

Basis of Presentation

The annual financial report and statements include the University and certain other organizations that have a significant relationship with the University. The statements include the University's blended component units, which are the University of Massachusetts Building Authority (the "Building Authority"), a public instrumentality of the Commonwealth created by Chapter 773 of the Acts of 1960 of the Commonwealth, Worcester City Campus Corporation ("WCCC"), a not-for-profit 501(C)(3) organization and the University of Massachusetts Amherst Foundation, Inc. (the "UMass Amherst Foundation") which was established in fiscal year 2003. The purpose of the Building Authority is to provide dormitories, dining commons and other buildings and structures for use by the University and entities associated with the University and to Issue bonds to finance such projects. On November 4, 1992, the University created WCCC as a Massachusetts not-for-profit corporation to purchase various assets of Worcester City Hospital, to operate as a real estate holding company and to foster and promote the growth, progress and general welfare of the University of Massachusetts Dartmouth Foundation, Inc. (the "Dartmouth Foundation") and the University of Massachusetts Dartmouth Foundation, Inc. (the "Dartmouth Foundation"). These foundations are related tax exempt organizations for such purposes. The University of Massachusetts Foundation manages the majority of the University's endowment.

Financial Highlights

The University's combined net assets increased \$89.1 million from \$1.56 billion in fiscal year 2007 to \$1.65 billion in fiscal year 2008. The major components of this increase relate to positive operating margins due primarily to increased student fee revenues as a result of increased enrollment and fees along with significant physical plant improvements.

Using the Annual Financial Report

One of the most important questions asked about University finances is whether the University as a whole is better off or worse off as a result of the year's activities. The key to understanding this question are the Statement of Net Assets, Statement of Revenues, Expenses and Changes in Net Assets and the Statement of Cash Flows. These statements present financial information in a form similar to that used by private sector companies. The University's net assets (the difference between assets and liabilities) are one indicator of the University's financial health. Over time, increases or decreases in net assets is one indicator of the improvement or erosion of an institution's financial health when considered with non-financial facts such as enrollment levels, operating expenses, and the condition of the facilities.

The statement of net assets includes all assets and liabilities of the University. It is prepared under the accrual basis of accounting, whereby revenues and assets are recognized when the services are provided and expenses and liabilities are recognized when services are received, regardless of when cash is exchanged. Net assets are further broken down into three categories: Investment in capital assets, net of related debt, restricted and unrestricted. Invested in capital assets, net of related debt represents the historical cost of property and equipment, reduced by the balance of related debt outstanding and depreciation expense charged over the years. Net assets are reported as restricted when constraints are imposed by third parties, such as donors, or enabling legislation. Restricted net assets are either non-expendable, as in the case of endowment gifts to be held in perpetuity, or expendable, as in the case of funds to be spent on scholarships and research. All other assets are unrestricted; however, they may be committed for use under contract or designation by the Board of Trustees.

The statement of revenues, expenses and changes in net assets presents the revenues earned or received and expenses incurred during the year. Activities are reported as either operating or nonoperating. Operating revenues and expenses include tuition and fees, grant and contract activity, auxiliary enterprises and activity for the general operations of the institution not including appropriations from state and federal sources. Non-operating revenues and expenses include appropriations, capital grants and contracts, endowment, gifts and investment income. All things being equal, a public University's dependency on state aid and gifts will result in operating deficits. That is because the prescribed financial reporting model classifies state appropriations and gifts as nonoperating revenues. The utilization of long-lived assets, referred to as capital assets, is reflected in the financial statements as depreciation expense, which amortizes the cost of a capital asset over its expected useful life.

Another important factor to consider when evaluating financial viability is the University's ability to meet financial obligations as they mature. The statement of cash flows presents information related to cash inflows and outflows summarized by operating, capital and non-capital, financing and investing activities.

The footnotes provide additional information that is essential to understanding the information provided in the external financial statements.

Reporting Entity

The financial statements report information about the University as a whole using accounting methods similar to those used by private-sector companies. The financial statements of the University are separated between University (including its blended component units) and its discretely presented Component Unit activities. The University's discretely presented Component Units (or Related Organizations) are the University of Massachusetts Foundation, Inc., and the University of Massachusetts Dartmouth Foundation, Inc.

Total Net Assets	\$297,930	\$286,916	\$11,014	\$246,072

At June 30, 2008, total University assets were \$3.53 billion, an increase of \$373.9 million over the \$3.16 billion in assets recorded for fiscal year 2007. Much of the increase can be attributed to increases in the cash and securities held by the trustees, investment in plant assets, and investments. The receivable from UMass Memorial to the University decreased by \$118.4 million between June 30, 2008 and 2007 primarily due to the timing of payments. The University's largest asset continues to be its net investment in its physical plant of \$1.92 billion at June 30, 2008 (\$1.72 billion in fiscal year 2007).

At June 30, 2007, total University assets were \$3.16 billion, an increase of \$254.3 million over the \$2.91 billion in assets recorded for fiscal year 2006. Much of the increase was attributed to increases in investment in plant assets, accounts receivable from UMass Memorial and investments. The University's largest asset was its net investment in its physical plant of \$1.72 billion at June 30, 2007 (\$1.50 billion in fiscal year 2006).

University liabilities totaled \$1.88 billion at June 30, 2008, an increase of \$284.8 million over fiscal year 2007 (\$1.60 billion). Long-term debt largely consists of bonds payable and capitalized lease obligations amounting to \$1.43 billion at June 30, 2008. This represents an increase of approximately \$328.3 million over long-term debt obligations of \$1.10 billion in fiscal year 2007. This increase reflects new debt issued by the Building Authority. Other Liabilities decreased \$45.5 million due to timing of payments at year end.

University liabilities totaled \$1.60 billion at June 30, 2007, an increase of \$39.7 million over fiscal year 2006 (\$1.56 billion). Long-term debt largely consists of bonds payable and capitalized lease obligations amounting to \$1.10 billion at June 30, 2007. This represents an increase of approximately \$90.7 million over long-term debt obligations of \$1.01 billion in fiscal year 2006. This increase reflects new debt issued by WCCC and draw downs on a new line of credit at the Building Authority. Other Liabilities decreased \$54.2 million primarily due to a decline in payables to the Commonwealth of Massachusetts at Worcester in the amount of \$45.0 million. In addition, the liability for Securities on Loan decreased \$2.6 million.

The University's current assets as of June 30, 2008 of \$495.0 million were sufficient to cover current liabilities of \$431.7 million, as the current ratio was 1.15 dollars in assets to every one-dollar in liabilities. June 30, 2007 current assets of \$475.1 million were sufficient to cover current liabilities of \$472.7 million, a current ratio of was 1.01. At June 30, 2006, the current ratio was 0.99 (\$504.7 million in assets for \$509.0 million in liabilities).

The unrestricted and restricted expendable net assets totaled \$609.8 million in fiscal year 2008, which represents 27.7% of total operating expenditures of \$2.20 billion. The unrestricted and restricted expendable net assets totaled \$663.9 million in fiscal year 2007, which represents 30.5% of total operating expenditures of \$2.18 billion. In fiscal year 2006, expendable net assets of \$529.6 million to \$2.06 billion of total operating expenditures resulted in a ratio of 25.8%.

Total operating revenues for fiscal year 2008 were \$1.65 billion. This is consistent with the \$1.65 billion in operating revenues in fiscal year 2007. The most significant sources of revenue for the University are tuition and fees, grants and contracts, auxiliary services and public service activities at the Worcester Medical School campus categorized in the following chart as "Other Operating Revenues". The following chart displays operating revenues by source for the University in fiscal years 2008, 2007 and 2006. Total operating revenues for fiscal year 2007 were \$1.65 billion, \$125.8 million more than the fiscal year 2006 operating revenues of \$1.53 billion.

Sources of Operating Revenues in Relation to Total Revenues, Fiscal Year 2006 to Fiscal Year 2008

In fiscal year 2008, operating expenditures, including depreciation and amortization of \$126.9 million, totaled \$2.20 billion. Of this total, \$1.11 billion or 50% was used to support the academic core activities of the University, including \$342.1 million in research. The chart below displays fiscal year 2008, 2007 and 2006 operating spending.

Operating Expenses in Relation to Total Expenses, Fiscal Year 2006 to Fiscal Year 2008

Public Service Activities

Public Service Activities consist largely of sales and services provided to third parties by the UMass Medical School campus under its Commonwealth Medicine (CWM) programs, which provide public consulting and services in health financing, administration and policy to federal, state and local agencies and not-for-profit health and policy organizations. Included in this category of activities are Commonwealth Medicine revenues of \$323.2 million and \$324.6 million for the years ended June 30, 2008 and 2007, respectively. Included in expenditures are Commonwealth Medicine expenditures of \$300.2 million and \$296.5 million for the years ended June 30, 2008 and 2007, respectively.

In addition to CWM activities, Public Service Activities also includes payments received by the Medical School for educational services it provides to its clinical affiliate UMass Memorial as required by the enabling legislation enacted by the Commonwealth in 1997. Educational services revenues included in public service revenues were \$75.0 million and \$143.7 million for the years ended June 30, 2008, and 2007, respectively. The decline in revenue activity relative to the educational services is predicated on an annually negotiated amount which may vary from period to period. Finally, Public Service Activity expenditures also include payments made to the Commonwealth of Massachusetts of \$20.4 million and \$95.0 million for the years ended June 30, 2008 and 2007, respectively, pursuant to requirements of legislation enacted by the State Legislature of Massachusetts. Payments made to the Commonwealth are negotiated annually and may fluctuate year to year.

State Appropriations

State appropriations represent approximately 27% of all operating and non-operating revenues. The level of state support is a key factor influencing the University's overall financial condition. Although the state appropriation is unrestricted revenue, nearly 100% of the state appropriation supports payroll and benefits for University employees.

In fiscal year 2008, the net state appropriation increased \$37.9 million over fiscal year 2007 amounts. This increase is attributed to increased state fringe benefit support as well as an increase for general operations.

Unless otherwise permitted by the Massachusetts Legislature, the University is required to remit tuition revenue received to the Commonwealth. Therefore, the University collects student tuition on behalf of the Commonwealth and remits it to the Commonwealth's General Fund. There is no direct connection between the amount of tuition revenues collected by the University and the amount of state funds appropriated in any given year. During fiscal year 2004, the Amherst campus was able to retain tuition for out of state students as part of a pilot program authorized by the Commonwealth. This pilot program was extended indefinitely in 2005. The amount of tuition retained by the University during 2008, 2007, and 2006 was \$32.7 million, \$31.1 million, and \$27.8 million, respectively.

The following details the Commonwealth operating appropriations received by the University for fiscal years ending June 30, 2008, 2007 and 2006 (in thousands):

	June 30, 2008	June 30, 2007	June 30, 2006
Gross Commonwealth Appropriations	\$485,199	\$474,909	\$450,324
Plus: Fringe Benefits*	178,236	<u>151,106</u>	<u>123,949</u>
	\$663,435	\$626,015	\$574,273
Less: Tuition Remitted	(\$46,164)	(\$46,599)	(\$47,524)
Net Commonwealth Support	\$617,271	\$579,416	\$526,749

*The Commonwealth pays the fringe benefit cost for University employees paid from Commonwealth operating appropriations. Therefore, such fringe benefit support is added to the "State Appropriations" financial statement line item as presented in the above table. The University pays the Commonwealth for the fringe benefit cost of the employees paid from funding sources other than Commonwealth operating appropriations.

Capital Appropriations from the Commonwealth

The University faces a financial challenge to maintain and upgrade its capital assets including its infrastructure, buildings and grounds. In order to have a successful capital program, the University must rely on a combination of revenue sources to fund its investment in capital improvements, including appropriations provided by the Commonwealth of Massachusetts. In fiscal year 2008, the \$27.1 million of capital appropriations provided to the University were \$52.4 million less than the appropriations provided in fiscal year 2007. This variance is primarily due to the fact that in July of 2006 the Commonwealth finalized a supplemental funding bill, Chapter 122 of the Acts of 2006, which approved the transfer of \$50.0 million to the University to address the rehabilitation, renovation and maintenance of facilities and infrastructure. The fiscal year 2007 capital appropriations of \$73.6 million were \$46.5 million greater than the \$27.1 million appropriated from the Commonwealth in fiscal year 2006. Although fiscal year 2008 capital appropriations represent approximately .46% of all revenues, this form of state support plays an important role in the University's efforts to address deferred maintenance projects at our campuses.

Grant and Contract Revenue

The University's Amherst Campus and Medical School campus in Worcester have been the primary catalyst in the University's research funding growth in recent years accounting for approximately 75% of University grant and contract activity collectively. However, each of the other campuses has also experienced growth in sponsored research activity in recent years.

The following table details the University's grant and contract revenues (in millions) for the fiscal years ended June 30, 2008, 2007 and 2006:

······································	June 30, 2008	June 30, 2007	June 30, 2006
Federal Grants and Contracts	\$318,288	\$297,647	\$300,685
State Grants and Contracts	72,034	66,775	66,172
Local Grants and Contracts	2,507	2,815	3,746
Private Grants and Contracts	99,342	92,653	82,234
Total Grants and Contracts	\$492,171	\$459,890	\$452,837

Discretely Presented Component Units

University of Massachusetts Foundation, Inc.

The combined University and Foundation endowment has increased to approximately \$407.1 million at June 30, 2008 up from \$354.5 million at June 30, 2007 and up from \$258.4 million at June 30, 2006.

The Foundation utilizes the pooled investment concept whereby all invested funds are in one investment pool, except for investments of certain funds that are otherwise restricted. Pooled investment funds will receive an annual distribution of approximately 5% of their beginning market value as of July 1 subject to review and approval by the Foundation's Board of Directors. The distribution amount will be made available at the beginning of the following fiscal year. The actual spending rate was 4% for fiscal years 2008, 2007 and 2006. The total investment returns of the Foundation for fiscal year 2008, including realized and unrealized investment activity, was a net loss of approximately \$1.2 million as compared to a net gain of \$37.8 million in 2007.

University of Massachusetts Dartmouth Foundation, Inc.

Total marketable securities for the Dartmouth Foundation were \$25.1 million at June 30, 2008 up from \$23.7 million in fiscal year 2007 and \$18.7 million in fiscal year 2006 which are held by the University of Massachusetts Foundation, Inc. The increase was primarily due to new gifts. The Dartmouth Foundation total investment returns for fiscal year 2008, including realized and unrealized investment activity, was a net gain of approximately \$171,585 as compared to a net gain of approximately \$3.0 million in 2007.

Tuition and Fees

The University strives to provide students with the opportunity to obtain a quality education. Future University enrollments may be affected by a number of factors, including any material increase in tuition and other mandatory charges and any material decrease in Commonwealth appropriations. Starting in fiscal year 2004, the University has followed the practice of limiting the annual increases in total mandatory student charges (tuition and mandatory fees) for resident undergraduate students to rate increases of no greater than the rate of inflation.

Enrollment

Except for the Medical School, which admits only Massachusetts residents (as required by Massachusetts Session Laws, 1987, Chapter 199, Section 99); admission to the University is open to residents and non-residents of the Commonwealth on a competitive basis. In the fall 2007 semester, Massachusetts residents accounted for approximately 80% and 41% of the University's total undergraduate and graduate enrollment, respectively. Total enrollment in the fall of 2007 was 51,069 FTE (61,034 headcount students).

Enrollments at the University have shown modest increases overall since 1997 (44,853 FTE). The enrollment changes are consistent with the University's efforts to manage housing and class enrollment. In the fall of 2007, freshman applications were up at the Amherst campus 21%, up at Boston 15%, up at Dartmouth 6% and up 8% at the Lowell campus. Transfer applications were up at the Amherst and Dartmouth campuses by 5%, steady at the Boston Campus, and down approximately 7% at the Lowell campus.

The average Scholastic Aptitude Test ("SAT") scores for entering University freshmen ranged from 1053 to 1142 at the University's campuses in the fall of 2007. The 2007 national average SAT composite score was 1017.

Degrees Awarded

The University awards four levels of degrees, including associate, bachelors, masters and doctoral/professional degrees. A total of 11,704 degrees were awarded in 2006-2007: 162 associate degrees, 8,191 bachelor degrees, 2,785 master degrees, 478 doctoral degrees and 88 MD degrees.

Bonds Payable

As of June 30, 2008, the University had outstanding bonds of approximately \$1.385 billion representing \$978.0 million of University of Massachusetts Building Authority bonds (the "Building Authority Bonds"), \$84.0 million of University of Massachusetts bonds financed through the Massachusetts Health and Educational Facilities Authority (the "UMass HEFA Bonds"), and \$323.0 million of bonds financed through the Worcester City Campus Corporation (the "WCCC Bonds"). Bonds payable is the University's largest liability at June 30, 2008 and 2007. Projects initially financed by the Building Authority Bonds consisted primarily of dormitories, apartments, dining commons, athletic and multi purpose facilities and parking garages at the University campuses. The Building Authority's active projects include dormitory rehabilitations, renovation of general education buildings, and construction of academic and science facilities. The proceeds from the UMass HEFA Bonds were used to create a revolving loan program and to fund the construction of two new campus centers at the Boston and Lowell campuses (funded jointly with the

Commonwealth).

In fiscal year 2008, the Authority issued \$381.5 million of bonds and refunded \$242.5 million of previously issued bonds in a series of transactions. The proceeds were to be used for various construction and renovation projects for the Amherst, Dartmouth, Lowell, and Worcester campuses. Further, in fiscal year 2008,

- The Building Authority issued its Series 2008-1 bonds. The bonds were issued in the amount of \$232.5 million and the
 proceeds were to be used for various construction and renovation projects for the Amherst and Lowell campuses.
- The Building Authority issued Series 2008-A bonds. The bonds were issued in the amount of \$26.6 million and the proceeds were to be used for various construction and renovation projects for the Dartmouth and Lowell campuses.
- The Building Authority issued Series 2008-2 bonds. The bonds were issued in the amount of \$120.6 million and the proceeds
 were to be used for various construction and renovation projects for the University's Amherst and Worcester campuses.
- The Building Authority issued its Series 2008-3 bonds. The bonds were issued in the amount of \$138.6 million and the
 proceeds were used to currently refund a portion of the 2006-1 bonds.
- The Building Authority issued Series 2008-4 bonds. The bonds were issued in the amount of \$104.0 million and the proceeds were used to currently refund a portion of the 2006-1 bonds.
- In connection with the Series 2008-1 bonds, the Building Authority entered into an interest rate swap (the 2008-1 Swap). The
 intention of the swap is to effectively change the variable interest rate on the bonds to a synthetic fixed rate of 3.388%.

Capitalized Lease Obligations

At June 30, 2008, the University had capital lease obligations with remaining principal payments of approximately \$42.4 million which is a decrease from fiscal year 2007 of \$54.6 million. The capital leases primarily consist of telecommunications, software and co-generation systems, and campus energy conversions. The decrease in obligations is due to scheduled debt service payments.

University Rating

As of June 30, 2008, the credit ratings for the University of Massachusetts bonds are "A+" as rated by Fitch IBCA and Standard & Poor's rating agencies. The highest achievable rating is "AAA" based upon the scale used in the University's rating. The University's rating is two tiers below the "AA" rating of the Commonwealth of Massachusetts.

Limitations on Additional Indebtedness

The University may, without limit, issue additional indebtedness or request the Building Authority to issue additional indebtedness on behalf of the University so long as such indebtedness is payable from all available funds of the University. However, the University may request that the Building Authority issue additional indebtedness not payable from all available from all available funds of the University provided that the additional indebtedness is secured by certain pledged revenues and the maximum annual debt service on all revenue indebtedness does not exceed 10% of the University's available revenues.

The Building Authority is authorized by its enabling act to issue bonds with the unconditional guarantee of the Commonwealth of Massachusetts for the punctual payment of the interest and principal payments on the guaranteed bonds. The full faith and credit of the Commonwealth are pledged for the performance of its guarantee. The enabling act, as amended, presently limits to \$200 million the total principal amount of notes and bonds of the Building Authority that may be Commonwealth guaranteed and outstanding at any one time.

Capital Plan

In September of 2008, the University Trustees approved of an approximately \$3.43 billion five-year (fiscal years 2009-2013) update to its capital plan to be financed from all available funding including projects already in process with prior approval of the University Trustees, as well as new projects. The University generally has funded its capital plans through a combination of funding received from University operations, bonds issued by the Building Authority, Massachusetts Health and Educational Facilities Authority financing, Commonwealth appropriations, and private fund raising. The execution of the University's capital plan is contingent upon sufficient funding from the Commonwealth.

The University's five-year capital plan for fiscal years 2009-2013 includes both new projects and major projects that were previously approved by the University Trustees in prior year capital plans. The major projects in the 2009-2013 capital plan and their estimated total project cost include:

Amherst campus

- deferred maintenance and new construction on the central heating plant for approximately \$133.3 million
- the construction of a laboratory science building for approximately \$100.0 million
- the construction of an academic classroom building for approximately \$85 million
- renovations to the Lederle Graduate Research Complex totaling approximately \$41.3 million
- the construction of a life sciences facility for approximately \$95 million
- the construction of an integrated science building to provide modern teaching laboratory facilities for chemistry
 and life sciences for approximately \$109.0 million
- the construction of a new student recreation center for \$53.3 million
- student housing renovation and repair projects of \$22.5 million
- upgrades to residential housing sprinkler systems for \$32.0 million
- projects focusing on deferred maintenance for approximately \$30.0 million
- renovations to increase capacity at the Worcester Dining Commons for \$20.0 million

- construction of swing buildings in order to support renovation and construction activity for \$50.0 million
- design and construction of a new police facility for \$12.0 million
- renovations to the interior space of the DuBois Library for \$13 million
- renovations and systems upgrades to the Morrill Buildings Complex totaling approximately \$51.3 million

Boston campus

- major interim stabilization work to ensure the safety of the campus substructure and to allow for continuity of
 operations for \$21.8 million is the most pressing capital concern for the campus
- the implementation of phase 1 of the Campus Master Plan for \$60 million will include improvements such as utility relocation, roadway relocation, and plaza and building demolition needed to reconstruct the existing center of the Campus
- the construction of a two new academic buildings for \$252.0 million
- the construction of a 1,200 vehicle parking garage to meet current demand for approximately \$35 million
- the purchase of new and replacement instructional and scientific equipment for existing programs for approximately \$15.0 million
- construction of a 1,000-bed living and learning center to enrich the student experience on Campus for \$88.0 million

Dartmouth campus

- in order to accommodate a growing enrollment and to deal with deteriorating housing units the campus plans to
 expend \$97.0 million for the renovation and replacement of student housing
- the construction of a facilities building and the retrofit of vacated space to centralize functions and to create more academic space for approximately \$12.7 million
- the construction of an addition to the Campus Center to meet the needs of the expanding student population for approximately \$16.4 million
- the construction of a multipurpose field house for approximately \$20.8 million
- library renovations to address deferred maintenance and to improve services for approximately \$18.0 million
- an energy/water conservation project for \$14.6 million
- expansion of the Charlton College of Business for \$14.0 million

Lowell campus

- construction of the Emerging Technology Innovation Center for approximately \$90.0 million
- the construction of an academic building on the South Campus for \$40.0 million
- upgrading of laboratory space for approximately \$19.3 million
- the modernization of the North Quad area to include security improvements, systems upgrades, and access enhancements for \$21.3 million
- acquisition of several properties neighboring the Campus for \$55 million
- renovation of Fox Hall to increase the amount of dormitory rooms on the Campus for \$15.0 million
- · construction of a parking garage on the north campus to increase capacity for approximately \$15.0 million

Worcester campus

- construction of a new science facility to support new programs in stem cell research, RNAI therapies, and gene silencing for approximately \$330.0 million
- construction of a medical education and clinical practice building for \$115.0 million
- expansion of the existing power plant to improve efficiency and meet the energy requirements of the growing Campus for approximately \$35.0 million
- HVAC upgrades and replacements for approximately \$30.0 million
- the construction of a parking garage to meet increased demand for \$26.4 million
- the construction of a new building to support vaccine production and product warehousing for \$35.0 million
- the construction of a mixed-use building for office space and research and development work for \$50.0 million
- addressing deferred maintenance priorities at the Jamaica Plain and Shriver campuses for \$25.9 million.

In 1996, the University initiated a more active program to address deferred maintenance needs at its campuses. As a result, the University has made investments to repair and renovate facilities at the University's campuses from a combination of University sources and direct Commonwealth support. Addressing deferred maintenance remains a priority within the University's capital plan. The University's 2009-2013 capital plan includes approximately \$678.4 million of deferred maintenance projects. During fiscal year 2008, the University expended approximately \$178.9 million on plant operations and maintenance activities.

Factors Impacting Future Periods

There are a number of issues of University-wide importance that directly impact the financial operations of the University. Many of these issues such as improving academic quality and financial performance, investing in capital assets, expanding fundraising capacity, and measuring performance are ongoing activities of continuous importance to the Board of Trustees and University leadership that impact the financial and budget planning each year.

The level of state support, the impact of collectively bargained wage increases, and the ability of student fee supported activities to meet inflationary pressures determine the limits of program expansion, new initiatives and strategic investments, as well as the ability of the University to meet its core mission and ongoing operational needs.

The ability to address priority capital needs and requirements for deferred maintenance, technology, repairs and adaptation, and selected new construction projects is one of the largest challenges facing the University in years to come. The commitment of operating funds for servicing debt and/or funding capital expenditures has an ongoing impact on the overall financial picture of the University.

In recent years the University's UMASS On-Line program has shown significant growth in enrollments, course offerings and revenue generation benefiting the campuses and raising the profile of the University throughout this important sector of the higher education market.

The University has recently launched a coordinated effort in international activities to develop partnerships and programs to bring faculty, visiting scholars and students from other countries to the University; to integrate study abroad opportunities into the undergraduate and graduate curriculum; and to encourage faculty to engage in research, teaching and service activities around the world.

Since July of 2007, the University had appointed new Chancellors for the Amherst, Boston, Lowell, and Worcester campuses. These appointments further strengthen a leadership team already focused on expanding the University's impact on the Commonwealth and the world as a leader in research, teaching and public service.

The University of Massachusetts Medical School's (UMMS) Craig C. Mello, PhD, and his colleague Andrew Fire, PhD, of Stanford University, were awarded the 2006 Nobel Prize in Physiology or Medicine for their discoveries related to ribonucleic acid (RNA). The findings of Drs. Mello and Fire demonstrated that a particular form of RNA, the cellular material responsible for the transmission of genetic information, can silence (RNAi process) targeted genes. Due to these findings, companies worldwide at the forefront of pharmaceutical innovation have purchased licenses to RNAi technology, co-owned by the UMMS, to aid in their development of treatments for disease. In addition, UMMS researchers are using RNAi technology to speed investigation into a variety of diseases. The work of Dr. Mello has not only produced revenue streams for the University and aided the work of his fellow researchers, but it has also enhanced the overall reputation of the entire University.

In July of 2007, Governor Patrick launched a significant new initiative to stimulate the Life Sciences industry in Massachusetts. As a result, the Commonwealth passed a \$1 billion Life Sciences Investment Bill that will provide at least \$240 million of capital support to the University over the next 10 years. The Medical School and Amherst campuses are well positioned to take a lead in the development of new technologies in the life sciences and the University has been identified to play a significant role in the development of a stem cell bank for researchers throughout the world.

Also, in the fall of 2007 Governor Patrick filed a higher education bond bill to fund capital improvements and new facilities at all University campuses over the next ten years. The Commonwealth passed the largest higher education bond bill, Chapter 258 of the Acts of 2008, on August 6, 2008, which included over \$1 billion for University projects to be funded over the next 10 years.

On October 15, 2008, faced with an estimated state budget deficit of \$1.4 billion, Governor Deval Patrick started implementing a fiscal action plan to close the gap that includes more than \$1 billion in immediate cuts and spending controls across state government, identifying additional revenues and a draw on state reserves. These steps were taken because state tax revenue estimates have had to be revised as the state reacts to the effects of the national financial crisis and slow down in the state and national economy. As part of this action plan, the administration reduced the University's fiscal year 2009 state appropriation by 5% or approximately \$24.6 million. The University has taken appropriate steps to manage this mid-fiscal year reduction in state support and is working with state officials to understand the impacts of further changes to the economic environment on state support for the operating requirements and capital priorities of the University.

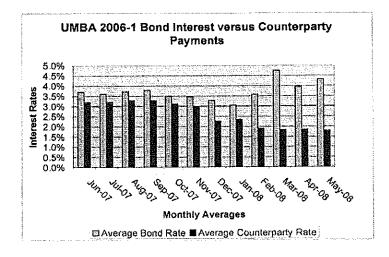

Market Dislocation and the Authority's 2006-1 Bonds

During fiscal 2008 a number of economic factors caused unusual events in the capital markets of the United States and abroad. Chief among these factors was the slow down in the U.S. housing market. Normally, this slowdown would have little direct impact on the University. However, the decrease in market values of certain housing assets raised questions related to the companies that provided insurance related to those investments. During calendar 2008 the nationally known rating agencies began issuing negative reports relating to these insurance companies, which also insured tax-exempt bonds. Bonds insured by these companies began trading unfavorably in the secondary markets when compared to uninsured bonds or bonds supported by non-insurance credit enhancements. Long-term bonds issued at a fixed rate of interest declined in value during this time but, while detrimental to the bondholders, generally did not directly impact bond issuers. Short-term variable rate or auction rate bonds, which trade generally at par, were also impacted as their interest rates began to rise. This increase in interest rates directly raised the cost of debt to bond issuers.

In fiscal 2006 the Building Authority issued its Series 2006-1 bonds. The bonds were issued in a variable-rate mode with interest rates reset each week. To hedge against interest rate fluctuations, the Building Authority entered into an interest rate swap whereby it agreed to pay a fixed rate of interest to the swap counterparty and received a variable rate equal to 60% of the 3-month LIBOR rate plus .18%. The primary purpose for the bond issue was to refund certain outstanding fixed rate bonds. The net-present-value savings from this refunding was in excess of \$15 million.

In January, 2008 the variable rate due to the 2006-1 bondholders increased significantly when Fitch, Inc., one of the nationally known rating agencies, downgraded the 2006-1 bond insurer, Ambac Assurance Corporation (AMBAC). In addition to facing higher interest costs, the Building Authority also was required to pay higher fees for the Standby Bond Purchase Agreement (SBPA) for the bonds with Depfa Bank plc (DEPFA). At the same time overall interest rates began to decrease and the variable rate payments due from the swap counterparty, Citigroup, based on the London Interbank Offered Rate (LIBOR), also decreased, further widening the Building Authority's exposure.

The chart below illustrates the increased costs of the debt obligations related to the market conditions.

In March of 2008 the Bond Trustee informed the Building Authority that some of the 2006-1 bonds had been tendered by the bondholders and the remarketing agent had been unable to remarket the bonds. Under the SBPA, the bonds were then purchased by the standby bank, DEPFA. During the month of March a total of \$40.4 million in bonds were tendered to the bank. While the bonds were held by the bank the interest on the bank's bonds, per the terms of the SBPA, was the bank's prime interest rate. The remarketing agent was able to successfully remarket all of the bank bonds prior to the current refunding of the 2006-1 bonds.

In June of 2008, due to the ongoing issues with the bond insurer, the Building Authority currently refunded the 2006-1 bonds by issuing its Series 2008-3 and Series 2008-4 bonds. The Series 2008-3 bonds are credit enhanced by a Letter of Credit from Bank of America, N.A. while the Series 2008-4 bonds are backed by the Building Authority's available Commonwealth Guarantee. The Commonwealth Guarantee, as explained in Note 10, allows the Building Authority to issue bonds that receive the credit rating of the Commonwealth of Massachusetts.

Additionally, the Series 2008-3 and Series 2008-4 bonds may be insured by AMBAC three years after the issue date at the option of the Building Authority. The cost of the insurance policy, if the option is exercised, will be paid out of the unused premium paid at the closing of the 2006-1 bond issue.

The Building Authority estimates that the cost of the "AMBAC penalty" to the Building Authority was approximately \$1.786 million. This amount does not include the additional amount borrowed over and above the outstanding par amount of the 2006-1 bonds at the time of the refunding. This additional amount totaled \$1.815 million.

The accompanying notes are an integral part of the financial statements.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

ORGANIZATION

The financial statements herein present the financial position, results of operations, changes in net assets, and cash flows of the University of Massachusetts (University), a federal land grant institution. The financial statements of the University include the Amherst, Boston, Dartmouth, Lowell and Worcester Medical School campuses, and the Central Administration office of the University, Worcester City Campus Corporation (WCCC), the University of Massachusetts Amherst Foundation (UMass Amherst Foundation), as well as the University of Massachusetts Building Authority (Building Authority).

The Building Authority is a public instrumentality of the Commonwealth created by Chapter 773 of the Acts of 1960, whose purpose is to provide dormitories, dinning commons, and other buildings and structures for use by the University. WCCC, of which the Worcester Foundation for Biomedical Research, Inc. (WFBR) is a subsidiary, is a tax exempt organization founded to support research and real property activities for the University. The UMass Amherst Foundation was established in 2003 as a tax exempt organization founded to foster and promote the growth, progress, and general welfare of the University. These component units are included in the financial statements of the University because of the significance and exclusivity of their financial relationships with the University.

The University Related Organizations' column in the financial statements includes the financial information of the University's discretely presented component units. The University of Massachusetts Foundation, Inc. (Foundation) and the University of Massachusetts Dartmouth Foundation, Inc. (the Dartmouth Foundation) are related tax exempt organizations founded to foster and promote the growth, progress and general welfare of the University, and are reported in a separate column to emphasize that they are Massachusetts not-for-profit organizations legally separate from the University. These component units are included as part of the University's financial statements because of the nature and the significance of their financial relationship with the University. The financial statement presentation of the discretely presented component units has been reclassified to conform to the University presentation.

The University is a component unit of the Commonwealth of Massachusetts. The financial balances and activities included in these financial statements are, therefore, also included in the Commonwealth's comprehensive annual financial report.

BASIS OF PRESENTATION

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB) using the economic resources measurement focus and the accrual basis of accounting. These statements are reported on a combined basis, and all intra-University transactions are eliminated. In accordance with GASB Statement No. 20, the University follows all applicable GASB pronouncements. In addition, the University applies all applicable Financial Accounting Standards Board ("FASB") pronouncements issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements. The University has elected not to apply FASB pronouncements issued after November 30, 1989.

Operating revenues consist of tuition and fees, grants and contracts, sales and services of educational activities (including royaltles from licensing agreements) and auxiliary enterprise revenues. Operating expenses include salaries, wages, fringe benefits, utilities, subcontracts on grants and contracts, supplies and services, and depreciation and amortization. All other revenues and expenses of the University are reported as non-operating revenues and expenses including state general appropriations, non-capital gifts, short term investment income, endowment income used in operations, interest expense, and capital additions and deductions. Capital items represent all other changes in long term plant and endowment net assets. Revenues are recognized when earned and expenses are recognized when incurred with the exception of revenue earned on certain public service activities (see Note 5). Restricted grant revenue is recognized only when all eligibility requirements have been met, that is to the extent grant revenues are expended or in the case of fixed price contracts, when the contract terms are met or completed. Contributions, including unconditional promises to give (pledges) for non-endowment or non-capital purposes, are recognized as revenues in the period received. Promises of additions to non-expendable endowments are not recognized until cash or other assets are received. Conditional promises to give are not recognized until they become unconditional, that is when the conditions on which they depend are substantially met. The University applies restricted net assets first when an expense or outlay is incurred for purposes for which both restricted and unrestricted net assets are available.

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and judgments that affect the reported amounts of assets and liabilities, and disclosures of contingencies at the date of the financial statements and revenues and expenditures recognized during the reporting period. Significant estimates include the accrual for employee compensated absences, the accrual for workers' compensation liability, the allowance for doubtful accounts, valuation of certain investments and depreciation expense. Actual results could differ from those estimates.

The University reports its financial statements as a "business-type activity" ("BTA") under GASB Statement No. 35, *Basic Financial Statements – and Management's Discussion and Analysis – for Public Colleges and Universities* (GASB 35). BTAs are defined as those that are financed in whole or in part by fees charged to external parties for goods or services.

In order to ensure observance of limitations and restrictions placed on the use of available resources, the accounts of the University are maintained internally in accordance with the principles of "fund accounting". This is the procedure by which resources for various purposes are maintained in separate funds in accordance with the activities or objectives specified. GASB 35 requires that external financial statements to be reported on a consolidated basis and establishes standards for external financial reporting by public colleges and universities that resources be classified into the following net asset categories:

- Invested in capital assets, net of related debt: Capital assets, at historical cost, or fair market value on date of gift, net
 of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction or
 improvement of those assets.
- Restricted Nonexpendable: Net assets subject to externally imposed stipulations that they be maintained permanently by the University.
- Restricted Expendable: Net assets whose use by the University is subject to externally imposed stipulations. Such
 assets include restricted grants and contracts, the accumulated net gains/losses on true endowment funds, as well as
 restricted funds loaned to students, restricted gifts and endowment income, and other similar restricted funds.
- Unrestricted: Net assets that are not subject to externally imposed stipulations. Substantially all unrestricted net assets
 are designated to support academic, research, auxiliary enterprises or unrestricted funds functioning as endowments, or
 are committed to capital construction projects.

Revenues are reported net of discounts and allowances. As a result, student financial aid expenditures are reported as an allowance against tuition and fees revenue while stipends and other payments made directly to students are recorded as scholarship and fellowship expenditures on the statement of revenues, expenses, and other changes to net assets, and included in supplies and services on the statement of cash flows. Discounts and allowances for tuition and fees and auxiliary enterprises are calculated using the Alternate Method.

NEW ACCOUNTING PRONOUNCEMENTS

GASB Statement No. 49, Accounting and Financial Reporting for Pollution Remediation Obligations – This standard provides guidance on the accounting and reporting of obligations and costs related to existing pollution remediation, such as obligations to clean up spills of hazardous wastes or to remove contamination (e.g., asbestos). This standard also sets forth triggers that would signal when the University should determine if it has to estimate and report a remediation liability. The requirements of this Statement are effective for financial statements of periods beginning after December 15, 2007 (fiscal 2009 for the University). The University is currently evaluating the effect that GASB Statement No. 49 will have on its financial statements.

GASB Statement No. 51, Accounting and Financial Reporting for Intangible Assets - This standard was issued in June 2007 and is effective for financial statements for periods beginning after June 15, 2009 (fiscal 2010 for the University). This standard requires that all intangible assets not specifically excluded by its scope provisions be classified as capital assets. Accordingly, existing authoritative guidance related to the accounting and financial reporting for capital assets should be applied to these intangible assets, as applicable. This standard also provides authoritative guidance that specifically addresses the nature of these intangible assets which should be applied in addition to the existing authoritative guidance for capital assets. The guidance specific to intangible assets also includes guidance on recognition and requires that an intangible asset be recognized in the statement of net assets only if it is considered identifiable. Additionally, this standard establishes a specified-conditions approach to recognizing intangible assets that are internally generated. Effectively, outlays associated with the development of such assets should not begin to be capitalized until certain criteria are met. Outlays incurred prior to meeting these criteria should be expensed as incurred. If there are no factors that limit the useful life of an intangible asset, this standard provides that the intangible asset be considered to have an indefinite useful life. Intangible assets with indefinite useful lives should not be amortized unless their useful life is subsequently determined to no longer be indefinite due to a change in circumstances. The provisions of this standard generally are required to be applied retroactively. Retroactive reporting is not required but is permitted for intangible assets considered to have indefinite useful lives as of the effective date of this standard and those considered to be internally generated. The University is currently evaluating the effect that GASB Statement No. 51 will have on its financial statements.

GASB Statement No. 53, Accounting and Financial Reporting for Derivative Instruments - This standard was issued in June 2008 and is effective for periods beginning after June 15, 2009 (fiscal 2010 for the University) and encourages earlier application. This standard requires that for potential hedging derivative instruments existing prior to the fiscal period during which this Statement is implemented, the evaluation of effectiveness should be performed as of the end of the current period. If determined to be effective, hedging derivative instrument is then evaluated as of the end of the prior reporting period. If determined to be ineffective, the potential hedging derivative instrument is then evaluated as of the end of the prior reporting period. The implementation guide on the standard is expected to be issued by GASB in Q1, 2009. The University is currently evaluating the effect that Statement No. 53 will have on its financial statements.

CLASSIFICATION OF ASSETS AND LIABILITIES

The University presents current and non-current assets and liabilities in the statement of net assets. Assets and liabilities are considered current if they mature in one year or less, or are expected to be received, used, or paid within one year or less. Investments with a maturity of greater than one year and balances that have externally imposed restrictions as to use are considered non-current. Cash held by state treasurer includes balances with restrictions as to use and balances that may be rolled forward for use toward the restricted purposes in future years, and such balances are classified as non-current. Cash held by trustees is presented based upon its expected period of use and to the restrictions imposed on the balances by external parties.

FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value approximates carrying value for cash and cash equivalents, cash held by state treasurer, investments, accounts receivable, accounts payable, accrued expenses and interest, and deposits. The estimated fair values of bonds payable are disclosed in footnote 8.

CASH AND CASH EQUIVALENTS AND INVESTMENTS

Cash and cash equivalents consist primarily of petty cash, demand deposit accounts, money market accounts, and savings accounts, with a maturity of three months or less when purchased.

Investments are carried at fair value. Short-term investments consist of deposits with original maturities of less than one year and are available for current use. Securities received as a gift are recorded at estimated fair value at the date of the gift. The University holds certain investment securities in publicly traded and privately held companies as the result of agreements entered into by the University's Commercial Ventures and Intellectual Property (CVIP) program. Securities received or purchased as the result of these agreements are recorded at fair value, where readily determinable by quoted market prices, or if fair value is not known or practicable to estimate, the Investment is carried at cost which is deemed to be the estimated fair value.

Certain securities held by the Foundation do not have readily determinable quoted market prices and are carried at valuations provided by third-party investment managers. The Foundation believes that the carrying amount of these investments are a reasonable estimate of fair value, however, their estimated value is subject to uncertainty and therefore may differ from the value that would have been used had a ready market for such investment existed. Venture capital investments represent initial investments made to certain funds and are reported at cost until distributions are made from the funds or until market values are reported on the funds.

Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the combined statement of net assets.

Investment income includes dividends and interest income and is recognized on the accrual basis. In computing realized gains and losses, cost is determined on a specific identification basis.

RESTRICTED GRANTS AND CONTRACTS

The University receives monies from federal and state government agencies under grants and contracts for research and other activities including medical service reimbursements. The University records the recovery of indirect costs applicable to research programs, and other activities which provide for the full or partial reimbursement of such costs, as revenue. Recovery of indirect costs for the years ended June 30, 2008 and 2007 was \$99.6 million and \$89.3 million, respectively, and is a component of grants and contracts revenue. The costs, both direct and indirect, charged to these grants and contracts are subject to audit by the granting agency. The University believes that any audit adjustments would not have a material effect on the University's financial statements.

PLEDGES AND ENDOWMENT SPENDING

Pledges for non-endowment purposes are presented net of amounts deemed uncollectible, and after discounting to the present value of the expected future cash flows. Because of uncertainties with regard to their realizability and valuation, bequests and intentions and other conditional promises are not recognized as assets until the specified conditions are met.

The Foundation utilizes the pooled investment concept whereby all invested funds are in one investment pool, except for investments of certain funds that are otherwise restricted. Pooled investment funds will receive an annual distribution of approximately 5% of their beginning market value as of July 1 subject to review and approval by the Foundation's Board of Directors. The distribution amount will be made available at the beginning of the following fiscal year. The actual spending rate was 4% for fiscal years 2008 and 2007. Future utilization of gains is dependent on market performance. Deficiencies for donor-restricted endowment funds, resulting from declines in market value, would be offset by an allocation from unrestricted net assets to restricted expendable net assets within the Foundation. The Foundation believes that, if applicable, these adjustments would be temporary and will not require permanent funding. In fiscal year 2008 and 2007 there were no deficiencies.

INVENTORIES

The University's inventories consist of books, general merchandise, central stores, vaccines, and operating supplies which are carried at the lower of cost (first-in, first-out and average cost methods) or market.

INVESTMENT IN PLANT

Capital assets are stated at cost. Net interest costs incurred during the construction period for major capital projects are added to the cost of the asset. Repairs and maintenance costs are expensed as incurred, whereas major improvements that extend the estimated useful lives of the assets are capitalized as additions to property and equipment. Depreciation of capital assets is provided on a straight-line basis over the estimated useful lives of the respective assets. The University records a full year of depreciation in the year of acquisition. Land is not depreciated. The University does not capitalize works of art or historical treasures.

Following is the range of useful lives for the University's depreciable assets:

Buildings	20-50 years
Building Improvements	5-20 years
Equipment and Furniture	3-15 years
Software	5 years
Library Books	15 years
Land Improvements	20 years

COMPENSATED ABSENCES

Employees earn the right to be compensated during absences for annual vacation leave and sick leave. The accompanying statement of net assets reflects an accrual for the amounts earned and ultimately payable for such benefits as of the end of the fiscal year. The accrual equates to the entire amount of vacation time earned and an actuarially determined liability for the sick leave component of compensated absences. Employees are only entitled to 20% of their sick leave balance upon retirement. The actuarial calculation utilized the probability of retirement for this estimated accrual.

DEFERRED REVENUE

Deferred revenue consists of amounts billed or received in advance of the University providing goods or services. Deferred revenue is recognized as revenue as expenses are incurred and therefore earned.

ADVANCES AND DEPOSITS

Advances from the U.S. Government for Federal Perkins Loans to students are reported as part of advances and deposits. Future loans to students are made available from repayments of outstanding principal amounts plus accumulated interest received thereon.

TUITION AND STATE APPROPRIATIONS

The combined financial statements for the years ended June 30, 2008 and 2007 record as tuition revenue approximately \$46.2 million and \$46.6 million, respectively, of tuition received by the University and remitted to the State Treasurer's Office for the general fund of the Commonwealth of Massachusetts. During fiscal year 2004, the Amherst campus was granted authority to retain tuition for out of state students as part of a pilot program authorized by the Commonwealth. This pilot program was extended indefinitely in 2005. The amount of tuition retained by the University during 2008 and 2007 was \$32.7 million and \$31.1 million, respectively. The recorded amount of State Appropriations received by the University has been reduced by a corresponding amount of tuition remitted as shown below (in thousands):

	2008	2007
Gross Commonwealth Appropriations	\$485,199	\$474,909
Plus: Fringe Benefits	178,236	151,106
-	663,435	626,015
Less: Tuition Remitted	(46,164)	(46,599)
State Appropriations, Net	\$617,271	\$579,416

AUXILIARY ENTERPRISES

Auxiliary Enterprise revenue of \$231.3 million and \$205.3 million for the years ended June 30, 2008 and 2007 respectively are stated net of room and board charge allowances of \$1.2 million and \$1.7 million, respectively.

OTHER OPERATING REVENUES AND EXPENDITURES, SALES AND SERVICES, PUBLIC SERVICE ACTIVITIES

Public Service Activities consist largely of sales and services provided to third parties by the UMass Medical School campus under its Commonwealth Medicine (CWM) programs, which provide public consulting and services in health financing, administration and policy to federal, state and local agencies and not-for-profit health and policy organizations. Included in this category of activities are Commonwealth Medicine revenues of \$323.2 million and \$324.6 million for the years ended June 30, 2008 and 2007, respectively. Included in expenditures are Commonwealth Medicine expenditures of \$300.2 million and \$296.5 million for the years ended June 30, 2008 and 2007, respectively.

In addition to CWM activities, Public Service Activities also includes payments received by the Medical School for educational services it provides to its clinical affiliate UMass Memorial as required by the enabling legislation enacted by the Commonwealth in 1997. Educational services revenues included in public service revenues were \$75.0 million and \$143.7 million for the years ended June 30, 2008, and 2007, respectively. Finally, Public Service Activity expenditures also include payments made to the Commonwealth of Massachusetts of \$20.4 million and \$95.0 million for the years ended June 30, 2008 and 2007, respectively, pursuant to requirements of legislation enacted by the State Legislature of Massachusetts.

FRINGE BENEFITS FOR CURRENT EMPLOYEES AND POST EMPLOYMENT OBLIGATIONS - PENSION AND NON-PENSION

The University participates in the Commonwealth's Fringe Benefit programs, including active employee and post – employment health insurance, unemployment, pension, and workers' compensation benefits. Health insurance and pension costs for active employees and retirees are paid through a fringe benefit rate charged to the University by the Commonwealth and currently the liability is borne by the Commonwealth. Consequently, no amounts have been reported by the University under GASB Statement No. 45. Workers' compensation costs are assessed separately based on actual University experience.

In addition to providing pension benefits, under Chapter 32A of the Massachusetts General Laws, the Commonwealth is required to provide certain health care and life insurance benefits for retired employees of the Commonwealth, housing authorities,

redevelopment authorities, and certain other governmental agencies. Substantially all of the Commonwealth's employees may become eligible for these benefits if they reach retirement age while working for the Commonwealth. Eligible retirees are required to contribute a specified percentage of the health care benefit costs which is comparable to contributions required from employees. The Commonwealth is reimbursed for the cost of benefits to retirees of the eligible authorities and non-state agencies.

The Commonwealth's Group Insurance Commission (GIC) was established by the Legislature in 1955 to provide and administer health insurance and other benefits to the Commonwealth's employees and retirees, and their dependents and survivors. The GIC also covers housing and redevelopment authorities' personnel, certain authorities and other offline agencies, retired municipal teachers from certain cities and towns and a small amount of municipalities as an agent multiple employer program, accounted for as an agency fund activity of the Commonwealth, not the University.

The GIC administers a plan included within the State Retiree Benefits Trust Fund, an irrevocable trust. Any assets accumulated in excess of liabilities to pay premiums or benefits or administrative expenses are retained in that fund. The GIC's administrative costs are financed through Commonwealth appropriations and employee investment returns. The Legislature determines employees' and retirees' contribution ratios.

The GIC is a quasi-independent state agency governed by an eleven-member body (the Commission) appointed by the Governor. The GIC is located administratively within the Executive Office of Administration and Finance, and is responsible for providing health insurance and other benefits to the Commonwealth's employees and retirees and their survivors and dependents. During the fiscal year that ended on June 30, 2008, the GIC provided health insurance for its members through indemnity, PPO, and HMO plans. The GIC also administered carve-outs for the pharmacy benefit and mental health and substance abuse benefits for certain of its health plans. In addition to health insurance, the GIC sponsors life insurance, long-term disability insurance (for active employees only), dental and vision coverage for employees not covered by collective bargaining, a retiree discount vision plan and retiree dental plan, and finally, a pre-tax health care spending account and dependent care assistance program (for active employees only).

Pursuant to the provisions of Paragraph (e), Section 5 of Chapter 163 of the Acts of 1997 and consistent with the September 22, 1992 Memorandum of Understanding between the Commonwealth of Massachusetts Executive Office of Administration and Finance and the University of Massachusetts, the University's Worcester Medical School campus has assumed the obligation for the cost of fringe benefits provided by the Commonwealth to University employees (other than those employees paid from state appropriated funds) for all periods on or after July 1, 1989. The University determines the actual costs for the health insurance benefits and actuarially calculates the incurred service costs for pensions and retiree health insurance.

INCOME TAX STATUS

The University of Massachusetts is an agency of the Commonwealth of Massachusetts and is exempt from Federal income tax under Section 115(a) of the Internal Revenue Code. The University Related Organizations are 501(c)(3) organizations and are exempt from Federal Income tax under the Internal Revenue Code. Accordingly, no provision for income taxes has been recorded in the accompanying combined financial statements.

COMPARATIVE INFORMATION AND RECLASSIFICATIONS

The University's financial statements include prior year comparative information. Certain prior year amounts have been reclassified to conform with the current year presentation. These reclassifications, revised classification and adjustments have no effect on total net assets at June 30, 2008.

During 2008, the University determined that it had incorrectly reported unrealized gains on investments in the 2007 financial statements in the amount of \$19.1 million. Management believes that this amount is immaterial to the 2007 financial statements, and has corrected the impacted investment related accounts in the 2008 financial statements by the same amount.

2. CASH AND CASH EQUIVALENTS AND INVESTMENTS

As of June 30, 2005, the University implemented the disclosures which are required by the Governmental Accounting Standards Board, Statement No. 40, *Deposit and Investment Risk Disclosures* (GASB 40). For fiscal years ending June 30, 2008 and 2007, the University assessed and completed the following statements: Custodial Credit Risk, Concentration of Credit Risk, Credit Risk and Interest Rate Risk of its Cash, Cash Equivalents and Investments.

The University's investments are made in accordance with the Investment Policy and Guidelines Statement adopted in May 2005 by the Board of Trustees (the Investment Policy). The goals of the Investment Policy are to preserve capital, provide liquidity, and generate investment income. The University of Massachusetts has statutory authority under Massachusetts General Laws Chapter 75 to collect, manage and disburse trust funds of the University.

The Investment Policy and Guidelines Statement adopted by the Board of Trustees in May of 2005 set forth the diversification limits for each asset class as shown below:

Asset Class	Target Allocation	Exposure Range
Equities	20%	15% - 25%
Fixed Income	57%	50% - 65%
Cash	23%	15% - 30%

Investments are reported at their respective fair values. The values of publicly traded fixed income and equity securities are based upon quoted market prices at the close of business on the last day of the fiscal year. Private equities and certain other

non-marketable securities are valued using current estimates in fair value by management based on information provided by the general partner or investment manager for the respective securities. Investments in units of non-publicly traded pooled funds are valued at the unit value determined by the fund's administrator based on quoted market prices of the underlying investments. Private equities and other non-marketable securities represent approximately 6.8% and 12.0% of the Universities investments at June 30, 2008 and 2007, respectively.

Custodial Credit Risk - Custodial Credit Risk is the risk that, in the event of a failure of the counterparty, the University would not be able to recover the value of its deposits, investments or collateral securities that were in the possession of an outside party. Deposits are exposed to custodial risk if they are uninsured and uncollateralized. Investment securities are exposed to custodial credit risk if they are uninsured in the name of the University and are held by either the counterparty or the counterparty's trust department or agent but not in the University's name. As of June 30, 2008 and 2007, all cash and investment accounts were held on behalf of the University by the Trustees, in the Trustee's name.

The University maintains depository accounts with Bank of America N.A., Bank North, Fifth Third, and U.S. Bank. The University maintains payroll, disbursement and receipt and imprest accounts with Bank of America N.A. None of these accounts are collateralized. Accounts carry FDIC insurance up to \$100,000 per account. The following balances on deposit on June 30, 2008 were \$45.5 million in Bank of America, \$1.6 million in Bank North, \$1.2 million in Fifth Third Bank, \$.9 million in BNY Mellon, \$.1 million in US Bank, and \$.3 million in Citizens. The following comparable balances on deposit on June 30, 2007 were \$51.0 million in Bank of America, \$1.1 million in Citizens, The following comparable balances on deposit on June 30, 2007 were \$51.0 million in Bank of America, \$1.1 million in Bank North, \$.2 million in Citizens, \$.2 million in Fifth Third Bank, and \$.1 million in US Bank. At June 30, 2008 and 2007, the carrying amount of the University's bank account deposits were \$29.5 million and \$50.0 million, respectively, as compared to bank balances of \$49.6 million and \$52.6 million, respectively. In 2008 and 2007, the differences between the carrying amount and bank balances were primarily caused by outstanding checks, deposits in-transit, and securities lending of \$19.2 million and \$29.8 million, respectively. Of such said bank balances, \$2.8 million at June 30, 2008 and \$3.0 million at June 30, 2007 are covered by federal deposit insurance. The remaining \$46.8 million at June 30, 2008 and \$49.6 million at June 30, 2007 are uninsured and uncollateralized and therefore subject to custodial credit risk.

In addition to bank account deposits, at June 30, 2008, the University held money market instruments which are classified as investments. At June 30, 2008 and 2007, the carrying amounts of the University's money market accounts were \$173.1 million and \$42.6 million, respectively, as compared to bank balances of \$173.1 million and \$42.6 million, respectively. The difference between the carrying amount and bank balances were primarily caused by outstanding checks. Of such said money market balances, \$.7 million at June 30, 2008 and \$.5 million at June 30, 2007 are covered by federal deposit insurance. The remaining \$172.4 million at June 30, 2008 and \$42.1 million at June 30, 2007 are uninsured and uncollateralized, therefore subject to custodial credit risk. At June 30, 2008, the University maintained money market accounts of \$84.8 million in American Beacon Funds, \$45.1 million in Bank of America N.A., \$40.1 million in Fidelity Investors, \$1.0 million in Janus Intech, \$1.0 million in Commonfund, and \$.1 million in Berkshire. In addition to money market fair market value, the University held \$5.3 million of cash to be used to settle open trades at June 30, 2008 and \$19.1 million at June 30, 2007. On September 18, 2008, American Beacon Funds temporarily suspended fund redemptions. Fund redemptions of 100% of ownership interest will be available no later than December 12, 2008.

At June 30, 2008 the University held a carrying and fair market value of \$285.2 million in non-money market investments compared to a carrying and fair market value of \$406.7 million at June 30, 2007. In the event of negligence due to the University's custodian and/or investment manager(s), investment balances of \$285.2 million and \$406.7 million at June 30, 2008 and 2007, respectively, would be fully recovered. However, these amounts are subject to both interest rate risk and credit risk. Custody of assets is held with The Bank of New York Mellon or with the individual Investment Manager who is responsible for executing investment transactions.

Concentration of Credit Risk - Concentration of Credit Risk is assumed to arise when the amount of investments that the University has with one issuer exceeds 5 percent or more of the total value of the University's investments.

As of June 30, 2008 there is no portion of the University portfolio, excluding U. S. Government guaranteed obligations, which exceed 5% of the portfolio. As of June 30, 2007, there was no portion of the University portfolio excluding U. S. Government guaranteed obligations, which exceeded 5% of the portfolio.

As of June 30, 2008 three fund managers had aggregate portfolio responsibility of 46% of the total investment portfolio.

Credit Risk - Credit risk is the risk that the University will lose money because of the default of the security issuer or investment counterparty. The University's Investment Policy and Guidelines Statement gives each Portfolio Manager full discretion within the parameters of the investment guidelines specific to that manager.

The table below shows the fair value (in thousands) and average credit quality of the fixed income component of the University's investment portfolio as of June 30, 2008 and 2007, respectively;

	June 30, 2008	Average Credit	June 30, 2007	Average Credit
Asset Class	<u>Fair Value</u>	<u>Quality</u>	<u>Fair Value</u>	Quality

Interest Rate Risk - Interest rate risk is the risk that changes in interest rates will adversely affect the fair market value of an investment. The Investment Policy establishes targets for the preferred duration of the fixed income component of the investment portfolio by asset class by limiting investments through targeted allocations to different asset classes.

The table below shows the current target allocation for each asset class and the fair value (in thousands) for each as of June 30, 2008 and 2007, respectively:

	6/30/08	6/30/08	6/30/07	6/30/07

Securities Lending: In efforts to offset custodian fees, the University participates in a securities lending program to generate income. The University's custodian, The Bank of New York Mellon, conducts business on behalf of the University with potential borrowers who are prescreened for creditworthiness prior to transactions. In exchange for the use of a particular security, cash collateral of 101-105% of the security's fair market value is collected from the potential borrower to offset any likelihood of loss. If a loss occurs, The Bank of New York Mellon will promptly replace the security in question with an exact or similar security of the same value. Also, any potential earnings lost will also be credited back to the University.

The University of Massachusetts has been participating in a securities lending program since March 18, 2005. Administration of securities lending is overseen by the University's custodian, The Bank of New York Mellon Strict controls are set in place to minimize losses and substantiate gains. The purpose of this program is to generate additional revenue for the University at minimal risk. As indicated before, earned income is used to partially offset custodian fees, increase cash flows, and reduce operating expenses. The amount of securities on loan at fiscal year end are reported as investments in the statement of net assets and the collateral is reported as cash and cash equivalents and an equal amount as other liabilities.

All lending opportunities are initiated through The Bank of New York Mellon. The Bank of New York Mellon maintains a reputable list of clients and borrowers, who are matched up when lending opportunities arise. To ensure fairness, The Bank of New York Mellon maintains a mathematically regulated client queue. When a particular security is desired by a borrower, the first client in queue who holds the security is given the opportunity to lend.

As of June 30, 2008 the University held a fair market value of \$89.2 million in lendable securities, compared to \$162.0 million in 2007, respectively. Out of these lendable securities, as of June 30, 2008, \$18.8 million was out on loan with 23 borrowers compared to \$29.2 million with 71 borrowers on June 30, 2007. The loans were outstanding for an average of 46 days in 2008, compared to 86 days in 2007.

Pursuant to Trust Agreements between the Building Authority and its bond trustees, all funds deposited with those trustees (approximately \$514.9 million at June 30, 2008 and \$281.1 million at June 30, 2007) shall be continuously maintained for the benefit of the Building Authority and Registered owners of the Bonds. All investments shall be (a) held with a bank or trust company approved by the Trustees and the Building Authority, as custodians, or (b) in such other manner as may be required or permitted by applicable state and Federal laws and regulations. Investments shall consist of (a) direct obligations of, or obligations which are unconditionally guaranteed by, the United States of America, or any other agency or corporation which has been created pursuant to an act of Congress of the United States as an agency or instrumentality thereof; or (b) other marketable securities eligible as collateral for the deposit. Direct obligations of, or obligations which are unconditionally guaranteed by, the United States of America or any other agency or corporation which has been created pursuant to an act of such deposit. Direct obligations of, or obligations which are unconditionally guaranteed by, the United States of America or any other agency or corporation which has been created pursuant of such deposit. Direct obligations of, or obligations which are unconditionally guaranteed by, the United States of America or any other agency or corporation which has been created pursuant to an act of Congress of the United States of America or any other agency or corporation which has been created pursuant to an act of Congress of the United States of America or any other agency or corporation which has been created pursuant to an act of Congress of the United States as an agency or instrumentality thereof may be subject to repurchase upon demand by the owner pursuant to a repurchase agreement with a bank or trust company.

3. CASH HELD BY STATE TREASURER

Accounts payable, accrued salaries and outlays for future capital projects to be funded from state-appropriated funds totaled approximately \$18.2 million at June 30, 2008 and \$16.1 million at June 30, 2007. The University has recorded a comparable dollar amount of cash held by the State Treasurer for the benefit of the University, which will be subsequently utilized to pay for such liabilities.

4. CASH AND SECURITIES HELD BY TRUSTEES

Cash and securities held by trustees primarily consist of unspent bond proceeds and amounts held for the future payment of debt service on such borrowings. At June 30, 2008 and June 30, 2007, there are investments of \$13.3 million and \$14.2 million, respectively, available from Master Lease agreements entered into by the University for capital asset purchases at the Amherst and Boston campuses. Additionally, there is \$27.5 million and \$21.7 million, respectively, available from the Revolving Loan Fund established with 2000 Series A bond proceeds issued to acquire and implement enterprise resource planning technology along with other projects (see Note 8) and \$514.9 million and \$281.1 million, respectively, held by trustees related to the Building Authority. In addition, at June 30, 2008 and 2007, \$86.5 million and \$120.4 million, respectively were available to be used by WCCC for capital construction purposes.

Funds deposited with trustees include \$232.9 million and \$5.3 million of investments in repurchase agreements at June 30, 2008 and 2007, respectively. These repurchase agreements are collateralized by cash or investments with a fair market value between 100% and 105% of the repurchase price, depending on the type of assets used as security. These repurchase agreements can be redeemed at any time for the repurchase price provided the redemption proceeds are used for the purpose permitted by the respective repurchase agreement.

5. ACCOUNTS, GRANTS AND LOANS RECEIVABLE

Accounts, grants and loans receivable at June 30 consist of the following (in thousands):

University:

Effective March 31, 1998, the former University of Massachusetts Clinical Services Division (which was comprised of the University of Massachusetts Medical School Teaching Hospital Trust Fund, University of Massachusetts Medical School - Group Practice Plan, and the University of Massachusetts Medical Center Self Insurance Trust), was merged into a separate Massachusetts not-for-profit corporation named UMass Memorial Health Care, Inc. (UMass Memorial). UMass Memorial is not a component of these financial statements. In connection with the merger of UMass Memorial and the former Clinical Services Division of the University in 1998, the University and UMass Memorial have the following ongoing agreements:

- UMass Memorial has been granted the right to occupy portions of the University's Worcester Medical School campus for a
 period of 99 years and UMass Memorial has agreed to share responsibility for various capital and operating expenses
 relating to the occupied premises. UMass Memorial has also agreed to contribute to capital improvements to shared
 facilities.
- UMass Memorial has agreed to make certain payments to the University and its related organizations, including: 1) an
 annual fee of \$12.0 million (plus an inflation adjustment), for 99 years as long as the University continues to operate a
 medical school; 2) a percentage of net operating income of UMass Memorial based upon an agreed upon formula which
 revenue is recognized by the University when the amounts are agreed; and 3) a \$31.5 million contribution plus interest by
 UMass Memorial to jointly fund and develop a new research facility with the University, the final payment of which was
 received during April 2001.
- The University will lease certain employees to UMass Memorial or its affiliates during a transition period ending in 2008.

The University is reimbursed by, and reimburses UMass Memorial for shared services, leased employees, and other agreed upon activities provided and purchased. For the years ended June 30, 2008 and 2007, the reimbursement for services provided to UMass Memorial were \$120.4 million and \$118.1 million, respectively. Included in these amounts is payroll paid by the University on behalf of UMass Memorial in an agency capacity in the amount of \$72.5 million for fiscal year 2008 and \$72.0 million for fiscal year 2007. At June 30, 2008 and 2007, the University has recorded a net receivable in the amount of \$4.1 million and \$122.5 million, respectively related to capital projects at the Medical School, and \$3.9 million and \$122.3 million, respectively in payroll and related fringe charges. The receivable amount also contains \$(4.8) million at June 30, 2008 and \$113.4 million at June 30, 2007 representing the negotiated amount under the agreed upon formula noted above. The University has recorded a payable at June 30, 2008 and 2007 of \$3.1 million and \$3.3 million, respectively for amounts due to UMass Memorial for capital projects and cross-funded payroll.

6. RELATED ORGANIZATIONS

Related party activity with the Foundation includes advances under a line of credit, Ioan and Iease agreements, and investment of the University's endowment assets with the Foundation. As of June 30, 2008, the net assets of the Foundation included as related organizations in the combined financial statements of the University are \$317.8 million, of which \$309.6 million are restricted funds and \$8.2 million are unrestricted funds. During the fiscal year ended June 30, 2008, the University received approximately \$6.9 million from the Foundation, and disbursed approximately \$87.6 million to the Foundation of which \$84.0 was for the establishment of quasi-endowment. At June 30, 2008, the University's investments include approximately \$0.3 million current restricted funds and \$174.2 million of endowment funds held in a custodial relationship at the Foundation.

As of June 30, 2007, the net assets of the Foundation Included as related organizations in the combined financial statements of the University are \$300.7 million, of which \$293.2 million are restricted funds and \$7.5 million are unrestricted funds. During the fiscal year ended June 30, 2007, the University received approximately \$6.5 million from the Foundation, and disbursed approximately \$42.6 million to the Foundation of which \$40.0 was for the establishment of quasi-endowment. At June 30, 2007, the University's investments include approximately \$0.3 million current restricted funds and \$84.1 million of endowment funds held in a custodial relationship at the Foundation.

The University leases office space from the Foundation for an annual rent of approximately \$0.5 million.

During 2001, the Worcester Medical School and UMass Memorial Health Ventures, Inc. formed Public Sector Partners (PSP). PSP is a Massachusetts not-for-profit corporation organized to provide administrative support to agencies of state and local governments that provide health care and health related services to recipients under the auspices of government sponsored and funded health care programs and initiatives. PSP is governed by a board of trustees that are comprised equally of representatives from the Worcester Medical School and UMass Memorial Health Ventures, Inc. (an subsidiary of UMass Memorial). Neither entity has an equity interest in PSP; therefore, for financial reporting purposes the University treats PSP as a joint venture for which there is no equity interest. Accordingly, PSP's results of operations, statement of position, and cash flows are not included herein. A separate financial statement for PSP is published and is available upon request of the UMass Medical School.

Condensed, summary financial information for 2008 and 2007 is a follows (in thousands)

Total assets Total liabilities Total net assets	2008 <u>Unaudited</u> \$38,222 <u>20,123</u> \$18,099	2007 <u>Audited</u> \$38,590 <u>17,931</u> \$20,659
Total revenues Total expenses Cancellation of indebtedness Change in net assets	\$148,878 152,223 <u>285</u> \$ (3,060)	\$123,189 119,915 <u>0</u> \$ 3,274
Net cash provided from/(used in) operating activities Net cash used in investing activities	\$ (8,866) (416)	\$ 14,611 (479)

Subsequent to June 30, 2008, the Bylaws of PSP have been amended to remove UMass Memorial Health Ventures, Inc. as the Class B Member and naming Worcester City Campus Corporation as the sole member of the Corporation. On October 3, 2008, the Worcester City Campus Corporation Board of Trustees voted to become the sole member of Public Service Partners, Incorporated.

The Building Authority and the Commonwealth of Massachusetts have entered into various lease agreements under which the Commonwealth leases to the Building Authority certain property for nominal amounts.

In August 2005, the Building Authority executed a contract with UMass Management, LLC, a wholly owned subsidiary of ClubCorp USA, Inc., to provide management services for The University of Massachusetts Club (the Club), a private social club for alumni and friends of the University. Under the contract, the Authority is responsible for approving the budgets and operating plans of the Club as presented by the Manager. The Building Authority is responsible for any shortfall in the operating budget and will benefit from any operating profits. The contract calls for a minimum management fee payable to the Manager of \$0.2 million or four percent of the operating revenues, as defined by the contract, whichever is greater. Additionally, the Manager receives a percentage of the Club initiation fees and 25 percent of operating profits, as defined by the contract. The contract term is 10 years and can be terminated by the Building Authority after 3 years if the Building Authority decides to close the Club for a minimum of 18 months. The Building Authority is the tenant on the sublease for the Club space and the lease does not terminate should the Building Authority close the Club. As of June 30, 2008 and 2007, the Authority had provided operating support for the Club of approximately \$0.5 million and \$0.8 million, respectively.

7. INVESTMENT IN PLANT

Investment in plant activity for the year ended June 30, 2008 is comprised of the following (in thousands):

University:	Beginning Balance	Additions/ Adjustments	Retirements/ Adjustments	Ending Balance

At June 30, 2008 and 2007, investment in plant included capital lease assets of approximately \$82.6 million and \$82.9 million, respectively, net of accumulated depreciation on capital lease assets of approximately \$58.7 million and \$54.9 million, respectively (see Note 9).

On July 19, 2006, the Boston campus closed the interior parking facilities that were part of the substructure of the original campus buildings constructed in 1974. While regular inspections and reports had indicated that the facility was structurally sound, the campus determined that the loss of parking spaces, the continual rerouting of pedestrian and vehicular traffic and the associated costs no longer made it a viable parking option. The net impairment loss reported as depreciation expenses is \$6.3 million in 2007. The University has not reported any impairment during 2008.

The University has capitalized interest on borrowings, net of interest earned on related debt reserve funds, during the construction period of major capital projects. Capitalized interest is added to the cost of the underlying assets being constructed, and is amortized over the useful lives of the assets. For the years ended June 30, 2008 and 2007, the University capitalized net interest costs of \$8,5 million and \$6.0 million respectively.

In 2007, WCCC acquired a two-story office building at 3 Centennial Drive in Grafton and two mixed-use buildings located at 333 South Street In Shrewsbury. The cost of the acquisition and interior finish for these facilities is \$6.3 million and \$28.9 million, respectively. These facilities are partially occupied by third-party tenants but primarily used for support of University operations and programs.

University of Massachusetts Building Authority

The bond agreements related to the Building Authority bonds generally provide that the net revenues of the Building Authority are pledged as collateral on the bonds and also provide for the establishment of bond reserve funds, bond funds, and maintenance reserve funds.

The University is obligated under its contracts for financial assistance, management and services with the Building Authority to collect rates, rents, fees and other charges with respect to such facilities sufficient to pay principal and interest on the Building Authority's bonds and certain other costs such as insurance on such facilities.

Pursuant to the authority given by the Building Authority's enabling act, the Commonwealth, acting by and through the Trustees of the University, has guaranteed the payment of principal of and interest on the Building Authority's bonds. (The guarantee is a general obligation of the Commonwealth to which the full faith and credit of the Commonwealth are pledged. As is generally the case with other general obligations of the Commonwealth, funds with which to honor the guarantee, should it be called upon, will be provided by Commonwealth appropriation.) The Building Authority's enabling act provides that the outstanding principal amount of notes and bonds of the Building Authority guaranteed by the Commonwealth cannot exceed \$200 million. The Building Authority issued bonds are all Commonwealth guaranteed with the exception of Series 2000-2, Series 2003-1, Series 2004-1, Series 2005-1, Series 2005-2, Series 2006-1, and Series 2006-2 (federally taxable), Series 2008-1, Series 2008-2, and Series 2008-3.

When the Building Authority no longer has any bonds outstanding, its properties revert to the Commonwealth, and all its funds (other than funds pledged to bondholders) are required to be paid into the Treasury of the Commonwealth.

In fiscal year 2008, the Authority currently refunded the UMBA Project and Refunding Revenue Bonds, Senior Series 2006-1 bonds. The variable rate bonds were called on an interest payment date and immediately defeased.

In fiscal year 2006 the Building Authority issued Series 2006-1taxable bonds. The bonds were issued in the amount of \$243.8 million and the proceeds were used for various construction and renovation projects for the University at its Lowell campus and to

partially advance refund the 2003-1 Series bonds, the 2004-1 Series bonds and the 2004-A Series bonds. As of June 30, 2007 the bonds payable amount was \$242.5 million. In June 2008 the Building Authority used the proceeds of its Series 2008-3 and 2008-4 bonds (described below) to currently refund the Series 2006-1 Bonds. Therefore as of June 30, 2008 there were no bonds outstanding.

The bonds carried a variable interest rate and were callable at any time at par. The principal and interest payments on the bonds were insured by AMBAC. The Building Authority also entered into a standby bond purchase agreement with Depfa Bank plc (DEPFA) which required the DEPFA to purchase bonds tendered and not remarketed in an amount not to exceed the principal on the bonds plus accrued interest up to 190 days at an annual interest rate not to exceed 12 percent. Under this agreement, the Building Authority was required to pay the Bank in quarterly installments a facility fee in the amount of 9.5 (or higher under certain circumstances) basis points of the commitment amount. Fees accrued by the Building Authority in connection with the standby bond purchase agreement totaled \$270,600 and \$248,600 for the years ended June 30, 2008 and 2007, respectively. At the time of the bond closing the Building Authority entered into an interest rate swap agreement with Citigroup, N.A., as swap counterparty for the term of the bond issue. The agreement calls for the Building Authority to pay a fixed rate of 3.482% and receive a floating rate based on a percentage of London Interbank Offered Rate (LIBOR), plus a spread (see below). The interest rate swap remains in place with an allocable portion going to the 2008-3 and 2008-4 bonds, respectively (see below).

In fiscal year 2008, the Building Authority issued its Series 2008-1 bonds. The bonds were issued in the amount of \$232.5 million and the proceeds were to be used for various construction and renovation projects for the Amherst and Lowell campuses. As of June 30, 2008 the bonds payable amount was \$232.5 million. The bonds are payable annually on May 1 through 2038. The bonds are supported with an irrevocable direct ay letter of credit (the Lloyds LOC) issued by Lloyds TSB Bank plc (Lloyds). The Lloyds LOC, upon presentation of required documentation, will pay the Bond Trustee the amount necessary to pay the principal and accrued interest on the bonds. The Lloyds LOC expires in 2013 and may be extended at the option of Lloyds. Under the terms of the Lloyds LOC, the Building Authority is required to pay the Bank in quarterly installments a facility fee in the amount of 26.5 basis points (or higher, under certain circumstances) of the commitment amount. Fees accrued by the Building Authority in connection with the Lloyds LOC totaled \$65,800 for the years ended June 30, 2008. In December 2007 the Building Authority entered into an interest rate swap agreement with UBS AG, as swap counterparty, beginning May 1, 2008 and extending for the term of the bond issue. The agreement calls for the Building Authority to pay a fixed rate of 3.388% and receive a floating rate based on a percentage of LIBOR (see below).

In fiscal year 2008, the Building Authority issued Series 2008-A bonds. The bonds were issued in the amount of \$26.6 million and the proceeds were to be used for various construction and renovation projects for the Dartmouth and Lowell campuses. As of June 30, 2008 the bonds payable amount was \$26.6 million. The bonds are payable annually on May 1 through 2038. The Building Authority also entered into a standby bond purchase agreement with Bank of America, N.A. (BofA) which requires BofA to purchase bonds tendered and not remarketed in an amount not to exceed the principal on the bonds plus accrued interest up to 184 days at an annual interest rate not to exceed 12 percent. Under this agreement, the Building Authority is required to pay BofA in quarterly installments a facility fee in the amount of 12 basis points of the initial commitment. The initial commitment under the agreement was set at \$28.0 million but is subject to adjustment from time to time in accordance with the provisions of the agreement. The agreement expires in 2013 and may be extended at the option of the BofA. Fees accrued by the Building Authority in connection with the standby bond purchase agreement totaled \$1,900 for the year ended June 30, 2008. In December 2007 the Building Authority entered into an interest rate swap agreement with Lehman Brothers Special Financing Inc., as swap counterparty, beginning May 1, 2008 and extending for the term of the bond issue. The agreement calls for the Building Authority to pay a fixed rate of 3.378% and receive a floating rate based on a percentage of LIBOR (see below).

In fiscal year 2008, the Building Authority issued Series 2008-2 bonds. The bonds were issued in the amount of \$120.6 million and the proceeds were to be used for various construction and renovation projects for the University's Amherst and Worcester campuses. As of June 30, 2008 the bonds payable amount was \$120.6 million. The bonds are payable annually on May 1 through 2038. The bonds carry interest rates that range from 4% to 5% and are callable beginning May 1, 2018 at par. The Authority was paid a premium of \$668,100 for these bonds. Some of the principal and interest payments on the bonds have been insured by Financial Security Assurance Inc. (FSA).

In fiscal year 2008 UMBA issued its Series 2008-3 bonds. The bonds were issued in the amount of \$138.6 million and the proceeds were used to currently refund a portion of the 2006-1 bonds. As of June 30, 2008 the bonds payable amount was \$138.6 million. The bonds are payable annually on November 1 through 2034. The bonds carry a variable interest rate and are callable at any time at par. The bonds are supported with an irrevocable direct ay letter of credit (the BofA LOC) issued by Bank of America NA (BofA). The BofA LOC, upon presentation of required documentation, will pay the Bond Trustee the amount necessary to pay the principal and accrued interest on the bonds. The BofA LOC expires in 2011 and may be extended at the option of BofA. Under the terms of the BofA LOC, the Building Authority is required to pay BofA in quarterly installments a facility fee in the amount of 55 basis points (or higher, under certain circumstances) of the commitment amount. Fees accrued by the Building Authority in connection with the BofA LOC totaled \$47,500 for the years ended June 30, 2008. The original interest rate swap with Citigroup from the 2006-1 bonds remains in place, with an allocable portion assigned to the 2008-3 bonds.

In fiscal year 2008, the Building Authority issued Series 2008-4 bonds. The bonds were issued in the amount of \$104.0 million and the proceeds were used to currently refund a portion of the 2006-1 bonds. As of June 30, 2008 the bonds payable amount was \$104.0 million. The bonds are payable annually on November 1 through 2034. The bonds carry a variable interest rate and are callable at any time at par. The Building Authority also entered into a standby bond purchase agreement with Bank of America, N.A. (BofA) which requires BofA to purchase bonds tendered and not remarketed in an amount not to exceed the principal on the bonds plus accrued interest up to 184 days at an annual interest rate not to exceed 12 percent. Under this agreement, the Building Authority is required to pay BofA in quarterly installments a facility fee in the amount of 35 basis points of the initial commitment. The initial commitment under the agreement was set at \$110.0 million but is subject to adjustment from time to time in accordance with the provisions of the agreement. The agreement expires in 2011 and may be extended at the option of the BofA. Fees accrued by the Building Authority in connection with the standby bond purchase agreement totaled \$21,400 for the year ended June 30, 2008. The original interest rate swap with Citigroup from the 2006-1 bonds remains in place, with an allocable portion assigned to the 2008-4 bonds.

In connection with the Series 2008-1 bonds, the Building Authority entered into an interest rate swap (the 2008-1 Swap). The intention of the swap is to effectively change the variable interest rate on the bonds to a synthetic fixed rate of 3.388%.

Terms. The bonds and the related swap agreement mature on May 1, 2038, and the swap's notional amount of \$232.5 million matches the amount of the variable rate bonds. The swap was entered in December 2007 with a start date of May 1, 2008. The notional value of the swap and the principal amount of the associated debt decline over time as the bond principal payments are made to the bondholders. Under the swap, the Building Authority pays the counterparty a fixed payment of 3.388% and receives a variable payment computed as 70% of the one-month LIBOR. Conversely, the variable interest rate on the bonds is based on actual weekly remarketing rates which are expected to roughly track the Securities Industry and Financial Markets Association Municipal Swap IndexTM (SIFMA) as successor to the Bond Market Association Municipal Swap IndexTM (BMA).

Fair value. As of June 30, 2008 the 2008-1 Swap had a negative fair market value of approximately \$1.2 million due to a decrease in interest rates since execution of the swap. Because the Building Authority's variable-rate bonds adjust to changing interest rates, the bonds do not have a corresponding fair value decrease. The fair value was estimated using the zero-coupon method. This method calculates the future net settlement payments required by the swap, assuming that the current forward rates implied by the yield curve correctly anticipate future spot interest rates. These payments are then discounted using the spot rates implied by the current yield curve for hypothetical zero-coupon bonds due on the date of each future net settlement on the swap.

Credit risk. As of June 30, 2008 the Building Authority was exposed to credit risk in the amount of the 2008-1 Swap's fair value. The swap's counterparty, UBS AG, was rated Aa1, AA- and AA- by Moody's Investors Service, Standard and Poor's and Fitch Ratings, respectively, as of June 30, 2008. To mitigate the potential for credit risk, if the counterparty's credit quality falls below A3/A/A, the fair value of the swap will be fully collateralized by the counterparty with U.S. Government Securities or U.S. Government Agency Securities. Collateral posted by the counterparty will be held by a third-party custodian.

Basis risk. The 2008-1 Swap exposes the Building Authority to basis risk should the relationship between LIBOR and SIFMA converge, changing the synthetic rate on the bonds. The effect of this difference in basis is indicated by the difference between the intended synthetic rate (3.388%) and the synthetic rate as of June 30, 2008 (3.098%). If a change occurs that results in the rates' moving to convergence, the expected cost savings may not be realized. As of June 30, 2008, the SIFMA rate was 1.55%, whereas 70% of the one-month LIBOR was 1.74%.

Termination risk. The Building Authority or the counterparty may terminate the 2008-1 Swap if the other party fails to perform under the terms of the contract. The swap may be terminated by the Building Authority if the counterparty's credit quality rating fails below BBB+ as issued by Standard & Poor's Rating Service or Fitch Inc. or if the counterparty fails to have such a rating. If the swap is terminated, the variable-rate bonds would no longer carry a synthetic interest rate. Also, if at the time of the termination the swap has a negative fair value, the Building Authority would be liable to the counterparty for a payment equal to the swap's fair value.

In connection with the Building Authority's Series 2008-A bonds, the Building Authority entered into an interest rate swap (the 2008-A Swap). The intention of the swap is to effectively change the Building Authority's variable interest rate on the bonds to a synthetic fixed rate of 3.378%.

Terms. The bonds and the related swap agreement mature on May 1, 2038, and the swap's notional amount of \$26.6 million matches the amount of the variable rate bonds. The swap was entered in December 2007 with a start date of May 1, 2008. The notional value of the swap and the principal amount of the associated debt decline over time as the bond principal payments are made to the bondholders. Under the swap, the Building Authority pays the counterparty a fixed payment of 3.378% and receives a variable payment computed as 70% of the one-month LIBOR. Conversely, the variable interest rate on the bonds is based on actual weekly remarketing rates which are expected to roughly track SIFMA.

Fair value. As of June 30, 2008 the 2008-A Swap had a negative fair market value of approximately \$119,000 due to a decrease in interest rates since execution of the swap. Because the Building Authority's variable-rate bonds adjust to changing interest rates, the bonds do not have a corresponding fair value decrease. The fair value was estimated using the zero-coupon method. This method calculates the future net settlement payments required by the swap, assuming that the current forward rates implied by the yield curve correctly anticipate future spot interest rates. These payments are then discounted using the spot rates implied by the current yield curve for hypothetical zero-coupon bonds due on the date of each future net settlement on the swap.

Credit risk. As of June 30, 2008 the Building Authority was exposed to credit risk in the amount of the 2008-A Swap's fair value. The swap's counterparty, Lehman Brothers Special Financing Inc., was rated A1, A and A+ by Moody's Investors Service, Standard and Poor's and Fitch Ratings, respectively, as of June 30, 2008. To mitigate the potential for credit risk, if the counterparty's credit quality falls below A3/A/A, the fair value of the swap will be fully collateralized by the counterparty with U.S. Government Securities or U.S. Government Agency Securities. Collateral posted by the counterparty will be held by a third-party custodian.

Basis risk. The 2008-A Swap exposes the Building Authority to basis risk should the relationship between LIBOR and SIFMA converge, changing the synthetic rate on the bonds. The effect of this difference in basis is indicated by the difference between the intended synthetic rate (3.378%) and the synthetic rate as of June 30, 2008 (3.088%). If a change occurs that results in the rates' moving to

ş

convergence, the expected cost savings may not be realized. As of June 30, 2008, the SIFMA rate was 1.55%, whereas 70% of the one-month LIBOR was 1.74%.

Termination risk. The Building Authority or the counterparty may terminate the 2008-1 Swap if the other party fails to perform under the terms of the contract. The swap may be terminated by the Building Authority if the counterparty's credit quality rating fails below BBB+ as issued by Standard & Poor's Rating Service or Baa1 as issued by Moody's Investor's Service or if the counterparty fails to have such a rating. If the swap has a negative fair value, the Building Authority would be liable to the counterparty for a payment equal to the swap's fair value.

In connection with the Building Authority's Series 2006-1 bonds, the Building Authority entered into an interest rate swap (the 2006-1 Swap). The intention of the swap is to effectively change the Building Authority's variable interest rate on the bonds to a synthetic fixed rate of 3.482%. In fiscal 2008 the Building Authority currently refunded the Authority's Series 2006-1 bonds with the Building Authority's Series 2008-3 and 2008-4 bonds. The interest swap remains outstanding and is matched on a pro-rate basis with the Series 2008-3 and 2008-4 bonds.

Terms. The bonds and the related swap agreement mature on November 1, 2034, and the swap's notional amount of \$243.8 million matches most of the amount of the variable rate bonds. The swap was entered at approximately the same time the bonds were issued (April 2006). The notional value of the swap and the principal amount of the associated debt decline as principal payments are made to the bondholders over time. Under the swap, the Building Authority pays the counterparty a fixed payment of 3.482% and receives a variable payment computed as 60% of the three-month LIBOR plus .18%. Conversely, the variable interest rate on the bonds is based on actual weekly remarketing rates which are expected to roughly track SIFMA.

Fair value. As of June 30, 2008, the 2006-1 Swap had a negative fair market value of approximately \$11.3 million. As of June 30, 2007, the swap had a positive fair market value of approximately \$2.4 million. The change in fair value of the swap is due to interest rates changes since execution of the swap. If interest rates increase over time from the date of issuance the swap will have a positive fair value will be negative. Because the Building Authority's variable-rate bonds adjust to changing interest rates, the bonds do not have a corresponding fair value decrease. The fair value was estimated using the zero-coupon method. This method calculates the future net settlement payments required by the swap, assuming that the current forward rates implied by the yield curve correctly anticipate future spot interest rates. These payments are then discounted using the spot rates implied by the current yield curve for hypothetical zero-coupon bonds due on the date of each future net settlement on the swap.

Credit risk. As of June 30, 2008 and 2007 the Building Authority was exposed to credit risk in the amount of the 2006-1 Swap's fair value. The swap's counterparty, Citibank, N.A., was rated Aa1, AA and AA+ by Moody's Investors Service, Standard and Poor's and Fitch Ratings, respectively, as of June 30, 2008. To mitigate the potential for credit risk, if the counterparty's credit quality falls below A2/A, the fair value of the swap will be fully collateralized by the counterparty with U.S. Government Securities or U.S. Government Agency Securities. Collateral posted by the counterparty will be held by a third-party custodian.

Basis risk. The 2006-1 Swap exposes the Building Authority to basis risk should the relationship between LIBOR and SIFMA converge, changing the synthetic rate on the bonds. The effect of this difference in basis is indicated by the difference between the intended synthetic rate (3.482%) and the synthetic rate as of June 30, 2008 (3.152%) and 2007 (3.826%). If a change occurs that results in the rates' moving to convergence, the expected cost savings may not be realized. As of June 30, 2008, the SIFMA rate was 3.73%, whereas 60% of the three-month LIBOR plus .18% was 3.40%. As of June 30, 2007, the SIFMA rate was 1.55%, whereas 60% of the three-month LIBOR plus .18% was 1.87%.

Termination risk. The Building Authority or the counterparty may terminate the 2006-1 Swap if the other party fails to perform under the terms of the contract. The swap may be terminated by the Building Authority if the counterparty's credit quality rating fails below Baa1 as issued by Moody's Investor Service or BBB+ as issued by Standard & Poor's or if the counterparty fails to have such a rating. If the swap is terminated, the variable-rate bonds would no longer carry a synthetic interest rate. Also, if at the time of the termination the swap has a negative fair value, the Authority would be liable to the counterparty for a payment equal to the swap's fair value.

Swap payments and associated debt. Using rates as of June 30, 2008, the debt service requirements of the variable-rate debt and net swap payments, assuming current interest rates remain the same for their term, were as follows. As rates vary, variable-rate bond interest payments and net swap payments will vary.

Aggregate future principal payments of the total University of Massachusetts Building Authority debt for the years ended June 30 are: 2009 - \$37.5 million, 2010 - \$38.1 million, 2011 - \$40.3 million, 2012 - \$41.6 million, 2013 - \$42.2 million, and thereafter, \$799.4 million. As rates vary, variable-rate bond interest payments and net swap payments will vary.

In connection with the Building Authority's bond refunding undertaken in fiscal year 2006 noted above, the Building Authority recorded a difference between the reacquisition price and the net carrying amount of the old debt of approximately \$42.6 million. This difference is being reported as a reduction from bonds payable and will be amortized as an increase in amortization expense over the original life of the refunded bonds. The refundings reduced the University's debt service payments in future years by approximately \$33.6 million and resulted in an economic gain (the present value of savings) of approximately \$21.6 million.

In prior years, the Building Authority refunded all bonds outstanding issued by the Building Authority prior to May 1, 1984. Accordingly, the Building Authority deposited into trust accounts sufficient funds to provide for all future debt service payments on the refunded bonds. Assets held in trust accounts had an aggregate market value of approximately \$4.6 million and \$5.8 million at June 30, 2008 and 2007, respectively. The outstanding amount of the refunded bonds at June 30, 2008 and 2007 total approximately \$4.9 million and \$6.4 million, respectively.

On January 5, 2007 the Authority closed on a \$35.0 million Revolving Line of Credit (the Line) with Bank of America, N.A (the Bank). The Line matures on the first anniversary of the date of the agreement and can be extended or renewed at the option of the Bank. At the time of each draw on the Line the Authority must elect to have the interest on the draw calculated based on (a) 75% of the one-month, two-month or three-month LIBOR rate (LIBOR Rate) or (b) 75% of the higher of the Federal Funds Rate plus .5% or 75% of the Bank's "prime rate" (Base Rate). Interest is due at the end of the one, two or three month period under a LIBOR Rate draw, the first business day of the calendar quarter for Base Rate draws or the Line's maturity date, whichever comes first. Except at the Line's maturity date, the Authority can elect to have the interest charges incorporated into a subsequent draw. In November 2007 the Authority renewed the Lune for an additional 12 months. At the time of the renewal the total Line was reduced to \$30.0 million and the LIBOR Rate and Base Rate factor was increased from 75% to 77%. At the time Line was closed the Authority entered into a contract with the University that obligates the University to make payments to the Authority sufficient to cover the costs of the Line. The Authority expects to pay all principal and interest charges related to the Line. The interest terms on the draws were one-month LIBOR and the interest rates ranged from 1.84% to 4.37%. As of June 30, 2007 the Authority had \$4.1 million outstanding under the Line in four separate draws. The interest terms on the draws were either one-month or three-month LIBOR and the interest rates ranged from 1.84% to 4.37%.

Massachusetts Health and Educational Facilities Authority

University of Massachusetts Series C

In June 2002, the University issued \$35.0 million of Massachusetts Health and Educational Facilities Authority (MHEFA) Revenue Bonds, University of Massachusetts Issue, Series C (the "Series C Bonds"). The proceeds from this issuance were used to fund a portion of the costs associated with the construction of a new student center at the Boston campus which opened in April 2004. The Commonwealth's Division of Capital Asset Management and Maintenance ("DCAMM") managed the project and the Commonwealth has provided additional funds for the project. The Series C Bonds mature October 1, 2034 and the remaining outstanding debt bears interest at fixed interest rates ranging from 3.375% to 5.17%. The Series C Bonds were issued at a net discount of approximately \$488,000. Debt covenants include the maintenance of a debt service fund as outlined in the related debt agreement. The University is required to make deposits in this debt service fund on or before the twenty-fifth day of each March and September. Principal payments are made annually and are due on October 1. The Series C Bonds are redeemable prior to maturity beginning on October 1, 2012, at the option of MHEFA and the University, at 100% of face value, plus accrued interest. The outstanding principal balance on the Series C Bonds is \$32.6 million and \$33.3 million at June 30, 2008 and 2007, respectively.

University of Massachusetts Series B

In June 2001, the University Issued \$12.0 million of Massachusetts Health and Educational Facilities Authority (MHEFA) Revenue Bonds, University of Massachusetts Issue, Series B (the "Series B Bonds"). The proceeds from this issuance were used to fund a portion of the costs associated with the construction of a new student center at the Lowell campus which was opened in September 2002. The Commonwealth's Division of Capital Asset Management and Maintenance (DCAMM) managed the project and the Commonwealth provided additional funds for the project. The Series B Bonds mature on October 1, 2031 and the remaining outstanding debt bears interest at fixed interest rates ranging from 4.0% to 4.45%. The Series B Bonds were issued at a net discount of approximately \$127,000. Debt covenants include the maintenance of a debt service fund as outlined in the related debt agreement. The University is required to make deposits in this debt service fund on or before the twenty-fifth day of each March and September. Principal payments are made annually and are due on October 1. The Series B Bonds are redeemable prior to maturity beginning on October 1, 2011, at the option of MHEFA and the University, at 100% of face value, plus accrued interest. At June 30, 2008 and 2007, the outstanding principal balance on the Series B Bonds is \$1.0 million and \$1.3 million, respectively.

University of Massachusetts Series D

In January 2007, the University issued \$10.4 million of MHEFA Revenue Bonds, University of Massachusetts Issue Series D. The proceeds from this issuance were used to refund a portion of the Series B Bonds. The Series D Bonds mature on October 1, 2031, and the remaining outstanding series bear interest at fixed interest rates ranging from 3.5% to 4.25%. The Series D Bonds were issued at a discount of approximately \$203,000. Debt covenants include the maintenance of a debt service fund outlined in the related debt agreement. The University is required to make deposits in the debt service fund on or before the twenty-fifth day of each March and September. Principal payments are made annually and are due on October 1. The refunding of the bonds resulted in a difference between the reacquisition price and net carrying amount of the old debt of approximately \$0.8 million. This difference is reported in the accompanying financials statements as an increase to bonds payable. As a result of this partial refunding, the University will reduce its aggregate debt service payments by approximately \$0.8 million and achieve an economic gain, (the difference between the present value of the old and new debt service payments), of \$0.5 million. At June 30, 2008 and 2007, the outstanding principal balance on the Series D Bonds is \$10.3 million and \$10.4 million, respectively.

University of Massachusetts Series A

In March 2000, the University issued \$40.0 million of MHEFA Variable Rate Demand Revenue Bonds, University of Massachusetts Issue, Series A (the "Series A Bonds"). The proceeds from this issuance are being used to fund certain projects including the acquisition and implementation of various administrative technology projects at the University. The Series A Bonds mature on November 1, 2030 and bear interest at a variable weekly rate intended to set the market value equal to the principal amount of the Series A Bonds. Average interest rates during fiscal year 2008 and 2007 were approximately 2.83% and 3.60%, respectively. The University is also obligated for certain ongoing administrative costs including letter of credit, remarketing and

trustee fees. Debt covenants include the maintenance of a debt service fund as outlined in the related debt agreement. Interest payments are made monthly and due on the first business day of each month. Principal payments of \$40.0 million are due upon maturity. The Series A Bonds were issued at par. At June 30, 2008 and 2007, the outstanding principal balance on Series A Bonds is \$40.0 million.

The Series A Bonds are subject to purchase on the demand of the holder at a price equal to principal plus accrued interest on seven days' notice and delivery to the University's remarketing agent. The remarketing agent is authorized to use its best efforts to sell the repurchased bonds at a price equal to 100% of the principal amount by adjusting the interest rate. Under an irrevocable letter of credit for \$40.6 million, the trustee or remarketing agent is entitled to draw an amount sufficient to pay the purchase price of the bonds delivered to it. The letter of credit extends through March 29, 2009, and carries a variable interest rate equal to the bank rate plus 2% on any unreimbursed amounts. The bank rate was 5.0% at June 30, 2008 and 10.25% at June 30, 2007. At June 30, 2008, there are no amounts outstanding under the letter of credit.

Aggregate principal payments on the Series A Bonds, Series B Bonds, Series C Bonds and Series D Bonds for the years ended June 30 are; 2009 - \$0.9 million, 2010 - \$1.0 million, 2011 - \$1.0 million, 2012 - \$1.0 million, 2013 - \$1.0 million, thereafter -\$79.1 million. At June 30, 2008 and 2007, the estimated fair value of the Series A Bonds, Series B Bonds, Series C Bonds and Series D Bonds is approximately \$81.0 million and \$85.2 million, respectively.

Worcester City Campus Corporation Series E

In January 2007, WCCC issued \$118.8 million of Series E bonds. The Series E Bonds were issued at a premium of \$3.9 million. WCCC has deposited \$32.4 million of the proceeds to an irrevocable trust fund to provide for partial advanced refunding of the Series B Bonds. A portion of the Series B Bonds totaling \$30.8 million and the irrevocable trust has been derecognized by WCCC. WCCC incurred a loss on advanced refunding and defeasance of \$2.3 million which will be amortized over the life of the debt. This portion of the bonds bear interest at various fixed rates ranging from 3.50% to 4.5% and mature on October 1, 2031. As of June 30, 2008 and 2007, the aggregate principal payments outstanding on this portion of the Series E Bond was \$32.6 million and \$33.1 million, respectively. Further, \$85.7 million of the Series E Bonds proceeds are being used to finance the construction of the Advanced Center for Clinical Education and Science (ACCES) at the Worcester Campus. These funds have been invested with the Royal Bank of Canada while construction progresses and earn interest at 4.92%. Periodically, WCCC requests reimbursement from this fund for qualified costs of construction that consists of building supplies, materials and labor. At June 30, 2008 and 2007, the balance of this construction fund totaled \$49.5 million and \$84.9 million, respectively including accrued interest earned. These bonds bear interest at various fixed rates ranging from 3.5% to 5.0% and mature October 1, 2036. As of June 30, 2008 and 2007, the aggregate principal payments outstanding on this portion of the Series E Bond avong and 2007, the aggregate rates ranging from 3.5% to 5.0% and mature October 1, 2036. As of June 30, 2008 and 2007, the aggregate principal payments outstanding on this portion of the Series E Bond was \$84.7 million and \$85.7 million, respectively.

Worcester City Campus Corporation Series C refunded by Series F

In January 2007, WCCC issued \$101.7 million of Series F bonds. The Series F Bonds were issued at a premium of \$2.8 million. WCCC has deposited \$68.8 million of the proceeds to an irrevocable trust fund to provide for payment of the WCCC C Bonds. The Series C Bonds were issued by WCCC in April 2002 for \$70.0 million. The proceeds from this issuance are being used to finance the construction of the Jamaica Plains Biolabs. The WCCC C Bonds totaling \$65.0 million and the irrevocable trust have been derecognized by WCCC. This portion of the bonds bear interest at various fixed rates ranging from 4.0% to 4.5% and mature on October 1, 2031. As of June 30, 2008 and 2007, the aggregate principal payments outstanding on this portion of Series F Bonds was \$66.2 million and \$68.5 million, respectively. WCCC incurred a loss on the advanced refunding and defeasance of \$5.0 million which will be amortized over the life of the debt. Further, \$34.6 million of the Series F Bonds proceeds are being used to finance the construction of the Biologics Laboratory Phase II Project at the Mattapan location of the Worcester Campus. These funds have been invested with the Royal Bank of Canada while construction progresses and ear interest at 4.92%. Periodically, WCCC requests reimbursement from this fund for qualified costs of construction that consists of building supplies, materials and labor. At June 30, 2008 and 2007, the balance of this construction fund totaled \$37.0 million and \$35.4 million, respectively including accrued interest earned. These bonds bear interest at various fixed rates ranging from 4.0% to 5.0% and mature October 1, 2036. As of June 30, 2008 and 2007, the aggregate principal payments outstanding on this portion of the Series E Bond was \$32.8 million and \$33.2 million, respectively.

Worcester City Campus Corporation Series B

In June 2001, the Foundation transferred ownership of its medical research development facility known as Two Biotech Park to WCCC. In exchange for the building, WCCC assumed from the Foundation the remaining debt of \$17.8 million, net (the "Foundation Bonds"), and received the proceeds of the related debt service funds. Concurrent with the transfer, WCCC issued \$52.0 million of MHEFA Revenue Bonds, WCCC Issue (University of Massachusetts Project), Series B (the "WCCC B Bonds"). WCCC deposited approximately \$19.1 million (\$17.0 million from the proceeds of the WCCC Series B Bonds and \$2.1 million from debt service reserves) in an irrevocable trust fund to provide for the payment of interest and principal on the Foundation Bonds. The Foundation Bonds and the funds held in the irrevocable trust fund were derecognized by WCCC. The remaining \$35.0 million of the WCCC B Bonds are being used to finance the construction of a parking garage and the acquisition and installation of equipment at the Worcester campus. The remaining portion of the Series B Bonds bear interest at various fixed rates ranging from 4.00% to 5.25% and mature on October 1, 2023. Debt covenants include the maintenance of a debt service fund as outlined in the debt agreement. The bonds were issued at a net discount of approximately \$0.4 million. The Series B Bonds are redeemable prior to maturity beginning on October 1, 2011, at the option of MHEFA and WCCC, at par plus accrued interest. The outstanding balance at June 30, 2008 and 2007 is \$15.9 million and \$16.9 million, respectively.

Worcester City Campus Corporation Series D

In April 2005, WCCC issued \$99.3 million of MHEFA Revenue Bonds (the "WCCC D Bonds"). WCCC has deposited the proceeds to an irrevocable trust fund to provide for payment of the MHEFA Revenue Bonds, WCCC Issue (University of

Massachusetts Project) Series A (the "WCCC A Bonds" or the "refunded bonds"). The WCCC D bonds bear interest at various fixed rates ranging from 3.00% to 5.25% per year and mature October 1, 2029. The WCCC D Bonds were issued at a premium of \$4.1 million. The WCCC D Bonds represent a transfer obligation of the University whereby, subject to the terms of the financing agreement, the University will be notified upon WCCC's failure to make any payments required by the trust agreement and the University will promptly transfer any amounts unpaid and due by WCCC under such agreement. Assets held in the refunding trust fund had an aggregate market value of approximately \$97.0 million and \$102.0 million at June 30, 2008 and 2007, respectively. The outstanding amount of the refunded bonds totaled approximately \$89.1 million and \$91.2 million at June 30, 2008 and 2007, respectively. The refunding of the bonds resulted in a difference between the reacquisition price and the net carrying amount of the old debt of approximately \$8.9 million. This difference, reported in the accompanying financial statements as a reduction in bonds payable, is being charged to operations over the life of new bonds using the straight-line method. As a result of the defeasance, WCCC will reduce its aggregate debt service payments by approximately \$4.0 million and achieve an economic gain, (the difference between the present value of the old and new debt service payments), of \$3.9 million. The outstanding principal balance on the WCCC Series D Bonds at June 30, 2008 and 2007 is \$95.8 million and \$98.3 million, respectively.

The WCCC A Bonds were issued by WCCC in March 2000 for \$100.0 million. The proceeds from this issuance were used to fund the construction of the Lazare Research Building on the Worcester Medical School campus of the University. The WCCC A Bonds have been legally defeased. Accordingly, the WCCC A Bonds and the irrevocable trust have been derecognized by WCCC.

Aggregate principal payments on the WCCC B Bonds, WCCC D Bonds, WCCC E Bonds and WCCC F Bonds for the years ended June 30 are; 2009 - \$7.4 million, 2010 - \$7.7 million, 2011 - \$8.0 million, 2012 - \$8.4 million, 2013 - \$8.7 million, thereafter \$287.7 million. At June 30, 2008 and 2007, the fair value of the WCCC B Bonds, WCCC D Bonds, WCCC E Bonds and WCCC F Bonds was approximately \$320.5 million and \$339.8 million, respectively.

Pledged Revenues

WCCC is obligated under the terms of indebtedness to make debt service payments from revenues received from certain facility leases. Total applicable pledged revenues were \$4.7 million for fiscal years 2008 and 2007.

Pursuant to the projects administered by the University of Massachusetts Building Authority, the Authority sets fees, rents, rates and other charges for the use of the projects in an amount for each fiscal year that produces revenues in excess of the amounts needed in such fiscal year for debt service on the related bonds, required contributions to the related Section 10 Reserve Fund, expenses for the Bond trustee and any escrow agent. Such excess revenues are held by the University for the account of and on behalf of the Authority. Total applicable pledged revenues were \$52.6 million for 2008 and \$47.3 million for 2007.

9. LEASES

The University leases certain equipment and facilities under operating leases with terms exceeding one year, which are cancelable at the University's option with 30 days notice. The rent expense related to these operating leases amounted to approximately \$17.7 million and \$13.5 million for the years ended June 30, 2008 and 2007, respectively. The University also leases space to third party tenants. During 2008 and 2007, the amount reported as rental income was \$7.4 million and \$1.4 million, respectively. The master leases primarily consist of telecommunications, software, and co-generation systems.

The following are a schedule of future minimum payments under capital and non-cancelable operating leases and a schedule of principal and interest payments on capital lease obligations for the next five years and in subsequent five-year periods for the University as of June 30, 2008 (in thousands):

	Uni versi	ty Capital Lea	ses				
	Master	Other		Operating			
Year	Leases	Leases	TOTAL	Leases	June 30, 2008	University Capi	tal Leases
2009	\$8,978	\$677	\$9,655	\$12,939	Year	Principal	Interest
2010	8,974	542	9,516	11,817	2009	\$8,168	\$1,487
2011	7,264	121	7,385	10,957	2010	8,354	1,162
2012	6,496	13	6,509	9,878	2011	6,536	849
2013	6,496	1	6,497	9,419	2012	5,881	628
2014-2016	7,679		7,679	53,020	2013	6,075	422
Total Payments	45,887	1,354	47,241	\$108,030	2014-2016	7,414	265
Less: Amount representing interest	(4,697)	(116)	(4,813)	<u></u>	Total Payments	\$42,428	\$4,813
Present Value of Minimum Lease Payments	\$41,190	\$1,238	\$42,428				

10. CAPITAL LEASES AND OTHER LONG-TERM LIABILITIES

During the year ended June 30, 2008 the following changes occurred in long-term liabilities as recorded in the statement of net assets (in thousands):

	Beginning <u>Balance</u>	Additions/ Adjustments*	Reductions/ Adjustments*	Ending <u>Balance</u>
University:

University Related Organization:				
Other Liabilities	\$2,914	\$69		\$2,983

* Adjustments include changes in estimates

11. FRINGE BENEFITS

Expenditures for the years ended June 30, 2008 and 2007 include \$269.6 million and \$228.0 million, respectively, for the employer portion of fringe benefit costs (pension expense, health insurance for active employees and retirees, and unemployment) that was paid directly by the Commonwealth of Massachusetts. Of this amount, \$91.4 million for 2008 and \$76.8 million for 2007 was reimbursed to the Commonwealth and \$178.2 million and \$151.1 million respectively is included in revenue as state appropriations.

The University has recorded a liability for future expected costs of its workers' compensation claims of approximately \$14.4 million as of June 30, 2008 and \$14.9 million as of June 30, 2007. Estimated future payments related to such costs have been discounted at a rate of 6% in computing such liability.

12. MEDICAL SCHOOL LEARNING CONTRACTS

The University's Medical School enters into learning contracts with certain medical students. These contracts give students the option of deferring a portion of their tuition until after residency training, and canceling all or a portion of their tuition if they practice medicine in the Commonwealth for one year, or for students matriculating after 1990, two or four (depending on conditions) full years in primary care. The University does not record as revenue the portion of tuition deferred under these learning contracts until actual cash repayments are received. The cumulative amount granted under such learning contracts plus accrued interest totaled \$54.6 million and \$52.4 million at June 30, 2008 and 2007, respectively. Cumulative repayments totaled approximately \$35.8 million and \$33.6 million as of June 30, 2008 and 2007, respectively.

13. RETIREMENT PLANS

The Commonwealth of Massachusetts is statutorily responsible for the pension benefit of University employees who participate in the State Employees' Retirement System (SERS). SERS, a single employer defined benefit public employee retirement system, is administered by the Commonwealth and covers substantially all non-student employees. The University makes contributions on behalf of the employees through a fringe benefit charge assessed by the Commonwealth. Such pension expense amounted to approximately \$56.2 million and \$50.1 million for the years ended June 30, 2008 and 2007, respectively. The annuity portion of the SERS is funded by employees, who contribute a percentage of their regular compensation. Annual covered payroll approximated 76.9% for the years ended June 30, 2008 and 2007, respectively of annual total payroll for the University. Non-vested faculty and certain other employees of the University can opt out of SERS and participate in a defined contribution plan, the Massachusetts Optional Retirement Plan (ORP). At June 30, 2008 and 2007, there were approximately 1,699 and 1,687 University employees, respectively participating in ORP. The Commonwealth matches 5% of ORP contributions. SERS issues stand-alone financial statements that can be obtained from the Commonwealth.

The University of Massachusetts Foundation, Inc. has a defined contribution plan (the "Plan") for eligible employees through the Teachers Insurance and Annuity Association (TIAA) and College Retirement Equity Fund (CREF) retirement programs. The Plan Is designed, and contributions are made, In accordance with the provisions of 403(b) of the Internal Revenue Code. Eligibility begins immediately and the Foundation contribution, based upon a percentage of salaries, was approximately \$32,000 and \$34,000 for the years ended June 30, 2008 and 2007, respectively. The Foundation has no liability for benefits paid under the Plan.

14. CONCENTRATION OF CREDIT RISK

The financial instrument that potentially subjects the University to concentrations of credit risk is the receivable from UMass Memorial which is uncollateralized. The receivable from UMass Memorial represents 0.5% and 33.4% of total accounts receivable for the University at June 30, 2008 and 2007, respectively. The University also has receivables from two organizations comprising approximately 8.7% and 5.6% of the total outstanding receivables at June 30, 2008.

15. COMMITMENTS AND CONTINGENCIES

The Building Authority, University, and WCCC have outstanding purchase commitments under construction contracts in amounts aggregating approximately \$371.8 million and \$518.2 million at June 30, 2008 and 2007, respectively.

The University is a defendant in various lawsuits and is subject to various contractual matters; however, University management is of the opinion that the ultimate outcome of all litigation or potential contractual obligations will not have a material effect on the financial position, financial results or cash flows of the University.

From time to time the University and/or its affiliated organizations are subject to audits of programs that are funded through either federal and/or state agencies. The Medical School has become aware that the Office of the Inspector General for the U.S. Department of Health and Human Services is performing an audit of Medicaid Supplemental Revenues (MSR) received by UMMMC.

The eventual outcome of this audit is currently unknown. However, depending on the eventual outcome, UMMMC may be required to repay any MSR received deemed to be disallowed as a result of the audit. Dependent on the outcome, UMMS, consistent with the Agreement for Medical Educational Services, made part of the Definitive Agreement between the Medical School and UMass Memorial Medical Center, and its subsequent amendments and the indemnification provisions in these Agreements, may be required to indemnify UMMMC. Although the eventual outcome of this audit is currently unknown, and management believes that as of the date of the financial statements it is not probable that a liability exists, management concludes it is reasonably possible that amounts could be repaid and that those amounts may be material to the Statement of Revenues, Expense and Changes in Net Assets and the Statement of Cash Flow in a future period.

16. SEGMENT INFORMATION

A segment is an identifiable activity reported as a stand-alone entity for which one or more revenue bonds are outstanding. A segment has a specific identifiable revenue stream pledged in support of revenue bonds and has related expenses, gains and losses, assets, and liabilities that are required by an external party to be accounted for separately. The University has two segments that meet the reporting requirements under GASB 35.

The Worcester City Campus Corporation is organized to receive, take title to, hold, manage, develop, improve, demolish, renovate, lease for terms up to 99 years, or otherwise transfer, convey, or deal with any real or personal property conveyed to it including, without limitation, real and personal property utilized at or in connection with the operations of the University. WCCC outstanding revenue bonds were issued pursuant to specific bond indentures which provide that the revenue bonds are to be paid by certain revenues that are pledged to pay debt service.

The following summary financial information for WCCC is presented before elimination of certain intra-University transactions:

30:

The University of Massachusetts Building Authority is empowered to acquire, construct, remove, demolish, add to, alter, enlarge, reconstruct and do other work upon any building or structure and to provide and install furnishings, furniture, machinery, equipment, approaches, driveways, walkways, parking areas, planting, landscaping and other facilities therein. The Building Authority's Enabling Act authorizes it to acquire property from the Commonwealth or others (but the Building Authority has no eminent domain power), to rent or lease as lessor or lessee any portion of a project, to operate projects, to employ experts and other persons and to enter into contracts. In addition, the Enabling Act authorizes the Building Authority to borrow money to finance and refinance projects it undertakes, and to issue and sell its revenue bonds and notes therefore which are payable solely from its revenues.

The following summary financial information for the Building Authority is presented before elimination of certain intra-University transactions:

17. SUBSEQUENT EVENT

On October 3, 2008 LBSF filed for bankruptcy with the United States Bankruptcy Court for the Southern District of New York. Under the terms of the swap agreement related to the Building Authority Series 2008-A bonds, the Building Authority has the right to terminate the swap at its option as the filing constitutes a default. At the time of the filing there were no funds owed by LBSF to the Building Authority. As of the report date of these financial statements the Building Authority was assessing its options and expected to find an acceptable replacement counterparty to LBSF under similar terms to the original agreement.

On October 15, 2008, faced with an estimated state budget deficit of \$1.4 billion, Governor Deval Patrick started implementing a fiscal action plan to close the gap that includes more than \$1 billion in immediate cuts and spending controls across state government, identifying additional revenues and a draw on state reserves. These steps were taken because state tax revenue estimates have had to be revised as the state reacts to the effects of the national financial crisis and slow down in the state and national economy. As part of this action plan, the administration reduced the University's fiscal year 2009 state appropriation by 5% or approximately \$24.6 million. The University has taken appropriate steps to manage this mid-fiscal year reduction in state support and is working with state officials to understand the Impacts of further changes to the economic environment on state support for the operating requirements and capital priorities of the University.

Report of Independent Auditors on Accompanying Information

To the Board of Trustee's of the University of Massachusetts:

The report on our audits of the basic financial statements of the University of Massachusetts as of June 30, 2008 and 2007 and for the years then ended, which references the work of other auditors, appears in this document. Those audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental information listed on the accompanying index is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

APPENDIX D

SUMMARY OF LEGAL DOCUMENTS

[Intentionally Left Blank]

SUMMARY OF LEGAL DOCUMENTS

SUMMARY OF CERTAIN PROVISIONS OF THE PROJECT TRUST AGREEMENT

The pledge and assignment made by the Authority in the Trust Agreement secures only bonds issued under the Trust Agreement and not bonds issued any other trust agreement.

The following is a summary of certain provisions of the Trust Agreement. Such summary does not purport to be complete, and reference is made to the Trust Agreement for a complete statement of its provisions.

Definitions

Capitalized words or terms used in this Summary of Certain Provisions of the Trust Agreement and not defined shall have the meaning given to the applicable word or term elsewhere in this Official Statement.

"Account" shall mean any account created pursuant to the Agreement.

"Accreted Amount" shall mean, as of the date of computation and with respect to any Capital Appreciation Bond, the original principal amount of such Capital Appreciation Bond upon the initial issuance of the Series of Bonds of which such Bond is a part plus the interest accrued on such Bond compounded as provided in the applicable Series Resolution.

"Agreement" shall mean the Trust Agreement.

"Annual Series Requirement" as applied to a Series of Guaranteed Bonds shall mean one-twelfth of the largest amount of Principal and Interest Payments due on account of the Outstanding Guaranteed Bonds of such Series of Bonds in any calendar year after the calendar year in which such Series of Guaranteed Bonds was issued.

"*Appropriations*" shall mean amounts made available for expenditure by the University Trustees pursuant to appropriations or other spending authorizations in the Commonwealth's annual operating budgets, including without limitation supplementary and deficiency budgets and any tuition retention authorization, and amounts otherwise available for expenditure by the University Trustees.

"Architect" as applied to a Project shall mean the person or firm, if any, employed by the Authority as architect for such Project.

"Authorized Officer" shall mean the Chairman, Vice Chairman, Secretary-Treasurer, Assistant Secretary-Treasurer or Executive Director of the Authority or any other person so designated by resolution of the Authority.

"Bond" or "Bonds" shall mean any bond or bonds or all bonds, as the case may be, issued under the Agreement and authorized by a Series Resolution.

"Bond Counsel" shall mean any firm of nationally recognized municipal bond attorneys selected by the Authority and experienced in the issuance of municipal bonds and matters relating to the exclusion of the interest thereon from gross income for Federal income tax purposes.

"Bond Registrar" shall have the meaning set forth in the Agreement.

"Capital Appreciation Bond" shall mean any Bond so identified in the Series Resolution applicable thereto and on which interest is compounded and is payable only at maturity or upon earlier redemption of such Bond.

"Code" shall mean the Internal Revenue Code of 1986, as amended. References to provisions of the Code include applicable successor provisions of the Code or applicable successor provisions of any recodification of the internal revenue laws of the United States.

"Commonwealth" shall mean The Commonwealth of Massachusetts.

"Commonwealth Guaranty" shall mean the guaranty by the Commonwealth pursuant to the Enabling Act of the payment of principal of and interest on Bonds so guaranteed. *"Commonwealth Guaranty"* shall not include a Credit Facility.

"Contract" shall mean each contract for financial assistance, management and services, and any amendments thereto, and each contract for management and services, and any amendments thereto, which may be entered into pursuant to the Enabling Act among the Authority, the Commonwealth, acting by and through the University Trustees, and the University Trustees with respect to the financing of one or more Projects or with respect to Bonds issued for the purpose of refunding and (a) in the case of a contract for financial assistance, management and services, providing financial assistance in the form of a Commonwealth Guaranty of the Bonds specified thereunder as entitled to the Commonwealth Guaranty or the pledge of Appropriations or Trust Funds, and (b) in the case of a contract for financial assistance, management and services or a contract for management and services, (i) providing, among other things, for the University Trustees to make available to the Authority the services of officers and employees of the University and office space and facilities in the University for billing and collecting rents, fees, rates and other charges for the use and occupancy of such one or more Projects (or the Project or Projects to which refunding Bonds pertain), or of .any facility or service provided by such one or more Projects (or the Project or Projects to which refunding Bonds pertain), renting and leasing rooms and other accommodations in the buildings and structures included in such one or more Projects (or the Project or Projects to which refunding Bonds pertain) and cleaning, heating, operation of and repairs to and maintenance of and keeping books of account with respect to such one or more Projects (or the Project or Projects to which refunding Bonds pertain) or (ii) containing such other provisions pertaining to the management of or services with respect to such one or more Projects (or the Project or Project to which refunding Bonds pertain) as may be permitted by the Enabling Act.

"Cost of the Project" as applied to a Project shall mean and include, without intending hereby to limit or restrict any definition of such term under the Enabling Act (as in effect on the date of the Agreement and as it may be amended from time to time), the cost, whenever incurred, of carrying out the Project and placing it in operation, including, but not limited to, the cost of construction of new buildings or structures and the cost of acquiring, adding to, altering, enlarging, leasing, reconstructing, remodeling and doing other work in or upon or respecting existing buildings and structures, if any, included in the Project, the cost of providing and installing in or in respect of any such building or structure furniture, furnishings, machinery, equipment, facilities, approaches, driveways, walkways, parking areas, planting and landscaping, the cost of leasing or otherwise acquiring land, other property, rights, easements and interests acquired for or in respect to any of the foregoing, the cost of demolishing or removing any buildings or structures on land so acquired or interests in which are so acquired and the cost of site preparation; the cost of architectural and engineering services, plans, specifications, surveys, estimates of cost and of revenues; other expenses necessary or incident to determining the feasibility or practicability of the Project; administrative expense, legal expense and such other expenses, including, but not limited to, the fees and expenses (including reasonable attorneys' fees and expenses) of the Trustee, fees and expenses of financial advisers and other experts, printing and advertising costs and the like, taxes and other governmental charges lawfully levied or assessed, the cost of preliminary architectural and engineering services, plans, specifications, surveys, estimates of cost and revenues, other expenses necessary or incident to determine the feasibility or practicability of other projects for which written requests shall have been made by authority of the University Trustees and premiums for policies of insurance, fidelity bonds and

the like covering property and risks of and related to the Project, as may be necessary or incident to the aforesaid, to the financing or refinancing thereof and to the issuance therefor of notes or Bonds or both under the provisions of the Enabling Act and interest for such period as the Authority may deem advisable but ending not later than eighteen months after the University Trustees shall have accepted the project for occupancy on money borrowed to pay all or part of the Cost of the Project.

"Counsel" shall mean an attorney or firm of attorneys admitted to practice law in the highest court of any state in the United States of America or in the District of Columbia.

"Counsel's Opinion" shall mean an opinion signed by an attorney or firm of attorneys (who may be general or special counsel to the Authority or bond counsel to the Authority) selected by the Authority and satisfactory to the Trustee.

"Credit Facility" shall mean any instrument, including without limitation a letter of credit, guaranty, standby loan commitment, insurance policy or surety bond, or any combination thereof, under which the Authority or the Trustee is entitled to receive moneys for the payment of one or more of principal of, Redemption Price of and interest on any Bond, fees and expenses of the Trustee, amounts payable from any reserve fund established pursuant to the Agreement, amounts for the replenishment of any reserve fund established pursuant to this Agreement, the purchase price of Bonds tendered pursuant to the applicable Series Resolution and any other amounts which the Authority or the Trustee is entitled to receive under such instrument. "Credit Facility" shall not include the Commonwealth Guaranty or Derivatives.

"Current Expenses" as applied to a Project shall mean and include (a) the fees and expenses (including reasonable attorneys' fees and expenses) of the Trustee under the Agreement and of any escrow or like agent appointed by the Authority with respect to the payment of bonds or Bonds issued to finance the Project or to refund any bonds or Bonds issued for such purpose or for the purpose of refunding other refunding bonds or Bonds related to such Project, exclusive of such fees and expenses as are included in the Cost of the Project; (b) the rent, not included in the Cost of the Project, payable by the Authority under any lease of property included in the Project, as such lease may be amended or extended; (c) premiums (or accruals on account thereof), not included in the Cost of the Project, for policies of insurance maintained in force by the Authority with respect to the Project (or a proportionate part of such premiums in the event that a single policy or policies of insurance shall cover property or risks pertaining to more than one Project (or shall include one or more Other Projects) of the Authority); and (d) that portion of the general operating and administrative expenses of the Authority as the Authority shall deem properly allocable to the Project, which general operating and administrative expenses shall include, without limiting the generality of the foregoing, any amount required to be rebated by the Authority (or by any other entity with respect to moneys held by the Authority) to the United States of America by the Code or other applicable law and not provided by other moneys of the Authority available therefor, legal and other professional expenses of the Authority, expenses incurred as Bond Registrar under the Agreement and reasonable payments to governmental or other benefit or retirement funds for the benefit of its employees, provided, however, that the total amount which may be so allocated in any year shall not exceed such limitation, if any, as may be imposed by the Contract pertaining to the Project; but such term shall not include (x) Maintenance, Repair and Operating Expenses; (y) any reserves for extraordinary maintenance or repair of the Project or any allowance for depreciation, or (z) any deposits or transfers to the credit of the special funds created by the Agreement and designated "Debt Service Fund," "Rate Stabilization Fund," "Section 10 Reserve Fund" and "Property Fund" or to the credit of any reserve fund created pursuant to the Agreement by a Series Resolution

"Current Interest Bond" shall mean any Bond other than a Capital Appreciation Bond.

"Debt Service Reserve Fund" shall mean any fund established by a Series Resolution to provide a reserve for the payment of one or more of principal of, Sinking Fund Installments premium and interest on a Series of Bonds and the purchase price of Bonds of such Series tendered pursuant to the applicable Series Resolution. Debt Service Reserve Fund shall not mean a Section 10 Reserve Fund.

"Debt Service Reserve Requirement" shall mean, with respect to a Debt Service Reserve Fund, the Debt Service Reserve Requirement established for such Debt Service Reserve Fund by the Series Resolution creating such Debt Service Reserve Fund.

"Derivative" shall mean contracts that derive their value from the value, or changes in value, of another financial instrument or index and shall include without limitation (a) interest rate swaps, swaptions, forward swaps, interest rate caps, interest rate floors, options, puts, calls and other contracts to hedge payment, rate spread or similar exposure, (b) forwards and (c) contracts to exchange cash flows or a series of payments. "Derivatives" shall not include a Credit Facility.

"Enabling Act" shall mean Chapter 773 of the Acts of 1960 of the Commonwealth, as amended.

"Engineer" as applied to a Project shall mean the person or firm, if any, employed by the Authority as engineer for such Project.

"Expendable Fund Balance" shall mean the accumulation of excess unrestricted revenues over expenditures with respect to the University for all prior years and for each current year from the unrestricted current fund, the quasi endowment fund, the unexpended unrestricted plant fund and the unrestricted renewal and replacement plant fund. (now referred to as Unrestricted Net Assets; see definition of *"Unrestricted Net Assets"*).

"fiscal year" shall mean the twelve-month period beginning on each July 1, or any other twelvemonth period designated by the Authority from time to time as its fiscal year.

"Fixed Rate Bond" shall mean a Bond bearing interest at a rate fixed to the stated maturity of such Bond, including any such Bond the interest rate on which has been converted to a rate fixed to the maturity thereof from a rate that is subject to adjustment from time to time.

"Fund" shall mean any Fund created pursuant to the Agreement.

"Guaranteed Bonds" shall mean Bonds that are guaranteed by the Commonwealth Guaranty.

"interest" unless otherwise indicated, shall mean with respect to any Bond (a) the interest on any Current Interest Bond and (b) the interest on any Capital Appreciation Bond, which interest is expressed as the difference between the applicable Accreted Amount on any applicable date and the principal amount of such Capital Appreciation Bond on the date of initial issuance of the Series of Bonds of which such Capital Appreciation Bond is a part.

"Interest Payment Date" shall mean any date on which a scheduled payment of interest on any Bond is due; provided, that such dates with respect to a Fixed Rate Bond shall be May 1 and November 1 of each year, commencing on May 1, 2010.

"interest rate," "rate of interest," "bear interest at the rate" or other like expressions shall mean the rate of interest on any Current Interest Bond and the rate (expressed as a yield to maturity) at which interest accrues on any Capital Appreciation Bond.

"Investment Obligations" shall mean and include any of the following: (a) direct obligations of, or obligations the payment of the principal of and interest on which are unconditionally guaranteed by, the United States of America; (b) obligations of the Federal National Mortgage Association, the Government National Mortgage Association, the Federal Financing Bank, the Federal Intermediate Credit Banks, Federal Banks for Cooperatives, Federal Land Banks, Federal Home Loan Banks, Farmers Home Administration and Federal Home Loan Mortgage Corporation, or of any other agency or corporation which has been or is hereafter

created pursuant to an act of the Congress of the United States as an agency or instrumentality thereof; (c) interest-bearing time deposits or certificates of deposit of banking institutions or trust companies (including the Trustee) organized under the laws of any state of the United States or any national banking association, provided that such deposits or certificates shall be continuously and fully (a) insured by the Federal Deposit Insurance Corporation or any successor thereof, or (b) secured by obligations described in clauses (a) and (b) having a market value, exclusive of accrued interest, at least equal to the aggregate amount of such deposits or certificates; (d) any of the securities described in clauses (a) and (b) which are subject to repurchase agreements with any bank or trust company organized under the laws of any state of the United States or any national banking association; (e) any other investment in which funds of the Authority are permitted from time to time to be invested by the Enabling Act; and (f) any subcategories of any of the investments described in clauses (a), (b), (c), (d) or (e) above that may be required by the issuer of a Credit Facility.

"Maintenance, Repair and Operating Expenses" as applied to a Project or Other Project shall mean and include any reasonable and necessary expenses for services, facilities, supplies, materials and utilities necessary for or incident to the maintenance, repair and operation of the Project or Other Project and the facilities and services provided thereby, billing and collecting fees, rents, rates and other charges for the use of the Project or Other Project or any room or accommodation therein or facility or service provided thereby and keeping books of account with respect to such maintenance, repair and operation. The term may also, if the Contract with respect to a Project or Other Project shall provide for application of Revenues therefrom to pay for the following costs, include the costs incurred in maintaining those activities which, and associations and organizations which, or the activities of which, are a part of the activities at the University and are subject to regulation by the University Trustees and which take place, use or are performed in a building or structure included in such Project or Other Project or are a part of a general program of the University including such activities, associations or organizations which take place, use or are performed in such building or structure. The term shall also include reserves for the foregoing expenses and costs if and to the extent that the Contract in effect with respect to a Project, if any, or a resolution of the Authority with respect to a Project or Other Project provides for such reserves. The term shall not include Current Expenses.

"*Moody's*" shall mean Moody's Investors Service, Inc., a corporation organized and existing under the laws of the State of Delaware, its successors and assigns, and, if such corporation shall be dissolved or liquidated or shall no longer perform the functions of a securities rating agency, "*Moody's*" shall be deemed to refer to any other nationally recognized securities rating agency designated by the Authority by notice to the Trustee, with the consent of the Insurer.

"Multi-Series Debt Service Reserve Fund" shall have the same meaning as the term Debt Service Reserve Fund, except that a Multi-Series Debt Service Reserve Fund shall secure more than one Series of Bonds (and any one or more of such Series so secured may be issued at different times or under different Series Resolutions from one or more other such Series so secured).

"Multi-Series Debt Service Reserve Requirement" shall mean, with respect to a Multi-Series Debt Service Reserve Fund, the Multi-Series Debt Service Reserve Requirement established for such Multi-Series Debt Service Reserve Fund by the Series Resolution creating such Multi-Series Debt Service Reserve Fund.

"Non-Guaranteed Bonds" shall mean Bonds that are not guaranteed by the Commonwealth Guaranty.

"Other Project" shall have the same meaning as the word "Project" except that Other Project shall apply to a project with respect to which a Series of Bonds shall not have been issued under the Agreement.

"Outstanding," when used with reference to Bonds, shall mean, as of any date, Bonds theretofore or thereupon being authenticated and delivered under the Agreement except: (a) any Bonds cancelled by the Trustee or surrendered to the Trustee for cancellation at or prior to such date; (b) Bonds (or portions of Bonds) for the payment or redemption of which moneys, equal to the principal amount or Redemption Price thereof, as the case may be, with interest to the date of maturity or redemption date, shall be held in trust under the Agreement and set aside for such payment or redemption (whether at or prior to the maturity or redemption date), provided that if such Bonds (or portions of Bonds) are to be redeemed, notice of such redemption shall have been given in accordance or provision satisfactory to the Trustee shall have been made for the giving of such notice; (c) Bonds in lieu of or in substitution for which other Bonds shall have been authenticated and delivered pursuant to the Agreement; and (d) Bonds deemed to have been paid as provided in the Agreement.

"*Person*" shall include associations, corporations and other entities, including public bodies, as well as natural persons.

"Pledged Funds" shall mean one or both of (a) Trust Funds of the University pledged to secure (i) all or a portion of one or more Series of Bonds and (b) the payment of other amounts specified in the Contract or other document by which such pledge is made as secured by such Trust Funds, and (b) Appropriations pledged to secure (i) all or a portion of one or more Series of Bonds and (ii) the payment of other amounts specified in the Contract or the Contract or other document by which such pledge is made as secured by such Trust Funds, and (b) Appropriations pledged to secure (i) all or a portion of one or more Series of Bonds and (ii) the payment of other amounts specified in the Contract or other document by which such pledge is made as secured by such Appropriations.

"principal" and *"principal amount,"* unless otherwise indicated, shall mean with respect to any Bond (a) the principal amount of any Current Interest Bond and (b) the principal amount on the date of initial issuance of the applicable Series of any Capital Appreciation Bond (and after such date of initial issuance the word "principal" and the term "principal amount" shall mean with respect to a Capital Appreciation Bond the portion of the applicable Accreted Amount not constituting interest). Without limiting the generality of the foregoing, when the word "principal" or the term "principal amount" is followed by a reference to the Accreted Amount, the word "principal" or the term "principal amount" shall mean the principal amount of any Current Interest Bond. The word "*principal*" and the term "*principal amount*" shall mean, with respect to any obligation other than a Bond, any amount constituting principal, however expressed, of such obligation.

"Principal and Interest Payments" as applied to a Series of Bonds for a particular time period or as of a particular date shall mean the principal amount of and interest on the Bonds of such Series Outstanding which is due to be paid during such period or on such date, such amount to be determined in accordance with the following when applicable: if the Authority shall by the resolution authorizing the issue of a Series of Bonds authorize the issue of all or any of such Bonds as Term Bonds, such principal amount of Bonds as will be paid or prepaid from a Sinking Fund Installment shall be treated as if it matured on the date such Sinking Fund Installment is required to be made and not on the maturity date of such Bonds.

"Principal Office" or "principal office" shall mean, when used with respect to the Trustee, the principal corporate trust office of the Trustee in Boston, Massachusetts, or, if the Trustee shall no longer perform its duties under the Trust Agreement at such office, the corporate trust office where at the applicable time the Trustee performs its duties under the Trust Agreement.

"Project" or *"Projects"* shall mean the construction of new buildings or structures and the acquisition, addition to, alteration, enlargement, reconstruction, remodeling and other work in or upon or respecting existing buildings or structures, the provision and installation therein or in respect thereof of furnishings, furniture, machinery, equipment, facilities, approaches, driveways, walkways, parking areas, planting and landscaping, the acquisition of land, other property, rights, easements and interests acquired for or in respect to any thereof, the demolition or removal of any buildings or structures, including buildings or structures owned by the Commonwealth, on land so acquired or interests in which are so acquired and site preparation, with respect to which a Series of Bonds shall be issued under the Agreement. The word shall also mean whenever appropriate, such land, buildings or structures and such appurtenances.

"purchaser" shall mean the person or persons, one or more, named as the purchaser or purchasers of a Series of Bonds in the Series Resolution and any successors to its or their business. If a named or successor purchaser shall discontinue its business without a successor, the word thereafter shall mean the remaining purchaser or purchasers, whether named or successor.

"Record Date" shall mean, for each Series of Bonds, such date or dates as may be set forth as a Record Date in the applicable Series Resolution.

"Redemption Price" shall mean, (a) with respect to any Current Interest Bond, the principal amount thereof, plus the applicable premium, if any, payable upon redemption thereof pursuant to the Agreement and the applicable Series Resolution, and (b) with respect to any Capital Appreciation Bond, the Accreted Amount thereof on the redemption date, plus the applicable premium, if any, payable upon redemption thereof pursuant to the Agreement and the Agreement and the applicable Series Resolution.

"Registered Owner" shall mean the person shown from time to time as registered owner of a Bond in the books kept by the Trustee as Bond Registrar.

"Revenues" as applied to a Project shall mean (a) all moneys received or receivable by the Authority in payment of fees, rents, rates and other charges for the use and occupancy of, and for the services and facilities provided by, the Project including, without limitation, the moneys which the University Trustees are required to remit to the Authority or the Trustee under a Contract, and all other income derived by the Authority from the operation, ownership or control thereof. The word Revenues shall also include any other revenues or Secondary Revenues pledged as security for the Bonds. The word Revenues shall not include (a) Pledged Funds, (b) any amount paid or payable under the Commonwealth Guaranty or (c) any amount paid or payable under a Credit Facility or a Derivative.

"Secondary Revenues" shall mean all revenues received by the Authority from Other Projects or the property financed by bonds issued by the Authority under the Enabling Act under a trust agreement other than the Agreement which revenues are pledged under such trust agreement, upon and after the payment in full of all bonds, including refunding bonds, issued under such trust agreement and of all other sums, if any, then payable to the trustee under the provisions of the trust agreement securing such bonds, or upon deposit by the Authority with such trustee of funds or securities sufficient and in trust to pay, or to provide for the payment when due, of such amounts.

"Section 10 Reserve Fund" shall mean the Section 10 Reserve Fund established by the Agreement.

"Section 19C Payments" shall mean any amount required by Section 19C of the Enabling Act to be paid by the Authority to the Treasurer and Receiver-General of the Commonwealth from Revenues.

"Senior Bonds" shall mean all Bonds of each Series that is a Senior Series.

"Senior Series" shall mean any Series designated as a Senior Series in the applicable Series Resolution.

"Series" shall mean the Bonds designated as a Series in a Series Resolution.

"Sinking Fund Installment" shall mean with respect to Bonds of any particular Series and maturity and any payment date on such Bonds, the principal amount thereof required to be redeemed prior to maturity on such payment date pursuant to the provisions of the applicable Series Resolution.

"S&P" shall mean Standard & Poor's, a division of The McGraw-Hill Companies, Inc., a corporation organized and existing under the laws of the State of New York, its successors and assigns, and, if such corporation shall be dissolved or liquidated or shall no longer perform the functions of a securities rating agency, "S&P" shall be deemed to refer to any other nationally recognized securities rating agency designated by the Authority by notice to the Trustee.

"Special Record Date" shall have the meaning set forth in the Agreement.

"Subordinate Series" shall mean any Series designated as a Subordinate Series in the applicable Series Resolution.

"Term Bonds" shall mean Bonds subject to redemption prior to maturity by application of Sinking Fund Installments.

"Trustee" shall mean the Trustee appointed under the Agreement and its successor or successors.

"Trust Agreement" shall mean the Trust Agreement dated as of November 1, 2000 between the Authority and State Street Bank and Trust Company, as Trustee (which has been succeeded as Trustee by U.S. Bank National Association), and each agreement supplemental thereto.

"Trust Funds" shall mean any funds held by the University Trustees as trust funds under the provision of Section 11 of Chapter 75 of the Massachusetts General Laws and any funds administered by the University Trustees as gifts, grants or trusts under the provisions of clause (e) of the fifth paragraph of Section 1A of Chapter 75 of the Massachusetts General Laws.

"University" shall mean the University of Massachusetts continuing under Chapter 75 of the Massachusetts General Laws.

"University Trustees" shall mean the board of trustees established by and existing under Section 1A of Chapter 75 of the Massachusetts General Laws for the University or, if such board of trustees shall hereafter be abolished, the board, body, commission or other entity succeeding to the principal functions thereof or to which the powers given by said Chapter 75 with respect to the University shall be given by law.

"Unrestricted Net Assets" shall mean the accumulation of excess unrestricted revenues over expenditures with respect to the University for all prior years and for each current year from the unrestricted current fund, the quasi endowment fund, the unexpended unrestricted plant fund and the unrestricted renewal and replacement plant fund. (previously referred to as the "Expendable Fund Balance").

"Variable Rate Bond" shall mean a Bond the interest rate on which is subject to adjustment from time to time and shall include but not be limited to a so-called *"multi-modal"* Bond, i.e., a Bond that provides that the intervals at which the interest rate on such Bond is adjusted may be changed from time to time.

PLEDGE AND ASSIGNMENT OF THE AUTHORITY PURSUANT TO THE AGREEMENT

Pursuant to the Agreement, the Authority assigns and pledges to the Trustee and grants to the Trustee a security interest in:

(a) all rights of the Authority, including such rights under any Contract, to receive all Revenues pledged under the Agreement;

(b) all moneys paid or payable for deposit in or on deposit in any Fund, Account or subaccount created under the Agreement, all investments received or receivable for deposit in or on deposit in any Fund, Account or subaccount created under the Agreement and all interest or other income on such investments paid or payable for deposit in or on deposit in any Fund, Account or subaccount created under the Agreement and all rights of the Authority to receive any such moneys, investments and interest or other income (except that moneys and securities on deposit in the Rebate Fund created under the Agreement and all interest or other income received thereon are held for the benefit of the United States of America and not for the benefit of the Registered Owners and do not secure the Bonds), subject to the application of amounts held in such Funds, Accounts and Subaccounts for the purposes and in the manner set forth in the Agreement;

(c) subject to clause (a) and clause (b) under "Particular Covenants - Payment of Lawful Charges" below, (i) the Revenues from each Project and (ii) the Revenues, including without limitation Secondary Revenues, derived from Other Projects and from such other property of the Authority, if any, as the Authority may hereafter designate by resolution; provided, however, that the assignment and pledge made by the Agreement of and the security interest granted by the Agreement in such Revenues from each Project and such Revenues, including Secondary Revenues, derived from Other Projects does not include any part thereof to be used for Current Expenses or reserves therefor, Maintenance, Repair and Operating Expenses or reserves therefor or Section 19C Payments or reserves therefor; and provided further that the assignment and pledge of and security interest in any such Secondary Revenues shall be, first, for (A) the reimbursement to the Commonwealth of any amounts theretofore paid by the Commonwealth on account of principal of or interest on any Guaranteed Bonds or other bonds of the Authority guaranteed by the Commonwealth under Section 10 of the Enabling Act and (B), if and only if the Commonwealth has made no such payments or has been reimbursed therefor, to the payment of the principal, interest and premium, if any, at maturity or upon redemption or purchase, for (1) all Bonds issued under the Agreement, or (2) all bonds of the Authority issued other than under the Agreement, or (3) all such Bonds and bonds of the Authority, as the Authority may determine, at the time any Revenues from an Other Project become Secondary Revenues, by resolution approved by the University Trustees with a view to achieving reasonable uniformity in charges for like rooms, accommodations and services at the University, to the extent provided in the Agreement; and

(d) (i) all Pledged Funds paid or payable and all rights of the Authority to receive such Pledged Funds, (ii) all amounts paid or payable under the Commonwealth Guaranty with respect to Guaranteed Bonds and all rights of the Authority to receive such amounts, (iii) all amounts paid or payable under any Credit Facility and all rights of the Authority to receive such amounts and (iv) all amounts paid or payable under any Derivative and all rights of the Authority to receive such amounts.

The assignment and pledge made by the Agreement and the security interest granted by the Agreement shall be for the equal and proportionate benefit and security of all the present and future Registered Owners of the Bonds issued and to be issued under the Agreement, without preference, priority or distinction as to lien or otherwise, except as otherwise provided in the Agreement, of any one Bond over any other Bond, and that the Revenues, including any Secondary Revenues, pledged as security for the Bonds shall immediately be subject to the lien of such pledge for the benefit of the Trustee and the Registered Owners of the Outstanding Bonds as provided in the Agreement without any physical delivery thereof to the Trustee or any further act.

BONDS PERMITTED TO BE ISSUED UNDER THE AGREEMENT; VARIOUS PROVISIONS OF BONDS

(a) Any bonds the Authority is authorized by the Enabling Act to issue may be issued under the Agreement. The Bonds of each Series may be Fixed Rate Bonds or Variable Rate Bonds, as set forth in the applicable Series Resolution.

(b) As provided in the applicable Series Resolution:

(i) Bonds may be issued as Guaranteed Bonds or Non-Guaranteed Bonds, but Guaranteed Bonds and Non-Guaranteed Bonds shall not be issued as part of the same Series;

(ii) some or all of the Bonds of a Series may be secured by one or more Credit Facilities, and any such Credit Facility may be replaced;

(iii) Bonds may be issued as Current Interest Bonds or Capital Appreciation Bonds, and a Series of Bonds may combine both Current Interest Bonds and Capital Appreciation Bonds;

(iv) a Series of Bonds may be (A) a Senior Series, which Senior Series shall not be subordinate to any other Series and shall be issued on a parity with each other, if any Senior Series previously, contemporaneously or subsequently issued, or (B) a Subordinate Series;

(v) a Subordinate Series shall be subordinate to all Senior Series, may be of any level of subordination to other Subordinate Series previously, contemporaneously or subsequently issued and shall be on a parity with each other, if any, Subordinate Series of the same level previously, contemporaneously or subsequently issued; a Subordinate Series shall bear as part of its designation (in the form provided in the Agreement) whichever of the following is applicable: (A) "Subordinate Series Level 2," which Subordinate Series shall be (1) subordinate to each other, if any, Senior Series previously, contemporaneously or subsequently issued, (2) on a parity with each, if any, Subordinate Series Level 2 previously, contemporaneously or subsequently issued and (3) superior to each other, if any, Subordinate Series of a lower level previously, contemporaneously or subsequently issued, (B) "Subordinate Series Level 3," which Subordinate Series shall be (1) subordinate to each other, if any, Senior Series and Subordinate Series Level 2 previously, contemporaneously or subsequently issued, (2) on a parity with each other, if any, Subordinate Series Level 3 previously, contemporaneously or subsequently issued and (3) superior to each other, if any, Subordinate Series of a lower level previously, contemporaneously or subsequently issued or (C) "Subordinate Series Level 4" or "Subordinate Series Level 5" and so on in ascending numerical order depending on the level or subordination of such Subordinate Series, and each such Subordinate Series shall be subordinate to, on a parity with and superior to other Series depending on its level of subordination in accordance with the pattern described in (A) and (B) above;

(vi) a Subordinate Series may be any level of subordination, and a Subordinate Series of a given level may be issued after or before one or more Series of higher levels of subordination or one or more Senior Series are issued (and it is not necessary that any such Series of any higher level of subordination or any Senior Series shall ever be issued), but any such Subordinate Series shall not be subordinate to any Series but each Senior Series and each Subordinate Series of a higher level of subordination previously, contemporaneously or subsequently issued, (e.g., a Subordinate Series Level 4 may be issued after or before the issuance of a Senior Series or any or all of a Subordinate Series Level 2, Level 3 or Level 5, but a Subordinate Series Level 4 shall not be subordinate to any Series and Subordinate Series Level 2 and Subordinate Series Level 3);

(vii) the interest on a Series of Bonds may be excludable from or includable in gross income for federal income tax purposes;

(viii) a Series of Bonds may be secured by a Debt Service Reserve Fund or a Multi-Series Debt Service Reserve Fund, and all Guaranteed Bonds shall be secured by the Section 10 Reserve Fund as provided in the Agreement or by whatever reserve fund may be required by the Enabling Act as in existence at the time of the issuance of the applicable Series of Guaranteed Bonds; provided, that if at the time a Series of Guaranteed Bonds is issued under the Agreement the Enabling Act does not require any reserve fund for such Series, such Series shall not be required to be (but may be) secured by a reserve fund;

(ix) a Series of Bonds may be secured by Pledged Funds;

(x) the Authority may enter into one or more Derivatives with respect to a Series of Bonds in connection with the initial issuance thereof; provided, however, that the Authority may also enter into Derivatives with respect to a Series of Bonds after the initial issuance thereof if bond counsel to the Authority delivers an opinion to the effect that such action is permitted by the Enabling Act, would not adversely affect the interest of any Registered Owner and would not adversely affect the exclusion of the interest on the Bonds from gross income for federal income tax purposes; and

(xi) more than one Series of Bonds may be issued under a single Series Resolution,

(c) With respect to the Series of Bonds on a parity with each other:

If on any date one or more of principal, Sinking Fund Installments and interest are due on such Series of Bonds moneys in the applicable subaccount in the Interest Account, the Principal Account, or the Sinking Fund Account are insufficient to pay any such amount in full, taking account of any amounts deposited in any such subaccount from the Property Fund or the Optional Redemption Account as permitted by the Agreement, but without regard to any amount drawn from any Debt Service Reserve Fund, Multi-Series Debt Service Reserve Fund or Section 10 Reserve Fund to pay all or a portion of such deficiency or any amount drawn under a Credit Facility to pay all or a portion of such deficiency, moneys in any such subaccount in which a deficiency exists shall be applied to the applicable amount due from such subaccount pro rata, without regard to any amounts to be applied to such deficiency with respect to one or more such Series from any Debt Service Reserve Fund, Multi-Series Debt Service Reserve Fund, Section 10 Reserve Fund or Credit Facility; provided, however, that (a) any deficiency in any such subaccount resulting from any amount due under a Derivative not being paid in full when due shall be allocated only to the payment due on the Series of Bonds to which such Derivative pertains and shall not cause a deficiency in the payment due on any other Series of Bonds, (b) any moneys that would have been applied in accordance with such pro rata application to any Bonds secured by a direct pay Credit Facility that in fact pays all principal of, Sinking Fund Installments and interest then due on such Bonds shall be applied to reimburse the issuer of such direct pay Credit Facility for (but not in excess of) the amount paid thereunder, and (c) any moneys that would have been applied in accordance with such pro rata application to Bonds with respect to which all or a portion of the principal, Sinking Fund Installments or interest due on such Bonds was paid pursuant to a Derivative shall be applied pro rata to the payment of (i) any amount due from or on account of the Authority pursuant to such Derivative for any such payment of principal, Sinking Fund Installment or interest and (ii) the principal, Sinking Fund Installments or interest on such Bonds not paid pursuant to such Derivative.

Each Guaranteed Bond shall have the Commonwealth Guaranty endorsed thereon in the form set forth in the applicable Series Resolution and duly executed by the manual or facsimile signature of an officer of the University Trustees and shall be entitled to the benefit of the pledge by the Commonwealth of its full faith and credit for its guaranty of the payment of the principal of and interest on such Bonds as the same become due and payable.

As to any Bond, the Registered Owner thereof shall be deemed and regarded as the absolute owner thereof for all purposes, and, except as otherwise provided by law, no one of the Authority, the Trustee or the

Bond registrar shall be affected by any notice to the contrary. Payment of or on account of the principal or Redemption Price of and interest on any Bond shall be made only to or upon the order of the Registered Owner, registered assigns or the legal representative of the Registered Owner. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Bond including the interest thereon to the extent of the sum or sums so paid.

All Bonds paid, redeemed or purchased, either at or before maturity, shall be delivered to the Trustee when such payment, redemption or purchase is made, and such Bonds shall thereupon be cancelled. All Bonds cancelled under any of the provisions of the Agreement shall be held by the Trustee until the Agreement shall be discharged; provided, however, that Bonds so cancelled may at any time be destroyed by the Trustee, if the Trustee shall execute a certificate of destruction in duplicate describing the Bonds so destroyed, and one executed certificate shall be filed with the Executive Director of the Authority and the other executed certificate shall be retained by the Trustee.

REDEMPTION OF BONDS

Redemption of Bonds of any Series

If and to the extent that the Authority shall so provide in a Series Resolution, the Bonds of any Series authorized thereunder may be made redeemable, by application of Sinking Fund Installments or otherwise, at the option of the Authority, prior to their respective maturities either in whole or in part, on any date or dates as may be fixed in such Series Resolution, from any moneys that may be made available for such purpose, at the Redemption Price or Redemption Prices fixed by the Authority in such Series Resolution, together with the interest accrued thereon to the date fixed for redemption.

No optional redemption of less than all of the Outstanding Bonds may be made unless all interest accrued on all Outstanding Bonds to the redemption date shall have been paid or set aside for payment.

If the moneys made available from time to time for the purpose of redeeming Bonds (other than by Sinking Fund Installments) are not sufficient to redeem all of the Outstanding Bonds at the Redemption Prices then in effect, they shall be applied to Bonds of such Series, maturity and tenor as the Authority, in its discretion, may select, unless otherwise provided in any Series Resolution. If less than all the Bonds of a particular Series, maturity and tenor are to be redeemed, the particular Bonds and portions of Bonds of such Series, maturity and tenor to be redeemed shall be selected at random by the Trustee in such manner as the Trustee in its discretion may determine; provided, however, that any Bond may be redeemed in a principal amount equal to the minimum denomination in which it may be issued under the applicable Series Resolution or any integral multiple thereof, and that, in selecting Bonds for redemption, the Trustee shall treat each Bond as representing that number of Bonds which is obtained by dividing the principal amount of each Bond by such minimum denomination.

Redemption Notice

The Trustee shall give notice of the redemption of any Bonds, specifying the date of redemption, the portions of the principal amounts thereof to be redeemed, the Redemption Price and any other matters specified in the applicable Series Resolution, by mailing, postage prepaid, not more than such number of days nor less than such number of days prior to the redemption date as shall be set forth in the applicable Series Resolution, copies thereof to the Registered Owners of any Bonds, or portions thereof, to be redeemed and to such other persons and at such times as may be set forth in the applicable Series Resolution; provided, however, that failure of any Registered Owner to receive such notice so mailed to such Registered Owner or any defect therein shall not affect the validity of proceedings for the redemption of any Bonds, and failure to mail such notice to any Registered Owner entitled thereto shall not affect the validity of the proceedings for the redemption of any Bonds as to which no such failure occurred. In case any Bond is to be redeemed in part only, the notice of redemption which relates to such Bond shall state also that on or after the redemption date,

upon surrender of such Bond, a Bond or Bonds in aggregate principal amount equal to the unredeemed portion of such Bond will be issued described below under "Partial Redemptions."

Effect of Calling for Redemption

Notice having been given in the manner and under the conditions described above under "Redemption Notice", the Bonds or portions of Bonds so called for redemption shall, on the redemption date designated in such notice, become and be due and payable at the Redemption Price of such Bonds or portions of Bonds on such date. On the date so designated for redemption, notice having been given and moneys for payment of the Redemption Price of and interest accrued to the date of redemption on the Bonds so called for redemption being available therefor, interest on such Bonds shall cease to accrue, such Bonds or portions of Bonds shall cease to be entitled to any lien, benefit or security under the Agreement, and the Registered Owners of such Bonds or portions of Bonds shall have no rights in respect thereof except to receive payment of the Redemption Price thereof upon presentation and surrender of the same and interest accrued thereon to the date of redemption Notice," to receive Bonds for any unredeemed portions of Bonds.

Partial Redemptions

In case part but not all of an Outstanding Bond shall be selected for redemption, the Registered Owner thereof or the attorney or legal representative of such Registered Owner shall present and surrender such Bond to the Trustee for payment of the Redemption Price of the principal amount thereof so called for redemption, and the Authority shall execute (and, if any such Bond is a Guaranteed Bond cause the guaranty of the Commonwealth to be endorsed on) and the Trustee shall authenticate and deliver to or upon the order of such Registered Owner or the attorney or legal representative of such Registered Owner, without charge therefor, for the unredeemed portion of the principal amount of the Bond so surrendered, a Bond or Bonds aggregating in principal amount said unredeemed portion.

ESTABLISHMENT AND APPLICATION OF FUNDS AND ACCOUNTS

Funds and Accounts

The Agreement establishes the following Funds, Accounts and subaccounts to be held by the Trustee:

- (1) Note Payment Fund
- (2) Construction Fund
- (3) Preliminary Expense Fund
- (4) Revenue Fund
- (5) Debt Service Fund

Interest Account

(and within the Interest Account a single subaccount with respect to all Senior Bonds, and if and when the first Subordinate Series of a given level is issued, a single subaccount with respect to all Bonds of any Subordinate Series of such level)

Principal Account

(and within the Principal Account a single subaccount with respect to all Senior Bonds, and if and when the first Subordinate Series of a given level is issued, a single subaccount with respect to all Bonds of any Subordinate Series of such level) Sinking Fund Account

(and within the Sinking Fund Account a single subaccount with respect to all Senior Bonds, and if and when the first Subordinate Series of a given level is issued, a single subaccount with respect to all Bonds of any Subordinate Series of such level)

Optional Redemption Account

- (6) Section 10 Reserve Fund
- (7) Property Fund

General Account

Insurance Proceeds Account

Capital Improvements Reserve Account (and within the Capital Improvements Reserve Account a separate subaccount for each Project or each group of Projects with respect to which the Authority by certificate of an Authorized Officer directs from time to time that a separate subaccount be established within the Capital Improvements Reserve Account)

Multi-Purpose Reserve Account

- (8) Rate Stabilization Fund
- (9) Rebate Fund

Other Funds, Accounts and subaccounts (including without limitation Accounts within the Funds established under the Agreement as set forth in the preceding paragraph and subaccounts within the Accounts established under the Agreement as set forth in the preceding paragraph) may from time to time be established under the Agreement as directed by a Series Resolution or other resolution of the Authority, and moneys shall be deposited in and disbursed from such Funds, Accounts and Subaccounts as provided in such Series Resolution or other resolution or other resolution.

Without limiting the generality of the previous paragraph, a Series Resolution under which is issued one or more Series of Bonds subject to tender for purchase may establish an Account (a "Purchase Account") for each such Series into which moneys (which moneys may but need not include moneys in the Revenue Fund) shall be deposited as provided in such Series Resolution to be applied to the payment of the purchase price of Bonds of the applicable Series tendered as provided in the Series Resolution.

If a Series Resolution so provides, moneys (which moneys may but need not include Revenues) may be deposited in a Purchase Account prior to being deposited in the Revenue Fund or, if already on deposit in the Revenue Fund, prior to being deposited in the Debt Service Fund or in other Funds and Accounts as described below in "Revenue Fund." Moneys in a Purchase Account representing amounts received under a Credit Facility or under a Derivative or the proceeds of the remarketing of Bonds tendered for purchase as provided in the applicable Series Resolution shall be applied to pay the purchase price only of Bonds of the Series to which the applicable Purchase Account pertains. Other moneys in a Purchase Account shall be applied as follows: if, on any date on which such moneys in a Purchase Account are to be applied to pay the purchase price of Bonds of the Series to which such Purchase Account obtains, any one or more other Purchase Accounts pertaining to Bonds of the same level (e.g.. Senior Series, Subordinate Series Level 2) does not contain sufficient moneys to pay the purchase price due on such date of Bonds to which such one or more other Purchase Accounts pertain, such moneys in all Purchase Accounts pertaining to Bonds of the same level shall be applied pro rate to the payment of the purchase price of such Bonds due on such date. In addition, if and to the extent permitted by the applicable Series Resolution, moneys in any Purchase Account may be applied to reimburse the issuer of a Credit Facility for amounts received by the Trustee pursuant to such Credit Facility to be applied to the payment of the purchase price upon tender as provided in the applicable Series Resolution of Bonds for which such Purchase Account was established or to pay any amount due from or on account of the Authority under a Derivative for payments made pursuant to such Derivative for the payment of the purchase price upon tender as provided in the applicable Series Resolution of Bonds for which such Purchase Account was established.

Note Payment Fund

For each Series of Bonds the proceeds of which are to be applied in whole or in part to the payment of notes of the Authority, deposits to the credit of the Note Payment Fund shall be made as required by the provisions of the applicable Series Resolution. Monies so deposited in the Note Payment Fund shall be held by the Trustee in trust and shall be applied to the payment of the notes referred to in the Series Resolution and, pending such application, shall be subject to a lien and charge in favor of the holders of the Bonds Outstanding under the Agreement until paid out or transferred as provided in the Agreement. Upon payment in full of such notes, the Trustee shall withdraw any excess monies then on deposit in the Note Payment Fund and deposit or disburse the same as provided in the applicable Series Resolution.

Construction Fund

For each Series of Bonds the proceeds of which are to be applied in whole or in part to the Cost of a Project (or for moneys held under any other trust agreement entered into by the Authority to be applied to the Cost of a Project) there may be established within the Construction Fund a separate Account for each such Project (or for two or more or all of such Projects) to the credit of which such deposits shall be made as are required by the provisions of the applicable Series Resolution or other resolution of the Authority or as designated in a certificate of an Authorized Officer. Any moneys received, other than as Revenues, from any other source, including but not limited to all grants and loans received from the federal government or any agency thereof for or in aid of the planning, construction or financing of any such Project and all contributions of money, property, labor, or other things of value available under the terms of any such grant or contribution, for the carrying out of such Project may also be deposited to the credit of the appropriate Account within the Construction Fund (or a subaccount therein) or otherwise be held in trust and be disbursed and applied, all as the Authority may determine.

The moneys in each such Account within the Construction Fund shall be held by the Trustee in trust and shall be applied to the payment of the Cost of the Project and, pending such application, shall be subject to a lien and charge in favor of the Registered Owners of the Outstanding Bonds of the Series the proceeds of which are on deposit in such Account until paid out or transferred as provided in the Agreement. The Agreement contains various requirements for disbursement of moneys from Accounts or subaccounts within the Construction Fund, including without limitation requisitions containing certifications with respect to the use of such moneys in accordance with applicable requirements of the Code.

The Trustee shall upon receipt of written instructions from an Authorized Officer (which instructions and any prior modification thereof may be modified from time to time by further written instructions of an Authorized Officer delivered to the Trustee) and without requisition from the Authority or other further authority than is contained herein, on such date or dates as may be specified in the most recent such instructions delivered by such Authorized Officer, withdraw from any Account within the Construction Fund such amounts as may therein be specified to be withdrawn on the applicable date for payment of interest on the Bonds then Outstanding and shall deposit such amount to the credit of the applicable subaccount in the Interest Account.

Preliminary Expense Fund

For each Series of Bonds from the proceeds of which an amount is specified in the Series Resolution authorizing such Series of Bonds to be applied to the cost of architectural and engineering services, plans, specifications, surveys, estimates of cost and of revenues and other expenses necessary or incident to determine the feasibility or practicability of projects for which written requests shall have been made by authority of the University Trustees, the amount so specified shall be deposited to the credit of the Preliminary Expense Fund. The moneys in the Preliminary Expense Fund shall be held by the Trustee in trust and, pending the application thereof, shall be subject to a lien and charge in favor of the Registered Owners of the Bonds from the proceeds of which such deposits were made until paid out or transferred as provided in the Agreement.

Upon receipt of a certificate of an Authorized Officer directing that all or a portion of the moneys in the Preliminary Expense Fund be transferred to any Account or Accounts with the Construction Fund, accompanied by an opinion of bond counsel to the Authority to the effect that such transfer is permitted by the Enabling Act and will not adversely affect the exclusion of interest on the Bonds from gross income for federal income tax purposes, the Trustee shall withdraw moneys then on deposit to the credit of the Preliminary Expense Fund in the amounts specified in such certificate and deposit the same to the credit of the appropriate Account or Accounts within the Construction Fund in the amount or amounts specified in such certificate.

Upon receipt of a certificate of an Authorized Officer stating that all or a portion of the moneys in the Preliminary Expense Fund are not needed either for the purposes specified in the first paragraph under "Preliminary Expense Fund" or for transfer to any Account or Accounts within the Construction Fund and directing the withdrawal of such moneys from the Preliminary Expense Fund for the payment or deposit for or other application to the purposes specified in such certificate, and upon receipt an opinion of bond counsel to the Authority to the effect that the application of the moneys to be withdrawn to the purposes set forth in such certificate is permitted by the Enabling Act and will not adversely affect the exclusion of interest on the Bonds from gross income for federal income tax purposes, the Trustee shall withdraw from then the Preliminary Expense Fund the amount specified in such certificate and pay, deposit or apply the same as specified in such certificate.

Completion of a Project

When the construction of a Project the Cost of which shall have been paid in part or in whole from the proceeds of Bonds shall have been completed, or when for any other reason amounts on deposit in a particular Account within the Construction Fund are no longer needed to pay for the Cost of one or more Projects for which it was established, written notice thereof shall be promptly given to the Trustee by a certificate of an Authorized Officer. Any such notice with respect to the completion of a Project shall state the date of completion of the Project, the cost of the Project and the amount, if any, to be reserved for the payment of any remaining part of the Cost of the Project and the Cost of other Projects to be paid from such Account, and shall be accompanied by a Counsel's Opinion to the effect that there are no uncancelled mechanics', laborers', contractors' or materialmen's liens on any property pertaining to the Project in existence or on file in any public office where the same should be filed in order to be valid liens against any part of such property, and that, in the opinion of the signer, the time within which such liens can be created or filed has expired.

Upon receipt of such notice and, if applicable, such Counsel's Opinion, the balance in the applicable Account within the Construction Fund, not reserved by the Authority for the payment of any remaining part of the Cost of the Project or Projects, shall be withdrawn by the Trustee and applied or deposited as follows: (a) at the Authority's request, as set forth in such certificate, deposited in the amount set forth in such certificate to the credit of any other Account or Accounts existing within the Construction Fund for one or more Projects (including such an Account established simultaneously with the giving of such notice) which the applicable Series of Bonds was issued to finance, if the Authority shall by a certificate of an Authorized Officer certify that the amounts then on deposit in such other Account or Accounts are not sufficient to pay in full the

projected costs of the applicable Project or Projects and if such certificate is accompanied by an opinion of bond counsel to the Authority to the effect that such deposit of such moneys is permitted by the Enabling Act and will not adversely affect the exclusion of the interest on the Bonds from gross income for federal income tax purposes; (b) deposited or applied in the amounts and for the purposes as otherwise set forth in such certificate, provided that such certificate is accompanied by an opinion of bond counsel to the Authority to the effect that the deposit or application of such moneys as provided in such certificate is permitted by the Enabling Act and will not adversely affect the exclusion of the interest on the Bonds from gross income for federal income tax purposes; and (c) so much thereof as is not deposited pursuant to (a) or (b) shall be deposited to the credit of the Optional Redemption Account.

Revenue Fund

All Revenues received by the Trustee shall be deposited in the Revenue Fund immediately upon receipt by the Trustee; provided, however, that Revenues designated in writing by an Authorized Officer to be applied to Current Expenses, Maintenance, Repair and Operating Expenses or Section 19C Payments may be deposited in any account of the Authority designated in writing by such Authorized Officer. The moneys in the Revenue Fund shall be held by the Trustee in trust and applied as provided below and, pending such application, so much thereof as is not held for Current Expenses or reserves therefor, Maintenance Repair and Operating Expenses or reserves therefor shall be subject to a lien and charge in favor of the Registered Owners of the Bonds issued and Outstanding under the Agreement.

Payments from the Revenue Fund shall be made at any time for Current Expenses, Maintenance, Repair and Operating Expenses or Section 19C Payments pursuant to requisitions as provided in the Agreement.

On the fifteenth day of each month (or if such fifteenth day is not a business day, on the next succeeding business day), and again on the last business day of each month preceding an Interest Payment Date, and on each other date provided in any Series Resolution, the Trustee shall withdraw from the Revenue Fund all moneys held for the credit of the Revenue Fund on the day of such withdrawal in excess of the amount required on the date of such withdrawal as a reserve for Current Expenses, Maintenance, Repair and Operating Expenses and Section 19C Payments. The amount so required as a reserve for Current Expenses, Maintenance, Repair and Operating Expenses and Section 19C Payments shall be as directed by the Authority but not more than the excess of (a) the amount stated in the then current Annual Schedule for such Current Expenses, Maintenance, Repair and Operating Expenses and Section 19C Payments filed by the Authority with the Trustee as described below in "Particular Covenants - Annual Schedule of Projected Expenses," over (b) the aggregate of the payments made by the Trustee from the Revenue Fund on account of such amounts during the period commencing with the July 1 next preceding the applicable withdrawal pursuant to the preceding sentence and ending with the last day of the month preceding such withdrawal.

The Trustee shall deposit the moneys withdrawn from the Revenue Fund as aforesaid to the credit of the Accounts and Funds as follows:

first, with respect to the Senior Bonds, in the following order of priority:

(a) to the credit of the subaccount established for Senior Bonds in the Interest Account in the Debt Service Fund so much, or the whole if required, of the moneys so withdrawn from the Revenue Fund, until the amount on the deposit in the such subaccount, plus any amount to be withdrawn from any Construction Fund as described above in the last paragraph in "Construction Fund" and deposited in such subaccount to be applied to the payment of interest due on any Series of Senior Bonds on the next following Interest Payment Date, shall equal (i) the interest payable on such Interest Payment Date on all Senior Bonds then Outstanding and (ii) the aggregate of all other amounts, if any, required to be on deposit in such subaccount on such Interest Payment Date by each Series Resolution containing such a requirement applicable

to Outstanding Senior Bonds; provided, however, that no deposit need be made to the credit of such subaccount with respect to any amount of such interest payable pursuant to a Derivative;

(b) to the credit of the subaccount established for Senior Bonds in the Principal Account in the Debt Service Fund so much, or the whole if required, of the balance of the moneys so withdrawn from the Revenue Fund until the amount on deposit in such subaccount, (a) if the withdrawal is made during a sixmonth period next preceding a November 1, shall equal (i) the aggregate principal amount of Senior Bonds maturing on such November 1, plus (ii) one-half of the aggregate principal amount of Senior Bonds maturing on the next May 1, plus (iii) the aggregate of all other amounts, if any, required to be on deposit in such subaccount on such November 1 by each Series Resolution containing such a requirement applicable to Outstanding Senior Bonds, or (b) if the withdrawal is made during a six-month period preceding a May 1, shall equal (i) the aggregate principal amount of Senior Bonds maturing on such May 1, plus (ii) one-half of the aggregate principal amount of Senior Bonds maturing on such May 1, plus (ii) one-half of the aggregate principal amount of Senior Bonds maturing on such May 1, plus (ii) the aggregate of all other amounts, if any, required to be on deposit in such subaccount on such May 1 by each Series Resolution continuing such a requirement applicable to Outstanding Senior Bonds;

(c) To the credit of the subaccount established for Senior Bonds in the Sinking Fund Account in the Debt Service Fund so much, or the whole if required, of the balance of moneys so withdrawn from the Revenue Fund until the amount, determined after taking into account as provided in the Agreement the principal amount of Term Bonds constituting Senior Bonds theretofore purchased, on deposit to the credit of such subaccount, (a) if the withdrawal is made during a six-month period next preceding a November 1, shall equal (i) the Sinking Fund Installments on Senior Bonds due on such November 1, plus (ii) one-half of the Sinking Fund Installments on Senior bonds due on the next May 1, plus (iii) the aggregate of all other amounts, if any required to be on deposit in such subaccount on such November 1, by each Series Resolution continuing such a requirement applicable to Outstanding Senior Bonds, or (b) if the withdrawal is made during a six-month period preceding a May 1, shall equal (i) the Sinking Fund Installments of Senior Bonds due on such May 1, plus (ii) one-half of the Sinking Fund Installments due on Senior Bonds on the next November 1, plus (iii) the aggregate of all other amounts, if any, required to be on deposit in such subaccount on such May 1 by each Series Resolution continuing such a requirement applicable to Outstanding Senior Bonds in such subaccount on such May

(d) in each calendar year commencing with the first full calendar year succeeding the calendar year in which the first Series of Guaranteed Bonds constituting Senior Bonds shall be issued under the Agreement, to the credit of the Section 10 Reserve Fund so much, or the whole if required, of the balance of the moneys so withdrawn from the Revenue Fund until the amount withdrawn and deposited to the credit of the Section 10 Reserve Fund in such calendar year shall equal the aggregate of the Annual Series Requirements in effect for such calendar year in respect of all Series of Guaranteed Bonds constituting Senior Bonds Outstanding on the first day of such calendar year, plus, or, at the option of the Authority, minus, as the case may be, the deficiency or excess of the amount on deposit to the credit of the Section 10 Reserve Fund on the first day of such calendar year, including in such amount interest accrued but unpaid on Investment Obligations in which such amount may then be invested, under or over the aggregate of all Annual Series Requirements in effect for prior calendar years in respect of such Guaranteed Bonds constituting Senior Bonds. No deposit need be made with respect to any Annual Series Requirement or portion thereof deposited pursuant to the applicable Series Resolution out of the proceeds of a Series of Guaranteed Bonds constituting Senior Bonds. If there shall have been any prior application of moneys held in the Section 10 Reserve Fund to the payment of principal of or Sinking Fund Installments or interest on Guaranteed Bonds constituting Senior Bonds, the amount of any deficiency in the amount thereafter on deposit to the credit of the Section 10 Reserve Fund resulting from such application shall be taken into account in computing the amount required to be deposited to the credit of the Section 10 Reserve Fund in any calendar year thereafter only to the extent that it is, in the judgment of the Authority, practicable to do so. The Annual Series Requirement as to any Series of Guaranteed Bonds shall be in effect for and only for the twelve calendar years next succeeding the calendar year in which Guaranteed Bonds of such Series were initially issued; for each calendar year thereafter on the first day of which Guaranteed Bonds of such Series shall be Outstanding, the aggregate of such prior Annual Series Requirements shall be included in the measure of the amount required to be on deposit to the credit of

the Section 10 Reserve Fund with respect to such calendar year but no additional deposit shall be required with respect to such prior Annual Series Requirements except as may be required to restore any deficiency as aforesaid. If on the first day of any calendar year the amount on deposit in the Section 10 Reserve Fund equals or exceeds the sum of (i) the aggregate of all Annual Series Requirements in effect for prior calendar years, plus (ii) the Annual Series Requirements for such calendar year, in each case in respect of all Series of Guaranteed Bonds constituting Senior Bonds of which Guaranteed Bonds are Outstanding, no deposit need be made under this clause (d) with respect to Guaranteed Bonds constituting Senior Bonds;

(e) pro rata. to the credit of each Debt Service Reserve Fund securing Senior Bonds and each Multi-Series Debt Service Reserve Fund securing Senior Bonds, (i) with respect to amounts other than amounts to replenish any withdrawal made for the payment of principal or Redemption Price of or interest on any Senior Bonds, so much, or the whole if required, of the balance of the moneys so withdrawn from the Revenue Fund until the amount deposited in each thereof in the fiscal year in which the applicable withdrawal from the Revenue Fund is made equals the amount, if any, required to be so deposited in such fiscal year by the one or more applicable Series Resolutions, and (ii) with respect to amounts to replenish any withdrawal made from any thereof for the payment of principal or Redemption Price of or Interest on any Senior Bonds, so much, or the whole if required, of the balance of the moneys so withdrawn from the Revenue Fund, until the amount on deposit in each thereof from which any withdrawal for such purpose has been made, equals the applicable Debt Service Reserve Requirement or Multi-Series Debt Service Reserve Requirement, as the case may be, of each thereof;

<u>second</u>, with respect to the Bonds, if any, of all Subordinate Series Level 2 ("Level 2 Bonds"), in the order of priority provided in <u>first</u> above (except that in depositing moneys under this <u>second</u>, the term "Level 2 Bonds" shall be substituted for the term "Senior Bonds" in <u>first</u> above; and

<u>third</u>, with respect to the Bonds, if any, of all Subordinate Series Level 3 ("Level 3 Bonds"), in the order of priority provided in <u>first</u> above (except that in depositing moneys under this <u>third</u>, the term "Level 3 Bonds" shall be substituted for the term "Senior Bonds" in <u>first</u> above;

and so on for the Bonds, if any, of each other Subordinate Series, in descending order, (i.e.. Subordinate Series Level 4, and then Subordinate Series Level 5 and so on), substituting in each case the appropriate designation of the Bonds (e.g.. "Level 4 Bonds" or "Level 5 Bonds") on account of which the deposit is being made for the term "Senior Bonds" in <u>first</u> above.

After deposits have been so made with respect to all Series of Bonds issued under the Agreement as provided above, the balance of moneys, if any, withdrawn from the Revenue Fund as aforesaid shall be deposited to the credit of the following Funds and Accounts in the following order of priority;

(f) so much, or the whole if required, of the balance of moneys so withdrawn from the Revenue Fund, to the credit of such Account or Accounts in the Property Fund as may have been established for any reserve or reserves mentioned below in clause (d) in "Particular Covenants - Rate Covenant," pro rata. until the amount deposited in each such Account in the fiscal year in which the applicable withdrawal is made from the Revenue Fund equals the amount, if any, set forth in a certificate of an Authorized Officer to be deposited in such Account or Accounts during such fiscal year;

(g) so much, or the whole if required, of the balance of moneys so withdrawn from the Revenue Fund, to the credit of each other Account in the Property Fund (other than the Multi-Purpose Reserve Account), pro rata. until the amount on deposit in each such Account in the fiscal year in which the applicable withdrawal is made from the Revenue Fund equals the amount, if any, set forth in a certificate of an Authorized Officer to be on deposit in such Account during such fiscal year;

(h) so much, or the whole, if required, of the balance of the moneys so withdrawn from the Revenue Fund, to the credit of the Multi-Purpose Reserve Account, until the amount deposited in such

Account in the fiscal year in which the applicable withdrawal is made from the Revenue Fund equals the amount, if any, set forth in a certificate of an Authorized Officer to be deposited in such Account during such fiscal year; provided, that the Authority may also deposit in the Multi-Purpose Reserve Account from time to time any other moneys of the Authority not required to be otherwise deposited;

(i) to the credit of the Rate Stabilization Fund, so much, or the whole if required, of the balance of moneys so withdrawn from the Revenue Fund as may be specified from time to time in a certificate of an Authorized Officer; and

(j) the remainder, if any, to the credit of the Optional Redemption Account.

Debt Service Fund

The moneys in each Account in the Debt Service Fund shall be held in trust and applied as provided in the Agreement and in the applicable Series Resolution and, pending such application, are pledged to, and shall be subject to a lien and charge in favor of, the Registered Owners of the Bonds issued and Outstanding under the Agreement. The Trustee shall apply the moneys held from time to time for the credit of the Accounts in the Debt Service Fund as follows:

(a) as to moneys held in each subaccount in the Interest Account, to the payment of interest on the Bonds with respect to which the applicable subaccount was established, on or after the date when due to each Registered Owner of such Bonds as of the applicable Record Date or Special Record Date, as such interest becomes due and payable;

(b) as to moneys held in each subaccount in the Principal Account, to the payment, on or after the date when due, of the principal of all matured Bonds with respect to which the applicable subaccount was established;

(c) as to moneys held in each subaccount in the Sinking Fund Account, to the application on the due date of each Sinking Fund Installment to the redemption of the Term Bonds with respect to which the applicable subaccount was established, to the extent the same are then subject to redemption by application of Sinking Fund Installments, in the manner provided by the applicable Series Resolution and the Agreement; and

(d) as to moneys held in the Optional Redemption Account, to the redemption or purchase of Bonds as provided below.

The Trustee upon the written direction of an Authorized Officer of the Authority shall apply moneys held in any subaccount in the Sinking Fund Account to the purchase of Term Bonds with respect to which the applicable subaccount was established whenever such Bonds may, with reasonable diligence, be purchasable at prices not exceeding the Redemption Price payable for such Bonds on the next Sinking Fund Installment due date for such Bonds; provided, however, that no such purchase shall be made within the period of forty-five (45) days next preceding the next Sinking Fund Installment due date for such Bonds.

The Trustee upon the written direction of an Authorized Officer of the Authority shall also apply moneys held in the Optional Redemption Account to the purchase, arranged as is mutually agreeable to the Trustee and the Authority, of Bonds then Outstanding at a price not to exceed (a) the Redemption Price payable to the holders of such Bonds on the next redemption date if such Bonds shall have been called for redemption on such date, or, (b) if such Bonds have not been called for redemption on such date, (i) the Redemption Price applicable on such date to Bonds subject to optional redemption on such date, and (ii) as to Bonds not subject to optional redemption on such date, the Redemption Price applicable to such Bonds on the first date such Bonds are subject to optional redemption. Notwithstanding the foregoing provision, no such purchase shall be made at any time when the amounts on deposit to the credit of the Interest Account, the Principal Account and the Sinking Fund Account are less then the amounts then respectively required to be on deposit therein, and provided further, that no such purchase of any Term Bond shall be made within the period of forty-five (45) days next preceding the next Sinking Fund Installment due date with respect to such Term Bond and no such purchase of any other Bond shall be made within the period of ten (10) days next preceding any date upon which notice of redemption of such Bonds is scheduled to be mailed.

The principal amount of all Term Bonds purchased as aforesaid shall be deemed to constitute deposits in the applicable subaccount in the Sinking Fund Account and shall be applied, first, against the amounts of such Sinking Fund Installments with respect to such Term Bonds theretofore due and not paid as the Authority shall designate by a certificate of an Authorized Officer, and second, against one or more such Sinking Fund Installments (including any portion of any such Sinking Fund Installment) not yet due as the Authority shall designate by a certificate of an Authorized Officer.

If a Series Resolution shall provide for the redemption at the option of the Authority of any Series of Bonds authorized thereunder, and if at any time on or after the earliest date specified in such Series Resolution for such redemption the amounts on deposit to the credit of the Interest Account, the Principal Account and the Sinking Fund Account shall be equal to or greater than the amounts then respectively required to be so on deposit with respect to any Series of which Bonds will be redeemed, and if the moneys held in the Optional Redemption Account shall equal or exceed (a) the Redemption Price of all Bonds theretofore called for redemption and not redeemed, plus (b) the Redemption Price payable at the next redemption date of Bonds in the aggregate principal amount or Accreted Amount equal to not less than the smallest authorized denomination of the Bonds subject to redemption, plus (c) all necessary and proper expenses to be incurred in connection with the redemption of Bonds on such date, the Trustee shall, if the Authority shall so direct by Certificate of an Authorized Officer (which certificate shall set forth the Series, maturities and principal amounts or Accreted Amounts of each maturity of the Bonds to be redeemed), call Bonds as set forth in such certificate for redemption on the next available redemption date; provided, however, that the aggregate principal amount and Accreted Amount of Bonds to be redeemed set forth in such certificate shall not be greater than the aggregate principal amount and Accreted Amount which will most nearly exhaust the moneys so held in the Optional Redemption Account; and provided further that Bonds shall not be designated for redemption in such certificate unless such Bonds are subject to redemption on the applicable redemption date. Such call and the redemption of Bonds and portions of Bonds so called shall be made pursuant to the provisions of the Agreement.

Interest on Bonds redeemed from moneys in the Optional Redemption Account shall be paid from moneys on deposit in the applicable subaccount in the Interest Account.

If on the date for application of moneys held in the Principal Account or in the Sinking Fund Account, the moneys so held are less then the amount required for application under whichever applies of clauses (b) or (c) of the first paragraph above in "Debt Service Fund," or if by a Certificate of an Authorized Officer the Authority directs that some or all of the moneys in the Optional Redemption Account be applied to the payment of principal or Sinking Fund Installments due on the Bonds, the Trustee shall apply moneys then held in the Optional Redemption Account (except such moneys as to which notice of redemption has already been given) by transfer to the Principal Account or to the Sinking Fund Account, as the case may be, to the extent of the deficiency therein or as directed by such certificate, whichever is applicable; provided that bond counsel to the Authority delivers an opinion to the effect that such application of such moneys is permitted by the Enabling Act and will not jeopardize the exclusion of interest or the Bonds from gross income for federal income tax purposes.

Notwithstanding any other provision of the Agreement, if and to the extent permitted by the applicable Series Resolution, (a) moneys in any subaccount in the Interest Account, Principal Account or Sinking Fund Account may be applied to reimburse the issuer of a Credit Facility for amounts received by the Trustee pursuant to such Credit Facility to be applied to the payment of, respectively, interest on, principal of or any Sinking Fund Installment on the Bonds for which subaccount was established or to pay any amount due from or on account of the Authority under a Derivative for payments made pursuant to such Derivative to be applied to the payment of, respectively, interest on, principal of or any Sinking Fund Installment on the Bonds for which such subaccount was established, and (b) moneys in the Optional Redemption Account may be applied to reimburse the issuer of a Credit Facility for amounts received by the Trustee pursuant to such Credit Facility to be applied to the payment of all or any potion of the Redemption Price of Bonds redeemed on account of moneys in the Optional Redemption Account or to pay any amounts due from or on account of the Authority under any Derivative for payments pursuant to such Derivative to be applied to the payment of all or any portion of the Redemption Price of bonds redeemed on account of moneys in the Optional Redemption Account.

Section 10 Reserve Fund; Other Reserve Funds; Moneys Received Pursuant to the Commonwealth Guaranty or a Credit Facility; Pledged Funds

(a) The moneys in the Section 10 Reserve Fund shall be held in trust and applied as provided below and, pending such application, are pledged to, and shall be subject to a lien and charge in favor of, the Registered Owners of the Guaranteed Bonds Outstanding.

The Trustee shall apply the moneys held from time to time for the credit of the Section 10 Reserve Fund to the payment to the appropriate subaccount in the Debt Service Fund of an amount equal to the excess of (a) the aggregate of amounts required at any Interest Payment Date to pay interest then due on Guaranteed Bonds and, if such date is also a maturity date or a Sinking Fund Installment due date for any Guaranteed Bonds, the principal of all such Guaranteed Bonds then matured or the amount of the Sinking Fund Installment then due with respect to Guaranteed Bonds, as the case may be, over (b) moneys then held for the credit of the appropriate subaccount or subaccounts in the Debt Service Fund, after any transfer thereto from the Optional Redemption Account, or from the Property Fund or from the Rate Stabilization Fund or from all of the foregoing, and available for the payment of such interest, principal or Sinking Fund Installment, respectively. If moneys in the Section 10 Reserve Fund are insufficient to pay in full the amounts specified above, such moneys shall be paid, first, to Guaranteed Bonds constituting Senior Bonds, and second to Guaranteed Bonds constituting Level 2 Bonds, and third to Guaranteed Bonds constituting Level 3 Bonds, and so on in descending level of subordination. If moneys in the Section 10 Reserve Fund are insufficient to pay in full the amounts to be paid with respect to all Guaranteed Bonds constituting Senior Bonds, or all Guaranteed Bonds of any applicable level of subordination, such moneys shall be applied to all Guaranteed Bonds of all Senior Series or all Guaranteed Bonds of all Series of the applicable level of subordination, as the case may be, as described below in "Defaults; Remedies - Application of Funds."

If on the first day of any calendar year or at any other time the amount on deposit in the Section 10 Reserve Fund exceeds the aggregate of the Annual Series Requirements for the present year and all prior years with respect to all Guaranteed Bonds Outstanding, the Authority may by a certificate of an Authorized Officer direct that all or a portion of such excess (other than any part of such excess consisting of interest received and profits realized in excess of losses from investments of moneys held in the Section 10 Reserve Fund, which shall be applied as described below in "Security for Deposits and Investments of Funds - Investments") be withdrawn from the Section 10 Reserve Fund and deposited in the Revenue Fund to be applied to the payment of interest coming due in such year on such Guaranteed Bonds, provided that such certificate is accompanied by an opinion of bond counsel to the Authority that such application or payment is permitted by applicable law and will not adversely affect the exemption from gross income for federal income tax purposes of the interest on the Bonds.

At any time when the amount on deposit in the Section 10 Reserve Fund equals or exceeds (a) the aggregate of the twelve Annual Series Requirements to be in effect with respect to any particular Series of Guaranteed Bonds of which Bonds are then Outstanding plus (b) all Annual Series Requirements in effect for all prior years and for the then current year with respect to all Series of Guaranteed Bonds of which Bonds are

Outstanding, and when such aggregate plus any other moneys held under the Agreement available for the purpose shall equal or exceed the aggregate amount required to pay in full the principal and Redemption Price of and interest on all Bonds of such particular Series then Outstanding (and, if the Bonds of such particular Series are to be redeemed, the necessary and proper expenses to be incurred in connection with such redemption), the Authority may by a certificate of an Authorized Officer direct the Trustee to apply to such payment an amount from the Section 10 Reserve Fund not exceeding such aggregate; provided, however that moneys "available for the purpose" as such phrase is used above in this paragraph shall mean, (x) as to moneys in the subaccounts applicable to such particular Series in the Interest Account, Principal Account and Sinking Fund Account, moneys in excess of the amount then required to be on deposit in each of such subaccounts with respect to all outstanding Guaranteed Bonds to which such subaccounts apply other than Guaranteed Bonds of such particular Series and (y) as to moneys in the Optional Redemption Account, any Account in the Property Fund and the Rate Stabilization Fund, moneys in any such Fund or Account described in a Certificate of an Authorized Officer to be so applied (such direction to be in accordance with the provisions of the Agreement with respect to the use of the moneys in any such Fund, Account or subaccount).

All deposits to the Section 10 Reserve Fund shall be apportioned if directed by a certificate of an Authorized Officer to separate Accounts to be created therein, one account for each Series of Guaranteed Bonds Outstanding (the "Section 10 Series Accounts"), for purposes of compliance by the Authority with the Code and to such subaccounts, as so directed, as are necessary or desirable to comply with the Code. The portion of each deposit attributed to the Account of a particular Series will be the proportion of the total deposit that the Annual Series Requirement for such Series bears to the aggregate Annual Series Requirements for all Series of Guaranteed Bonds of the same level (i.e., Senior Bonds, Subordinate Series Level 2, etc.).

Any withdrawal from the Section 10 Reserve Fund shall be made in portions taken from all Section 10 Series Accounts in such proportion from each such Account as each such Account bears to the total balance of the Section 10 Reserve Fund prior to the making of such withdrawal, unless otherwise directed by a certificate of an Authorized Officer accompanied by an opinion of bond counsel to the Authority to the effect that the instructions for withdrawal set forth in such certificate will not adversely affect the exclusion from gross income for federal tax purposes of the interest on the Bonds.

(b) Moneys in any Debt Service Reserve Fund or Multi-Series Debt Service Reserve Fund shall be applied as set forth in the one or more applicable Series Resolutions.

(c) Moneys received pursuant to the Commonwealth Guaranty shall be held in a separate Account and applied as promptly as practicable to the payment of principal and interest due on the Guaranteed Bonds on account of which such moneys were received.

(d) Moneys received by the Trustee pursuant to a Credit Facility shall be held in a separate Account and shall be applied as provided in the one or more applicable Series Resolutions or in such Credit Facility.

(e) Pledged Funds received by the Trustee shall be held in a separate Account and applied as provided in the one or more applicable Series Resolutions.

Property Fund

In addition to the Accounts and subaccounts established in the Property Fund described above in "Funds and Accounts," the Agreement establishes and authorizes to be established Accounts in the Property Fund for such reserves as the Authority may establish as described below in clause (d) in "Particular Covenants - Rate Covenant." Subject to the following paragraph, the Trustee shall credit all moneys deposited in the Property Fund to such Account therein (or, as to the Capital Improvements Reserve Account, to such subaccount or subaccounts therein) as the Authority may by certificate of an Authorized Officer direct and, in the absence of such a certificate, to the General Account.

The Trustee shall deposit in the Insurance Proceeds Account all proceeds of an insurance policy or policies upon any Project paid by reason of any insured casualty, except that if the Project to which the proceeds apply has not yet reached completion, such proceeds shall be deposited to the related Account of the Construction Fund; provided, that any such proceeds which are proceeds of "use or occupancy" insurance, so-called, or any other insurance providing for payments in place of income or for operating expenses, in either case as certified by an Authorized Officer, shall be deemed Revenues and be deposited to the credit of the Revenue Fund.

The moneys held in each Account in the Property Fund shall be held in trust and applied as provided below and, pending such application, are pledged to, and shall be subject to a lien and charge in favor of, the Registered Owners of the Bonds issued and Outstanding under the Agreement.

The Trustee shall apply the moneys held from time to time for the credit of each Account in the Property Fund as follows:

(a) as to any Account created for a reserve as described below in clause (d) in "Particular Covenants - Rate Covenants," to the payment from time to time of amounts as provided by the pertinent resolution of the Authority and for the purposes therein provided in accordance with a certificate of an Authorized Officer;

(b) as to the General Account, to the payment from time to time as deemed appropriate by the Authority of Maintenance, Repair and Operating Expenses of any Project not otherwise provided for;

(c) as to the Insurance Proceeds Account, to payment, in accordance with the provisions described below in "Particular Covenants - Insurance on Projects," for the repair, restoration or reconstruction of the damage or destruction on account of which the funds were received, or for the doing of such other work in respect of such Project as the Authority may determine in accordance with the provisions described below under "Particular Covenants - Insurance on Projects";

(d) as to any subaccount in the Capital Improvements Reserve Account, to the payment from time to time of the costs of capital improvements or capital repairs with respect to any Project to which the applicable subaccount pertains;

(e) as to the Multi-Purpose Reserve Account, to any lawful purpose for which the Authority may expend funds (and the Trustee may rely on a statement to such effect in the certificate of an Authorized Officer directing such application that the amounts set forth in such certificate will be so applied);

(f) to the extent of moneys so held in any Account in the Property Fund which are not the proceeds of any insurance policy or policies or investment earnings on such proceeds, to transfer to any one or more subaccounts in the Interest Account, the Principal Account or the Sinking Fund Account, one or more, as the case may be, in the Debt Service Fund if and to the extent that moneys held in any such subaccount on a date for application thereof, together with money available in the Rate Stabilization Fund, shall be less than the amount then required for application from such subaccount; and

(g) to the extent of moneys so held in any Account in the Property Fund which are not the proceeds of any insurance policy or policies or investment earnings on such proceeds, to the redemption of Bonds as may be directed from time to time by a certificate of an Authorized Officer.

The Authority may, by a certificate of an Authorized Officer approved by the University Trustees and accompanied by an opinion of bond counsel to the Authority to the effect that the instructions in such certificate are permitted by the Enabling Act and will not adversely affect the exclusion of the interest on the Bonds from gross income for federal income tax purposes, direct that amounts be transferred from any one or

more subaccounts in the Capital Improvements Reserve Account to any other one or more subaccounts in the Capital Improvements Reserve Account or to one or more Capital Improvements Reserve Accounts or like accounts (or, if applicable, one or more subaccounts in any such Capital Improvements Reserve Account or like account) established under any other trust agreement under which the Authority has issued bonds).

Rate Stabilization Fund

Amounts shall be deposited in the Rate Stabilization Fund from the Revenue Fund in the Authority's discretion as provided in the Agreement in order to minimize the variation over time in the fees, rents, rates and other charges fixed in accordance with the provisions described below in "Particular Covenants — Rate Covenant." At any time, upon the direction of the Authority as evidenced by a Certificate of an Authorized Officer, amounts on deposit in the Rate Stabilization Fund may be withdrawn and deposited in the Revenue Fund or applied to the redemption of Bonds.

Notwithstanding the foregoing paragraph, if at any time the amounts on deposit and available therefor in the Debt Service Fund are insufficient to pay the principal and Redemption Price of and interest on the Bonds then due, the Trustee shall withdraw from the Rate Stabilization Fund and deposit in the appropriate subaccount within the Debt Service Fund the amount necessary to meet such deficiency.

Rebate Fund

For each Series of Bonds subject to the rebate requirements of the Code, there shall be established within the Rebate Fund a separate account, for the benefit of the United States of America, and such subaccounts therein as are provided in the applicable Series Resolution, as amended from time to time, or as may be directed by a certificate of an Authorized Officer.

The Trustee shall deposit in the applicable account in the Rebate Fund such amounts as are required pursuant to such Series Resolution, invest the same as set forth therein, and keep such records as shall enable the Authority to satisfy its rebate obligations for such Series under the Code. The Authority shall direct the Trustee to pay to the United States from the Rebate Fund on the Authority's behalf such amounts as are required to be paid pursuant to the Code, all as set forth in the applicable Series Resolution, provided that any deficiency in the amounts required to be deposited into the Rebate Fund, or in any required payment from the Rebate Fund to the United States, shall be made up by the Authority, and provided further that no amount in the Rebate Fund shall be paid to the Authority or transferred to any other Fund or Account except as permitted by the Agreement, the Series Resolution and the Code.

The provisions described in this paragraph, as modified by the applicable Series Resolution, shall survive the defeasance of the Agreement, or of any Series of Bonds to which such provisions apply, and such provisions and the provisions pertaining to rebate in any Series Resolution shall be subject to amendment without the consent of any Registered Owner to reflect any applicable amendment to the Code with respect to rebate.

SECURITY FOR DEPOSITS AND INVESTMENTS OF FUNDS

Deposits with Trustee

All moneys deposited under the Agreement with the Trustee shall be held in trust and applied in accordance with the provisions of the Agreement, and shall not be subject to lien or attachment by any creditor of the Authority or the Trustee.

All moneys deposited with the Trustee under the Agreement shall be continuously secured, for the benefit of the Authority and the Registered Owners of the Bonds in such manner as may then be required or permitted by applicable state or federal laws and regulations regarding the security for, or granting a preference

in the case of, the deposit of trust funds; provided, however, that it shall not be necessary for the Trustee to give security for any moneys which shall be invested in Investment Obligations.

All moneys deposited with the Trustee shall be credited to the particular Fund, Account or subaccount to which such moneys belong.

Investments

Moneys held for the credit of the Note Payment Fund shall, as nearly as may be practicable, be continuously invested and reinvested by the Trustee in Investment Obligations which shall mature, or which shall be subject to redemption by the holder thereof at the option of such holder, not later than the day or days preceding the date or dates of payment of the notes for the payment of which such moneys in the Note Payment Fund are held.

Moneys held for the credit of each Account within the Construction Fund shall, as nearly as may be practicable, be continuously invested and reinvested by the Trustee in Investment Obligations which shall mature, or which shall be subject to redemption by the holder thereof at the option of such holder, not later than the respective dates as set forth in a schedule furnished by an Authorized Officer of the Authority to the Trustee at the time moneys are first deposited in such Account, as such schedule may thereafter be amended, when moneys held for the credit of such Account will be required for the purposes intended.

Moneys held for the credit of the Revenue Fund shall, as nearly as may be practicable, be continuously invested and reinvested by the Trustee in Investment Obligations which shall mature, or which shall be subject to redemption by the holder thereof at the option of such holder, as to moneys not in excess of the amount then required as the reserve for Current Expenses, not later than the day or days preceding the date or dates upon which moneys are to be applied to the payment of Current Expenses, Maintenance, Repair and Operating Expenses and Section 19C Payments as set forth in a schedule filed by the Authority with the Trustee, or, as to moneys held in the Revenue Fund and to be transferred to other Funds, Accounts and subaccounts as described above in "Establishment and Application of Funds and Accounts - Revenue Fund," not later than the day preceding the date of such transfer.

Moneys held for the credit of each subaccount in the Debt Service Fund shall, as nearly as may be practicable, be continuously invested and reinvested by the Trustee in Investment Obligations which shall mature, or which shall be subject to redemption at the option of the holder thereof, as to moneys so held in any subaccount in the Interest Account in an amount not in excess of the amount payable as interest from such subaccount at the next Interest Payment Date, not later than the day prior to such Interest Payment Date, or, as to moneys so held in any subaccount in the Principal and Sinking Fund Accounts, in amounts not respectively in excess of the amount payable from such subaccount as principal of Bonds maturing at the next maturity date or of the amount of the Sinking Fund Installment next falling due, not later than the day prior to the date of such maturity or such due date, as the ease may be, or, as to other moneys, if any, so held, not later than twelve (12) months after the date of any such investment.

Moneys held for the credit of the Section 10 Reserve Fund and the Rate Stabilization Fund shall, as nearly as may be practicable, be continuously invested and reinvested by the Trustee in Investment Obligations, provided that amounts on deposit in the Section 10 Series Account for any Series of Outstanding Guaranteed Bonds, or in any subaccounts, shall not be invested in excess of the yield or yields as set forth in the investment instructions delivered to the Trustee from time to time by an Authorized Officer, except as permitted by an opinion of bond counsel to the Authority to the effect that investments may be made at the yield or yields set forth in such opinion without adversely affecting the exclusion from gross income of the interest on such Series of Guaranteed Bonds or any other Bonds.

Moneys in any Debt Service Reserve Fund or Multi-Series Debt Service Reserve Fund shall be invested as provided in the one or more applicable Series Resolutions.

Moneys held for the credit of each Account or subaccount in the Property Fund shall, as nearly as may be practicable, be continuously invested and reinvested by the Trustee in Investment Obligations which shall mature, or which shall be subject to redemption by the holder thereof at the option of such holder, on the dates specified from time to time in certificate of an Authorized Officer delivered to the Trustee.

Notwithstanding any other provisions of the Agreement, the Authority may at any time deliver to the Trustee by a certificate of an Authorized Officer additional or different instructions from those set forth above regarding the investment of moneys held under the Agreement, provided that such instructions do not jeopardize the exclusion from gross income for federal income tax purposes of the interest on any Bond (as to which the Authority may rely on an opinion of bond counsel to the Authority), and provided that such additional or different instructions do not violate the requirements of the issuer of any Credit Facility with respect to the moneys to which such instructions apply. The Trustee shall comply with such instructions if (a) the Authority certifies in such certificate that such instructions do not jeopardize the exclusion from gross income for federal income tax purposes of the interest on any Bond; (b) no investment is directed to be made in any investments other than Investment Obligations; (c) the Authority certifies in such certificate that such instructions do not violate the requirements of any Credit Facility with respect to the moneys to which such instructions of the issuer of any Credit Facility with respect to the moneys of the interest on any Bond; (b) no investment is directed to be made in any investments other than Investment Obligations; (c) the Authority certifies in such certificate that such instructions do not violate the requirements of the issuer of any Credit Facility with respect to the moneys to which such instructions apply; and (d) the Trustee's liability as set forth in the Agreement is not modified.

Investment Obligations purchased as an investment of moneys in any Fund, Account or subaccount may be purchased and held with Investment Obligations purchased as an investment of moneys in any other Fund, Account or subaccount as a part of a single investment fund but shall be deemed at all times to be a part of the Fund, Account or subaccount for which they were purchased, and the interest accruing thereon and any profit or loss realized from such investments shall be charged pro rate to each such Fund, Account or subaccount; provided, however, (a) that interest received and profits realized in excess of losses realized in any fiscal year from investments of moneys held in the Note Payment Fund shall be deemed to be proceeds of the corresponding Series of Bonds and, except to the extent provided in the Series Resolution authorizing the issuance of such Bonds to be applied to the payment of notes issued by the Authority, shall be transferred, upon the first to occur of (i) payment in full of the pertinent notes or (ii) the end of a fiscal year, to the corresponding Account within the Construction Fund, (b) that, subject to the provisions described above in "Establishment and Application of Funds and Accounts - Rebate Fund," all such interest and profits from the investment of moneys held in Construction Fund Accounts shall be retained in such Accounts, (c) that, subject to the provisions described above in "Establishment and Application of Funds and Accounts - Rebate Fund," all such interest and profits from the investment of moneys held in any Debt Service Reserve Fund or Multi-Series Debt Service Reserve Fund shall be applied as provided in the one or more Series Resolutions governing the application of moneys held in the applicable Debt Service Reserve Fund or Multi-Series Debt Service Reserve Fund and (d) that, subject to the provisions described above in "Establishment and Application of Funds and Accounts - Rebate Fund," such interest and profits from investments of moneys held in any other Fund, Account or subaccount, except as otherwise provided in a Series Resolution or in the Agreement, shall constitute Revenues and shall be transferred to the Revenue Fund. Such interest received and profits realized in excess of losses realized in any calendar year from investments of moneys held in the Section 10 Reserve Fund shall, subject to the provisions described above in "Establishment and Application of Funds and Accounts - Rebate Fund," and if and only if the amount on deposit to the credit of the Section 10 Reserve Fund on the first day of such calendar year (or on any other date of such calendar year if bond counsel to the Authority delivers an opinion to the effect that such is permitted by the Enabling Act) exceeds the aggregate of all Annual Series Requirements in effect for the Guaranteed Bonds then Outstanding for all calendar years through and including such calendar year, constitute Revenues to the extent of the amount of such excess and shall be transferred as received to the Revenue Fund to be applied to the payment of interest on Guaranteed Bonds, unless a certificate of an Authorized Officer directs that any such interest or profits be held in the Section 10 Reserve Fund. Interest and profits derived from the investment of moneys, which interest and profits are held in the Revenue Fund or which are not subject to being transferred thereto, shall, to the extent available, be deemed to be included among the amounts first requisitioned or otherwise withdrawn and expended from any Fund, Account or subaccount. The Trustee shall sell at the best price obtainable or

present for redemption any obligations so purchased whenever it shall be necessary so to do in order to provide moneys to meet any payment or transfer from any such Fund, Account or subaccount. Neither the Trustee nor the Authority shall, in the absence of bad faith, be liable on account of or responsible for the results of any such investment.

In computing the amount in any Fund, Account or subaccount held by the Trustee under the Agreement, Investment Obligations shall be valued at par if purchased at par or at amortized value if purchased at other than par. Amortized value, when used with respect to an obligation purchased at a premium above or a discount below par, means the value as of any given time obtained by dividing the total premium or discount at which such obligation was purchased by the number of days remaining to maturity on such obligation at the date of such purchase and by multiplying the amount thus calculated by the number of days having passed since such purchase; and (1) in the case of an obligation purchased at a discount by adding the product thus obtained to the purchase price. Valuation on any particular date shall include the amount of interest then earned or accrued to such date on any Investment Obligations.

Investment Advice

The Authority shall direct all investments of moneys held under the Agreement, or the Authority may, at its expense, appoint as an investment adviser a person registered under the federal Investment Advisers Act of 1940 and having a favorable reputation for competence and experience in investing in Investment Obligations to instruct the Trustee with respect to investment and reinvestment of all or a portion of the moneys held under the Agreement. The Trustee shall have no liability of any kind to the Authority, to any Registered Owner or to any other person for or on account of any investment transaction it shall carry out in accordance with investment instructions given as provided in the Agreement. The Trustee may carry out all investment transactions through its own facilities.

PARTICULAR COVENANTS

Rate Covenant

The Authority covenants that it will establish and revise rules and regulations to insure the use and occupancy of, and will fix, revise, adjust and collect fees, rents, rates and other charges for the use of, each Project and of all Other Projects and other property of the Authority the Revenues from which are pledged under the Agreement, in such manner and at such levels as may be necessary so that the aggregate of (i) the proceeds from such fees, rents, rates and other charges for the use of all Projects, Other Projects and other property the Revenues from which are pledged under the Agreement, (ii) all other Revenues from such Project, Other Projects and property and (iii) all appropriations, contributions, gifts and grants received by the Authority or made for the benefit of the Authority or any such Project, Other Project or property and available and applied for the purpose, will provide Revenues sufficient in each fiscal year

(a) to pay the Maintenance, Repair and Operating Expenses of such Projects, Other Projects and property, provided, that in the case of a Project with respect to which a Contract is in effect that includes undertakings by the University Trustees respecting maintenance, repair and operation thereof, such undertakings shall be deemed to fulfill the covenant of the Authority as to the sufficiency of Revenues therefor;

(b) (i) to provide for making deposits to the credit of the appropriate Accounts in the Debt Service Fund in amounts in such fiscal year equal in the aggregate to the total of (A) all interest becoming due and payable in such fiscal year on all Bonds then Outstanding, (B) the principal amount of all such Bonds maturing in such fiscal year, (C) the Sinking Fund Installments, if any, becoming due in such fiscal year in respect of all such Bonds and (D) other amounts, if any, payable in such fiscal year on the account of all such Bonds or required to be deposited in such Fiscal Year to any Account in the Debt Service Fund, and (ii) to provide for the payment of the purchase price of Bonds tendered as provided in the one or more applicable Series Resolutions;

(c) to pay the Current Expenses of the Authority properly allocable to such Projects, Other Projects and property;

(d) to create and maintain such funds, accounts and reserves, if any, as may be provided for in any Series Resolution authorizing the issuance of Bonds or in a resolution thereafter adopted;

(e) to pay the amounts of any Section 19C Payments to be paid in such fiscal year; and

(f) to provide for making deposits to the credit of (i) the Section 10 Reserve Fund in amounts which, together with amounts deposited in the preceding fiscal year for such purpose or to be deposited in the subsequent fiscal year for such purpose will equal in the aggregate the reserve required by Section 10 of the Enabling Act to be established and maintained in such Fund in respect of each calendar year constituting a portion of such fiscal year and (ii) each Debt Service Reserve Fund or Multi-Series Debt Service Reserve Fund in amounts, if any, required by the one or more applicable Series Resolutions;

except that

(g) as to any Project or Other Projects the Bonds or other indebtedness issued by the Authority to finance or refinance which shall have been paid or provided for in full, as described below in "Defeasance," such Revenues need only be sufficient to pay the amounts required under clauses (a), (c), (d) and (e) above;

and, so far as consistent with the foregoing requirements, so as to maintain reasonable uniformity of charges for like rooms or other accommodations, facilities and services at the University whether or not contained in or provided by a Project of the Authority.

The Authority covenants that if the amounts deposited to the credit of any Account in the Debt Service Fund, in the Section 10 Reserve Fund and any other reserve fund securing any Bonds in any fiscal year shall be less than the amounts respectively referred to above for such fiscal year, it will revise and adjust the aforesaid fees, rents, rates and other charges so as to provide funds sufficient, with all other moneys available for the purpose, to provide the payments and deposits specified above to be made from Revenues.

To the extent provided in the Enabling Act, any establishment or revision of said rules and regulations and any fixing, revision or adjustment of said fees, rents, rates or other charges by the Authority shall require the approval of the University Trustees, and the Authority covenants that it will use its best efforts to obtain such approval whenever required.

Annual Schedule of Projected Expenses

The Authority shall file with the Trustee an annual schedule of projected expenses (the "Annual Schedule of Projected Expenses" or "Schedule") as follows:

(a) With or before the first remittance to the Trustee of moneys to be deposited in the Revenue Fund, the Authority shall file with the Trustee an initial Schedule signed by an Authorized Officer setting forth the amount estimated by the Authority to be payable from the Revenue Fund as Current Expenses, Maintenance, Repair and Operating Expenses and Section 19C Payments during the period commencing with the date thereof and ending on the next following June 30.

(b) On or before each June 15, commencing with the June 15 next preceding the end of the period covered by said initial Schedule, the Authority shall file with the Trustee a Schedule similarly signed setting forth the amount estimated by the Authority to be payable from the Revenue Fund as Current Expenses,

Maintenance, Repair and Operating Expenses and Section 20 Payments during the period commencing on the next following July 1 and ending twelve months thereafter.

(c) If at any time prior to June 30 in any period covered by the initial or any subsequent Schedule, as the same may have theretofore been amended, the aggregate of the amounts paid from the Revenue Fund since and including the next preceding July 1 as Current Expenses, Maintenance, Repair and operating Expenses and Section 19C Payments shall exceed the amount set forth in such Schedule, the Authority shall file an amended Schedule similarly signed increasing accordingly the estimated amount to be payable as Current Expenses, Maintenance, Repair and Operating Expenses and Section 19C Payments during the balance of such period. Each amended Schedule filed by the Authority under this clause shall supersede all initial, annual and amended Schedules filed prior thereto.

Debt Service Payments and Payment of Purchase Price

The Authority covenants that it will promptly pay the principal of and the interest on every Bond and the purchase price of every Bond tendered as provided in the applicable Series Resolution at the place, on the dates and in the manner provided in the Agreement and in said Bond and Series Resolution, and any premium required for the retirement of said Bond by purchase or redemption, according to the true intent and meaning thereof. Except as otherwise provided in the Agreement, such principal, interest, purchase price and premium are payable solely from Revenues and Funds pledged under the Agreement.

The Authority covenants that it will perform and observe each and every agreement, condition, covenant and obligation on its part to be performed and observed under each Contract providing for the Commonwealth Guaranty to the end that the Commonwealth Guaranty therein provided and the pledge of the full faith and credit of the Commonwealth for such Commonwealth Guaranty shall remain in full force and effect and binding upon the Commonwealth as authorized by the Enabling Act and provided by such Contract, said Commonwealth Guaranty and pledge being evidenced by the guaranty executed on each applicable Guaranteed Bond by an officer of the University Trustees.

Completion of Projects

The Authority covenants that it will with reasonable expedition complete each Project in conformity with law and all requirements of all governmental authorities having jurisdiction thereover. The Authority further covenants that upon completion or occupancy of each Project financed by a Series of Bonds issued under the Agreement, if and to the extent that there is no obligation of the University Trustees under a Contract to undertake the operation and maintenance of any such Project, the Authority will thereafter operate and maintain, or otherwise provide for the operation and maintenance of, such Project.

Land Covenant

(a) The Authority covenants that each Project constructed or acquired by it is or will be located on lands as to which either (i) the same are leased by the Authority from the Commonwealth for the purpose by a good and valid lease or leases continuing or renewable at the option of the Authority for a term not shorter than the last maturity of any Bond of the Series pertaining to such Project, or (ii) good and marketable title to which is owned by the Authority in fee simple or the right to use and occupy which is vested in the Authority by valid franchises, licenses, easements, rights of way or other rights expiring not earlier than the last maturity of any such Bond.

(b) The foregoing covenant shall not apply to a Project consisting of the construction, alteration, enlargement, reconstruction, rehabilitation, remodeling and other work on any building, structure or other facility (including without limitation parking lots) not owned or leased by the Authority as lessee or sublessee and not involving the acquisition of such building, structure or facility by the Authority.

Compliance with Contracts

The Authority covenants that it will perform and observe each and every agreement, condition, covenant and obligation on its part to be performed and observed under each Contract, and will use its best efforts to enforce like performance and observation on the part of the Commonwealth and the University Trustees, to the end that the obligation of the Commonwealth and the University Trustees thereunder, among other things, to remit to the Authority or to the Trustee Revenues, to operate and maintain the Project and to make necessary repairs to and restoration and reconstruction of the same shall continue in full force and effect. The Authority covenants that, from and to the extent of, but not in excess of, the Revenues of each Project owned by it and any other funds available to it for the purpose, it will cure any deficiencies in the maintenance of such Project and will make all necessary repairs, restoration and reconstruction not made by the Commonwealth pursuant to the applicable Contract and that it will observe and perform all of the terms and conditions contained in the Enabling Act.

Payment of Lawful Charges

The Authority covenants that it will not create or suffer to be created any lien or charge upon any Project or any part thereof or upon the Revenues therefrom except the lien and charge upon such Revenues under the Agreement, and that, from the same or other available funds, it will pay or cause to be discharged, or will make adequate provision to satisfy and discharge, as promptly as possible after the same shall accrue, all lawful claims and demands for labor, materials, supplies or other objects which, if unpaid, might by law become a lien upon any Project or any part thereof or the Revenues therefrom; provided, however, that nothing in the foregoing provisions in this subsection shall (a) require the Authority to pay or cause to be discharged, or make provision for, any such lien or charge so long as the validity thereof shall be contested in good faith, or (b) prohibit (i) the University Trustees or the University from using any funds of the University in accordance with law and in compliance with any Contract or any other agreement applicable to the University Trustees or the University or (ii) the Expendable Fund Balance of the University from being used in accordance with law and *in* compliance with any Contract or any other agreement applicable to the University Trustees; and provided, further, that if on any date the Authority holds or there is held for the account of the Authority Revenues in excess of the Revenues required by the provisions described above in "Rate Covenant" for the remainder of the fiscal year in which such date occurs, the Authority may apply such excess to any lawful purpose of the Authority as the Authority may from time to time determine.

Use of Other Funds for Projects; Sale of Projects

Notwithstanding any other provision of the Agreement, the Authority may permit the Commonwealth or any of its agencies, departments or political subdivisions, to pay the cost of maintaining, repairing and operating any Project out of funds other than Revenues of such Project whether pursuant to the pertinent Contract or otherwise.

The Authority may also, if and to the extent now or hereafter permitted by law, sell any Project owned by the Authority or any portion thereof; provided, that if such sale is of an entire Project, the proceeds therefrom shall be in an amount sufficient, with all other moneys then held by the Trustee hereunder and available for the purpose, (a) to pay or provide for the payment in full at the first date upon which such payment may be made of all amounts then required for the payment of the principal or Redemption Price of and interest on the Bonds then Outstanding issued to finance or refinance the cost of such Project (and the determination of which Bonds of the applicable Series were so issued shall be made by the Authority in any reasonable manner if the Project was financed or refinanced by Bonds issued as part of a Series that financed or refinanced more than one Project and shall be evidenced to the Trustee by a certificate of an Authorized Officer) and (b) to pay all necessary and proper expenses payable in connection with such payment; provided, further, that if such sale is of a portion of a Project, the proceeds therefrom shall be an amount sufficient, with any other moneys then held by the Trustee under the Agreement and available for the purpose, (a) to pay or provide for the payment in full at the first date upon which such payment may be made of the principal or Redemption Price of and interest on a principal amount of Bonds then Outstanding of the Series issued to finance or refinance the Cost of such Project bearing the same proportion to the principal amount of all such Bonds then Outstanding that (as reasonably determined by the Authority and evidenced to the Trustee by a Certificate of an Authorized Officer) the Cost of the portion of such Project to be sold bore to the Cost of the Project and (b) to pay all necessary and proper expenses payable in connection with such payment. The proceeds of any such sale shall be deposited by the Authority with the Trustee and shall be deposited by the Trustee to the credit of the Optional Redemption Account.

Insurance on Projects

The Authority covenants that (a) during the construction, alteration, enlargement, reconstruction, rehabilitation or remodeling of or other work upon each Project it will carry such builder's risk insurance, if any, as it may deem reasonable therefor, and (b) from and after the time when the contractors or any of them engaged in constructing any part of each Project shall cease to be responsible, pursuant to the provisions of the respective contracts for the construction of such part, for loss or damage to such part occurring from any cause, it will insure and at all times keep such part insured with a responsible insurance company or companies, qualified to assume the risk thereof, against physical loss or damage however caused, with such exemptions as are ordinarily required by insurers of buildings, structures or facilities of similar type and in similar locations, in such amount as it shall determine to be reasonable and in any event at least sufficient to comply with any legal or contractual requirement which, if breached, would result in assumption by the Authority of a portion of any loss or damage as a co-insurer; provided, however, that (i) if at any time the Authority shall be unable to obtain such insurance to the extent above required, either as to the amount of such insurance or as to the risks covered thereby, it will not constitute an event of default under the Agreement if the Authority shall maintain such insurance to the extent reasonably obtainable; (ii) such insurance may be provided by a policy or policies covering all insurable portions of such Project as a whole together with other insurable property of the Authority; and (iii) the requirements set forth in clause (b) above of this paragraph shall not apply to any Project owned by the Commonwealth (but the Authority may from time to time provide such insurance of the kind described in such clause (b) for any Project owned by the Commonwealth as the Authority may determine in its discretion).

All such policies shall be for the benefit of the Trustee and the Authority as their interests shall appear, shall be made payable to the Trustee (by means of the standard mortgagee clause without contribution, if obtainable) and shall be deposited with the Trustee. The proceeds of any and all such insurance shall be deposited with the Trustee shall have the sole right to receive the proceeds of such insurance and to collect claims thereunder and receipt therefor. The proceeds of any and all such insurance shall be deposited to the credit of the Insurance Proceeds Account in the Property Fund.

The Authority covenants that, immediately after any damage to or destruction of any part of any Project the estimated cost to repair, restore or reconstruct which exceeds One Hundred Thousand Dollars (\$100,000), it will, if necessary, prepare or cause the Architect or Engineer, as the case may be, for the Project to prepare plans and specifications for repairing, restoring or reconstructing the damaged or destroyed property, and in any event it will proceed with all reasonable promptness as may be required to accomplish such repair, restoration or reconstruction in accordance with the original design or to do such other work as may be advised in writing by the University Trustees.

The proceeds of all insurance referred to in this subsection shall be available for, and shall to the extent necessary be applied to, the repair, restoration or reconstruction of the damaged or destroyed property, or the doing of other work with respect thereto as the Authority may determine by resolution adopted upon advice in writing from the University Trustees, and shall be disbursed by the Trustee upon receipt of copies, certified by an Authorized Officer, of the resolution adopted by the Authority authorizing such repair, restoration and reconstruction and of such written advice and otherwise in the manner and upon the showings provided in the Agreement for payments from the Construction Fund. If such proceeds shall be insufficient for

such purpose, the deficiency shall be supplied from any other moneys available for the purpose in the appropriate reserve Account or in the General Account in the Property Fund.

Upon completion of the work authorized by such resolution the Authority shall cause to be filed with the Trustee a notice and a Counsel's Opinion with respect thereto executed, approved and including statements substantially to the same effect as those provided in the Agreement for completion of construction of a Project.

Any balance of such proceeds remaining after such certificate shall have been filed shall be held by the Trustee in the Insurance Proceeds Account in the Property Fund and applied as provided herein or, if the Authority shall so direct by a certificate of an Authorized Officer, shall be transferred to one or more of the Revenue Fund, the Optional Redemption Account in the Debt Service Fund, to any Account within the Construction Fund or to the Multi-Purpose Reserve Account.

Use, Occupancy and Other Insurance

The Authority covenants that it will at all times carry with a responsible insurance company or companies or companies qualified to assume the risk thereof:

(a) use and occupancy insurance covering loss of Revenues from each Project by reason of necessary interruption, total or partial, in the use thereof resulting from damage or destruction of any part thereof however caused, with such exceptions as are ordinarily required by insurers providing similar insurance, in such amount as the Authority shall estimate is sufficient to provide a full equivalent of Revenues for the fiscal year of the Authority respecting which such insurance is carried; provided, that if at any time the Authority shall be unable to obtain such insurance to the extent above required, either as to the amount of such insurance or as to the risks covered thereby, it will not constitute an event of default under the Agreement if the Authority shall carry such insurance to the extent reasonably obtainable; provided, however, that the Authority need not (but may) provide the insurance described in this subparagraph with respect to any Project owned by the Commonwealth; and

(b) such worker's compensation or employers' liability insurance as may be required by law and such public liability and property damage insurance as the Authority shall deem reasonable.

All policies providing use and occupancy insurance shall be made payable to and deposited with the Trustee, and the Trustee shall have the sole right to receive any proceeds of such policies and to collect claims thereunder. Any proceeds of use and occupancy insurance paid to the Trustee shall be deposited by it forthwith to the credit of the Revenue Fund.

Any appraisement or adjustment of any loss or damage under any policy payable to the Trustee and any settlement or payment of indemnity under any such policy shall be agreed upon between the Authority and any insurer and shall be evidenced to the Trustee by a certificate, signed by an Authorized Officer of the Authority, which certificate may be relied upon by the Trustee as conclusive. The Trustee shall in no way be liable or responsible for the collection of insurance moneys in case of any loss or damage.

No Inconsistent Action by Authority

The Authority covenants and agrees that none of the Revenues of any Project will be used for any purpose other than as provided in the Agreement and no contract or contracts will be entered into or any action taken which shall be inconsistent with the provisions of the Agreement.

Further Instruments and Actions

The Authority covenants that it will, from time to time, execute and deliver such further instruments and take such further action as may be required to carry out the purposes of the Agreement.

Records, Reports and Audits

The Authority covenants that it will keep an accurate record of the total cost of each Project, of the Revenues collected or derived from such Project, and of the application of such Revenues collected or derived from such Project. Such records shall be open at all reasonable times to the inspection of the Trustee. The Authority covenants that it will cause any reports or audits relating to each Project to be made as required by law and that it will furnish to the Trustee a copy of each such report and audit forthwith upon receipt thereof by the Authority.

Release of Land; Sale of Equipment

The Authority may from time to time (a) release to the University Trustees any land leased by the University Trustees to the Authority if permitted by a lease entered into between the University Trustees and the Authority and if such release will not adversely affect Revenues, (b) sell or otherwise dispose of any machinery, fixtures, apparatus, tools, instruments or other movable property acquired by it from the proceeds of Bonds or from the Revenues of a Project, if the Authority shall reasonably determine that such articles are no longer useful or appropriate in connection with the construction or operation and maintenance of such Project, and that such sale or disposition, taking account of the application of any proceeds received from such sale or disposed of, shall not adversely affect the Revenues from such Project.

Covenant as to Exclusion of Interest from Gross Income

The Authority covenants that it will not take any action or fail to take any action that would adversely affect the exclusion of interest on the Bonds from gross income for federal income tax purposes.

Notice of Default; Financial Statements

The Authority covenants that (a) forthwith upon any officer of the Authority's obtaining knowledge of any condition or event which constitutes or, after notice or lapse of time or both, would constitute an "event of default" as defined in the Agreement, it will file with the Trustee a certificate signed by an Authorized Officer specifying the nature and period of existence thereof, and what action the Authority has taken, is taking or proposes to take with respect thereto; (b) on or before the 15th day of each July it will file with the Trustee a certificate signed by an Authorized Officer stating that, so far as is known to the signer of the certificate, the Authority is not in default under any covenant, agreement or condition contained in the Agreement and that no event has occurred which constitutes or, after notice or lapse of time or both, would constitute such an event of default or, if the Authority shall be in default, or any such event has occurred, specifying each such default and event and the nature and period of existence thereof of which the signer may have knowledge and what action, if any, the Authority has taken, is taking or proposes to take with respect thereto; and (c) it will cause an examination of its financial statements as of the end of and for each fiscal year during which Bonds shall be Outstanding under the Agreement to be made by independent certified public accountants and within one hundred eighty (180) days after the end of each fiscal year will file with the Trustee a copy of such financial statements together with the signed opinion of such independent certified public accountants with respect thereto.

Defaults; Remedies

Extended Interest

In case the time for the payment of the interest on any Bond shall be extended, whether or not such extension be by or with the consent of the Authority, such interest so extended shall not be entitled in case of default under the Agreement to the benefit or security of the Agreement except subject to the prior payment in

full of the principal of all Bonds then Outstanding and of all interest the time for the payment of which shall not have been extended.

Events of Default

Each of the following events is an "event of default" under the Agreement:

(a) payment of the principal and premium, if any, of any of the Bonds shall not be made when the same shall become due and payable, either at maturity or by required proceedings for redemption or otherwise, or payment of the purchase price of any Bond tendered as provided in the applicable Series Resolution shall not be made when such purchase price shall become due and payable; or

or

(b) payment of any installment of interest on the Bonds shall not be made when due and payable;

(c) the Authority shall for any reason be rendered incapable of fulfilling its obligations under the Agreement; or

(d) an order or decree shall be entered, with the consent or acquiescence of the Authority, appointing a receiver or receivers of any Project or any part thereof or of the Revenues thereof, or if such order or decree, having been entered without the consent or acquiescence of the Authority, shall not be vacated or discharged or stayed on appeal within one hundred and twenty (120) days after the entry thereof; or

(e) any proceeding shall be instituted, with the consent or acquiescence of the Authority, for the purpose of effecting a composition between the Authority and its creditors or for the purpose of adjusting the claims of such creditors, pursuant to any federal or state statute now or hereafter enacted, if the claims of such creditors are under any circumstances payable from the Revenues of any Project; or

(f) the Authority shall default in the due and punctual performance of any of the covenants, conditions, agreements and provisions contained in the Bonds or in the Agreement on the part of the Authority to be performed in connection with the Bonds or any Project financed or refinanced by the Bonds, and such default shall continue for thirty (30) days after written notice specifying such default and requiring same to be remedied shall have been given to the Authority by the Trustee, which may give such notice in its discretion and shall give such notice at the written request of the Registered Owners of not less than twenty per cent (20%) in principal amount of the Bonds then Outstanding.

For all purposes of the Agreement, any event of default specified in subparagraph (a) or subparagraph (b) of the preceding paragraph with respect to any one or more Bonds shall be deemed to be such an event of default on all other Outstanding Bonds of the same level or levels as the Bond or Bonds with respect to which such event of default occurred, i.e., any such event of default with respect to one or more Senior Bonds shall be deemed to be such an event of default on all other Outstanding Senior Bonds, any such event of default with respect to one or more Bonds of any Subordinate Series, Level 2 shall be deemed to be such an event of default on all Outstanding Bonds of all Subordinate Series, Level 2, and so on.

No Acceleration

Notwithstanding any other provision of the Agreement to the contrary, the Bonds shall not be subject to acceleration, and all provisions with respect to events of default under the Agreement and with respect to remedies available under the Agreement shall be subject to such prohibition.

Remedies

Upon the happening and continuance of any event of default under the Agreement, then and in every such case the Trustee may proceed, and upon the written request of the Registered Owners of not less than twenty per centum (20%) in principal amount of the Bonds then Outstanding (or, in the case of an event of default under clause (a) or clause (b) above in "Events of Default," not less than twenty per cent (20%) in principal amount of the Agreement, to protect and enforce its rights and the rights of the Registered Owners of the Bonds under the laws of the Commonwealth or under the Agreement by such suits, actions or proceedings in equity or at law, or by proceedings in the office of any board or officer having jurisdiction, either for the specific performance of any covenant or agreement contained in the Agreement or in aid or execution of any power herein granted or for the enforcement of any proper legal or equitable remedy, as the Trustee, being advised by counsel, shall deem most effectual to protect and enforce such rights.

In the enforcement of any remedy under the Agreement the Trustee shall be entitled to sue for, enforce payment of and receive any and all amounts then or during any default becoming, and at any time remaining, due from the Authority for principal, interest or otherwise under any of the provisions of the Agreement or of the Bonds, with interest on overdue payments at the rate or rates of interest borne by the applicable Bonds, together with any and all costs and expenses of collection and of all proceedings under the Agreement and under the Bonds, without prejudice to any other right or remedy of the Trustee or of the Registered Owners, and to recover and enforce any judgment or decree against the Authority, but solely as provided in the Agreement and in the Bonds, for any portion of such amounts remaining unpaid, with interest, costs and expenses, and to collect (but solely 'from moneys in the Debt Service Fund, the Section 10 Reserve Fund, any other reserve fund securing any Bond, the Rate Stabilization Fund and the Property Fund and any other moneys available for such purpose) in any manner provided by law, the moneys adjudged or decreed to be payable.

Application of Funds

(a) Anything in the Agreement to the contrary notwithstanding, if at any time the moneys in the Debt Service Fund, in the Section 10 Reserve Fund, in any other reserve fund securing any Bond, in the Rate Stabilization Fund and in the Property Fund, and any other moneys available for the purpose shall not be sufficient to pay the principal and Redemption Price of or the interest on the Bonds as the same shall become due and payable or the purchase price of any Bond tendered as provided in the applicable Series Resolution, such moneys, together with any moneys then available or thereafter becoming available for such purpose, whether through the exercise of the remedies described in this section of this Summary or otherwise, shall be applied as provided in paragraph (b) below, any such application to be made, first to all Outstanding Senior Bonds, until all principal, Redemption Price and interest then due on such Senior Bonds have been paid, and second, to all Outstanding Level 2 Bonds, until all principal, Redemption Price and interest then due on such Level 3 Bonds, until all principal, Redemption Price and interest then due on in descending order of subordination. Any such application shall also be subject to the following:

(i) moneys received under the Commonwealth Guaranty shall be applied only to the Guaranteed Bonds on account of which such moneys are received and shall not be applied to the payment of the fees and expenses of the Trustee;

(ii) moneys in the Section 10 Reserve Fund shall be applied only to Guaranteed Bonds and shall not be applied to fees and expenses of the Trustee;

(iii) moneys received under any Credit Facility or Derivative shall be applied only to the payment of amounts which are due on the Bonds secured by such Credit Facility or to which such Derivative applies and to which moneys received under such Credit Facility or such Derivative are

permitted to be applied and shall be applied to the fees and expenses of the Trustee only if such application is explicitly permitted under the applicable Credit Facility or the applicable Derivative and only in amounts not in excess of the amounts permitted by such Credit Facility or such Derivative to be so applied;

(iv) moneys in any reserve fund other than the Section 10 Reserve Fund shall be applied only as provided in the one or more applicable Series Resolutions and shall be applied to fees and expenses of the Trustee only if such application is explicitly permitted by the applicable Series Resolution;

(v) amounts due to the issuer of a Credit Facility for reimbursement of any amount paid under such Credit Facility for payment of principal or Redemption Price of or interest on any Bond or the purchase price of any Bond tendered as provided in the applicable Series Resolution (but not including interest on any such amount) shall, to the extent and under the conditions set forth in the applicable Series Resolution or reimbursement agreement with the issuer of such Credit Facility, be deemed for purposes of paragraph (b) below to be payments of principal or Redemption Price of or interest on such Bond and shall be paid to such issuer in connection with the application of moneys under such paragraph, and

(vi) amounts due from or on account of the Authority under a Derivative for amounts paid made under such Derivative for payment of principal or Redemption Price of or interest on any Bond (but not including interest on any such amount) shall, to the extent and under the conditions set forth in the applicable Series Resolution or in such Derivative, be deemed for purposes of paragraph (b) below to be payments of principal or Redemption Price of or interest on such Bond and shall be paid as provided in such Derivative in connection with the application of moneys under such paragraph.

(b) All such moneys shall be applied (subject to paragraph (a) above):

<u>first</u>: to the payment to the Trustee of its unpaid fees and expenses, to the extent of moneys available therefor as provided in paragraph (a) above;

second: to the payment to the persons entitled thereto of all installments of interest on Bonds then due, in the order of the maturity of the installments of such interest, and, if the amounts available shall not be sufficient to pay in full any particular installment, then to the payment ratably, according to the amounts due on such installment, to the persons entitled thereto, without any discrimination or preference except as to any difference in the respective rates of interest specified in the Bonds and except as provided in paragraph (a) above;

<u>third</u>: to the payment to the persons entitled thereto of the unpaid principal and Redemption Price of any of the Bonds which shall have become due (other than Bonds called for redemption for the payment of which moneys are held pursuant to the provisions of the Agreement), in the order of their due dates, with interest upon such Bonds from the respective dates upon which they became due, and the unpaid purchase price of any Bond tendered in accordance with the applicable Series Resolution, and, if the amount available shall not be sufficient to pay in full the principal and Redemption Price of Bonds due on any particular date, together with such interest, and such purchase price, then to the payment first of such interest, ratably according to the amount of such interest due on such date, and then to the payment of such principal, Redemption Price and purchase price, ratably according to the amount of such principal and purchase price due on such date, to the persons entitled thereto, and in either case without any discrimination or preference, except as provided in paragraph (a) above; and <u>fourth</u>: to the payment of the interest on and the principal and Redemption Price of the Bonds, to the purchase and retirement of Bonds and to the redemption of Bonds, all in accordance with the provisions described above under "Establishment and Application of Funds and Accounts" (and as provided in paragraph (a) above).

(c) Whenever moneys are to be applied by the Trustee pursuant to the above provisions, such moneys shall be applied by the Trustee at such times, and from time to time, as the Trustee in its sole discretion shall determine, having due regard to the amount of such moneys available for application and the likelihood of additional moneys becoming available for such application in the future; and the Trustee shall incur no liability whatsoever to the Authority, to any Registered Owner or to any other person for any delay in applying any such moneys, so long as the Trustee acts with reasonable diligence, having due regard to the circumstances, and ultimately applies the same in accordance with such provisions of the Agreement as may be applicable at the time of application by the Trustee. Whenever the Trustee shall exercise such discretion in applying such moneys, it shall fix the date (which shall be an Interest Payment Date unless the Trustee shall deem another date more suitable) upon which such application is to be made and upon such date interest on the amounts of principal to be paid on such date shall cease to accrue.

The Trustee shall give such notice as it may deem appropriate of the fixing of any such date, and shall not be required to make payment to the Registered Owner of any Bond until such Bond shall be surrendered to the Trustee for appropriate endorsement, or for cancellation if fully paid.

Discontinuance of Proceedings

In the event that any proceeding taken by the Trustee on account of any default under the Agreement shall have been discontinued or abandoned for any reason, then and in every such case the Authority, the Trustee and the Registered Owners shall be restored to their former positions and rights under the Agreement, respectively, and all rights, remedies, powers and duties of the Trustee shall continue as though no such proceeding had been taken.

Control of Proceedings

Anything in the Agreement to the contrary notwithstanding, the registered Owners of a majority in principal amount of the Bonds then Outstanding (or, with respect to an event of default described in clause (a) or clause (b) above in "Events of Default," the Registered Owners of a majority in principal amount of the Bonds Outstanding as to which such event of default has occurred) shall have the right, subject to the Trustee's being indemnified as provided in the Agreement, by an instrument or concurrent instruments in writing executed and delivered to the Trustee, to direct the method of conducting all remedial proceedings to be taken by the Trustee under the Agreement in connection with the Bonds, provided that such direction shall not be otherwise than in accordance with law or the provisions of the Agreement.

Restrictions upon Actions by a Registered Owner

No Registered Owner shall have any right to institute any suit, action or proceeding in equity or at law for the execution of any trust under the Agreement or for any other remedy under the Agreement unless such Registered Owner previously shall have given to the Trustee written notice of the event of default on account of which such suit, action or proceeding is to be instituted, and unless also the Registered Owners of not less than twenty per cent (20%) in principal amount of the Bonds then Outstanding (or, with respect to an event of default described in clause (a) or clause (b) above in "Events of Default," the Registered Owners of not less than twenty per cent (20%) principal amount of the Bonds Outstanding as to which such event of default has occurred) shall have made written request of the Trustee after the right to exercise such powers of right of action, as the case may be, shall have accrued, and shall have afforded the Trustee a reasonable opportunity either to proceed to exercise the powers granted by the Agreement or to institute such action, suit or proceeding in its or their name, and unless, also, there shall have been offered to the Trustee reasonable security and indemnity against the costs, expenses and liabilities to be incurred therein or thereby, and the Trustee shall have refused or neglected to comply with such request within a reasonable time; and such notification, request and offer of indemnity are hereby declared in such every case, at the option of the Trustee, to be conditions precedent to the execution of the powers and trusts of the Agreement or for any other remedy under the Agreement. No one or more Registered Owners of the Bonds shall have any right in any manner whatever by action of such Registered Owner or Owners to affect, disturb or prejudice the security of the Agreement, or to enforce any right under the Agreement except in the manner provided in the Agreement, that all proceedings at law or in equity shall be instituted, had and maintained in the manner provided in the Agreement and for the benefit of all Registered Owners of the Outstanding Bonds, and that any individual rights of action or other right given to one or more of such Registered Owners by law are restricted by the Agreement to the rights and remedies provided in the Agreement.

Nothing in the Agreement or in the Bonds shall, however, affect or impair the absolute, unconditional and unalterable obligation of the Authority to pay when due (whether due on account of stated maturities, scheduled payments, call for redemption or otherwise) the principal and Redemption Price of and interest on the Bonds and the purchase price of any Bond tendered as provided in the applicable Series Resolution, or affect the right of any Registered Owner of a Bond to institute or require the institution of any action or proceeding against the Authority for the enforcement of such payment, or against the Commonwealth for the enforcement of its guaranty of Guaranteed Bonds.

Actions by Trustee

All rights of action under the Agreement or under any of the Bonds, enforceable by the Trustee, may be enforced by it without the possession of any of the Bonds or the production thereof on the trial or other proceeding relative thereto, and any such suit, action or proceeding instituted by the Trustee shall be brought in its name for the benefit of all of the Registered Owners, subject to the provisions of the Agreement.

No Remedy Exclusive

No remedy conferred by the Agreement upon or reserved to the Trustee or to the Registered Owners is intended to be exclusive of any other remedy or remedies provided by the Agreement, and each and every such remedy shall be cumulative and shall be in addition to every other remedy given under the Agreement.

No Delay or Omission Construed as Waiver

No delay or omission of the Trustee or of any Registered Owner to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver of any such default or an acquiescence therein; and every power and remedy given by the Agreement to the Trustee and the Registered Owners of the Bonds, respectively, with respect to events of default, may be exercised from time to time as often as may be deemed expedient.

The Trustee may, and upon written request of the Registered Owners of not less than a majority in principal amount of the Bonds then Outstanding shall, waive any default which in its opinion shall have been remedied before the entry of final judgment or decree in any suit, action or proceeding instituted by it under the provisions of the Agreement or before the completion of the enforcement of any other remedy under the Agreement, but no such waiver shall extend to or affect any other existing or any subsequent default of defaults or impair any rights or remedies consequent thereon.

Notice of Default

The Trustee shall mail to all Registered Owners of Bonds then Outstanding at their addresses as they appear on the registration books written notice of the occurrence of any event of default described in clause (a) or clause (b) above in "Events of Default" promptly upon the occurrence thereof and of any other event of

default described under "Events of Default" within thirty (30) days after the Trustee shall have received written notice that any such event of default has occurred and any applicable grace period shall have expired. The Trustee shall not, however, be subject to any liability to any Registered Owner by reason of its failure to mail any such notice.

CONCERNING THE TRUSTEE

Indemnity

The Trustee shall be under no obligation to institute any suit, or to take any remedial proceeding under the Agreement, or to enter any appearance or in any way defend in any suit in which it may be made defendant, or to take any steps in the execution of the trusts created by the Agreement or in the enforcement of any rights and powers under the Agreement, until it shall be indemnified to its satisfaction against any and all costs and expenses, outlays and counsel fees and disbursements and other reasonable disbursements, and against all liability; the Trustee may, nevertheless, begin suit, or appear in and defend suit, or do anything else in its judgment proper to be done by it as such Trustee, without indemnity, and in such case the Authority shall reimburse the Trustee from the Revenues of any Project for all costs and expenses, outlays and counsel fees and disbursements and other reasonable disbursement, the Trustee may reimburse itself from any moneys in its possession under the provisions of the Agreement from which the payment of fees and expenses of the Trustee is not prohibited by the Agreement and shall have a first and prior lien on such moneys for that purpose over any of the Bonds Outstanding under the Agreement.

Limitation on Obligations

The Trustee shall be under no obligation to effect or maintain insurance or to renew any policies of insurance or to inquire as to the sufficiency of any policies of insurance carried by the Authority, or to report, or make or file claims or proof of loss for, any loss or damage insured against or which may occur, or to keep itself informed or advised as to the payment of any taxes or assessments, or to require any such payment to be made. The Trustee shall have no responsibility in respect of the construction or operation of any Project, the validity or sufficiency of the Agreement or the due execution or acknowledgment thereof, or in respect of the validity of the Bonds or the due execution or issuance thereof except as represented by its own authentication, or in respect of the validity or enforceability of the guaranty by the Commonwealth executed on any Guaranteed Bond. The Trustee shall be under no obligation, except as otherwise expressly required in the Agreement, to see that any duties herein imposed upon the Authority, the Architect, the Engineer, any investment adviser appointed by the Authority, or any party other than itself, or any covenants in the Agreement on the part of any party other than itself to be performed, shall be done or performed, and the Trustee shall be under no obligation for failure to see that any such duties or covenants are so done or performed.

Notice of Default

In addition to any other notices required to be given by the Trustee under the Agreement, if on the fifteenth day of the month (or, if such fifteenth day is not a business day, on the next succeeding business day) before the date which shall be one or more of a due date for a payment of interest on Guaranteed Bonds or of a Sinking Fund Installment respecting Guaranteed Bonds or a maturity date for Guaranteed Bonds then Outstanding, the moneys held by the Trustee for or to be deposited prior to such due date to the credit of any subaccount of the Interest Account, any subaccount of the Sinking Fund Account or any subaccount of the Principal Account shall be less than the amount required on such date respectively to pay in full such interest then due, to pay such Sinking Fund Installment then due or to pay the principal of all such Guaranteed Bonds then maturing, all as the case may be, the Trustee shall on such fifteenth day (or next succeeding business day) deliver or cause to be delivered to the offices of the Secretary of Administration and Finance and of the Treasurer and Receiver-General of the Commonwealth a notice addressed to said officials and shall give

copies thereof to the Authority and to the purchasers in the manner provided in the Agreement. Such notice shall state (a) the amount or amounts to become due, the nature thereof and the due date, (b) the amount or amounts of moneys held by the Trustee on such business day for the credit of the pertinent Account or Accounts and subaccount or subaccounts, (c) the amount or amounts of moneys held by the Trustee on such business day for the credit of the Section 10 Reserve Fund, each Debt Service Reserve Fund or Multi-Series Debt Service Reserve Fund, the Optional Redemption Account, the Rate Stabilization Fund, and any Account in the Property Fund which are available for the payment of such interest, such Sinking Fund Installment or such maturing principal amount, all as the case may be.

If the University Trustees shall be obligated to pay any such amount from Pledged Funds, the Trustee shall include in its notice a request that the University Trustees transfer or cause to be transferred applicable Pledged Funds forthwith, unless such request is otherwise required to be made by any applicable Series Resolution. If (a) the University Trustees shall be obliged by the Contract or Contracts respecting Outstanding Guaranteed Bonds to give a notice respecting the availability of moneys for said purposes by said dates and (b) such notice has been given and (c) such notice states that moneys are not expected to be available by said dates in amounts sufficient to meet such purposes in full and (d) the moneys held by the Trustee as stated in the last sentence of the first paragraph above in "Notice of Default" are not sufficient, when added to whatever available amount is stated in such notice from the University Trustees, to meet such purposes in full, then the Trustee shall include in the notice to be given by it a request that the Commonwealth make funds available to honor the Commonwealth Guaranty under all such Contracts.

Except as provided above, the Trustee shall not be obliged to take notice or be deemed to have notice of any prospective event of default under the Agreement. The Trustee shall not be obliged to take notice or be deemed to have knowledge of any event of default under the Agreement, except for events of default described in clause (a) or clause (b) above in "Defaults; Remedies - Events of Default," unless an officer in the corporate trust department of the Trustee has received written notice of such event of default by the Authority or the Registered Owners of not less than twenty per cent (20%) in principal amount of the Bonds Outstanding.

Resignation

The Trustee may resign at any time and thereby become discharged from the trusts created by the Agreement by notice in writing to be given to the Authority and the Registered Owners at least thirty (30) days before such resignation is to take effect, but such resignation shall take effect immediately upon the appointment of a new Trustee under the Agreement, if such new Trustee shall be appointed before the time limited by such notice and shall then accept the trusts of the Agreement.

Removal

The Trustee may be removed at any time by an instrument or concurrent instruments in writing, signed by the Registered Owners of not less than a majority in principal amount of the Bonds then Outstanding and filed with the Authority (and the Authority shall promptly deliver to the Trustee a reproduction copy of each such instrument) or by resolution of the Authority.

The Trustee may also be removed at any time for any breach of trust or violation of the Agreement by any court of competent jurisdiction upon application by the Registered Owners of not less than five per cent (5%) in principal amount of the Bonds then Outstanding.

Appointment of Successor Trustee

If at any time the Trustee shall resign, be removed, be dissolved or otherwise become incapable of acting, or the bank or trust company acting as Trustee shall be taken over by any governmental official, agency, department or board, the position of Trustee shall thereupon become vacant. If at any time moneys on deposit with the Trustee shall not be secured as required by the Agreement, a vacancy in the position of

Trustee may be declared by a resolution duly passed by the Authority. If the position of Trustee shall become vacant for any of the foregoing reasons or for any other reason, the Authority shall appoint a Trustee to fill such vacancy. The Authority shall send written notice of any such appointment to the Registered Owners, and the Trustee whose position is being filled shall make available to the Authority at all times during normal business hours its registration books and permit the Authority to copy such registration books.

At any time within one year after any such vacancy shall have occurred, the Registered Owners of a majority in principal amount of the Bonds then Outstanding, by an instrument or concurrent instruments in writing, signed by such Registered Owners or their attorneys in fact or legal representatives and filed with the Authority, may appoint a successor Trustee which shall supersede any Trustee theretofore appointed by the Authority. Copies of such instrument shall be delivered promptly by the Authority to the predecessor Trustee and to the Trustee so appointed by the Registered Owners.

If no appointment of a successor Trustee shall be made pursuant to the foregoing provisions, the Registered Owner of any Outstanding Bond or any retiring Trustee may apply to any court of competent jurisdiction to appoint a successor Trustee. Such court may thereupon, after such notice, if any, as such court may deem proper and prescribe, appoint a successor Trustee.

Any Trustee hereafter appointed shall be a bank or trust company within the Commonwealth (as the words "within the Commonwealth" are used in the Enabling Act) duly authorized to exercise corporate trust powers and subject to examination by federal or state authority, of good standing, having a combined capital and surplus aggregating not less than One Hundred Million Dollars (\$100,000,000).

The Trustee shall not be required to be "within the Commonwealth" if the Enabling Act no longer contains such requirement.

SUPPLEMENTAL AGREEMENTS

Supplemental Agreements without Consent of Registered Owners

The Authority and the Trustee may, from time to time and at any time, without the consent of the Registered Owners, enter into agreements supplemental to the Agreement as shall not be inconsistent with the terms and provisions of the Agreement (which supplemental agreements shall thereafter form a part of the Agreement)

(a) to cure any ambiguity or formal defect or omission in the Agreement or in any supplemental agreement, or

(b) to grant to or confer upon the Trustee for the benefit of the Registered Owners any additional rights, remedies, powers, authority or security that may lawfully be granted to or conferred upon the Registered Owners or the Trustee, or

(c) to add to the covenants and agreements of the Authority other covenants and agreements thereafter to be observed by the Authority which shall not be inconsistent with the terms and provisions of the Agreement or to surrender any right or power reserved to or conferred upon the Authority in the Agreement, or

(d) any amendment described in "Establishment and Application of Funds and Accounts — Rebate Fund," or

(e) for any other purpose, provided that (i) such supplemental agreement (A) does not adversely affect the interest of any Registered Owner and (B) does not make any change in the Agreement prohibited by clauses (a) through (e) below in "Modification of Agreement" and (ii) the Authority and the Trustee receive an

opinion of bond counsel to the Authority to the effect that such supplemental agreement complies with subclauses (A) and (B) of this clause.

If the interest on obligations issued in bearer form should at any time qualify for exclusion from gross income for federal income tax purposes, or if the Authority desires to issue obligations the interest on which is not excludable from gross income for federal income tax purposes, and if in either case applicable law permits the issuance by the Authority of obligations in bearer form, the Agreement may be amended without the consent of the registered Owners to permit the issuance under the Agreement of obligations in such form, provided that the Authority and the Trustee receive an opinion of bond counsel to the Authority to the effect that applicable law permits the issuance by the Authority of obligations in bearer form and that such amendment will not affect the exclusion from gross income for federal income tax purposes of the interest on any Bond previously issued under the Agreement.

Any provision of the Agreement with respect to any Series of Bonds secured by a Credit Facility may be amended by the Series Resolution authorizing such Series to take into account the requirements or reasonable requests of the issuer of such Credit Facility. Such amendments may include, but not be limited to, amendments with respect to the exercise of rights of the Registered Owner of the Bonds of such Series by the issuer of such Credit Facility and subrogation of the issuer of such Credit Facility to the rights of such Registered Owners.

Modification of Agreement

The Registered Owners of not less than fifty-one percent (51%) in aggregate principal amount of the Bonds then Outstanding shall have the right, from time to time, to consent to and approve the execution by the Authority and the Trustee of such agreement or agreements supplemental to the Agreement as shall be deemed necessary or desirable by the Authority for the purpose of modifying, altering, amending, adding to or rescinding, in any particular, any of the terms or provisions contained in the Agreement or in any supplemental agreement; provided, however, that nothing contained in the Agreement shall permit, or be construed as permitting (a) an extension of the maturity of the principal of, the due date of any Sinking Fund Installment or respecting the due date of any interest payment due on any Bond, or (b) a reduction in the principal amount of any Bond or the Redemption Price thereof or the rate of interest thereon, or (c) the creation of a lien or pledge of Revenues ranking prior to or on a parity with the lien or pledge created by the Agreement, or (d) a preference or priority of any Bond or Bonds over any other Bond or Bonds other than as provided in the Agreement or (e) a reduction in the aggregate principal amount of the Bonds required for consent to such supplemental agreement. Nothing contained in the Agreement, however, shall be construed as making necessary the approval by Registered Owners of the execution of any supplemental agreement or agreements described above in "Supplemental Agreements without Consent of Registered Owners."

If the Registered Owners of not less than fifty-one per cent (51%) in aggregate principal amount of the Bonds Outstanding at the time of the execution of such supplemental agreement shall have consented to and approved the execution thereof as provided in the Agreement, no Registered Owner shall have any right to object to the execution of such supplemental agreement, or to object to any of the terms and provisions contained therein or the operation thereof, or in by manner to question the propriety of the execution thereof, or to enjoin or restrain the Trustee or the Authority from executing the same or from taking any action pursuant to the provisions thereof.

Responsibilities of Trustee

In each and every case provided for in this section "Supplemental Agreements", the Trustee shall be entitled to exercise its discretion in determining whether or not any proposed supplemental agreement, or any term or provision therein contained, is proper or desirable, having in view the purposes of such instrument, the needs of the Authority, the rights and interests of the Registered Owners, and the rights, obligations and interests of the Trustee, and the Trustee shall not be under any responsibility or liability to the Authority or to any Registered Owner or to anyone whomsoever for its refusal in good faith to enter into any such supplemental agreement if such agreement is deemed by it to be contrary to the provisions of this section. The Trustee shall be entitled to receive, and shall be fully protected in relying upon, the opinion of any counsel approved by it, who may be counsel for the Authority, as conclusive evidence that any such proposed supplemental agreement does or does not comply with the provisions of the Agreement, and that it is or is not proper for it under the applicable provisions of the Agreement, to join in the execution of such supplemental agreement.

DEFEASANCE

Release of Agreement

If the Authority shall pay or cause to be paid, or there shall otherwise be paid, to the Registered Owners of all Bonds the principal or Redemption Price, if applicable, and interest due or to become due thereon, at the times and in the manner stipulated therein and in the Agreement, or if all Outstanding Bonds shall be deemed to be paid as provided in the following paragraph, and if all other sums, if any, then payable to the Trustee under the shall be paid, or the payment of such sums shall be provided for to the reasonable satisfaction of the Trustee, then the pledge of any Revenues and other moneys and securities pledged under the Agreement and all covenants, agreements and other obligations of the Authority to the Registered Owners, shall thereupon cease, terminate and become void and be discharged and satisfied. In such event, the Trustee shall cause an accounting for such period or period as shall be requested by the Authority to be prepared and filed with the Authority and, upon the request of the Authority, shall execute and deliver to the Authority all such instruments as may be desirable to evidence such discharge and satisfaction, and the Trustee shall pay over or deliver to the Authority all moneys or securities held by it pursuant to the Agreement which are not required for the payment of principal or Redemption Price, if applicable, of or interest on Bonds not theretofore surrendered for such payment or redemption, and for the payment of such other amounts. If the Authority shall pay or cause to be paid, or there shall otherwise be paid, to the Registered Owners of any Outstanding Bonds the principal or Redemption Price, if applicable, and interest due or to become due thereon, at the times and in the manner stipulated therein and in the Agreement, or if any Outstanding Bonds shall be deemed to be paid as provided in the following paragraph, such Bonds shall cease to be entitled to any lien, benefit or security under the Agreement, and all covenants, agreements and obligations of the Authority to the Registered Owners of such Bonds shall thereupon cease, terminated and become void and be discharged and satisfied.

Any Outstanding Bonds shall prior to the maturity or redemption date thereof be deemed to have been paid within the meaning and with the effect expressed in the previous paragraph if (a) in case any of said Bonds are to be redeemed on any date prior to their maturity, the Authority shall have given to the trustee in form satisfactory to it irrevocable instructions to give notice of redemption of such Bonds on said date, (b) there shall have been deposited with the Trustee either moneys in an amount which shall be sufficient, or Investment Obligations (including any Investment Obligations issued or held in book-entry form on the books of the Department of the Treasury of the United States, which are irrevocably payable to the Trustee and in form satisfactory to the Trustee) the principal of and the interest on which when due will provide the Trustee with moneys which, together with the moneys, if any, deposited with the Trustee at the same time, shall be sufficient, to pay when due the principal or Redemption Price, if applicable, and interest due and to become due on said Bonds on and prior to the redemption date or maturity date thereof, as the case may be, and (c) in the event said Bonds will not be redeemed within the next succeeding sixty (60) days, the Authority shall have given the Trustee in form satisfactory to it irrevocable instructions to give notice, in the manner and at the time specified in the Agreement, that the deposit required by (b) above has been made with the Trustee and that said Bonds are deemed to have been paid in accordance with this paragraph and stating such maturity or redemption date or dates upon which moneys are to be available for the payment of the principal or Redemption Price, if applicable, on said Bonds. None of Investment Obligations, moneys deposited with the Trustee pursuant to this paragraph or principal or interest payments on any such Investment Obligations shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal or

Redemption Price, if applicable, and interest on said Bonds; provided that any cash received from such principal or interest payments on such Investment Obligation deposited with the Trustee, if not needed for such purpose, shall, to the extent practicable, be reinvested in Investment Obligation maturing at times and in amounts sufficient to pay when due the principal or Redemption Price, if applicable, and interest to become due on said Bonds on and prior to such redemption date or maturity date, as the case may be, and interest earned from such reinvestment shall be paid over to the Authority, as received by the Trustee, free and clear of any trust, lien or pledge. For the purposes of this paragraph, Investment Obligations shall mean and include only such securities as are described in clause (a) of the definition of "Investment Obligations" in "Definitions" which shall not be subject to redemption prior to their maturity.

Anything in the Agreement to the contrary notwithstanding, the Trustee shall notify the Authority in writing of any moneys held by the Trustee in trust for the payment and discharge of any of the Bonds which remain unclaimed six months prior to the date when such moneys would escheat under applicable law and shall, at the written request of the Authority, pay such moneys to the Authority as its absolute property and free from trust, or, if the Authority does not so request in writing, or if such payment is not permitted under applicable escheat law, shall apply such moneys as provided by such applicable law, and the Trustee shall upon such payment or application be released and discharged with respect thereto and the Registered Owners shall look only to the Authority or as such applicable law may provide for the payment of such Bonds, the Authority or any other entity being liable only to the extent of funds received from the Trustee (without regard to any interest thereon received from the Trustee) and having no liability for interest on any such funds.

MISCELLANEOUS PROVISIONS

Rights under Agreement

Except as otherwise expressly provided in the Agreement, nothing in the Agreement expressed or implied is intended or shall be construed to confer upon any person, firm or corporation other than the parties hereto and the Registered Owners any right, remedy or claim, legal or equitable, under or by reason of the Agreement or any provisions hereof, the Agreement and all its provisions being intended to be and being for the sole and exclusive benefit of the parties hereto and the Registered Owners.

Effect of Partial Invalidity

In case any one or more of the provisions of the Agreement or of the Bonds shall for any reason be held to be illegal or invalid, such illegality or invalidity shall not affect any other provision of the Agreement or of the Bonds, but the Agreement and the Bonds shall be construed and enforced as if such illegal or invalid provision has not been contained therein. In case any covenant, stipulation, obligation or agreement contained in the Bonds or in the Agreement shall for any reason be held to be in violation of law, then such covenant, stipulation, obligation or agreement shall be deemed to be the covenant, stipulation, obligation or agreement of the Authority to the full extent permitted by law.

Effect of Covenants, etc.

All covenants, stipulations, obligations and agreements of the Authority contained in the Agreement shall be deemed to be covenants, stipulations, obligations and agreements of the Authority to the full extent permitted by law. No covenant, stipulation, obligation or agreement contained in the Agreement shall be deemed to be a covenant, stipulation, obligation or agreement of any present or future member, officer, agent or employee of the Authority in his individual capacity, and neither any member of the Authority nor any officer thereof executing the Bonds shall be liable personally on the Bonds or be subject to any personal liability by reason of the issuance thereof. No member, officer, agent or employee of the Authority shall incur any liability in acting or proceeding or in not acting or not proceeding, in good faith, reasonably and in accordance with the terms of the Agreement and the Enabling Act.

The Agreement is executed with the intent that the laws of the Commonwealth shall govern its construction.

Reference to Interest as Excludable from Gross Income

All references in the Agreement with respect to the exclusion, excludability, inclusion or includability or the like of interest from gross income for federal income tax purposes shall apply only to Bonds and the interest thereon as to which an opinion of counsel has been rendered to the effect that interest on such Bonds is excludable from gross income for federal income tax purposes.

SUMMARY OF CERTAIN PROVISIONS OF THE CONTRACT

Except as otherwise expressly provided herein, capitalized terms shall be used as defined in the Trust Agreement.

The following is a summary of certain provisions of the Contract for Management and Services dated as of October 27, 2009 (the "Contract") by and among the University, acting by and through the University Trustees, the University of Massachusetts Building Authority (the "Authority") and the Commonwealth, acting by and through the University Trustees.

Issuance of Bonds; Projects (Section 2)

The Authority shall issue the Bonds, consisting of Project Revenue Bonds, Senior Series 2009-1 (the "2009-1 Bonds"), Project Revenue Bonds, Senior Series 2009-2 (Federally Taxable-Build America Bonds-Direct Payment to Issuer) (the "2009-2 Bonds") and Project Revenue Bonds, Senior Series 2009-3 (Federally Taxable) (the "2009-3 Bonds" and together with the 2009-1 Bonds and the 2009-2 Bonds, the "Bonds") to achieve its corporate purposes in undertaking the Projects and related expenses. The Authority shall apply the proceeds of the Bonds as set forth in the Act, the Trust Agreement, the applicable Series Resolutions and this Contract, including the payment of costs of the Projects, as defined in the Act.

Undertaking and Completion of Projects (Section 4)

The Authority shall proceed with all reasonable speed to undertake, plan, construct, and complete the Projects in accordance with the written requests authorized by the University Trustees, subject to such further approvals by the University Trustees and other officials as may be required by the Act or the Contract. The Authority may use any mode of procurement of design and construction with regard to each Project that is from time to time permitted by the Act or other applicable law.

The Authority may engage such consulting architects, engineers, and other experts as it deems advisable in connection with the Projects. The plans and specifications for each of the Projects shall comply, or provide for compliance, with all applicable building codes, laws relating to health, safety and access and other applicable laws and with all applicable rules and regulations promulgated thereunder by any governmental authority. Upon award of a contract or contracts for the doing of any work included in the Projects, the Authority shall provide and maintain competent and adequate architectural and engineering observation of the Projects as the Authority deems appropriate until acceptance thereof by the University Trustees for occupancy. The Authority and the University Trustees to examine such records of the Projects as the University Trustees may desire, and the University Trustees shall permit the Authority to examine such records of the University Trustees pertaining to the Projects as the Authority may desire.

The Authority and the University Trustees shall use their best efforts to cause the Projects to be completed so as to be ready for use (and, where applicable, occupancy) as promptly as reasonably possible and, upon completion of all work in connection with any of the Projects, the Authority shall furnish the University Trustees with a certificate or certificates to the effect that such work has been completed free from defects and inadequacies and otherwise in conformity with the working drawings and detail specifications as amended or modified by any change order or additional work authorizations, that no mechanics', laborers', materialmen's or other liens exist or can be created on the Projects on account of such work, and that the Authority has made payment in full for the doing of the work in question, or has made other proper arrangements so that it is not longer liable for any claims for payment for such work or materials or supplies furnished to such portion of the Projects.

Operation, Maintenance and Repair of Projects (Section 5)

The Authority shall administer and operate each of the Projects in accordance with the Act, the Contract and the Trust Agreement. The Authority shall establish and revise rules and regulations to insure the use (and, where applicable, occupancy) of, and fix and revise fees, rents, rates and other charges for the use of, the Projects as set forth in the Contract.

Such rules and regulations and such fees, rents, rates and other charges shall be so fixed and adjusted in respect of the aggregate of all revenues from the Projects and from any other projects or property the revenues from which are pledged under the Trust Agreement (collectively, the "Revenues") (1) so as to maintain, so far as consistent with the requirements of the Contract, a reasonable uniformity in charges for like rooms and other accommodations at the University whether or not contained in a project of the Authority and (2) so as to provide Revenues sufficient to:

(a) pay the cost of maintaining, repairing and operating the Projects and such other projects and property, if any, to the extent that the University Trustees have not undertaken to provide such maintenance, repair and operation,

(b) pay the fees and expenses of the Trustee, fees and expenses of any paying or fiscal agent appointed by the Authority in connection with the issuance of the Bonds or any other notes or bonds secured or provided for under the Trust Agreement, premiums of insurance maintained by the Authority with respect to the Projects and such other projects and property and rentals payable by the Authority under any lease or leases of land on which the Projects or any other such project or property may be located,

(c) pay the principal of (including Sinking Fund Installments) and the interest on the Bonds and notes and bonds issued to finance or refinance such other projects or property, as such principal and interest shall become due and payable,

(d) pay such portions of the operating and administrative expenses of the Authority (which shall include any amount (the "Rebate Amount") required by the Internal Revenue Code of 1986, as amended or other applicable law to be rebated by the Authority with respect to the Bonds, as applicable, to the United States of America and not provided from other funds of the Authority) as the Authority shall deem properly allocable to the Projects and such other projects and property,

(e) pay amounts payable by the Authority under the Series Resolutions or any other contract or other arrangement with respect to the Bonds,

(f) create or maintain reserves, if any, for such of the foregoing purposes as may be provided for in any resolution of the Authority as required or permitted by the Trust Agreement,

(g) pay the amount, if any, required by Section 19C of the Act to be paid to the Treasurer and Receiver-General of the Commonwealth out of such revenues, and

Without limiting the generality of the foregoing paragraph (the "General Paragraph"), with respect to Specific Revenue Projects, such rules and regulations and such fees, rents, rates and other charges shall be so fixed and adjusted so as to provide Revenues for each such Project at least sufficient to (a) pay the reasonable and necessary costs of (i) services, facilities, supplies, materials and utilities necessary for or incident to the maintenance, repair (including reconstruction, rehabilitation, replacement and restoration) and operation of each such Project and the facilities and services provided thereby, (ii) billing and collecting fees, rents, rates and other charges for the use of each such Project or any facility or service provided thereby and (iii) keeping books of account with respect to such maintenance, repair and operation (such costs hereinafter collectively referred to as "Specific Revenue Projects Expenses"), and (b) pay such amounts described in clause (b), clause (c), clause (d) clause (f) and clause (g) of the General Paragraph as the Authority shall deem

properly allocable to each such Project. If the Authority should on any one or more occasions determine that all or any portion of any amount described above in this paragraph shall be paid from University Eligible Gifts, Authority Eligible Gifts, other available Authority revenues or all funds of the University permitted by law to be applied thereto, the Authority may deduct from the amount of such Revenues required to be provided above in this paragraph the amount that the Authority has determined shall be so paid.

The foregoing paragraph is subject to the qualification that any of the amounts referred to therein that are payable from amounts receivable by the Authority pursuant to the Prior Contracts need not be included in the fees, rents, rates and other charges with respect to the Projects fixed and adjusted pursuant to the Contract.

Any establishment or revision of rules and regulations insuring use and occupancy and any fixing, revising or adjustment of fees, rents, rates or other charges by the Authority as aforesaid shall require the approval of the University Trustees as provided in the Act.

With respect to the fixing of fees, rents, rates or other charges in respect of the maintenance, repair and operation of the Projects, other than the Specific Revenue Projects, the undertakings by the University Trustees herein to perform such maintenance, repair and operation shall constitute such fees, rents, rates and other charges.

The Authority shall at all times conduct its business and affairs in such manner that:

(1) each of the Projects will be separately and distinctly accounted for relative to any other project or enterprise developed, administered or engaged in by the Authority;

(2) such portion of the office and general administrative expenses of the Authority as is charged to each of the Projects and the basis upon which the same is apportioned can be readily determined; and

(3)all revenues, income, reserves and funds, from whatever source, received or held by the Authority for purposes of, or in connection with, the undertaking, completion, operation or maintenance of the Projects or for any of the purposes set forth in any resolution authorizing the issue of the Bonds or in the Bonds or in the Trust Agreement or received by or for the account of the Authority as proceeds of insurance upon or as damages award for the taking or condemnation of any of the Projects or any portion thereof, shall at all times be separately accounted for from all funds of the Authority allocable to projects and property of the Authority respecting which the Authority has issued notes or bonds or other than bonds issued under the Trust Agreement and notes to be refunded by bonds issued under the Trust Agreement; provided that the Authority may, except as the Trust Agreement or any resolution of the Authority authorizing any issue of notes to be refunded by bonds to be issued under the Trust Agreement may otherwise provide as to proceeds of such notes or of bonds issued thereunder, mingle all revenues, income, reserves and funds, from whatever source, received or held by the Authority for the purposes of or in connection with the undertaking, completion, operation or maintenance of any project financed or to be financed or refinanced by bonds secured by the Trust Agreement or for like purposes of or in connection with any other project or property of the Authority the revenues from which are pledged or assigned by the Trust Agreement.

The Authority hereby authorizes and directs the University Trustees to make and revise rules and regulations concerning the conduct of persons while on or in the Projects and the bringing into or onto, keeping in or on and removal from the Projects of property of others than the Authority, to enforce such rules and regulations and to establish and impose penalties for violation of the same. All such rules, regulations and penalties shall be subject to the approval of the Authority, which shall not be reasonably withheld, shall comply with the Act, the Contract, any other contract or agreement between the Authority and the University Trustees relating to the Projects and the Trust Agreement, and, shall be made and revised so as to be nearly identical as possible with rules, regulations and penalties from time to time promulgated by the University Trustees respecting other like facilities under their control.

The obligation of the University Trustees under the Contract to operate the Projects, keep them in good order and repair and maintain them shall include, but not be limited to, the furnishing of all supplies and materials needed or desirable for such operation, keeping in good order and repair, and maintenance, the making of all interior and exterior repairs to the buildings and structures included in the Projects and all repairs to other improvements and to equipment and furnishings included in the Projects, the maintenance of the Projects and the replacement, restoration and reconstruction of any structure, improvement or item of equipment or furnishings or portion thereof worn out, damaged or destroyed by whatever cause.

Expenses incurred by the University Trustees in connection with the repair and maintenance of the Projects shall be paid for or reimbursed to the University Trustees from Revenues. The Authority, in its discretion, may (a) authorize the University Trustees to deduct from Revenues, prior to remittance of Revenue to the Trustee, amounts equal to amounts budgeted by the Authority for such expenses, or (b) instruct the University Trustees to certify to the Authority the amount of such expenses, if any, incurred by the University Trustees and not authorized to be deducted, such amounts to be reimbursed to the University Trustees from Revenues transmitted to the Trustee. Any amount deducted by the University Trustees pursuant to (a) and not expended for such expenses during the period for which it was budgeted by the Authority shall be certified to the Authority by the University Trustees within 30 days and shall be retained by the University Trustees and used solely for expenses of repair and maintenance of the Projects. In the event the Authority incurs an expense for repair or maintenance of the Projects, the University Trustees shall remit to the Authority such portion of the Revenues deducted under (a) as is necessary to reimburse the Authority.

Taking or Condemnation of the Projects (Section 6)

The Commonwealth hereby assigns to the Authority all of the rights which it may now or hereafter have on account of any taking or condemnation of any Project owned by the Authority or leased by the Authority as lessee or sublessee from any entity other than the Commonwealth or any taking or condemnation of any portion of any such Project.

Authority's Annual Certification to University Trustees (Section 7)

On or before December 1, 2009 (for the period through October 31, 2009), and each March 1 thereafter for the twelve-month period commencing the next succeeding November 1, the Authority shall certify in writing to the University Trustees (and provide a copy to the Trustee) the amount estimated for each component of the Projects, detailing (i) the Authority's projected debt service costs and fees and expenses related to the Bonds, (ii) the Authority's projected operating and administrative costs, (iii) any projected required deposits to reserves, (iv) any projected payments to the Commonwealth pursuant to Section 19C of the Act, (v) any additional reserves it may propose to create or augment consistent with the Trust Agreement and (vi) the amount, if any, payable to the University Trustees to reimburse Specific Revenue Project expenses incurred by the University Trustees (collectively, the "Certified Amount"). Such certificate, which may be revised from time to time as necessary, shall state the dates within such period when any portion of the Certified Amount and payment instructions, the source of such payments and the amount payable from each source. The Certified Amount shall also detail the fees, rents, rates and other charges proposed for the use of the Projects, which shall be fixed so as to be sufficient, in the aggregate, together with other available moneys, to cover all of the costs and transfers to reserves as aforesaid allocable to the Projects.

<u>Pledge of Trust Funds and Other Available Funds</u> (Section 8)

The University Trustees, in the name and on behalf of the Commonwealth, hereby pledge to the making of payments required by Section 12 any funds held as trust funds under the provisions of Section 11 of Chapter 75 of the Massachusetts General Laws and any funds administered by the University Trustees as gifts, grants or trusts under the provisions of clause (e) of the fifth paragraph of Section 1A of Chapter 75 of the Massachusetts General Laws to be pledged for such purpose (collectively, "Trust Funds").

The University Trustees hereby pledge to the making of payments required by Section 12 all available funds of the University (collectively with the Trust Funds, the "Pledged Funds").

All Revenues collected or received by the Commonwealth or the University, from whatever source, as payment of fees, rents, rates or other charges for the use and occupancy of a Project, including without limitation Revenues from Specific Revenue Projects and from the Unrestricted Net Assets, shall be held in trust for the Authority separate from all other moneys, held by the University or the Commonwealth. Such Pledged Funds shall be applied solely as provided in the Act, the Contract (including the Certified Amount), the Series Resolutions or the Trust Agreement and shall be remitted by the University Trustees to the Trustee under the Trust Agreement at such times and in such amounts as may be directed in writing by the Authority in accordance with the Authority's annual Certified Amount.

<u>Pledged Funds</u> (Section 11)

Pledged funds are and will be free and clear of any pledge, lien, charge or encumbrance thereon or with respect thereto prior to the pledge created by the Contract and the University Trustees shall take all actions necessary to protect and effectuate such pledge provided, however, that nothing in this Section shall be deemed to limit the right of the University Trustees, to the extent permitted by law, to create a pledge, lien or other charge on any or all such Pledge Funds junior and subordinate to the pledge created hereby.

Payments from Pledged Funds (Section 12)

The Certified Amount shall be paid from Revenues generated from Specific Revenue Projects, University Eligible Gifts, Authority Eligible Gifts, other available Revenues of the Authority and all funds of the University permitted by law to be applied thereto, including without limitation amounts available in the University's Unrestricted Net Assets.

"University Eligible Gifts" shall consist of gifts, grants and other contributions made to the University, the University of Massachusetts Foundation, Inc. (or its successors), the University of Massachusetts Dartmouth Foundation, Inc. (or its successors), the University of Massachusetts Amherst Foundation, Inc. (or its successors) or any other entity (other than the Authority) on behalf of the University required or permitted to be applied to pay all or a portion of the Certified Amount and determined by the University from time to time to be so applied (any such determination to be in compliance with any requirements of the University Eligible Gifts and to designate each Project all or a portion of the Certified Amount allocable to which is to be paid from one or more University Eligible Gifts and the amount of each University Eligible Gift to be applied to the payment of the Certified Amount allocable to each such Project).

"Authority Eligible Gifts" shall consist of gifts, grants and other contributions made to the Authority or any other entity on behalf of the Authority required or permitted to be applied to pay all or a portion of the Certified Amount and determined by the Authority from time to time to be so applied (any such determination to be in compliance with any requirements of the Authority Eligible Gifts and to designate each Project all or a portion of the Certified Amount allocable to which is to be paid from one or more Authority Eligible Gifts and the amount of each Authority Eligible Gift to be applied to the payment of the Certified Amount allocable to each such Project).

"Unrestricted Net Assets" means the accumulation of excess unrestricted revenues over expenditures with respect to the University for all prior years and for each current year from the unrestricted current fund, the quasi endowment fund, the unexpended unrestricted plant fund and the unrestricted renewal and replacement plant fund. Prior to fiscal year 2002, such amounts were referred to as the "Expendable Fund Balance."

The University shall cause to be available in the Unrestricted Net Assets at all times amounts sufficient to pay such portion of the Certified Amount required to be paid therefrom and to provide for any other payments required under the Prior Contracts or under the HEFA Financing Agreements.

On or before April 1, 2010, and on or before April 1 of each year thereafter, the President of the University or the Senior Vice President for Administration, Finance and Technology and University Treasurer shall certify in writing to the Authority whether or not there are sufficient funds in the Unrestricted Net Assets to pay the amounts so required to be paid therefrom and, if so, that such funds will be held in trust in the Unrestricted Net Assets for the equal and ratable benefit of the Authority and each other person or entity for whose benefit amounts will be applied to the payment of amounts required to be paid therefrom and will not be expended for any other purpose. Such funds will be so held and not expended for any other purpose; provided, however, that if any portion of the Certified Amount is paid from University Eligible Gifts, Authority Eligible Gifts, other Authority revenues or Revenues from Specific Revenue Projects, then after any such payment an amount equal to such portion so paid need no longer be held in the Unrestricted Net Assets.

In the event of the absence or inability of the President of the University or the Senior Vice President for Administration, Finance and Technology and University Treasurer, or in the event that either such office should no longer exist, such certification may be made by any other officer of the University knowledgeable about the financial affairs of the University. The University Trustees hereby authorize and, pursuant to Chapter 3A of Chapter 75 of the Massachusetts General Laws and every other authority thereunto the University Trustees enabling, delegate power to the President of the University, the Senior Vice President for Administration, Finance and Technology and University Treasurer and any such other officer to deliver the certificate described in the preceding paragraph and to do all other acts and things necessary or desirable to cause the University to comply with its obligations under this Section.

If such certification states that sufficient funds are not available in the Unrestricted Net Assets to pay such amounts, such certification shall state the amount of funds in the Unrestricted Net Assets that are available to pay a portion of such amounts and a ratable portion of such funds in the Unrestricted Net Assets shall be held in trust for the benefit of the Authority to be applied to the payment pro rata of all amounts payable to or for the account of the Authority from the Unrestricted Net Assets. The University will continue to be obligated to pay any portion (or, if applicable, all) of the Certified Amount payable from all funds of the University permitted by law to be applied thereto notwithstanding any shortfall in amounts available in the Unrestricted Net Assets.

If such certification states that sufficient funds are not available in the Unrestricted Net Assets to pay such amounts, or if the Authority has not received such certificate as required herein, the Authority will promptly adopt or revise mandatory fees, rates, rents and other charges for the use of the Projects and any portion thereof to be charged and billed to and collected from students in the University and provide for the billing, collection and remittance of such fees rates, rents and other charges by the University Trustees at such times and in such manner as in the judgment of the Authority will produce moneys sufficient and available to meet the requirements hereof. The Authority shall promptly notify the University Trustees in writing of the matters set forth in the foregoing sentence. The University Trustees hereby approve, and agree to confirm such approval from time to time, all fees, rents, rates and other charges adopted or revised by the Authority pursuant to this paragraph and agree to cause the same to be billed to and collected from students in the University as the Authority may provide and remitted as the Authority may provide.

Amounts payable to the Authority pursuant to the Contract from any funds of the University permitted by law to be applied thereto shall be paid from an account of the University, unless the Authority shall give its prior written consent to another source of payment.

The University (Section 13)

The University Trustees shall make available to the Authority the services of officers and employees of and facilities in the University for the performance of activities with respect to the Projects, including the following, in each case, as applicable to the Projects or portions thereof:

(a) renting, leasing, or otherwise making available rooms, accommodations or other facilities in such Projects for use by students or others provided in the Act, the activities of which are a part of the activities at the University and are subject to regulation by the University Trustees;

(b) purchasing, preparing, selling and serving food, beverage or other concession items and such other items as may from time to time be appropriate or desirable to be offered for sale in conjunction with food, beverages or other concessions;

(c) operating any dining, kitchen, dishwashing and like facilities, any parking facilities and any extra-curricular use facilities included in the Projects and procuring all equipment, materials and supplies necessary therefor and consumed thereby;

(d) billing and collecting rents, fees, rates and other charges as provided in the Contract, which billing and collecting may be performed in such manner, and in combination with any other charges in such amounts, as the University Trustees in their discretion may deem appropriate, subject to the provisions of Section 12;

(e) within 20 days after the end of each month, certifying in writing to the Authority the aggregate amount of Revenues remitted by the University Trustees to the Trustee or otherwise expended by the University Trustees from Revenues during the prior month and cumulatively for the then current fiscal year, including in particular, with respect to Revenues related to Specific Revenue Projects;

(f) cleaning the Projects, heating such buildings, and structures therein or portions thereof as may require for heat for use, and furnishing steam service, electricity, water, gas and other utilities to the Projects as required;

(g) operating the Projects; and

(h) keeping the Projects in good order and repair, and maintaining the same, in at least the same manner and to at least the same extent as other comparable properties at the University owned by the Commonwealth or operated by the University Trustees at the University or, as to any structure or facility not comparable to any other such property, in good and safe order and condition.

In performing the foregoing services the University Trustees may act in the name of the Commonwealth or in their name, as may be consistent with law, and, subject to the provisions of Section 12, in their discretion as to the manner, method and time of performance.

During the period the Projects are being undertaken and completed the University Trustees shall also furnish to the site thereof (a) steam for temporary heating purposes, (b) electricity for temporary light and power and (c) water for construction purposes, such utilities to be furnished at such points and in such manner as is set forth in the working drawings and detail specifications approved by the University Trustees for the doing of work upon the Projects.

The University acknowledges that use of the Projects or portions thereof by any individual or entity that is not a state, a political subdivision thereof or an integral part of a state or political subdivision thereof may jeopardize the tax-exempt status of interest on the Bonds. The University will follow the guidelines to avoid such private use of the Projects, as set forth in the University Tax Certificate delivered in connection

with the issuance of the Bonds, which would jeopardize the tax-exempt status of the Bonds. During the time that any Bond is outstanding, the University will consult with the Authority and with bond counsel to the Authority regarding the impact of any private use of the Projects on the tax-exempt status of the Bonds and will not enter into any transaction which might result in a private use without notifying the Authority.

<u>Defaults by the Authority; Rights of the Commonwealth; Defaults by the University Trustees;</u> <u>Rights of the Authority.</u> (Section 14)

Upon the failure of the Authority to pay debt service on any Bond (other than as a result of the failure of the University Trustees under the Contract) or to observe or perform any other agreement or condition under the Contract (or failure to cure the same), after 15 days notice thereof to the Authority by the University Trustees, the Authority shall be deemed to be in default under the Contract. Thereupon, the Commonwealth may, acting by and through the University Trustees, take immediate possession of the Projects and possess and operate the same with all the rights and powers, and subject to all the obligations, of the Authority, in the premises until such time as the University Trustees may declare the default to be cured.

Upon the failure of the Authority or the University Trustees to make any payment required under the provisions of the Contract, or to observe any other covenant or requirement imposed by the Contract, the Authority or the University Trustees, as the case may be, shall be deemed in default under the Contract. Thereupon, the Authority or the University Trustees may institute legal proceedings to enforce such covenant or requirement or to enforce the pledge and lien granted under the provisions of the Contract and may take such other actions or exercise such other remedies as may be available at law or in equity to enforce the provisions of the Contract. Without limiting the generality of the foregoing, in the case of an Authority default, the Commonwealth may, acting by and through the University Trustees, take immediate possession of the Projects and possess and operate the same with all the rights and powers, and subject to all the obligations, of the Authority in the premises until such time as the University Trustees may declare the default to be cured, and, in the case of the a University Trustees default, the Authority may itself undertake to perform such obligations, and may employ such persons or entities and make such expenditures as are reasonably necessary for the performance thereof, until such time as the Authority may declare the default to be cured.

No action by the Authority to enforce the Contract, or any other action of the Authority under the Contract, and no default or breach by the University Trustees, shall in any way affect the obligations of the University Trustees under the Contract. No action by the University Trustees under the Contract, and no default or breach by the Authority, shall in any way affect the obligations of the Commonwealth under the Contract. Whenever a breach of the Contract, whether substantial or otherwise, and whether before or after notice of the breach has been given to the Authority or the University Trustees, has been corrected, the obligations and rights under the Contract shall be reinstated and performance of the Contract shall continue as if such breach had never occurred.

Insurance (Section 15)

The Authority shall purchase and maintain in effect with respect to each of its Projects policies of insurance and fidelity bonds against such risks and losses and in such amounts as it shall deem to be reasonable. Subject to any contrary requirements in the Trust Agreement, the Authority shall use the proceeds of any use and occupancy insurance to replace revenues lost by reason of interruption of the use of the applicable Project and shall apply insurance proceeds received in respect of damage or destruction to a Project to the replacement, restoration or reconstruction of such Project.

Notices and Demands (Section 16)

Any notice or demand permitted or required under the Contract to be given or served by any of the parties hereto to or upon another party hereto shall be in writing and shall be signed in the name of the party giving or serving the same. Such notice or demand shall be mailed by registered mail (postage and registry

charges prepaid) or served on the President of the University, if such notice is to the Commonwealth or the University Trustees, or otherwise on the Executive Director of the Authority. Notice shall be deemed to have been received at the time of actual service or three days after the date of the mailing by registered mail properly addressed. The principal office of the President of the University shall be deemed to be 225 Franklin Street, 33rd Floor, Boston, Massachusetts 02110 or such other place as the University Trustees may designate by written notice to the Authority. The principal office of the Authority shall be deemed to be 333 South Street, Suite 450, Shrewsbury, MA 01545 or such other place as the Authority may designate by written notice to the President of the University.

Liability (Section 17)

No member, officer or employee of the University Trustees or the University shall be individually liable on any obligation assumed by the Commonwealth or the University Trustees under the Contract. No member, officer or employee of the Authority shall be individually liable on any obligation assumed by the Authority under the Contract, and neither the carrying out of a Project nor the ownership of a Project by the Authority shall impose any liability on any such member, officer or employee.

Action by Authorized Officers (Section 18)

The University Trustees, the University or the Authority may, to the extent authorized by law, act under the Contract or authorize an officer or officers to act in their name under the Contract, and the action of any duly authorized officer or committee of the University Trustees, the University or the Authority shall be deemed to be the action of the Commonwealth, acting by and through the University Trustees, the University or the Authority, as the case may be.

Term (Section 19)

The Contract shall continue in full force and effect until all amounts payable to the Authority with respect to the Bonds and the Projects and all other bonds and notes issued under any trust agreement and all other amounts payable under any trust agreement shall have been paid in full. Upon such payment the Contract shall cease and determine without further liability on the part of any party hereto to another.

Non-Assignability. (Section 20)

The Contract is not assignable except that if by act of the General Court the powers, functions, duties and property of the University or the Authority are transferred to another political subdivision, agency, board, commission, department, authority or institution of the Commonwealth, the rights and obligations of the Contract shall be deemed to have been assigned thereby to such transferee, and provided further that the Authority's rights to receive moneys under the Contract and to enforce the provisions of the Contract may be assigned to the Trustee.

Amendments. (Section 21)

The Contract may be amended only by the execution of an Amendment in writing by the Authority, the University Trustees and the Commonwealth, acting by and through the University Trustees, or their successors.

[Closing Date]

University of Massachusetts Building Authority 225 Franklin Street, 12th Floor Boston, MA 02110

Re: University of Massachusetts Building Authority (the "Authority") Project Revenue Bonds, Senior Series 2009-1 (the "Series 2009-1 Bonds), Project Revenue Bonds, Senior Series 2009-2 (Federally Taxable-Build America Bonds-Direct Pay to Issuer) (the "Series 2009-2 Bonds") and Project Revenue Bonds, Senior Series 2009-3 (Federally Taxable) (the "Series 2009-3 Bonds" and together with the Series 2009-1 and the Series 2009-2 Bonds, the "Bonds")

We have acted as bond counsel to the Authority in connection with the issuance by the Authority of the Bonds pursuant to (i) Chapter 773 of the Acts of 1960, as amended (the "Act"), (ii) the Trust Agreement dated as of November 1, 2000 (the "Trust Agreement") between the Authority and U.S. Bank National Association, as successor trustee (the "Trustee"), and (iii) the Series Resolution Authorizing the Issuance of the Series 2009-1 Bonds adopted by the Authority on September 18, 2009 and October 6, 2009 (the "2009-1 Series Resolution"), the Series Resolution Authorizing the Issuance of the Series 2009-2 Bonds adopted by the Authority on September 18, 2009 (the "2009-2 Series Resolution") and the Series Resolution Authorizing the Issuance of the Series 2009-3 Bonds adopted by the Authority on September 18, 2009 (the "2009-3 Series Resolution" and together with the 2009-1 Series Resolution and the 2009-2 Series Resolution, the "Series Resolutions"). In such capacity, we have examined the law and such certified proceedings and other documents as we have deemed necessary to render this opinion, including without limitation the Contract for Management and Services dated as of October 27, 2009 (the "Contract"), among the Authority, the University of Massachusetts, acting by and through the Board of Trustees (the "University Trustees"), and The Commonwealth of Massachusetts (the "Commonwealth"), acting by and through the University Trustees. Capitalized terms used herein shall, unless otherwise specified, have the meanings set forth in the Trust Agreement and the Series Resolutions.

Under the Trust Agreement, the Authority has pledged certain revenues (the "Revenues") for the payment of the principal of and interest on the Bonds when due.

As to questions of fact material to our opinion, we have relied upon the representations of the Authority contained in the Trust Agreement and in the certified proceedings and other certifications of public officials and others furnished to us without undertaking to verify the same by

Mintz, Levin, Cohn, Ferris, Glovsky and Popeo, P.C.

University of Massachusetts Building Authority Closing Date Page 2 of 3

independent investigation. In addition, we have relied, among other things, on the opinion of counsel to the Edward M. Kennedy Institute for the United States Senate (the "Institute") regarding the current qualification of the Institute as an organization described in Section 501(c)(3) of the Code.

Based upon and subject to the foregoing, we are of the opinion that, under existing law:

1. The Authority is validly existing as a body politic and corporate and public instrumentality of the Commonwealth with the power to enter into the Trust Agreement and the Series Resolutions, perform the agreements on its part contained therein and issue the Bonds.

2. The Trust Agreement, the Series Resolutions and the Contract have been duly authorized, executed and delivered by the Authority and constitute valid and binding obligations of the Authority enforceable upon the Authority.

3. The Contract has been duly authorized, executed and delivered by the Commonwealth and constitutes a valid and binding obligation of the Commonwealth enforceable upon the Commonwealth.

4. Pursuant to the Act, the Trust Agreement creates a valid lien on the Revenues and other funds pledged by the Trust Agreement for the security of the Bonds issued thereunder on a parity with other bonds issued under the Trust Agreement.

5. The Bonds have been duly authorized, executed and delivered by the Authority and are valid and binding limited obligations of the Authority, payable solely from the Revenues and other funds provided therefor in the Trust Agreement. Neither the Commonwealth nor any political subdivision or instrumentality thereof, including the Authority, is obligated to pay the principal of or redemption premium, if any, or interest on the Bonds except from the Revenues and other funds provided therefor as aforesaid in the Trust Agreement and the Series Resolutions, and neither the faith and credit nor the taxing power of the Commonwealth nor of any political subdivision or instrumentality thereof, including the Authority, is pledged to the payment of the principal of or redemption premium, if any, or interest on the Bonds.

[For the Series 2009-1 Bonds only:

6. Interest on the Series 2009-1 Bonds will not be included in the gross income of the holders of the Series 2009-1 Bonds for federal income tax purposes. This opinion is expressly conditioned upon the Authority's compliance with certain requirements of the Internal Revenue Code of 1986, as amended, which must be satisfied subsequent to the date of issuance of the Series 2009-1 Bonds in order that interest thereon is and continues to be excluded from gross income for federal income tax purposes. Failure to comply with certain of such requirements could cause interest on the Series 2009-1 Bonds to be included in the gross income of holders of the Series 2009-1 Bonds retroactive to the date of issuance of the Bonds. Interest on the Series 2009-1 Bonds will not constitute a preference item for purposes of computation of the alternative minimum tax imposed on certain individuals and corporations and will not be included in the "adjusted current earnings" when calculating corporate alternative minimum tax applicable to certain

Mintz, Levin, Cohn, Ferris, Glovsky and Popeo, P.C.

University of Massachusetts Building Authority Closing Date Page 3 of 3

corporations. We express no opinion as to other federal tax consequences resulting from holding the 2009-1 Bonds.]

[For the Series 2009-2 Bonds and the Series 2009-3 Bonds only:

6. Interest on the Series 2009-2 Bonds and the Series 2009-3 Bonds will be included in the gross income of the holders of the Bonds for federal income tax purposes. We express no opinion as to other federal tax consequences resulting from holding the Series 2009-2 Bonds and the Series 2009-3 Bonds.

The federal tax advice contained herein is not intended or written to be used, and cannot be used, by any taxpayer for the purpose of avoiding penalties that may be imposed on the taxpayer, such federal tax advice is written to support the promotion or marketing of the Series 2009-2 Bonds and the Series 2009-3 Bonds, and each purchaser of a Series 2009-2 Bond or a Series 2009-3 Bond should seek advice based on such purchaser's particular circumstances from an independent tax advisor.]

7. Interest on the Bonds, and any profit made on the sale thereof are exempt from Massachusetts personal income taxes, and the Bonds are exempt from Massachusetts personal property taxes. We express no opinion as to other Massachusetts tax consequences arising with respect to the Bonds nor as to the taxability of the Bonds or the income therefrom under the laws of any state other than Massachusetts.

It is to be understood that the rights of the holders of the Bonds and the enforceability of the Bonds, the Trust Agreement and the Contract may be limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights generally and by equitable principles, whether considered at law or in equity.

This opinion is given as of the date hereof, and we assume no obligation to revise or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention or any changes in law that may hereafter occur.

Very truly yours,

[Intentionally Left Blank]

SUMMARY OF CONTINUING DISCLOSURE UNDERTAKING

The Authority and University Disclosure Agreement

In the Authority and University Disclosure Agreement the University will undertake, for the benefit of the Registered Owners and the beneficial owners of the Bonds, to provide to the Authority not later than 270 days after the end of each fiscal year of the University, commencing with the fiscal year ending June 30, 2009, the annual financial information described below, together with audited financial statements of the University for such fiscal year if audited financial statements are then available; provided, however, that if audited financial statements of the University are not then available, such audited financial statements shall be delivered to the Authority when they become available (but in no event later than 350 days after the end of such fiscal year (the "prior fiscal year")). The University's annual financial statements for each fiscal year will be prepared on an accrual basis in accordance with generally accepted accounting principles as in effect from time to time (or as otherwise may be required or permitted by law) and will consist of a combined statement of net assets, a combined statement of revenues, expenses and changes in net assets and the combined statement of cash flows (or such other items as may be required or permitted by law or by generally accepted accounting principles as in effect from time to time or by other accounting principles as in effect from time to time in accordance with which the financial statements of the University may be prepared). Such financial statements will be audited by a group of certified public accountants appointed by the University. The annual financial information regarding the University to be provided to the Authority shall consist of financial and operating data, in each case updated for the prior fiscal year, to the extent there are updates, unless otherwise noted, relating to the following information contained in Appendix A – "Letter from the University" to this Official Statement and in each case substantially in the same level of detail as is found under the subheading under such caption referenced in parentheses after each item:

1. number of full-time equivalent undergraduates and graduates at each campus of the University as of the fall of the prior fiscal year ("Amherst Campus," "Boston Campus," "Dartmouth Campus," "Lowell Campus," "Worcester Campus," "Center for Professional Education" and "UMass Online");

2. degrees and programs offered at each campus of the University ("Amherst Campus," "Boston Campus," "Dartmouth Campus," "Lowell Campus," "Worcester Campus," "Center for Professional Education" and "UMass Online");

3. organizations related to the University ("University Related Organizations");

4. number and members of the Trustees or other chief governing body of the University and general governmental structure ("Board of Trustees");

5. number of faculty members and the number of full-time faculty members, the percentage of tenured faculty members and the full-time equivalent student to the full-time equivalent faculty ratios for each campus of the University (except the Worcester campus) ("Faculty and Staff");

6. academic programs (to the extent not covered under 2 above) and accreditation ("Academic Programs and Accreditation");

7. applicants, acceptances and matriculations each fall shown on a five year comparative basis through the fall of the prior fiscal year for first year applicants and transfer students, opening fall head count enrollment for each campus shown on a five year comparative basis through the fall of the prior fiscal year and total head count enrollment and total full-time equivalent enrollment shown on a five year comparative basis ("Enrollment");

8. tuition and fees shown on a five (5) year comparative basis through the prior fiscal year for each campus of the University ("Tuition and Fees");

9. student financial aid amounts ("Student Financial Aid");

10. sources of revenues of the University ("University Revenues and Budgeting," "General Operations," "Sales and Services (Designated Funds)" and "Restricted Funds");

11. modifications to the University's five (5) year capital plan and status of completion of the University's five (5) year capital plan ("Current and Future Capital Plans");

12. modifications to the budget process ("Budget Process");

13. management of appropriated funds, including appropriations received by the University shown on a five (5) year comparative basis and management of non-appropriated funds ("Management of Appropriated Funds");

14. combined statement of revenues and expenses, including current fund revenues and expenditures and other changes (accrual basis) on a five (5) year comparative basis through the prior fiscal year ("New Financial Reporting Model" and "Historical Summary of Operations");

15. University and Foundation endowment assets shown on a five (5) year comparative basis ("Endowment and Fundraising");

- 16. indebtedness of the University ("Indebtedness of the University");
- 17. unrestricted net assets (formerly expendable fund balances);
- 18. additional indebtedness ("Additional Indebtedness");
- 19. capitalize leases ("Capitalized Leases");
- 20. insurance ("Insurance");
- 21. technological initiatives ("Technological Initiatives");
- 22. litigation ("Litigation") and
- 23. employee relations ("Employee Relations").

The Authority and University Disclosure Agreement also requires the Authority to transmit the financial statements of the University and the annual financial information regarding the University to the Municipal Securities Rulemaking Board (the "MSRB") pursuant to the requirements of Rule 15c2-12 (the "Rule") promptly upon the receipt thereof and to give notice to the MSRB of any failure by the University to provide such financial statements or annual financial information.

In the Authority and University Disclosure Agreement the Authority will undertake, for the benefit of the Registered Owners and the beneficial owners of the Bonds, to provide to the MSRB no later than 270 days after the end of each fiscal year of the Authority, commencing with the fiscal year ending June 30, 2009, the annual financial information described below, together with audited financial statements of the Authority for such fiscal year if audited financial statements are then available; provided, however, that if audited financial statements of the Authority are not then available, such audited financial statements shall be delivered to the MSRB when they become available (but in no event later than 350 days after the end of such fiscal year (the "prior fiscal year of the Authority")). The Authority's annual financial statements for each fiscal year will be prepared on the accrual basis of accounting in accordance with generally accepted accounting principles as in effect from time to time (or as otherwise may be required or permitted by law) and will consist of a statement of net assets, a statement of revenues, expenses and changes in net assets, and a statement of cash flows. Such financial statements will be audited by a group of independent certified public accountants appointed by the Authority. The annual financial information to

be provided by the Authority shall consist of financial and operating data, in each case updated for the prior fiscal year of the Authority, to the extent there are updates, unless otherwise noted, relating to the following information contained in this Official Statement and in each case substantially in the same level of detail as is found in the section of the Official Statement referenced in parentheses after each item:

1. any material change in the provisions of the Contract ("Security and Sources of Payment for the Bonds – General");

2. annual debt service requirements on the Series 2009-1 Bonds, the Series 2009-2 Bonds and the Series 2009-3 Bonds ("The Bonds – Annual Debt Service Requirements on the Bonds");

3. any material change in the Enabling Act or other law of the Commonwealth with respect to the Authority ("The Authority – General"); and

4. any amendment to the Trust Agreement made with the consent of the registered owners of the Series 2009-1 Bonds, the Series 2009-2 Bonds and the Series 2009-3 Bonds and any other amendment to the Trust Agreement which, in the opinion of the firm of attorneys serving as bond counsel to the Authority at the time the Authority submits the information required by the University and Authority Disclosure Agreement, is material to the interests of the registered owners of the Series 2009-1 Bonds, the Series 2009-2 Bonds and the Series 2009-3 Bonds ("Summary of Legal Documents").

If the Authority and University Disclosure Agreement is amended with respect to the annual financial information to be submitted by the University or the Authority thereunder, the annual financial information containing the amended financial information will explain, in narrative form, the reasons for the amendment and the impact of the change in the type of financial information being provided. If the Authority and University Disclosure Agreement is amended with respect to the accounting principles to be followed in preparing financial statements of the University or the Authority, the annual financial information of the University or the Authority, as applicable, for the year in which the change is made will present a comparison between the financial statements or information prepared on the basis of the new accounting principles and the financial statements or information prepared on the basis of the former accounting principles. Such comparison will include a qualitative discussion of the differences in the accounting principles and the impact of the change in the accounting principles on the presentation of the financial information, in order to provide information to investors to enable them to evaluate the ability of the University or the Authority, as applicable, to meet its obligations with respect to the Bonds. To the extent reasonably feasible, the comparison will also be quantitative. The University will give notice of any change in its accounting principles to the Authority as promptly as practicable after such change has been determined, and the Authority will submit such information to the MSRB promptly upon the receipt thereof. The Authority will give notice of each change in its accounting principles to the MSRB as promptly as practicable after such change has been determined.

The Authority and University Disclosure Agreement will also require the Authority to submit in a timely manner to the MSRB notice of any of the following events with respect to the Bonds, if material:

- 1. principal and interest payment delinquencies;
- 2. non-payment related defaults;
- 3. unscheduled draws on debt service reserves reflecting financial difficulties;
- 4. unscheduled draws on credit enhancements, if any, reflecting financial difficulties;
- 5. substitution of credit or liquidity providers, if any, or their failure to perform;
- 6. adverse tax opinions or events affecting the tax-exempt status of the Series 2009-1 Bonds;
- 7. modifications to rights of holders of the Bonds;

- 8. bond calls;
- 9. defeasances;
- 10. release, substitution, or sale of property, if any, securing payment of the Bonds; and
- 11. rating changes.

To the extent permitted by law, the provisions of the Authority and University Disclosure Agreement shall be enforceable against the University with respect to the obligations of the University thereunder, and against the Authority with respect to the obligations of the Authority thereunder, in accordance with the terms thereof by any owner of a Bond, including any beneficial owner acting as a third party beneficiary (upon proof of its status as a beneficial owner reasonably satisfactory to the University or the Authority, as the case may be). To the extent permitted by law, any such owner shall have the right, for the equal benefit and protection of all owners of Bonds, by mandamus or other suit or proceeding at law or in equity, to enforce its rights against the University or the Authority, as applicable, and to compel the University or the Authority as applicable, and any of the officers, agents or employees of, as applicable, the University Disclosure Agreement; provided, however, that the sole remedy for a violation of the Authority and University Disclosure Agreement shall be limited to an action to compel specific performance of the obligations of the University or the Authority, as applicable, under the Authority and University Disclosure Agreement shall be limited to an economic defeasance) or if the provisions of the Rule concerning continuing disclosure are no longer in effect, whichever occurs first.

The Authority and University Disclosure Agreement may be amended, changed or modified by the University and the Authority, without the consent of, or notice to, any owners of the Bonds (a) to comply with or conform to the provisions of the Rule or any amendments thereto or authoritative interpretations thereof by the Securities and Exchange Commission or its staff (whether required or optional), (b) to add a dissemination agent for the information required to be provided pursuant to the Authority and University Disclosure Agreement by the University or the Authority and to make any necessary or desirable provisions with respect thereto, (c) to add to the covenants of the University or the Authority for the benefit of the owners of the Bonds, (d) to modify the contents, presentation and format of the annual financial information of the University or the Authority from time to time as a result of a change in circumstances that arises from a change in legal requirements, or (e) to otherwise modify the duties of the University or the Authority in the Authority and University Disclosure Agreement in a manner consistent with or otherwise responding to the requirements of the Rule concerning continuing disclosure; provided, however, that in the case of any amendment pursuant to clause (d) or (e), (i) the duties, as amended, would have complied with the requirements of the Rule at the time of the offering of the Bonds, after taking into account any amendments or authoritative interpretations of the Rule, as well as any change in circumstances, and (ii) the amendment does not materially impair the interests of the owners of the Bonds, as determined either by a party unaffiliated with the University or the Authority (such as the firm serving at the time as bond counsel to the Authority) or by the vote or consent of the Registered Owners of a majority in outstanding principal amount of the Bonds affected thereby at or prior to the time of such amendment, which consent shall be obtained as provided in the Trust Agreement with respect to consents of Registered Owners.
