Chairman Karam convened the meeting at 10:07 a.m. by acknowledged Board Secretary Zunilka Barrett for her 30-year commitment and dedication to serving the University and its Board of Trustees.

Chairman Karam noted Trustee Brady from UMass Amherst was participating by telephone pursuant to 940 CMR 29.10(5)(e), since there was an unanticipated, unavoidable, extraordinary circumstance making it unreasonably difficult for him to attend the meeting in person.

Any member of the public wishing to address the Board regarding an agenda item or issue related to the agenda, or to make an audio or video recording of the open public session of the Board meeting, was provided notice by the Secretary of the Board through a posting indicating that such written requests needed to be received no later than 24 hours prior to this Board meeting. Under the law, the Chair has complete discretion in granting or denying the request to speak and may limit the duration that the public has to address the Board. He noted that no requests were made to speak at the meeting.
He reminded the Trustees to state their name when they move and second a motion for vote.

**Consideration of the prior Minutes of the Board**
Chairman Karam stated that the Board was provided with the draft meeting minutes from June 9, 2023 Open and Executive Session and asked for any corrections. With no corrections, the minutes were approved.

Pursuant to Mass General Laws Chapter 30A and under the Office of The MA Attorney General, Open Meeting Law Guide and Educational Materials, General Counsel Leone, under the delegation of the UMass Board of Trustees, has determined that the Executive Session minutes will not be released at this time, and should remain confidential because publication would defeat the lawful purposes of the executive session.

**Chair’s Remarks**
Chairman Karam welcomed the new Student Trustees: Fahad Alden from UMass Lowell, Chris Brady from UMass Amherst, Amelia Toye from the UMass Chan Medical School, Jehan Worthy from UMass Dartmouth, and Michael Dooley from UMass Boston who returned for a second term.

Chairman Karam welcomed Chancellor Javier Reyes to his first Board meeting as Chancellor of UMass Amherst and thanked him for hosting the meeting at the Mount Ida campus. He acknowledged the Board’s support in acquiring Mount Ida to connect UMass Amherst students to professional development opportunities in Greater Boston, and noted a positive momentum on campus, numerous expansion strategies, as well as collaborations with UMass Boston.

Chairman Karam noted the sophisticated tools that President Meehan and his team are using to illustrate how the University spends money, monitors the success of enrollment efforts, and improves procurement practices. All which lead to more efficient use of student, taxpayer, and donor funds. Chairman Karam noted the increasing amount of collaboration under President Meehan’s leadership. He thanked President Meehan and his team for a strong fiscal and academic year. He concluded by thanking the members of the Board for their service.

**Governance Committee Report**
Chairman Karam reported that the Governance Committee agreed on the 2023/2024 Board Officers and Committee Leadership. The Board was provided with a copy of the list and Chairman Karam asked for a motion to approve the list. The motion was moved by Trustee Tolman and seconded by Vice Chair Burns. Chairman Karam asked for questions or comments.

Chairman Karam asked for a vote and the motion passed unanimously.

**VOTED:** To confirm and approve the 2023/2024 Officers and Committee Chairs of the University of Massachusetts Board of Trustees as set forth in Doc. T23-039; all persons to serve until the next annual meeting of the Board.

Trustee Brady reported on the state of UMass Amherst. He spoke to Chancellor Reyes’ commitment to students, faculty, and staff; the campuses commitment to social mobility and
support offices; investments in athletics and campus dining; and obstacles ahead including cost of attendance, affordable housing constraints in the Pioneer Valley, and additional tenure tracks for faculty.

**President’s Report**

President Meehan reported that the Dorchester Bay City Project was approved by the Boston Planning and Development Agency, which is a major milestone that will be transformative for UMass Boston. He thanked Mayor Wu, members of the Boston City Council, Chancellor Suárez-Orozco, the UMass Building Authority, Accordia Partners, and the many stakeholders who participated in the comprehensive and transparent process. The goal throughout the process has been to maximize the positive impacts on the residents of the neighborhood and the students of UMass Boston, and as Chancellor Suárez-Orozco said at the city hearing, “UMass Boston students are the future of the Massachusetts economy, and we embrace our pivotal role in educating and preparing them.”

President Meehan noted the creation of a system-wide Artificial Intelligence (AI) Impact Working Group, led by Senior Vice President Subbaswamy, to discuss not only the opportunities of AI but also the great threats and critical issues within higher education.

President Meehan stated that in response to the recent Supreme Court decision on affirmative action, he is working to ensure that the University remains true to its diversity, equity, and inclusion, while also complying with the law. On October 3, the University will host a system-wide webinar that will help faculty and staff understand how the ruling is affecting UMass and universities around the nation. President thanked Secretary of Education, Trustee Tutwiler for participating in this important conversation, and Deputy Vice President Walker and Deputy General Counsel Barton for organizing the discussion.

Senior Vice President Calise and her team presented the FY2024-2028 Capital Plan. The University plans to issue debt in support of this plan early next calendar year which requires a detailed assessment by the rating agencies to understand the University’s financial health. The review strengthens the commitments in the financial accountability framework, improving the operating margin for all campuses to 2% by FY25, and strengthens the balance sheet to address how highly leveraged the University is. He also reported that the Advisory Working Group on Financial Planning met a few weeks ago and reviewed the outcome of the Amherst/Dartmouth admissions sharing pilot.
