

# UMass System-wide Enterprise Risk Management Program Update

Audit and Risk Committee  
April 6, 2022

Christine Packard, Director, Enterprise Risk Management

# Agenda

- **2-Year ERM Program Cycle**
- **FY22 Risk Assessment and Prioritization**
  - Top 10 FY22 Risks
- **Ongoing Activities**
  - COVID-19 Response Coordination
  - Insurance as A Mitigation Strategy
  - Additional ERM Programmatic Activities
- **Looking Ahead**
  - Increasing Focus on Risk Mitigation
  - ERM Report

## Appendices

- A. ERM Program Governance
- B. Risk Assessment Tools and Risk Score Calculation
- C. FY22 Risk Registry

# A&F Accountability Framework

Independent and objective assurance that analyzes data, processes, policies and controls

Standard processes to provide reasonable assurance regarding achievement of objectives

Reliable, timely information that is accessible and understandable

Systematic approach to identifying, assessing and managing risks across the organization

# 2-Year ERM Program Cycle

# FY22 Risk Assessment and Prioritization

- Engaged Arthur J. Gallagher
  - Conducted comprehensive review and update of the ERM program's risk assessment tools (Summer – Fall 2021)
- ERM Working Group identified and assessed FY22 risks with updated tools (December 2021)

- ERM Executive Committee reviewed and prioritized FY22 risks (January 2022)
- FY22 Risk Registry reflects the University's inherent exposure to risk
  - Does not account for implementation of risk mitigation strategies
  - Generates Inherent Risk Score

# Top 10 FY22 Risks

| Rank | Risk Name                              |
|------|--|
| 1    | Enrollment                             |

# COVID-19 Response and Mitigation Coordination

- ERM Program continued to coordinate COVID-19 response and mitigation strategies
- With Campuses
  - Asymptomatic testing program
  - Vaccine and booster requirements
  - Information sharing
    - Best practices
    - Local, state and federal requirements
- With External Partners
  - Executive Office of Education
  - Department of Higher Education
  - MEMA/FEMA

# Insurance as A Mitigation Strategy

- On track for May 1 insurance renewals
- Key takeaways:
  - Insurance market remains hard
  - Underwriters are increasing premiums by 10% on average across most lines of coverage
  - Significant increases in cyber coverage premium and retentions

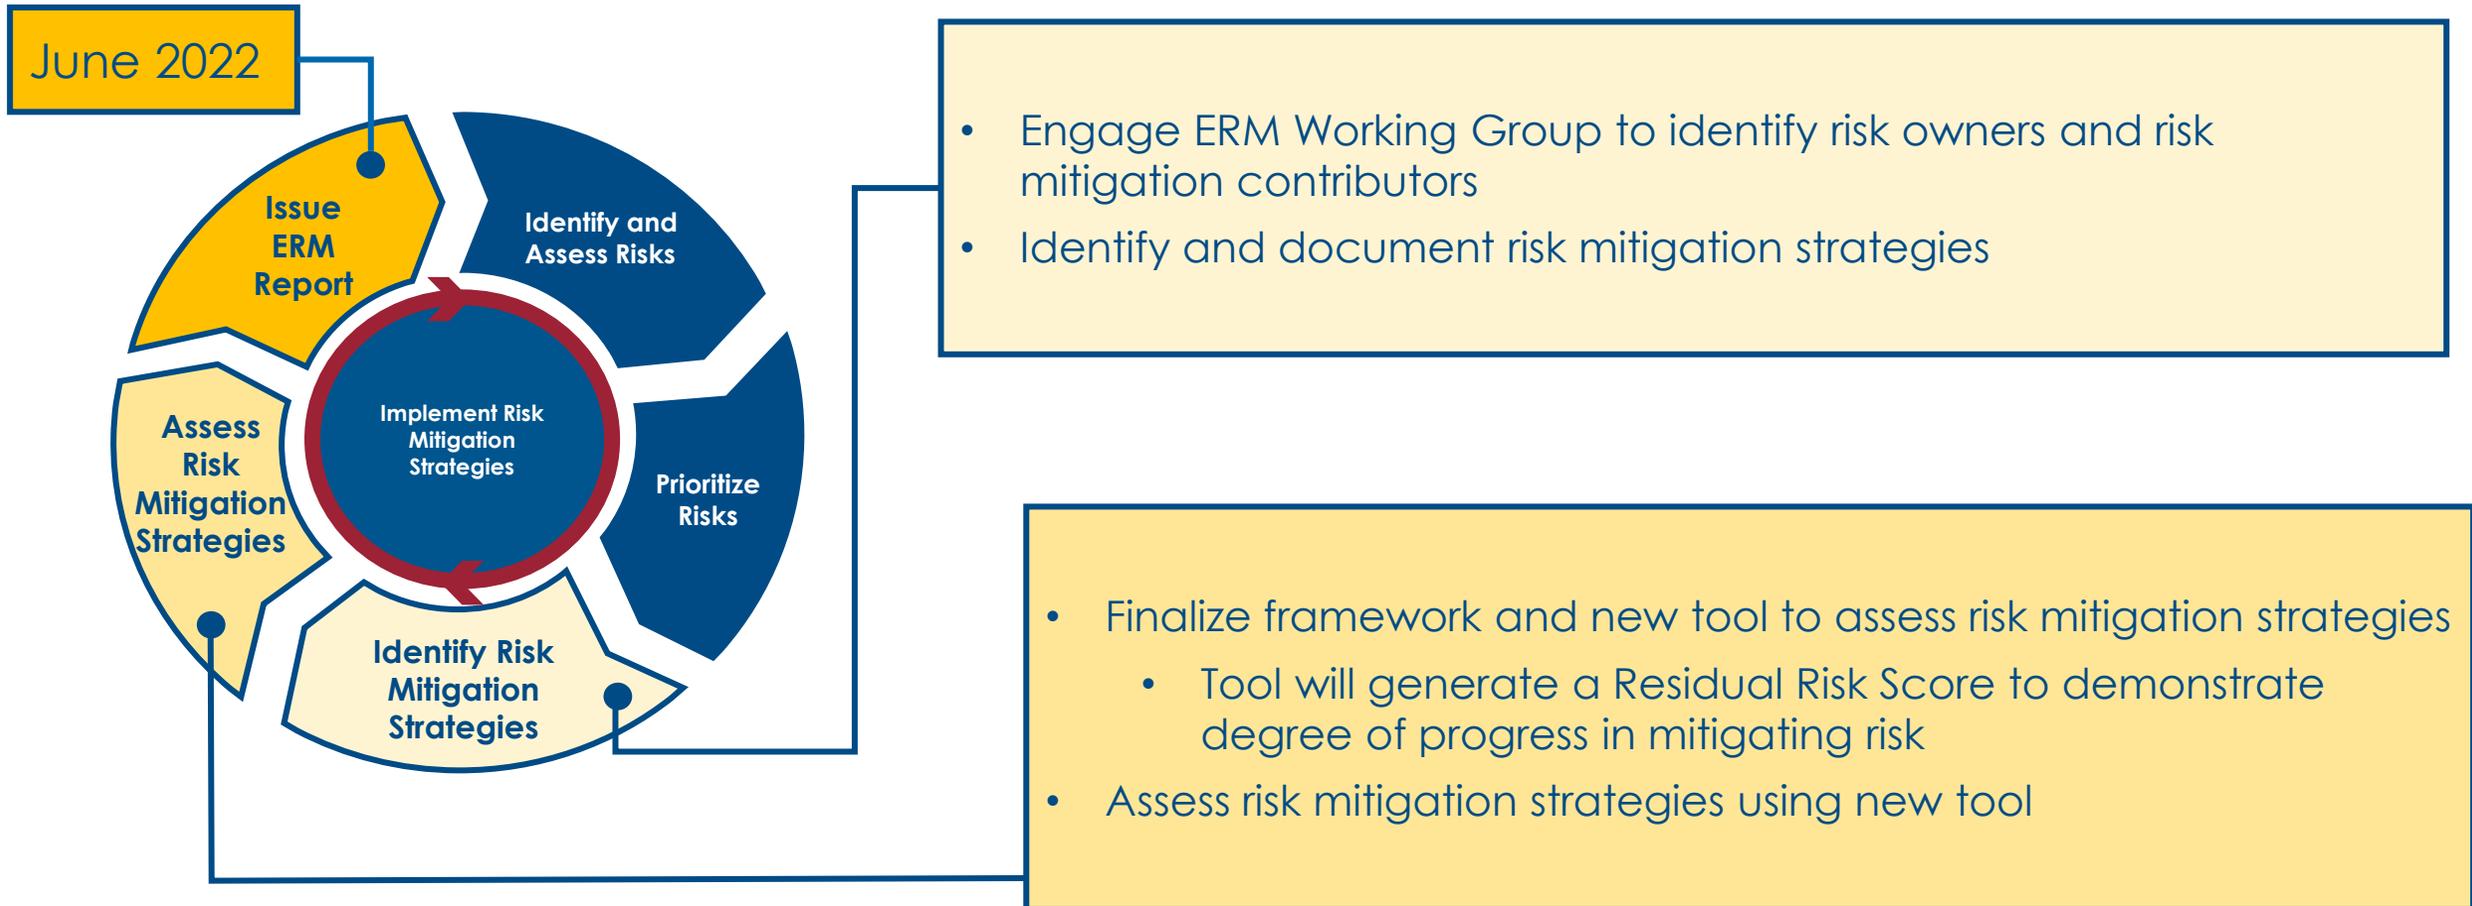

| Line of Coverage Marketed                  | Goal of Marketing  | Status  |
|--|--|---|
| International Travel Accident and Sickness | Identify available underwriters and enhance emergency services | Enhanced services   |
| Cyber security                             | Maintain or increase current \$10M limit                       | <ul style="list-style-type: none"> <li>• Markets ranging from 60-300% increases in premiums and retentions</li> <li>• Limits being reduced</li> </ul> |
| Fiduciary                                  | Increase current \$5M limit                                    | Reduced appetite for increasing limits  |
| Additional Excess Liability Limits         | Increase current \$10M limit                                   | Evaluating \$5M increments  |

# Additional ERM Programmatic Activities

- Executed or expanded MSAs with three firms to provide ERM consulting services and external expertise as needed
  - Arthur J. Gallagher
  - Deloitte
  - KPMG
- Confirmed program alignment with ISO risk management guidelines (31000)
- Presenting at three conferences:
  - University Risk Management and Insurance Association (URMIA) regional conference (April 2022)
  - URMIA national conference (September 2022)
  - Society of Corporate Compliance and Ethics (SCCE) Higher Education Compliance Conference (June 2022)
- Public Risk Management Association (PRIMA) Recognition
  - Blog: [“Moving Risk Assessment Beyond Heat Maps: Obtaining Meaningful Risk Data to Inform Decision-Making”](#)

**Consequence Rating is calculated as the sum of all category ratings. For example:**

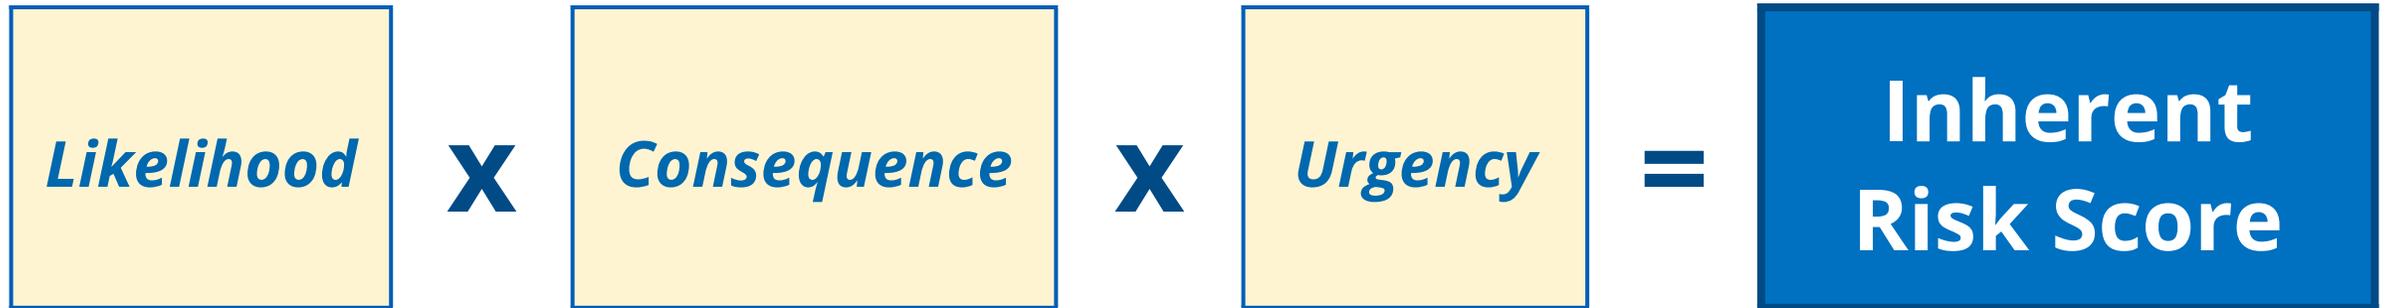

| Risk Name      | Service Disruption, Process Impact on Operations | Financial Impact | Legal / Compliance | Workforce | Reputation | Life Safety | Consequence Rating |
|----------------|--|------------------|--------------------|-----------|------------|-------------|--------------------|
| Risk Example A | 3  | 2                | 3                  | 4         | 3          | 1           | 16                 |

# Risk Assessment Tool - Urgency

**Urgency: How soon do we need to prioritize this risk?**

| Level |          | Timeframe                 |
|-------|----------|---------------------------|
| 3     | High     | Within the next 12 months |
| 2     | Moderate | 1-3 years                 |
| 1     | Low      | More than 3 years         |
