

## ERP Roadmap Project Update

March 7, 2025

### ERP Roadmap Development (January – March)

**Stakeholder Workshops** – ERP Stakeholder Workshops concluded with all groups meeting for their second workshop in February. Content from the workshops has been posted to the [Project Website](#).

**ERP Roadmap Development** – Accenture is now developing roadmap deliverables, including modernization cases, pillar-specific recommendations, and an integrated roadmap with a business case. All deliverables are being made available in the [document repository](#).

### Looking Ahead (March – April)

**ERP Roadmap Leadership and Stakeholder Reviews** – Accenture will socialize the ERP Roadmap deliverables throughout March and April. Individuals will have the opportunity to provide written feedback, which will be considered for incorporation into the final drafts per the schedule below.

Deliverable	Date Shared By	Feedback Due
Modernization Cases	March 7 <sup>th</sup>	March 14 <sup>th</sup>
Pillar-based Recommendations	March 14 <sup>th</sup>	March 28 <sup>th</sup>
Integrated Roadmap	April 4 <sup>th</sup>	April 18 <sup>th</sup>

**End User and Student Workshops** – Workshops are being organized with students and frequent users of UMass’s existing ERP systems, ensuring their perspectives are reflected in the roadmap.

**Modern ERP Product Demonstrations** – Presentations from four ERP vendors (Oracle, Workday, SAP, Ellucian) are taking place on Thursdays from March through June. Detailed agendas are available on the [ERP Project website](#).

### 2025 ERP Summit

**2025 ERP Summit** – The 2025 ERP Summit is scheduled for April 30<sup>th</sup> and will feature two sessions.

- **Morning Session (9:00 AM – 1:00 PM):** Leadership will meet in person at the Westboro office to review the full roadmap and discuss next steps.
- **Afternoon Session (1:30 – 4:00 PM):** All ERP stakeholders will join virtually for a roadmap review and Q&A session.
