

## ERP Roadmap Update

December 6, 2024

---

### Where We've Been (November) - Kicked off the ERP Roadmap Project

**Leadership Interviews** – Accenture conducted interviews with system-wide leadership groups (Student, HR, Finance, IT). Results will be reviewed with campus leadership in December.

**Functional Insights Questionnaire** – Collected over 100 responses to a questionnaire on ERP challenges and opportunities from a diverse set of stakeholders across the system. Results will be reviewed with campus leadership in December and incorporated into the ERP Roadmap.

**Identified ERP Stakeholders** – Worked with campus leadership to identify 250 ERP Stakeholders to participate in the development of the ERP Roadmap. Organized ERP stakeholders into 21 functional groups to collect perspectives, point of views, experience, and insights toward the ERP roadmap.

---

### What's Next (December – April) - ERP Roadmap Development

**Stakeholder Workshops** – From mid-December through the end of February, Accenture will engage ERP Stakeholders in a series of workshops to develop the ERP Roadmap. Each of the 21 Stakeholder Groups will participate in 2 Accenture-led Workshops and review/provide feedback on ERP Roadmap recommendations.

**Draft ERP Roadmap Review** – It's expected that a draft ERP Roadmap will be ready for system-wide leadership review and discussion in March.

**2025 ERP Summit** – A 2025 ERP Summit will be scheduled for late April to provide comprehensive updates on all ERP activities including the status of the ERP Roadmap. More details on the date, time, attendees, and location to come in January.

---

### Other ERP - Related Activities

**Modern ERP Product Demonstrations** – Planning a series of virtual product walkthroughs with leading modern ERP product companies in the spring. More details to be shared in January.
