**VOTED:** The University is committed to ensuring high quality and affordable education in Massachusetts. To that end, the University of Massachusetts partnered with the Commonwealth of Massachusetts to implement a funding model that is premised on the State providing 50% of the cost to educate an undergraduate student from Massachusetts. Under this model, which was funded in fiscal year 2014, the University would agree to freeze the mandatory curriculum fee for all undergraduate residents provided the Commonwealth appropriate at least $478 million in fiscal year 2014 and $518 million in fiscal year 2015. Building off of the historic investment made in fiscal year 2014, the University of Massachusetts, as envisioned under Section 162 (a) of the current year’s state budget, requested the second year of the funding model for fiscal year 2015. Therefore,

1. In accordance with Section 1A of Chapter 75 of the General Laws, and Policy T92-031, Appendix E, to authorize the President to approve, no later than June 30, 2014, or upon the General Appropriations Act for FY2015 becoming law, the individual rates for mandatory student charges, which includes tuition, the mandatory curriculum fee and all other mandatory student fees, provided that upon the University of Massachusetts receiving the full allotment of their base operating budget the board of trustees and the President agree to freeze tuition and the mandatory curriculum fees for all undergraduate resident students at current rates. The total mandatory student charges shall not exceed the total rates as outlined below for the Amherst, Boston, Dartmouth and Lowell campuses for academic year 2014-2015:

2. And further, if the University of Massachusetts receives an amount less than what is required in section 1 of this vote, the Board authorizes the President to approve an increase in the mandatory curriculum fee, not to exceed 3.5% for academic year 2014-2015. The maximum rates for Amherst, Boston, Dartmouth, and Lowell campuses shall be:
