VOTED: To amend Doc. T96-040 as approved on April 11, 1996 by the Board of Trustees for the University of Massachusetts Worcester, as amended by vote of said Board on May 5, 1999, by (1) modifying the second bullet under Section III.G.1.b; (2) adding a new Section III.G.1.c.; (3) replacing the introductory paragraph for Section III.G.2.; (4) replacing Section III.G.2.b.; (5) adding new Sections III.G.2.c., III.G.2.d, and III.G.2.e; and (6) modifying Section I.D, as follows:

III.G.1.b. Thirty percent (30%) to the inventor(s) or creator(s), except to the extent the revenue from Intellectual Property is derived from University of Massachusetts Biologics Laboratory projects. In the case of multiple inventors or creators, their shares will be distributed as they unanimously agree at the time of the invention disclosure. If the inventors or creators cannot agree on the distribution between (among) them, their shares will be distributed in equal portions.

III.G.1.c. Notwithstanding the other provisions of this policy, unless the Chancellor with the approval of the President specifically determines otherwise or as required by law, employees of the University of Massachusetts Biologics Laboratory, and other employees of the
University working on projects funded by and in collaboration with said Biologics Laboratory, shall not receive an inventor(s)/creator(s) share distribution of non-equity licensing revenue; provided further, that all such revenue that would have gone to said inventor(s) or creator(s) shall go instead to said Biologics Laboratory.

III.G.2. Acceptance of equity -- The University may accept an equity interest in a company; provided that before the CVIP agrees to accept equity, it must receive the approval of the Vice Chancellor for Research, the Vice President for Economic Development, and the University Treasurer. The equity received by the University in connection with the commercialization of Intellectual Property will be held until liquidation, unless otherwise distributed pursuant to Section III.G.2.d or III.G.2.e below, with the proceeds distributed as follows:

III.G.2.b. The remaining proceeds from equity liquidation will be distributed as follows:

- Thirty percent (30%) to the inventor(s) or creator(s) except to the extent the equity is consideration for the licensing of Intellectual Property that is derived from University of Massachusetts Biologics Laboratory projects. In the case of multiple inventors or creators, their shares will be distributed as they unanimously agree at the time of the invention disclosure. If the inventors or creators cannot agree on the distribution between (among) them, their shares will be distributed in equal portions.
- Fifteen percent (15%) for endowment in the department or program of the inventor(s) or creator(s).
- Fifty-five percent (55%) to the campus for endowment or development of research or scholarship, as determined by the Chancellor.

If the inventor(s)/creator(s) share has been distributed directly to the inventor(s) or creator(s) pursuant to Section III.G.2.d, all of the remaining proceeds from equity liquidation will be distributed between the department or program and the campus in the relative proportions of this Section.

III.G.2.c. Notwithstanding the other provisions of this policy, unless the Chancellor with the approval of the President specifically determines otherwise or as required by law, employees of the University of Massachusetts Biologics Laboratory, and other employees of the University working on projects funded by and in collaboration with said Biologics Laboratory, shall not receive an
inventor(s)/creator(s) share distribution of equity licensing revenue; provided further, that all such revenue that would have gone to said inventors shall go instead to said Biologics Laboratory.

III.G.2.d. When the University accepts equity in a company as consideration for a technology licensing transaction, the University, taking into account any legal restrictions and the wishes of each inventor or creator involved, shall:

- Arrange for the inventor(s)/creator(s) to receive his or her share of equity directly from the company upon execution of the relevant agreement rather than upon liquidation pursuant to paragraph III.G.2.b. above or

- Take all equity, including the inventor(s)/creator(s) share, in the name of the University, in which case the Treasurer will make decisions regarding equity disposition based upon sound business judgment and information available to investors and will coordinate with the appropriate University officials if necessary; the inventor(s)/creator(s)’ sole right being receipt of the inventor(s)/creator(s) share of such equity or its cash equivalent at such time and in such form as the Treasurer shall deem appropriate. At the determination of the Treasurer, equity may also be held on behalf of the University by the University of Massachusetts Foundation, Inc., or another outside investment advisor to minimize potential institutional conflicts of interest; provided that the interests of the inventor(s)/creator(s) provided for in this section remain in full force and effect.

III.G.2.e. In each transaction in which the University determines to hold rather than liquidate the equity it has accepted, it will ordinarily, within one year after the University’s receipt of such equity in a publicly traded company, or within one year after the time when such equity in a company in which the University has accepted equity becomes eligible to be publicly traded, distribute the inventor(s)/creator(s) share of the equity or its cash proceeds as determined by the University consistent with the formula provided for in this policy.

I.D. **CVIP** – The University Office of Commercial Ventures and intellectual Property, which has primary responsibility for administering the development and commercialization of Intellectual Property through licensing or other arrangements.
